#### Narrative, August 2013

#### **Description of Monthly Departmental Financial Report**

Beginning with the March 2013 fiscal period, the City of South Bend has developed the attached Monthly Departmental Financial Report. The purpose of the report is to provide current year financial information for each City fund and individual departments within the General Fund in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 20<sup>th</sup> of the month following the reporting period. The staff of the Department of Administration & Finance is then asked to summarize the information and publish this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements (but does not replace) other financial reports that the City prepares including the Monthly Financial Report, Controller's Cash Report, Gateway City and Town Annual Report (CTAR), and Comprehensive Annual Financial Report (CAFR).

#### **Summary Trends & Observations**

One of the purposes of this report is to focus the reader's attention on current year revenue and expenditure trends in individual funds and General Fund departments. Please refer to the attached pages for this information.

As of August 31, 2013, total revenue was \$171,311,387, 57% of estimated revenue. As of August 31, 2012 total revenue received was \$177,237,322. Property taxes received in June were less than anticipated and August's non-property tax receipts of nearly \$13.2 million were less than the expected monthly average. Individual elements of revenue are received at various times of the year (based on State and other distribution schedules) and it is the job of all City fiscal staff to monitor revenue for timely collection.

The City received a one-time payment of \$575,000 in August for Century Center capital improvements, contributed by the facility's new management team, SMG.

As of August 31, 2013, total expenditures were \$183,387,815 and outstanding encumbrances were \$42,628,806, a total of \$196,427,515 which represents 61% of the amended expenditure budget, less than the expected level of 67% after eight months' activity. If encumbrances were excluded, expenditures were 49% of the amended expenditure budget at the end of the period. Encumbrances represent placeholders for future expenditures anticipated through the rest of the fiscal year but have not yet been incurred. By comparison, total expenditures were \$186,314,559 as of August 31, 2012.

In August the Fire Dept spent over \$1 million for capital projects, most notably \$738,000 for the training facility and \$328,000 for the newly-constructed Fire Station #5 on Prairie Ave.

We hope that you find this Monthly Departmental Financial Report useful in understanding the finances of the City of South Bend a little bit better. If you have any questions regarding this report, please contact us at 574-235-7702.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The decrease in revenue compared to 2012 for the Grants/Intergovernmental account is that 2012 was the final year of the COPS Hiring Recovery Program funding. The decrease in Personnel Expenditures in 2013 compared to 2013 is due to the transfer of an additional ten officers' salaries to the LOIT fund. This decrease is partially offset by the 2.5% increase in salary for the department. There is a corresponding increase in the LOIT fund. Supplies of \$302,279 are down from the 2012 expenditure level due to an accounting change. Police gas costs of \$519,997 for 2013 are recorded in Fund 404.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

Dir of Code Enforcement and Director of Admin Services were supposed to split salaries between Code and Animal Control, but that wasn't happening. Other income of \$2,300 was insurance proceeds from an auto accident. Transfers out are to Solid Waste for landfill fees. The encumbrance in Personnel is for D. Skwarcan's salary for the remainder of 2013; she's a contracted employee through PeopleLink. Services appear lower now because invoices for Illegal Dumping are not current from Solid Waste; budgeted \$306,000. Encumbrances for Site Mowing (Parks) and Illegal Dumping (Solid Waste) are \$448,577 as of 31 Aug.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Grant revenue results from reimbursement of expenditures specified in the grant plus fees for accident reports, gun permits and false alarm and loud noise fines. Grant revenue is dependent on the timing of the expenditure and does not flow ratably over the course of the year. Grant Revenue for 2013 is down from 2012 as a result of timing on the reimbursement of grants and fewer grants available in 2013. Other Income for 2013 compared to 2012 is down to the timing of reciept of annual rent reimbursement for the ATF office in 2012. The increase in Supplies over 2012 is due to \$88,355 purchase of In Car Videos in 2013. This purchase will be reimbursed by a grant.

**Explain Significant Spending on Capital Projects Below:** 

The \$123,119 of Capital is the result of \$100,000 which is a portion of the purchase of the armor vehicle and \$23,119 is the purchase of Dell VM/Ware Center Server.

Staffing

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Monies in Fund 249 are transferred quarterly to the General Fund to fund police and fire personnel. A quarterly reconciliaton is prepared and any unspent money is transferred back to Fund 249. For 2014, the City has been advised by the DLGF and SBOA that it should budget personnel costs directly from Fund 249. Fund 249 is budgeted to spend over \$1.0 million dollars more than it takes in as revenue during 2013 to support public safety personnel costs. The third quarter transfer was made during July 2013. The second quarter accounting summary and reconciliation was prepared on July 5, 2013. This resulted in a return of \$338,839.38 (recorded as a transfer in during June) for monies unspent by the police and fire departments in the General Fund. During July, the fire department posted a journal entry to reclassify costs to their public safety LOIT department in the General Fund to correct an accounting error.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Significant revenue increase in 2013, due to the City receiving approximately \$136,000 more per month in COIT distribution than in the prior year. The 2013 amended budget is negative because it includes \$680,993 in encumbrances at 12/31/12 for projects that were in process. Supplies category shows huge variance (approx. \$615,000) as a result of gasoline being budgeted in this fund for 2013. This was not in place in the prior year. For 2013, COIT distributions from the County are \$653,911.59 per month and are paid through August 31, 2013. The amount shown as Transfers Out of \$676,882 is for the curb and sidewalk program. The amount is transferred to the MVH fund 202.

#### **Explain Significant Spending on Capital Projects Below:**

At this same time in August, there was roughly \$1.4 million more spent in 2012. Projects include the Northside Trail and the Greenhouse Conservatory which have since been completed.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Effective January 1, 2013, this fund no longer collects hotel/motel tax allocations from St. Joseph County for payment to the Hall of Fame. This fund is currenty used for debt service of the 2010 Coveleski Stadium bonds (payments due in January and July) and a \$100,000 capital transfer to Century Center (paid in January, 2013). PSDA tax revenue is generally received from the State on a monthly basis. PSDA tax is a special tax received from the State of Indiana based on the sales tax, income tax and local income taxes collected in the PSDA area (which includes Coveleski Stadium, Century Center, Morris Performing Arts Center and Studebaker National Museum). Coveleski Stadium generates the majority of PSDA revenue. Both debt service payments have been made for 2013.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund receives revenue from a property tax levy and distributions are received from St. Joseph County in June and December. Expenditures are for debt service payments on capital leases and the due dates vary per lease. The fund is used to finance police vehicles and related equipment. The fund also receives PILOT payments from the Water Works and Wastewater utilities on a monthly basis. Property tax revenue in the amount of \$253,553 was received on June 18, 2013. This amount represents 51.73% of the tax levy and 47.84% of the 2013 revenue budget. For the 2014 budget, this fund will be used to pay existing police capital lease payments but will not include a capital lease for 2014. This payment will be moved to the COIT Fund No. 404.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006. The money was derived from the State lease of the I-80 tollroad to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. The amounts outstanding were \$923,829 (Douglas Road) and \$5,068,654 (Eddy Street/Triangle) at August 31, 2013.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

Expenditures for August and September will be greater than normal in that August had 3 payrolls and we are purchasing iPads and software for the inspectors.

Explain Significant Spending on Capital Projects Below:

The Capital Accounts are set up for a new copier for the office and iPads with software to get the Inspectors computerized and eliminate paperwork. However, it will not be reflected in the Capital Accounts but in leases and supplies accounts, which is shown in our increase in supplies and services.

The impact on revenue levels due to the closing of New Energy continues to affect this fund. Transfers out for capital spending won't be needed until later in the year. Staff at the Wastewater Plant has decreased by two bargaining FTE positions. Realignment of work schedules will eliminate the need to replace them.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund charges an allocation of 1% of payroll to most departments to cover the cost of unemployment claims paid. The cost of claims paid has been low for 2013 and less than the allocation amount. Effective April 1, 2013, the allocation amount was reduced to .75% of payroll to reduce the costs paid by departments. For the 2014 budget, the rate charged to departments will be reduced to .50% due to favorable claims history and increasing cash reserves. At August 31, 2013, claims paid on behalf of former Parks & Recreation department employees were \$31,033 or 74% of total claims paid. Due to continuing low claims paid, the rate to departments was reduced to .5% of payroll beginning in July, 2013. Cash reserves are increasing in this fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Revenue variance due to one time payment from AJ Wright of \$2 M received in April along with Blackthorn debt service paid off in 2013 and reserve amount returned to this fund. While one can find usefulness in reviewing revenue trends in TIF funds from one year to the next, because projects change wildly from one year to the next, it is less meaningful to examine year to date expenditures against the prior year to date. Major projects carried out in 2012 were: Ignition Park Infrastructure; Data Realty; final demolition of Underground Pipe & Valve; Mayflower Road Realignment & Improvements; the SB Animal Shelter reconstruction; Mayflower Trunk Sewer; continued acquisition in Ignition Park South and East; and the beginning expenditures of the Renaissance District. In 2013, the major projects thus far approved are: more acquisition in Ignition Park South and East; Bosch facility holding costs; and major expenditure on the Renaissance District project.

#### **Explain Significant Spending on Capital Projects Below:**

Capital projects thus far this year are: Renaissance District; and Ignition Park South & East acquisitions.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

The early spring weather in 2012 was phenomenal, but in 2013 spring has been very cold, thus affecting revenue sharply. Trimmed expenses to offset late start as appropriate. Paid off bond in early 2013, so debt service expense in 2013 will be much under 2012. Course operations under outside contract with Kitson & Partners so all expenses except capital are shown under Services to show consistency with Parking Garages and Redevelopment Retail.
