REPORTS FROM CITY OFFICES

Caleb Bauer, Executive Director of Community Investment, with offices on the 14th floor of the County-City Building, gave an update regarding major projects happening within the City. Within the Department of Community Investment (DCI) there are many different teams: the Planning and Community Resources team, the Office of Sustainability, the Growth and Opportunity team, the Engagement and Economic Empowerment (EEE) team, the Neighborhoods Division, the Neighborhood Health and Housing Office, the Federal Fund Management team, and the South Bend Animal Resource Center (SBARC). Caleb Bauer shared some of DCI's accomplishments from 2024. In 2024, the Department of Community Investment issued two million five hundred thousand dollars (\$2,500,000) worth of low-interest loans to support small businesses, brought in forty million dollars (\$40,000,000) in private investment through the issuance of new tax phase-ins, facilitated the adoption of three hundred and seventy-eight (378) animals at SBARC, provided funding to operate emergency overnight shelter for unhoused residents, leveraged two (2) forgivable loans to fund the construction of more than one hundred and twenty (120) infill housing units in disinvested neighborhoods, conducted seven hundred and seventy-four (774) inspections, provided more than four hundred and twenty thousand dollars (\$420,000) in matching grants, removed nearly one million five hundred pounds (1,500,000lbs) of litter and debris, and assisted with twenty-three (23) neighborhood cleanups. The Department of Community Investment also continued neighborhood planning processes, facilitated more than six hundred thousand dollars (\$600,000) in public and private investment for energy efficiency, invested eighty-one thousand dollars (\$81,000) in neighborhood-led projects through the IGNITE program, organized five (5) Linden Avenue Farmers Markets, acquired several properties for strategic investments, provided more than one million dollars (\$1,000,000) in home repairs, opened more than ten thousand (10,000) environmental citation cases, led a robust engagement process for the Downtown Plan, demolished the remaining buildings at the former Drewrys Brewery site, and completed work on the Link Trail. There are many major projects currently happening in South Bend: the Beacon Patient Tower and Madison Lifestyle District, the Diamond View apartments and Stadium Flats, the Five (5) Corners project, the Four (4) Winds Field Expansion, cleaning of the former Drewrys Brewery site, the J.C. Hart Riverwalk project, Intend Indiana's Lincoln Park project, Momentum/SoMa Lofts, the Mishawaka Avenue Streetscape project, South Bend Thrive, the Tech and Talent District, 466 Works' home constructions in the Southeast Neighborhood, Phase One (1) of the Potawatomi Park project, cleaning the YMCA Site, the Western Avenue Transformation District, as well as many neighborhood improvement bond projects. There were many South Bend projects that received funding from READI 2.0, the Lilly Endowment Inc., and the Revolving Infrastructure Loan Program.

Councilmember Sharon McBride asked Caleb Bauer to investigate improving safety measures near Potawatomi Park.

Councilmember Sheila Niezgodski asked if the homes being constructed by Intend Indiana will all be for sale.

Caleb Bauer answered yes.

Council Vice President Rachel Tomas Morgan asked Caleb Bauer about the process for purchasing the newly constructed homes.

Caleb Bauer stated that 466 Works typically pre-sells their homes and then builds them; whereas, Intend Indiana builds the homes and then hosts a number of engagement opportunities for prospective buyers. The Diamond View project will consist of rental units.

Councilmember Ophelia Gooden-Rodgers requested more information regarding the Kennedy Park project.

Caleb Bauer stated that the City is in the design process for the Kennedy Park project. The Kennedy Park project was awarded a seven million five hundred thousand dollar (\$7,500,000) Indiana Department of Natural Resources (DNR) grant that will be matched by the City for a total fifteen million dollar (\$15,000,000) project design.

Councilmember Sherry Bolden-Simpson requested information regarding the Twyckenham Neighborhood Plan.

Caleb Bauer stated that the City will be looking at the Twyckenham Neighborhood Plan later this year, which will focus more on infrastructure and park investments.

Caleb Bauer stated that there have been internal conversations attempting to identify funding sources to preserve and upgrade the facility.

Caleb Bauer stated that the City is looking to utilize the remainder of the American Rescue Plan funds on the next round of home repairs before returning to the typical annual three hundred and fifty thousand dollar (\$350,000) to four hundred thousand dollar (\$400,000) commitment.

PUBLIC HEARINGS

BILL NO.

08-25

PUBLIC HEARING ON AN ORDINANCE OF THE COMMON COUNCIL OF THE CITY OF SOUTH BEND, INDIANA, AUTHORIZING THE CITY TO ISSUE ONE OR MORE SERIES OF ITS TAXABLE ECONOMIC DEVELOPMENT TAX INCREMENT REVENUE BONDS AND APPROVING AND AUTHORIZING OTHER ACTIONS IN RESPECT THERETO IN CONNECTION WITH THE J.C. HART DEVELOPMENT PROJECT

Councilmember Warner requested that the petitioner(s) state their name and address and share key points before the council.

Caleb Bauer, Executive Director of Community Investment, with offices on the 14th floor of the County-City Building, stated that Bill No. 08-25 authorizes the issuance of taxable economic development tax increment revenue bonds for J.C. Hart’s Riverwalk Project. The bonds are developer-backed; therefore, the risk of the bond falls onto the developer rather than the City in the case of a bond default. The Riverwalk project aims to create two hundred and ninety-one (291)

apartments as well as a three hundred and ninety-eight (398) space parking garage. The minimum private investment for the project is sixty-one million five hundred thousand dollars (\$61,500,000). The debt service payments will be funded through the future tax payments of this singular development. J.C Hart anticipates completing construction by the end of 2028.

Councilmember Tomas Morgan asked if the project-based Tax Increment Financing (TIF) model will be something the City will begin implementing more.

Caleb Bauser answered yes. Caleb Bauer stated that larger developments can benefit from a project-based TIF model as it minimizes risk to the City.

Councilmember Warner held the public hearing, and nobody spoke.

Councilmember Bolden-Simpson asked why the project-based TIF model is now being attempted.
