RE: Sidewalk Café Permit – JINYA Ramen Bar

Dear Mr. Smith:

At its December 9, 2025 meeting, the Board of Public Works approved your establishment's Sidewalk Café Permit application for the hours of operation you provided subject to proper ADA clearance from obstructions. Please be reminded that businesses are required to adhere to the provisions of their Sidewalk Café Agreement. A copy is enclosed for your records.

Please also be reminded that although the new application lasts for two (2) years from the date of approval, the City requires businesses to provide an updated Certificate of Insurance annually. We ask that you kindly mark your calendar with a reminder regarding this matter and provide us with the appropriate information one (1) year from now.

If you have any further questions, please call this office at (574) 235-9251.

Sincerely,

/s/ Hillary Horvath

SUBJECT: SIDEWALK CAFÉ RECOMMENDATION -
JINYA Roman Bar

LOCATION: 1145 N. Eddy St STE 140

PLEASE INSERT YOUR RECOMMENDATIONS IN THE APPROPRIATE FIELD BELOW, BASED ON THE FOLLOWING ORDINANCE CRITERIA (Sec. 18-15):

1. The sidewalk cafe conforms to all regulations of the City and of all laws affecting the use and maintenance of such business.
2. Outdoor cafés and seating areas shall be so located as to maintain maximum sidewalk width and clearance for wheelchair accessibility which shall exclude that portion of a sidewalk reserved as a protected bike lane. Sidewalk clearance is required between outdoor café structures, landscaping or other barriers and the curb or the closest edge of the separated bike lane. Maximum sidewalk wheelchair clearance is presumed to be at least five (5) feet (sixty (60) inches) consistent with Public Right-of-Way Accessibility Guidelines (PROWAG). However, under limited circumstances, where strict compliance with the five (5) feet pedestrian sidewalk ADA access would prevent, substantially impair, or render unfeasible the existence of a viable sidewalk café, then the pedestrian ADA sidewalk access area may be reduced from five (5) feet but to no less than four (4) feet to allow for a sidewalk café. The request for a reduction of sidewalk width clearance will be approved only if it is determined to be non-detrimental to the health, safety, or general welfare of the public, including persons with disabilities. The City's ADA Coordinator should be consulted where an exception is not clear or obvious. These requests must be reviewed in the context of all requests, or potential requests, for use of public sidewalk within the entire block. The request for a reduction of sidewalk width clearance may be approved only if it is determined to be non-detrimental to the health, safety, or general welfare of the public, including persons with disabilities.

Among the circumstances that may justify such departure from the prescribed five (5) feet access are the following:

- a. When a small vertical obstruction, such as a light pole, traffic control sign, planter or affixed street furniture reasonably prevents the continuation of five (5) feet clearance for a short distance of thirty (30) inches or less. If a distance greater than thirty (30) inches is sought, there must be consultation with the City's ADA Coordinator.
 - b. In instances where there is limited sidewalk width (fifteen (15) feet or less) available and a separated protected bike lane is parallel to and on the same vertical plane, level with, or an extension of the sidewalk, with no vertical obstruction, then for a business purpose such as a sidewalk café, bike rack, or other similar purpose, a portion of the protected bike lane may be authorized for use to make up for the needed reduced sidewalk clearance width. The required clear pedestrian path of not less than four (4) feet may extend into the separated protected bike lane provided that a minimum of six (6) feet of that bike lane is preserved solely for bicycle use (constituting five (5) feet of bike path and a one-foot buffer between bikes and pedestrians). The applicant at its expense shall display the City's prescribed form of Shared Zone signage to alert users to the change in conditions.
3. The sidewalk cafe is not detrimental to the health, safety, or general welfare of the public, including persons with disabilities.
 4. The sidewalk cafe does not interfere with pedestrians or persons traveling along the sidewalk.
