

Eagle Scout Service Project Proposal

BOY SCOUTS OF AMERICA®

Eagle Scout candidate's full legal name Clay Patrick Pica

Eagle Scout Service Project Name Howard Park Walking Path Landscaping Project

Eagle Scout Requirement 5

While a Life Scout, plan, develop, and give leadership to others in a service project helpful to any religious institution, any school, or your community. (The project must benefit an organization other than the Boy Scouts of America.) The project proposal must be approved by the organization benefiting from the effort, your unit leader and unit committee, and the council or district before you start. You must use the *Eagle Scout Service Project Workbook*, No. 512-927, in meeting this requirement.

Instructions for Preparing Your Proposal

Meeting the Five Tests of an Acceptable Eagle Scout Service Project

Your proposal must be prepared first. It is an overview, but also the beginnings of planning. It must show your unit leader, unit committee, and council or district that your project can meet the following tests.

1. **It provides sufficient opportunity to meet the Eagle Scout service project requirement.** You must show that planning, development, and leadership will take place; and how the three factors will benefit a religious institution, a school, or your community.
2. **It appears to be feasible.** You must show the project is realistic for you to carry out.
3. **Safety issues will be addressed.** You must show you have an understanding of what must be done to guard against injury, and what will be done if someone gets hurt.
4. **Action steps for further detailed planning are included.** You must make a list of the key steps you will take to make sure your plan will have enough details so it can be carried out successfully.
5. **You are on the right track with a reasonable chance for a positive experience.**

When completing your proposal you only need enough detail to show a reviewer that you can meet the tests above. If showing that you meet the tests requires a lengthy and complicated proposal, your project might be more complex than necessary. Remember, the proposal is only the *beginnings* of planning. Most of your planning will come with the next step, preparation of your project plan.

If your project does not require materials or supplies, etc., simply mark those spaces “not applicable.” As a reminder, do not begin any work, or raise any money, or obtain any materials, until your project proposal has been approved.

Consider also, that if you submit your proposal too close to your 18th birthday, it may not be approved in time to finish planning and executing the project.

Working with Your Project Beneficiary

On the last two pages of this workbook there is an information sheet called, “Navigating the Eagle Scout Service Project.” This is for you to print and give to the religious institution, school, or community that will benefit from your efforts. You should do this as part of your first meeting with your beneficiary and use the sheet to help explain how the Eagle Scout service project works. Be sure to read it carefully so you can explain what it says.

“Navigating the Eagle Scout Service Project” will help you communicate a number of things to your beneficiary. For example, it provides thanks and congratulations for accepting the project; and it gives some background, discusses the requirements, and points out the responsibilities connected with approving your project proposal. It also explains that the beneficiary has the right to review, and also to require changes in your project plan.

Again, be sure to read carefully “Navigating the Eagle Scout Service Project” so you will have a full understanding of the role of your beneficiary.

Next Step: Your Project Plan

Once your proposal is approved, you are **strongly encouraged** to prepare your project plan using the form in this workbook. Doing so increases the likelihood your project will be approved at your Eagle Scout board of review. As you begin preparing it, you should meet with a project coach. Check with the person who handled the approval of your project proposal to learn how coaches are designated in your community.

Your designated coach can help you avoid the common pitfalls associated with Eagle Scout service projects and be a big part of your success. You may also want to talk to your unit leader. There may be adults in your troop who are experts in conducting the kind of project you are planning. It's ok for you to work with them as well. The more coaching you get, the better your results will be.

Beginning Work on Your Project

Once your proposal has been fully approved and you have finished your project planning, only then, may you begin work on your project.

Contact Information

Eagle Scout candidates should know who is involved, but contact information may be more important to unit leaders and others in case they want to talk to one another. While it is recognized that not all the information will be needed for every project, Scouts are expected to provide as much as reasonably possible. Approval representatives must understand, however, that doing so is not part of the service project requirement.

Project Description and Benefit

Briefly describe your project.

I will be working with the City of South Bend Venues Parks & Arts on clearing and landscaping an area by the walking path on the river at Howard Park. I will also be terracing and adding a bench to the area.

Attach sketches or "before" photographs if these will help others visualize the project.

Please click below to add images (JPEG, JPG, BMP, GIF, TIF, PNG, etc.)

Foliage will be removed to the tree. Native plant species will be saved

Area will be terraced with landscape timbers, mulch will be added, bench will be added

Tell how your project will be helpful to the beneficiary. Why is it needed?

A new walking and biking path is currently being added to the area and my project will add a rest and viewing area for the patrons.

When do you plan to begin carrying out your project? Spring of 2021

When do you think your project will be completed? Spring 2021

Giving Leadership

Approximately how many people will be needed to help on your project? 10 people

Where will you recruit them (unit members, friends, neighbors, family, others)? Explain:

Family members, friends, fellow scouts and scout leaders.

What do you think will be most difficult about leading them?

The work flow and keeping the crew on task.

Materials

Materials are things that become part of the finished project, such as lumber, nails, and paint.

What types of materials, if any, will you need? You do not need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required. For example, for lumber, include basic dimensions such as 2 x 4 or 4 x 4.

10 to 12 landscaping timbers, mulch, materials to build the bench, fill dirt and plants

Supplies

Supplies are things you use up, such as food and refreshments, gasoline, masking tape, tarps, safety supplies, and garbage bags.

Include tools, and also equipment, that will be borrowed, rented, or purchased.

What tools or equipment, if any, will you need? You do not need a detailed list, but you must show you have a reasonable idea of what is required.

Other Needs

Items that don't fit the above categories; for example, parking or postage, or services such as printing or pouring concrete, etc.

What other needs do you think you might encounter?

N/A

Permits and Permissions

Note that property owners should obtain and pay for permits.

Will permissions or permits (such as building permits) be required for your project? Who will obtain them? How long will it take?

Yes proposal needs to be approved by City of South Bend Venues Parks & Arts and LaSalle Scout Council. Permits not required.

Preliminary Cost Estimate

You do not need exact costs yet. Reviewers will just want to see if you can reasonably expect to raise enough money to cover an initial estimate of expenses. Include the value of donated material, supplies, tools, and other items. It is not necessary to include the value of tools or other items that will be loaned at no cost. Note that if your project requires a fundraising application, you do not need to submit it with your proposal.

Enter estimated expenses below: <i>(Include sales tax if applicable)</i>		Fundraising: Explain how you will raise the money to pay for the total costs. If you intend to seek donations of actual materials, supplies, etc., then explain how you plan to do that, too. I will fund raise from businesses, friends, and family. Uncertain for total cost right now.
Materials:		
Supplies:		
Tools:	\$0.00	
Other:	\$0.00	
Total costs:	\$0.00	

Project Phases

Think of your project in terms of phases, and list what they might be. The first may be to prepare your project plan. Other phases might include fundraising, preparation, execution, and reporting. You may have as many phases as you want, but it is not necessary to become overly complicated; brief, one line descriptions are sufficient.

1. Get proposal approved from City of South Bend Venues Parks & Arts and LaSalle Scout Council
2. Shop for materials and put together a price for terracing and plants
3. Fund raise to cover cost
4. Kill off weeds and clear area
5. Terrace the incline it's on
6. Add fill dirt for anywhere needed
7. Add plants that are native and approved
8. Build and add bench

Logistics

How will you handle transportation of materials, supplies, tools, and helpers?

With my Dad's truck and trailer. Helpers will be transported by their parents or themselves.

Safety Issues

The Guide to Safe Scouting is an important resource in considering safety issues.

Describe the hazards and safety concerns you and your helpers should be aware of.

Cuts, blisters, sprains, splinters

Project Planning

You do not have to list every step, but it must be enough to show you have a reasonable idea of how to prepare your plan.

List some action steps you will take to prepare your project plan. For example "Complete a more detailed set of drawings."

I have been sent a couple of detailed pictures and plans from the City of South Bend Venues Parks & Arts.
