Community Leaders and Stakeholders Stand in Solidarity Against Gun Violence in our Community

On Wednesday, October 20, 2021, a press conference will be held at WUBS Radio Station at 10:30 a.m. at 702 Lincoln-Way West, South Bend, 46616. During this time, community leaders, elected officials, stakeholders, and others will speak out against violence in our community.

There has been a surge in shootings since the start of the month. At least three (3) individuals were killed last week, in addition to others who were shot. The violence must stop. Enough Is Enough!

Councilwoman, Karen L. White
At Large, City of South Bend, Indiana
