RE: Alley Vacation – First North/South Alley South of Sherwood between Michigan St. and Main St.  
(Preliminary Review)

Dear Mr. Cobb:

The Board of Public Works, at its November 22, 2016, meeting, reviewed comments by the Engineering Division, Area Plan Commission, Community Investment, Fire Department, Police Department, and the Solid Waste Division. The following comments and recommendations were submitted:

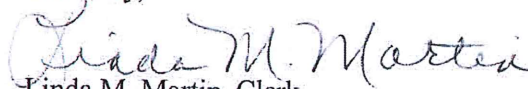

Area Plan stated that the vacation would not hinder the growth or orderly development of the unit or neighborhood in which it is located or to which it is contiguous. The vacation would not make access to the lands of the aggrieved person by means of public way difficult or inconvenient. The vacation would not hinder the public's access to a church, school or other public building or place. The vacation would not hinder the use of a public right of way by the neighborhood in which it is located or to which it is contiguous.

Engineering states they recommend unfavorable recommendations for a partial alley vacation that creates a dead-end and an easement would be needed for utility lines and poles if vacated.

Therefore, the Board of Public Works submitted an unfavorable recommendation for the vacation of this alley.

**Please contact Donna Hanson at (574) 235-9254 prior to picking up your radius map.** You will need a radius map showing properties within 150' of the proposed vacation for your petition to the Common Council. Once you pick up the radius map, proceed to the City Clerk's office for your alley vacation packet.

Sincerely,

  
Linda M. Martin, Clerk

Engineering gives this request an unfavorable recommendation, primarily because:

1. We do not typically approve partial alley vacations. In this case it would create a dead-end alley. Even if entire N/S alley was vacated, it would still create a dead-end alley coming E/W off Main St.
2. Additional concerns include:
  - a. Does trash service utilize this alley?
  - b. An easement will be needed for the overhead utility lines and poles if alley is vacated.
