Purpose of Report

The City of South Bend maintains certain cash balances with bank trustees in connection with bond and capital lease financing agreements that have been approved by the Common Council, Redevelopment Commission, and the Board of Public Works. The cash reserves are restricted and may not be used for general city operations. Rather, trustee cash reserves must be used as provided for in the debt documents including for capital projects, debt service payments, debt service reserves and operating reserves. The bank trustee accounts are also used for the defeasance of prior debt that has been refunded. The primary bank trustees used by the city are US Bank and Wells Fargo Bank. The debt service payments on bonds and capital leases are included in the regular city budget.

Current Activity

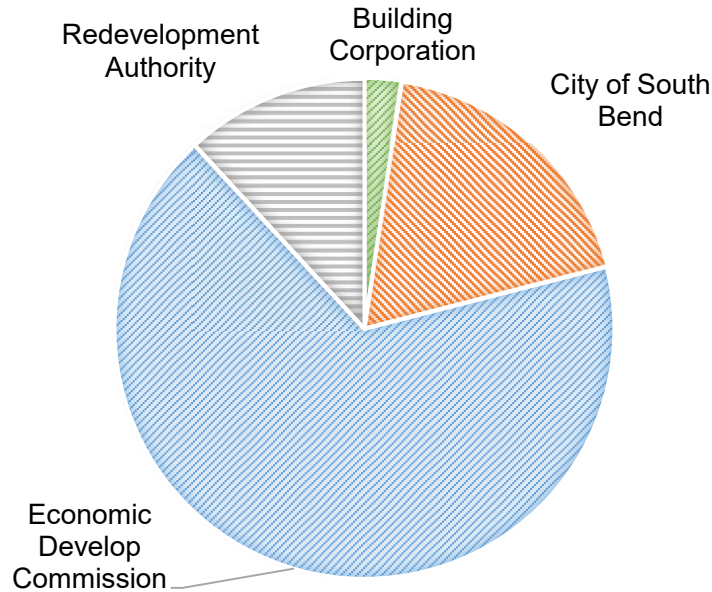

The current trustee cash accounts include capital project money for the 2015 Smart Streets bond, the 2015 Parks/EDIT bond, and the 2017 Eddy Street Commons Phase II bond. Cash in capital project accounts is spent down as work is completed on projects. Trustee cash accounts also include proceeds from lease purchase agreements for the replacement of certain city vehicles and equipment on a regular basis.

If you should have any questions regarding this report, please contact the Department of Administration & Finance by calling 311.
