

City Performance Management 2021 Q4 SB Stat Post-Meeting Memo

2021 SB Stat Key Takeaways

- 21 CP Project Portfolio Updates
 - Surveys – Cards updated with final recommendations and ready for implementation.
 - Post-Incident Reporting – The master document folder on the shared drive is ready for use with editing and access permissions in place.
- Open Data Improvements and Automation
 - Efforts to reduce touch points on Open Data and increase automated data flows have been under way over the past quarter
- Gun Violence Report
 - New start date determined to be in mid/late January
 - Topics to be discussed at the first update are 1) Shot Spotter Connect 2) Group Violence Intervention outreach and enforcement
- Quarterly Tracking Statistics
 - Group Violence Intervention – Percentage of Custom Notification contacts that return as suspects has remaining stable, where the number of victims has increased from 10% to 11%. Number of victims have been trending upward overtime but, 2021 has less victims than 2020.
 - Crime + Community – Serious crimes have remained stable from Q3 to Q4 with the largest number of incidents occurring in District 2. Contrary to expectation, most serious crimes occur between 7am to 6pm.
 - Training + Recruitment – Officers able to retire and considering retirement has stayed stable from Q3 to Q4.

2021 SB Stat Topic Next Steps

- 21 CP Project Portfolio Updates
 - Meet with vendor about scheduling ADSi form creation training
- Public Safety Update
 - Name to be pivoted to “Public Safety Update” to capture a broader spirit of the updates
 - Set up venue for streaming and create preparatory materials
 - Add enforcement action data to presentation
- Quarterly Stats
 - Research response time entry practices through dispatch
 - Compare trainings completed to Training survey results
