Narrative, December 2013

<u>Description of Monthly Departmental Financial Report</u>

Beginning with the March 2013 fiscal period, the City of South Bend has developed the attached Monthly Departmental Financial Report, its purpose to provide current year financial information for each City fund, and individual departments within the General Fund, in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 20th of the month following the reporting period. The staff of the Department of Administration & Finance then summarizes the information and publishes this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements—but does not replace—other financial reports that the City prepares such as the Monthly Financial Report, Controller's Cash Report, Gateway City and Town Annual Report (CTAR), and Comprehensive Annual Financial Report (CAFR).

Summary Trends & Observations

One of the purposes of this report is to focus the reader's attention on current year revenue and expenditure trends in individual funds and General Fund departments. Please refer to the attached pages for this information.

As of December 31, 2013, total revenue was \$272,732,804, 88% of estimated revenue. As of December 31, 2012 total revenue received was \$304,104,280 within the same funds. Property taxes received in December for both Civil City and the TIF districts totaled \$31,566,765, bringing the 2013 total tax receipts to \$69,980,288, 97% of budget. Individual elements of revenue are received at various times of the year (based on State and other distribution schedules) and it is the job of all City fiscal staff to monitor revenue for timely collection.

As of December 31, 2013, total expenditures were \$279,658,040 and outstanding encumbrances were \$33,467,974, a total of \$313,126,014 which represents 85% of the amended expenditure budget, less than the expected level of 100% after a full year of activity. If encumbrances were excluded, expenditures were 76% of the amended expenditure budget at the end of the period. Encumbrances represent placeholders for future expenditures anticipated through the rest of the fiscal year and beyond but have not yet been incurred. By comparison, total expenditures were \$282,863,699 as of December 31, 2012.

In December the City spent over \$1.1 million for capital projects, most notably \$479,000 for the second of two payments for two Rosenbauer top mount rescue pumper trucks.

We hope that you find this Monthly Departmental Financial Report useful in understanding the finances of the City of South Bend a little bit better. If you have any questions regarding this report, please contact us at 574-235-7702.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Personnel costs below budget as position of Communications Director was filled in April, 2013. Promotional expenditures in the first quarter included items encumbered at December 31, 2013. The allocation to the print shop was increased for 2013. Salaries in 2012 were higher than 2013 because 2012 salaries included compensatory time payouts to former Mayor's office employees. Chief of Staff Mike Schmuhl resigned in June, 2013 and Kathryn Roos became the new Chief of Staff. The Deputy Chief of Staff position has been filled. Supplies are higher due to the unplanned purchase of a new City sign at US 933 and the Toll Road. Year-end budget transfers between cost categories were approved by the Common Council on December 9, 2013.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The decrease in revenue compared to 2012 for the Grants/Intergovernmental account is that 2012 was the final year of the COPS Hiring Recovery Program funding. The decrease in Personnel Expenditures in 2013 compared to 2013 is due to the transfer of an additional ten officer's salary to the LOIT fund. This decrease is partially ofset by the 2.5% increase in salary for the department. There is a corresponding increase in the LOIT fund. Supplies of \$465,036 are down from the 2012 expenditure level due to an accounting change. Police gas cost of \$869,641 for 2013 is recorded in Fund 404.

Explain Significant Spending on Capital Projects Below:

The \$94,023 of capital includes the disk storage array (\$25,000), electrical work related to the UPS Power supply instalation (\$22,799), police vehicles (\$15,000) and \$28,396 for the purchase of a Police SUV for the Police Chief in January.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Dir of Code Enforcement and Director of Admin Services were supposed split salaries between Code and Animal Control, but that wasn't happening. Other income of \$2,300 was insurance proceeds from an auto accident. Transfers out are to Solid Waste for landfill fees. The encumbrance in Personnel is for D. Skwarcan's salary for the remainder of 2013; she's a contracted employee through PeopleLink.

Explain Significant Spending on Capital Projects Below:

Capital expenditure of \$71,482 is for two pickup trucks and a hybrid car. The 2013 Budget also included \$90,000 for a single-axle dump truck but that purchase has been indefinitely postponed in order to use funds from this account to cover shortfalls in other parts of the department. The actual remainder in the account is \$86,518 as of 31 October.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:
In July, spring taxes (\$1,310.22) were charged to the services account in error. Correction made in August. The Gift, Donation, and Bequest fund may be used by all City departments but the majority of the donations are for Animal Care and Control and Community Investment (i.e. bicycle signs). Donations received during June, 2013 were \$9,810 and included \$7,311 from Well Fargo Bank for code demolitions and property taxes on certain properties. This amount has been included on the 2013 mid-year appropriation ordinance approved by the Common Council on August 26,

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Grant revenue results from reimbursement of expenditures specified in the grant plus fees for accident reports, gun permits and false alarm and loud noise fines. Grant revenue is dependent on the timing of the expenditure and does not flow ratably over the course of the year. Grant Revenue for 2013 is down from 2012 as a result of timing on the reimbursement of grants and fewer grants available in 2013. Other Income for 2013 compared to 2012 is down to the timing of reciept of annual rent reimbursement for the ATF office in 2012. The increase in Supplies over 2012 is due to \$88,355 purchase of In Car Videos in 2013. This purchase will be reimbursed by a grant.

Explain Significant Spending on Capital Projects Below:

The \$123,119 of Capital is the result of \$100,000 which is a portion of the purchase of the armor vechicle and \$23,119 is the purchase of Dell VM/Ware Center Server.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Monies in Fund 249 are transferred quarterly to the General Fund to fund police and fire personnel. A quarterly reconciliaton is prepared and any unspent money is transferred back to Fund 249. For 2014, the City has been advised by the DLGF and SBOA that it should budget personnel costs directly from Fund 249. Fund 249 is budgeted to spend over \$1.0 million dollars more than it takes in as revenue during 2013 to support public safety personnel costs. The fourth quarter transfer was made during October, 2013. The third quarter accounting summary and reconciliation was prepared on October 15, 2013. The fourth quarter reconciliation was prepared January 13, 2014. Expenditures are reported as over budget due to the quarterly settlement process whereby additional monies may be transferred to equal expenditures paid for police and fire personnel in the General Fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The 2013 budget includes \$400,000 for paving that will be spent during the summer months. PO 210585 to Walsh & Kelly for the material was encumbered in May. First significant purchases for material in July for \$137K. Total for the year was \$397,338.

Revenue is provided by state-shared gasoline taxes, which are remitted monthly, ~ \$90K per month. Lower receipts in Aug and Sep follow the same pattern as in previous years.

The \$70,000 encumbrance (from 2012) is for RW Armstrong and a traffic signal upgrade study. Engineering has decided not to proceed with the project so the PO was cancelled in November.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund was established to receive the Police Department share of money acquired in drug enforcement activity. The increase in Grant Revenue of \$147,593 compared to \$66,890 in 2012 is the result of increased processing of assets seized during drug enforcement during 2013. The \$32,793 of Other Income is primarily due to \$23,018 of grant reimbursement for the purchase of the bomb suit acquired by the police department. Expenditures are to be used to fund drug enforcement and training.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Significant revenue increase in 2013, due to the City receiving approximately \$136,000 more per month in COIT distribution than in the prior year. The 2013 amended budget is negative because it includes \$680,993 in encumbrances at 12/31/12 for projects that were in process. Supplies category shows huge variance (approx. \$921,188) as a result of gasoline being budgeted in this fund for 2013. This was not in place in the prior year. For 2013, COIT distributions from the County are \$653,911.59 per month and are paid through December 30, 2013. The amount shown as Transfers Out of \$676,882 is for the curb and sidewalk program. The amount is transferred to the MVH fund 202.

Explain Significant Spending on Capital Projects Below:

At this same time in December, there was roughly \$1.5 million more spent in 2012. Projects include the Northside Trail and the Greenhouse Conservatory which have since been completed.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is used to collect a separate property tax levy (distributions received in June and December) and is used to pay debt service on the former College Football Hall of Fame building (payments due in February and July). Because of the timing of revenue and expenditures this fund will typically have a negative cash balance until the property tax distributions are received. PILOT taxes paid by the utilities are received monthly in this fund. Property taxes received in the amount of \$693,822.13 during June, 2013 eliminated the negative cash balance in this fund. The property tax collections of \$693,822.13 represented 51.73% of the levy amount and 62.03% of the 2013 budgeted revenue amount. The Hall of Fame bond was refunded during 2011 resulting in lower debt service payments. The final payment is due February 1, 2018. Both debt service payments have been made for 2013. The fund received \$574,356 in property taxes and \$27,967 in license excise tax revenue during December, 2013. The cash balance was \$716,336 at December 31, 2013. This is a high cash balance for the fund based on historical trends.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund receives revenue from a property tax levy and distributions are received from St. Joseph County in June and December. Expenditures are for debt service payments on capital leases and the due dates vary per lease. The fund is used to finance police vehicles and related equipment. The fund also receives PILOT payments from the Water Works and Wastewater utilities on a monthly basis. Property tax revenue in the amount of \$253,553 was received on June 18, 2013. This amount represents 51.73% of the tax levy and 47.84% of the 2013 revenue budget. For the 2014 budget, this fund will be used to pay existing police capital lease payments but will not include a capital lease for 2014. This payment will be moved to the COIT Fund No. 404. The fund will receive \$72,642 in property taxes and \$15,314 in auto excise taxes during December, 2013. This is lower than budgeted due to property tax and circuit breaker reductions.

Explain Significant Spending on Capital Projects Below:

The 2013 budget includes \$36,000 for three street crime (SOS) vehicles and various leased vehicles. The vehicles were purchased in December but were paid from the General Fund in order to minimize the impact in this fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Revenue is this fund includes \$150,000 in hotel/motel taxes and \$258,990 in cigarette taxes from other units of government. The hotel/motel tax distribution is usually received in July or August and the cigarette tax allocation is usually received in June and December. In 2013, this fund is used to pay 75% of the 2011 Century Center Refunding bonds (paid 100% in 2012). Payments on the Century Center bond are due in February and July. Because of timing of revenue and expenditures, this fund will often have a negative cash balance during the year. Cigarette tax revenue in the amount of \$129,108.07 was received on June 10, 2013, which is approximately 50% of the 2013 budgeted revenue amount. The hotel/motel tax amount of \$150,000 was received on July 24, 2013. Both debt service payments have been made for 2013. The fund received \$142,349 in cigarette tax revenue during December, 2013 which was slightly more than budgeted.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The significant change from this year to last year in expenditures is we have spent a large amount on getting the office to being paperless and having the inspectors get their inspections in I pads.

Explain Significant Spending on Capital Projects Below:

The Capital Accounts are set up for a new copier for the office and Ipads with software to get the Inspectors computerized and eliminate paperwork. However, it will not be reflected in the Capital Accounts; but in leases and supplies accounts, which is shown in our increase in supplies and services.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The largest component of the services category is for liability and property claims paid which are 100% of the 2013 budget at December 31, 2013 due to the settlement of some large claims. The City Legal Department evaluates claims and determines the proper amounts to be paid out. Revenue is derived from allocations to other City departments and these amounts are posted monthly to the accounts.

Explain Significant Spending on Capital Projects Below: 2013 budgeted capital is for computers and a new vehicle.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund charges an allocation of 1% of payroll to most departments to cover the cost of unemployment claims paid. The cost of claims paid has been low for 2013 and less than the allocation amount. Effective April 1, 2013, the allocation amount was reduced to .75% of payroll to reduce the costs paid by departments. For the 2014 budget, the rate charged to departments will be reduced to .50% due to favorable claims history and increasing cash reserves. At December 31, 2013, claims paid on behalf of former Parks & Recreation department employees were \$31,307, or 11% of total claims paid. Due to continuing low claims paid, the rate to departments was reduced to .5% of payroll beginning in July, 2013. Cash reserves are increasing in this fund. The Unemployment Compensation Fund is classified as an Internal Service Fund for financial reporting.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Revenue variance due to one time payment from AJ Wright of \$2 M received in April along with Blackthorn debt service paid off in 2013 and reserve amount returned to this fund. While one can find usefulness in reviewing revenue trends in TIF funds from one year to the next, because projects change wildly from one year to the next, it is less meaningful to examine year to date expenditures against the prior year to date. Major projects carried out in 2012 were: Ignition Park Infrastructure; Data Realty; final demolition of Underground Pipe & Valve; Mayflower Road Realignment & Improvements; the SB Animal Shelter reconstruction; Mayflower Trunk Sewer; continued acquisition in Ignition Park South and East; and the beginning expenditures of the Renaissance District. In 2013, the major projects thus far approved are: more acquisition in Ignition Park South and East; Bosch facility holding costs; and major expenditure on the Renaissance District project.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Douglas Road TIF was established to develop the road and area near Brown Mackie College near the South Bend-Mishawaka border. The fund borrowed money from the City of Mishawaka (\$1,086,550) and Major Moves Fund 412 (\$1,000,000) to finance initial construction. The fund uses TIF tax revenue to repay the loans. At December 31, 2013, the amounts due Mishawaka and Major moves were \$343,532 and \$923,829, respectively.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The early spring weather in 2012 was phenomenal, but in 2013 spring has been very cold, thus affecting revenue sharply. Trimmed expenses to offset late start as appropriate. Paid off bond in early 2013, so debt service expense in 2013 will be much under 2012. Course operations under outside contract with Kitson & Partners so all expenses except capital are shown under Services to show consistently with Parking Garages and Redevelopment Retail.
