Narrative, September 2013

Description of Monthly Departmental Financial Report

Beginning with the March 2013 fiscal period, the City of South Bend has developed the attached Monthly Departmental Financial Report. The purpose of the report is to provide current year financial information for each City fund and individual departments within the General Fund in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 20th of the month following the reporting period. The staff of the Department of Administration & Finance is then asked to summarize the information and publish this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements (but does not replace) other financial reports that the City prepares including the Monthly Financial Report, Controller's Cash Report, Gateway City and Town Annual Report (CTAR), and Comprehensive Annual Financial Report (CAFR).

Summary Trends & Observations

One of the purposes of this report is to focus the reader's attention on current year revenue and expenditure trends in individual funds and General Fund departments. Please refer to the attached pages for this information.

As of September 30, 2013, total revenue was \$190,271,253, 63% of estimated revenue. As of September 30, 2012 total revenue received was \$198,356,630. Property taxes received in June were less than anticipated and August's non-property tax receipts of nearly \$13.2 million were less than the expected monthly average. Individual elements of revenue are received at various times of the year (based on State and other distribution schedules) and it is the job of all City fiscal staff to monitor revenue for timely collection.

In September, the City received the second of two annual distributions from the cigarette tax for the Fire and Police pension funds totaling \$5.45 million, \$630,000 less than received a year ago. Intergovernmental receipts totaled \$7.4 million for September.

As of September 30, 2013 total expenditures were \$202,189,248 and outstanding encumbrances were 40,618,146, a total of \$196,427,515 which represents 66% of the amended expenditure budget, less than the expected level of 75% after nine months' activity. If encumbrances were excluded, expenditures were 54% of the amended expenditure budget at the end of the period. Encumbrances represent placeholders for future expenditures anticipated through the rest of the fiscal year but have not yet been incurred. By comparison, total expenditures were \$206,506,749 as of September 30, 2012.

In September the City spent over \$1.5 million for capital projects, most notably \$1,000,000 for the sewer rehabilitation projects and \$513,000 for the Main-Lafayette connector.

We hope that you find this Monthly Departmental Financial Report useful in understanding the finances of the City of South Bend a little bit better. If you have any questions regarding this report, please contact us at 574-235-7702.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The decrease in revenue compared to 2012 for the Grants/Intergovernmental account is that 2012 was the final year of the COPS Hiring Recovery Program funding. The decrease in Personnel Expenditures in 2013 compared to 2013 is due to the transfer of an additional ten officer's salary to the LOIT fund. This decrease is partially ofset by the 2.5% increase in salary for the department. There is a corresponding increase in the LOIT fund. Supplies of \$315,240 are down from the 2012 expenditure level due to an accounting change. Police gas costs of \$594,805 for 2013 are recorded in Fund 404.

Explain Significant Spending on Capital Projects Below:
The \$28,396 of capital is the purchase of a Police SUV for the Police Chief.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Dir of Code Enforcement and Director of Admin Services were supposed split salaries between Code and Animal Control, but that wasn't happening. Other income of \$2,300 was insurance proceeds from an auto accident. Transfers out are to Solid Waste for landfill fees. The encumbrance in Personnel is for D. Skwarcan's salary for the remainder of 2013; she's a contracted employee through PeopleLink. Code was billed for 7 months of services for Illegal Dumping in September, totaling \$204,704. Encumbrances for Site Mowing (Parks) and Illegal Dumping (Solid Waste) are \$215,035 as of 30 Sep.

Explain Significant Spending on Capital Projects Below:

Capital expenditure of \$56,742 is for two pickup trucks that were delivered in Sep. Last remaining planned purchase for single-axle dump truck will probably be postponed so that funds will be available to cover operational shortfalls.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Revenue stream is not a steady flow. It is dependent upon the processing and release of funds from the State for seized assets in drug activities. Expenditures are to be used to support the Police Departments effort to combat drug activity.

Explain Significant Spending on Capital Projects Below:

The \$10,000 Capital purchase was the VMWare Center Server and Switch for Police Communications.

Staffing	
----------	--

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Grant revenue results from reimbursement of expenditures specified in the grant plus fees for accident reports, gun permits and false alarm and loud noise fines. Grant revenue is dependent on the timing of the expenditure and does not flow ratably over the course of the year. Grant Revenue for 2013 is down from 2012 as a result of timing on the reimbursement of grants and fewer grants available in 2013. Other Income for 2013 compared to 2012 is down to the timing of reciept of annual rent reimbursement for the ATF office in 2012. The increase in Supplies over 2012 is due to \$88,355 purchase of In Car Videos in 2013. This purchase will be reimbursed by a grant.

Explain Significant Spending on Capital Projects Below:

The \$123,119 of Capital is the result of \$100,000 which is a portion of the purchase of the armor vechicle and \$23,119 is the purchase of Dell VM/Ware Center Server.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Encumbrances include \$20K for SB Ethanol Real Estate (neighborhood association taking over pumps), \$57,417 to Weaver Boos Consultants for groundwater sampling. Budget for capital are Park & Rec items that should be removed.

On 3 Jul the City received a settlement of \$3.87 million for litigation from the Oliver brownfield. The Budget balances have been adjusted in July to reflect this activity. The budgeted interest income will also be adjusted accordingly. Largest expenditures to date are Weaver Boos for \$31K for groundwater testing at old Studebaker Museum site (Freeman-Spicer building site; \$44K still encumbered) and SB Ethanol Real Estate LLC for pumping (\$14K spent, \$12K still encumbered).

Staffing

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Monies in Fund 249 are transferred quarterly to the General Fund to fund police and fire personnel. A quarterly reconciliaton is prepared and any unspent money is transferred back to Fund 249. For 2014, the City has been advised by the DLGF and SBOA that it should budget personnel costs directly from Fund 249. Fund 249 is budgeted to spend over \$1.0 million dollars more than it takes in as revenue during 2013 to support public safety personnel costs. The third quarter transfer was made during July 2013. The second quarter accounting summary and reconciliation was prepared on July 5, 2013. This resulted in a return of \$338,839.38 (recorded as a transfer in during June) for monies unspent by the police and fire departments in the General Fund. During July, the fire department posted a journal entry to reclassify costs to their public safety LOIT department in the General Fund to correct an accounting error.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The 2013 budget includes \$400,000 for paving that will be spent during the summer months. PO 210585 to Walsh & Kelly for the material was encumbered in May. First significant purchases for material in July for \$137K.

Revenue is provided by state-shared gasoline taxes, which are remitted monthly, ~ \$90K per month. Lower receipts in Aug and Sep follow the same pattern as in previous years.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Significant revenue increase in 2013, due to the City receiving approximately \$136,000 more per month in COIT distribution than in the prior year. The 2013 amended budget is negative because it includes \$680,993 in encumbrances at 12/31/12 for projects that were in process. Supplies category shows huge variance (approx. \$824,000) as a result of gasoline being budgeted in this fund for 2013. This was not in place in the prior year. For 2013, COIT distributions from the County are \$653,911.59 per month and are paid through September 30, 2013. The amount shown as Transfers Out of \$676,882 is for the curb and sidewalk program. The amount is transferred to the MVH fund 202.

Explain Significant Spending on Capital Projects Below:

At this same time in Septembr, there was roughly \$1.5 million more spent in 2012. Projects include the Northside Trail and the Greenhouse Conservatory which have since been completed.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Included in the 2013 Transfers Out budget is a \$2,700,000 transfer to the MVH Fund 202 for costs of the Street Department. A total of \$1,350,000 (50%) was transferred in April, 2013 and \$1,350,000 during July, 2013. This fund also pays debt service for the CEDIT and Morris Performing Arts Center bonds and these bond payments are due in February and July. The 2013 amended budget is negative because in includes \$302,741 in encumbrances carried over from 2012 for projects in process at 12/31/12. EDIT tax revenue is received monthly from St. Joseph County as certified by the DLGF. A target penalty fee in the amount of \$354,660 was received from TJX Corporation (AJ Wright) in April, 2013. EDIT revenue during 2012 includes \$743,906.84 received from the State of Indiana due to a 2011 accounting error. EDIT revenue from the State is \$681,445.98 per month and is paid through July, 2013. A total of \$1,288,139 has been transferred to the DCI Administration Fund 211. This represents three quarterly payments. All debt service payments have been made for 2013.

Explain	Significant	Spending	on Capital	Projects	Below:

Capital spending in 2012 in the amount of \$22,918 was for the CSO Trunk Sewer project before the project was discontinued.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Effective January 1, 2013, this fund no longer collects hotel/motel tax allocations from St. Joseph County for payment to the Hall of Fame. This fund is currenty used for debt the 2010 Coveleski Stadium bonds (payments due in January and July) and a \$100,000 capital transfer to Century Center (paid in January, 2013). PSDA tax revenue is generally received from the State on a monthly basis. PSDA tax is a special tax received from the State of Indiana based on the sales tax, income tax and local income taxes collected in the PSDA area (which includes Coveleski Stadium, Century Center, Morris Performing Arts Center and Studebaker National Museum). Coveleski Stadium generates the majority of PSDA revenue. Both debt service payments have been made for 2013.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund receives revenue from a property tax levy and distributions are received from St. Joseph County in June and December. Expenditures are for debt service payments on capital leases and the due dates vary per lease. The fund is used to finance police vehicles and related equipment. The fund also receives PILOT payments from the Water Works and Wastewater utilities on a monthly basis. Property tax revenue in the amount of \$253,553 was received on June 18, 2013. This amount represents 51.73% of the tax levy and 47.84% of the 2013 revenue budget. For the 2014 budget, this fund will be used to pay existing police capital lease payments but will not include a capital lease for 2014. This payment will be moved to the COIT Fund No. 404.

Explain Significant Spending on Capital Projects Below:

The 2013 budget includes \$36,000 for three street crime (SOS) vehicles and various leased vehicles.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006. The money was derived from the State lease of the I-80 tollroad to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. The amounts outstanding were \$923,829 (Douglas Road) and \$5,068,654 (Eddy Street/Triangle) at September 30, 2013.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Expenditures for August and September will be greater than normal in that August had 3 payrolls and we are purchasing iPads and software for the inspectors. In September, we had an auto lease payment due and six months of office maintenance/utilities payment due.

Explain Significant Spending on Capital Projects Below:

The Capital Accounts are set up for a new copier for the office and Ipads with software to get the Inspectors computerized and eliminate paperwork. However, it will not be reflected in the Capital Accounts; but in leases and supplies accounts, which is shown in our increase in supplies and services.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

3.00

The largest component of the services category is for liability and property claims paid which are 92% of the 2013 budget at September 30, 2013 due to the settlement of some large claims. The City Legal Department evaluates claims and determines the proper amounts to be paid out. Revenue is derived from allocations to other City departments and these amounts are posted monthly to the accounts. The cost of operating the Safety & Risk department is 68% of the budget at September 30, 2013.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Total

This fund charges an allocation of 1% of payroll to most departments to cover the cost of unemployment claims paid. The cost of claims paid has been low for 2013 and less than the allocation amount. Effective April 1, 2013, the allocation amount was reduced to .75% of payroll to reduce the costs paid by departments. For the 2014 budget, the rate charged to departments will be reduced to .50% due to favorable claims history and increasing cash reserves. At September 30, 2013, claims paid on behalf of former Parks & Recreation department employees was \$31,307.25, or 70% of total claims paid. Due to continuing low claims paid, the rate to departments was reduced to .5% of payroll beginning in July, 2013. Cash reserves are increasing in this fund. The Unemployment Compensation Fund is classified as an Internal Service Fund for financial reporting.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Fire Pension fund receives State of Indiana pension relief payments in June and September to reimburse the City for actual pension costs paid and reported in the previous year. Per an INPERS letter dated June 3, 2013, the state pension relief payments will be \$2,517,646.17 each on July 1, 2013 and October 2, 2013. The projected cash balance in this fund is \$819,988.57 at December 31, 2013, a projected decrease of \$527,875.84 during the year. The pension relief payments do not cover retiree insurance premiums paid by the fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Revenue variance due to one time payment from AJ Wright of \$2 M received in April along with Blackthorn debt service paid off in 2013 and reserve amount returned to this fund. While one can find usefulness in reviewing revenue trends in TIF funds from one year to the next, because projects change wildly from one year to the next, it is less meaningful to examine year to date expenditures against the prior year to date. Major projects carried out in 2012 were: Ignition Park Infrastructure; Data Realty, final demolition of Underground Pipe & Valve; Mayflower Road Realignment & Improvements; the SB Animal Shelter reconstruction; Mayflower Trunk Sewer; continued acquisition in Ignition Park South and East; and the beginning expenditures of the Renaissance District. In 2013, the major projects thus far approved are: more acquisition in Ignition Park South and East; Bosch facility holding costs; and major expenditure on the Renaissance District project.

Explain Significant Spending on Capital Projects Below:

Capital projects thus far this year are: Renaissance District; and Ignition Park South & East acquisitions.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

TIF funds are used to fund projects which vary widely from year to year, so no real trend is expected from one year to the next. Major projects undertaken in 2012 were: Century Center Island Improvements; Coveleski Improvements; Sidewalk Improvements outside First Bank Bldg; Demo of Michiana Lock & Key; Restrooms @ Morris Civic; and the Veteran's Clinic. Projects thus far committed in 2013 are: Century Center West Entrance; Studebaker Plaza; and Wayne Street Garage Facade improvements. Revenue variances: sold more property in 2012; received funds from debt service reserve account in 2012.
