### November 2017

### The Monthly Departmental Financial Report

The City of South Bend has developed the attached Monthly Departmental Financial Report to provide current year financial information for each City fund, as well as individual departments within the General Fund, in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 18th of the month following the reporting period. The staff of the Department of Administration & Finance then summarizes the data and publishes this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements—but does not replace—other financial reports that the City prepares such as the Monthly Financial Report, Controller's Cash Report, the Department of Local Government Finance's Annual Financial Report (AFR), or the Comprehensive Annual Financial Report (CAFR).

### Summary Trends & Observations

As of November 30, 2017, total revenue for the year was \$288,986,267, 80% of estimated revenue. As of November 30, 2016, total revenue received was \$240,833,313 within the same funds. Property taxes are received in June and December each year and are budgeted at \$77,024,124 for 2017. Local income tax (LOIT, COIT and EDIT) receipts are budgeted to be \$28.36 million in 2017, to be received in monthly installments of \$2.37 million. In March 2017, the City received a \$1 million Community Crossings grant from INDOT.

As of November 30, 2017, total expenditures were \$286,883,867 and outstanding encumbrances were \$36,766,779, a total of \$323,650,646 which represents 78% of the amended expenditure budget. Encumbrances are either holdovers from previous years or obligations for the remainder of the year. If encumbrances were excluded, expenditures were 69% of the amended expenditure budget at the end of the period. Total expenditures, excluding encumbrances, were \$260,706,995 as of November 30, 2016.

New for 2017, all costs associated with the Department of Innovation & Technology were consolidated into Fund 279, an internal service fund that already accounts for the 311 Call Center budget. Fund 265 was established to account for the receipt of the Community Crossings grant and matching revenue and for the payment of expenditures on eligible projects, per the Indiana State Board of Accounts.

Also, several funds were established to integrate the various trustees cash balances into the City's regular accounting system.

We hope that you find this Monthly Departmental Financial Report useful in better understanding the finances of the City of South Bend. If you have any questions regarding this report, please contact the Department of Administration & Finance.

#### City of South Bend Monthly Department Financial Report REVENUE SUMMARY November 30, 2017

### Fund Purpose:

This fund accounts for various grants including Community Development Block Grants (CDBG), Emergency Solutions Grant, Shelter Plus Care, Neighborhood Stabilization Project, etc.

#### Explain Significant Revenue and Expenditure Changes/Variances Below:

There will likely be little predictable trend in revenue and expenditure from year to year because not all grants are on-going and the timing of funding varies widely. We can only draw revenue in response to funds expended so revenues will come in as funds are spent. The federal government does not allow us to hold too much cash. Expenditures in 2017, as in previous years, will be made by outside not-for-profits for eligible activities such as: Homeownership Assistance; Housing Acquisition/Rehab/Resale; Owner-Occupied Housing Rehab; Spot Blight Clearance; Technical Assistance; Public Services; Public Facility Improvements; Emergency Shelter Operations; Rapid Re-housing; Shelter Plus Supportive Services; and New Housing Construction. All services must either assist low/moderate income households or eliminate slum & blight and/or other requirements specific to the particular grants. The not-for-profits can generally apply for funding for 2018 in the summer of 2017.

Explain Significant Spending on Capital Projects Below:

#### Fund Purpose:

This fund was established in 2006 with the City's share of the proceeds for the lease of the Indiana Toll Road (I-80/90). The fund is used to finance capital improvements projects and also makes loans to other funds. Annual revenue is the loan payments from those other funds. In recent years the fund has been used in connection with the City's Smart Streets program.

#### Explain Significant Revenue and Expenditure Changes/Variances Below:

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006, derived from the State lease of the I-80 toll road to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. In August the fund received the second of two semi-annual payments on these loans, totaling \$418,156 in principal and interest. Balances due are \$181,081 from Fund 435 (Douglas Road) and \$3,342,237 from Fund 436 (River East Residential).

#### Explain Significant Spending on Capital Projects Below:

The 2017 budget continues funding for the Smart Streets initiative and includes \$592K for Smart Streets, \$250K for the Boland Trail and \$80K for Bendix Drive (both projects moved from the LRSA Fund 251). The \$265K encumbered comprises \$68K for the downtown portion of the 2-way conversion of Main and Michigan/St. Joseph streets from Chippewa to LaSalle (the former IN-933), \$1K for the Olive-Sample overpass.

#### Fund Purpose:

This fund is used to pay for City vehicles and equipment that are financed by a lease. The funds are maintained by trustee financial institutions and expended upon the provision by the City of a proper claim form and invoice. The trustee escrow accounts have been maintained by the City for many years and the desire is to integrate these records into the formal accounting system in 2017.

#### Accounting Methodology:

Revenue and expenditures are one month in arrears because the City receives the trustee bank statements after the books are closed. Thus, changes are entered in the general ledger the following month. No expenses show for prior year because the fund was not integrated into City's books until 2017.

Explain Significant Revenue and Expenditure Changes/Variances Below:

Explain Significant Spending on Capital Projects Below:

The City leases certain vehicles and equipment for the police department, public works and other departments and pays them through capital lease proceeds that are accounted for in this fund. These are the major budgeted capital expenditures:

Solid Waste - \$275,000 CNG Trash Truck, \$65,000 Pickup Truck with Dump Bed, \$250,000 Grapple Truck Police - \$1,250,000 Police Cars, \$250,000 Police Car Equipment EMS - \$1,000,000 Aerial Truck Street Dept - \$450,000 Tandem Axle Dump Trucks (Qty 2) Building Dept - \$90,000 2017 4WD Pickup Trucks (Qty 2), \$45,000 2018 Chassis Animal Care & Control - \$30,000 Animal Box Water Works - \$960,000 Water Meters

This fund accounts for the operations of the Wastewater Department, Sewer Department, Organic Resources Department, and Concrete Crew. Sewer rates have increased recently due to higher operating costs and to cover the costs for the EPA-mandated Long Term Control Plan (LTCP), a construction project designed to address overflow issues. Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below: A too conservative estimate of interest earnings on the fund balance will be adjusted by year end. All expenditure categories are running well within	Full Time		0.82

Cook Balance			7 404 404	7,540,147			
Cash Balance			7,401,491	7,540,147			
Fund Purpose:							

This fund is used to purchase capital equipment and fund major renovations/restorations for the Wastewater and Sewer Departments. The primary source of income is from Sewage Works Operating Fund #641, which transfers funds here as needed.

Explain Significant Revenue and Expenditure Changes/Variances Below:

Higher than expected unspent cash balance in fund has resulted in higher than budgeted interest revenue.

The \$400,000 other income was received in February from the Pokagon Band to cover part of the cost of a new lift station at the site of their tribal village and casino.

Explain Significant Spending on Capital Projects Below:

Year to Date totals spent include:

Wastewater Treatment Plant Secondary Improvements \$1,755,318, Grit & Screening Improvements \$20,067

Calvert St. Lift Station \$916,364, Digester Gas Utilization \$592,442

East Bank 5 Sewer Separation \$73,600

Sewer Vactor Truck, Dump Truck, Crew Trucks & Trailer \$638,930 Wastewater Crew Trucks, Lift Truck, Cargo Van, Passenger cars \$220,799
