### Narrative, March 2014

#### Description of Monthly Departmental Financial Report

Beginning with the March 2013 fiscal period, the City of South Bend has developed the attached Monthly Departmental Financial Report, its purpose to provide current year financial information for each City fund, and individual departments within the General Fund, in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 20<sup>th</sup> of the month following the reporting period. The staff of the Department of Administration & Finance then summarizes the information and publishes this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements—but does not replace—other financial reports that the City prepares such as the Monthly Financial Report, Controller's Cash Report, the Department of Local Government Finance's Annual Financial Report (AFR), or the Comprehensive Annual Financial Report (CAFR).

#### **Summary Trends & Observations**

One of the purposes of this report is to focus the reader's attention on current year revenue and expenditure trends in individual funds and General Fund departments. Please refer to the attached pages for this information.

As of March 31, 2014, total revenue was \$42,854,673, 15% of estimated revenue. As of March 31, 2013 total revenue received was \$42,433,323 within the same funds. Excluding inter-fund transfers, YTD revenue is \$1.6 million less than at March 31, 2013, lead by shortfalls in other tax remittances such as wheel and cigarette taxes as well as the discontinuance of LOIT fund transfers to the General Fund.

As of March 31, 2014, total expenditures were \$68,467,272 and outstanding encumbrances were \$29,270,357, a total of \$97,737,629 which represents 26% of the amended expenditure budget. Most encumbrances are either holdovers from previous years or obligations for the remainder of the year. If encumbrances were excluded, expenditures were 18% of the amended expenditure budget at the end of the period, which is lower than expectations after three months. Total expenditures were \$64,937,416 as of March 31, 2013, the main difference again being in Fund 641 - Sewage Works Operations, one of the Enterprise funds, as it continues to transfer cash to the Sewage Sinking fund for debt service.

We hope that you find this Monthly Departmental Financial Report useful in understanding the finances of the City of South Bend a little bit better. If you have any questions regarding this report, please contact us at 574-235-7702.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

5.00

Personnel costs appear higher than 2013 because there were 3 bi-weekly payroll checks issued in January. This phenomenon usually occurs twice per year; the seond month will be August. Prior to the end of January, the Chief Deputy City Clerk resigned. The position was filled by the Ordinance Officer whose position is currently vacant.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund includes the expenditures for 213 of the 260 budgeted Police officers and 95 civilian staff. Fund 249 contains the funding for 47 of the 260 Police officers that are funded by the LOIT. The 2014 Personnel Expenditure exceeds the prior year amount due to the 2.5 % increase in Police salaries partially offset by resignations and retirements in 2014 compared to 2013. Personnel costs are not expected to exceed the 2014 annual budget. The Supplies, 60% of budget used, is the result of a number of 2013 purchases encumbered in the 2014 budget as the Supplies were not received/paid for in 2013. Supplies expenditures for the full year 2014 are expected to be within budget.

### **Explain Significant Spending on Capital Projects Below:**

**Fund/Department Name** 

Net

Capital expenditures budget for 2014 is the result of a 2013 encumberance to upgrade the vidoe software for the interview room plus a budget transfer to provide for the conversion of police vehicles to compressed naterual gas. A portion of the video software was paid in February.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

35.00

35.00

This fund captures the cost of 35 of the 38 civilians and equipment to maintain the 911 communication center. The cost of three supervisors has been transferred to Fund 244 as their cost is recovered through the Emergency Telephone System funding. 2014 Personnel costs approximate the 2013 due to the 2% salary increase which is partially offset by the 2014 transfer of three supervisiors to Fund 244.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The South Bend Fire Department is budgeted to have 251 sworn firefighters and 6 civilians. 38 firefireters are paid directly through the Public Safety LOIT leaving this account the balance of 219 firefighters. We had one planned retirement in March. We hold a lengthy recruitment process every 2 years and hire individual in groups of 6-10 as needed while that list is in effect. We also employ civilian administrative staff that handle payroll, purchasing and billing for our ambulance service.

Transfers In

The Fire Department uses EMS Capital Fund 288 to capture revenue gererated by ambulance calls. All capital projects relating to the Fire Department operations are run through that fund. For that reason, you will not see expenses related to purchasing fire apparatus, or capital improvents to buildings in the General Fund.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Fund 201 accounts for the annual operation of the Parks and Recreation Department. There are six divisions within the department, Administration, Maintenance, Golf, Recreation, Greenhouse, and Graffiti. For 2014, the Potawatomi Zoo will be operated by the Potawatomi Zoological Society. The Zoo revenues have been removed from the budget. However, because of the timing of the change, the original expenses are still included in the above budget in order to cover obligations resulting from the memorandum of understanding between the City and PZS. January had three pay dates, which resulted in the higher personnel costs. Expenses related to the Zoo transition also contributed to the higher than normal expenses in personnel and services categories and lower cash balance. During February recreation program registrations and the early selling of golf passes helped increase revenues over January. March weather prevented the golf courses from opening as scheduled.

### **Explain Significant Spending on Capital Projects Below:**

**Fund/Department Name** 

Because of decreasing property tax revenues, the only capital expense for 2014 consists of the purchase of three pickup trucks and two commercial riding mowers.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

Information included for Streets, Traffic & Lighting, and Curb & Sidewalk: Increase in personnel costs - in 2013 the Traffic & Lighting budget was moved from the General Fund (101-0607) to MVH; additional salary and benefit allocations from Engineering Department. Significant overtime, snow control supplies, vehicle fuel and maintenance expense and unplanned contractor costs for snow removal during January and February due to extreme weather have pushed our budgets way over where they should be at this time of year. Transfers will be done to cover the additional expenses and overdrafts, but the bottom line is that the only account large enough to handle the hits is the paving budget. This year's planned paving projects will more than likely have to be scaled way back. We have already spent 75% of our overtime budget and 98% of our vehicle maintenance budget through the end of March. Overtime has been scaled back to emergencies and Special Events only.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

The largest portion of the \$887,653 encumbrance for Services is to Pelley Excavating for demolitions totaling \$584,328. The Calvert St. well installation has gone over budget due to some unforeseen site work.

**Explain Significant Spending on Capital Projects Below:** 

\$15,000 has been encumbered for the Western Ave Corridor Smart Streets initiative to pay for the City Voice application, used to collect citizens' suggestions.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

3.00

This fund was set up per requirement by the State Board Of Accounts (SBOA) to cover the cost of 911 Police Communication personnel costs covered by a State Grant. Personnel expenditures exceed budget due to the fact that the annual budget is divided equally into twelve monthly periods, while seven of the 26 payrolls representing 26.9% of the annual payroll have been paid by March 31, 2014. In addition, the supervisiors have experienced high level of overtime due to lower than budget staffing levels (the savings in staff labor costs are reflected in the Communications budget in Fund 101-802.)

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

Prior to 2014, monies in Fund 249 were transferred quarterly to the General Fund to fund police and fire personnel. A quarterly reconciliaton was prepared and any unspent money was transferred back to Fund 249. For 2014, the City has been advised by the DLGF and SBOA that it should budget personnel costs directly from Fund 249. In 2014 the Fund includes the salary and benefit costs for 47 police officers and 38 firefighters. The Police personnel costs year to date through March are 24% of budget. The seven payrolls paid through March represent 26.9% of the annual budget. However, the Fire personnel costs seem to be understated. Any problem will be resolved in March.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

The Morris Performing Arts Center and Palais Royale Marketing Fund was established as a separate non-reverting fund to receive monies from solicitation of funds for commercial promotion sponsorships such as commercial ads on ticket envelopes and Morris Marque sponsorships; and to accept donations to The Morris Performing Arts Center and Palais Royale. All sums so collected and deposited in this fund are to be used for the sole purpose of assisting with continued promotions of and within both the Morris Performing Arts Center and Palais Royale. The funds in this account at the end of the fiscal year shall not revert to the general fund.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Charges for Service for HAZ-MAT responses. By ordinance the South Bend Fire Department charges business for Hazardous Materials Response. This typically happens once or twice a year. There are no employees associated with this fund, responses are made by firefighters of the South Bend Fire Department.

### **Explain Significant Spending on Capital Projects Below:**

No major capital expenditures are planned through this fund. Major purchases are funded through the Fire Department and EMS Capital and the minimal fees collected in this fund are used to replace equipment and gear used in responses.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

This fund was established to receive the Police Department share of money acquired in drug enforcement activity. Expenditures are to be used to fund drug enforcement and training. Other Revenue in 2013 reflects Federal Grant reimbursement for the purchase of a bomb suit.

**Explain Significant Spending on Capital Projects Below:** 

The \$62,706 expenditure in 2013, was a portion of the purchase of a Swat vehicle.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Significant revenue increase in 2014, due to the City receiving approximately \$67,000 more per month in COIT distribution than in the prior year. The 2014 amended budget is negative because it includes \$220,263 in encumbrances at 12/31/13 for projects that were in process. For 2014, COIT distributions from the County are \$720,484.22 per month and are paid through December 31, 2014. The amount shown as Transfers Out of \$1,100,000 is for the curb and sidewalk program. This is a significant increase (63%) from last year as the program has been well received by the citizens of South Bend. The amount is transferred to the MVH fund 202.

#### **Explain Significant Spending on Capital Projects Below:**

This year, \$297,500 has been budgeted for IT upgrades such as mobile 311 application and fiber enhancements to the County City building, Central Services and the Water Works Olive St. Station. The remaining balance of \$89,015 is a prior encumbrance generated the Department of Community Investment for the Dollar Home Program.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

2014 Budget includes 10 people (9 FT, 1 PT) from Code Enforcement as a result of the 2014 Budget as advertised and a consequential limitation in Fund 600. Transfers Out include \$1.69 million to DCI, \$1.87 million to MVH, and \$2.3 million to the Building Dept fund for Code Enforcement operations.

**Explain Significant Spending on Capital Projects Below:** 

**Fund/Department Name** 

There are no Capital expenditures budgeted for 2014. \$150,000 expenditure will be addressed in April.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

This fund is used to collect a separate property tax levy (distributions received in June and December) and is used to pay debt service on the former College Football Hall of Fame building (payments due in February and July). Because of the timing of revenue and expenditures this fund will typically have a negative cash balance until the property tax distributions are received. PILOT taxes paid by the utilities are received monthly in this fund. Property taxes received in the amount of \$693,822.13 during June, 2013 eliminated the negative cash balance in this fund. The property tax collections of \$693,822.13 represented 51.73% of the levy amount and 62.03% of the 2013 budgeted revenue amount. The Hall of Fame bond was refunded during 2011 resulting in lower debt service payments. The final payment is due February 1, 2018. The February debt service payment has been made for 2014. The fund received \$574,356 in property taxes and \$27,967 in license excise tax revenue during December, 2013. The cash balance was \$716,336 at December 31, 2013. This is a high cash balance for the fund based on historical trends.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The revenues in this account are generated through user fees for the South Bend Fire Department EMS division. These funds are used for capital purchases such as fire trucks, ambulances and major construction projects. There are no employees associated with this fund. Incurring project expenses for construction of Fire Training Facility and Fire Station 5 which will be reimbursed through bond. Operated costs are incurred through the General Fund (101-0901) and so a transfer of \$1,000,000 is processed to cover those expenditures.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Effective January 1, 2013, this fund no longer collects hotel/motel tax allocations from St. Joseph County for payment to the Hall of Fame. This fund is currenty used for debt, and a \$100,000 capital transfer to Century Center. PSDA tax revenue is generally received from the State on a monthly basis. PSDA tax is a special tax received from the State of Indiana based on the sales tax, income tax and local income taxes collected in the PSDA area (which includes Coveleski Stadium, Century Center, Morris Performing Arts Center and Studebaker National Museum). Coveleski Stadium generates the majority of PSDA revenue. The January debt service payments have been made for 2014. The final debt service payment on the 2010 Coveleski Stadium bonds was paid January 15, 2013. The outsanding principal balance on the bonds is \$3,220,000 at January 31, 2014.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

This is a nonreverting capital fund that accounts for revenues collected and expenses for specific purposes or locations. These locations are Potawatomi and Rum Village Picnic Areas, the East Race, Golf Courses, Forestry, Howard Park Ice Rink, and, until 2014, Potawatomi Zoo. The cash balance includes \$60,300 that is restricted to expenditures in Voorde Park.

**Explain Significant Spending on Capital Projects Below:** 

This fund is for expending nonreverting revenue collected from the Zoo, golf courses, East Race Waterway, picnic sites and forestry revenue.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund receives revenue from a property tax levy and distributions are received from St. Joseph County in June and December. Expenditures are for debt service payments on capital leases and the due dates vary per lease. The fund is used to finance police vehicles and related equipment. The fund also receives PILOT payments from the Water Works and Wastewater utilities on a monthly basis. For the 2014 budget, this fund will be used to pay existing police capital lease payments but will not include a capital lease for 2014. This payment will be moved to the COIT Fund No. 404

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006. The money was derived from the State lease of the I-80 tollroad to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. The amounts outstanding were \$923,829 (Fund 435 - Douglas Road) and \$4,989,008 (Fund 436 - Eddy Street/Triangle) at 31 December, 2013.

#### **Explain Significant Spending on Capital Projects Below:**

The 2014 Budget includes \$5.6 million for the Smart Streets initiative, as well as a prior-year encumbrance of \$173,020 for utility relocation on the US 31 project south of town. \$762,440 has been encumbered to begin design on the Olive-Sample St. overpass.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund now comprises the Consolidated Building Department, most of Code Enforcement and Animal Control. Code and Animal Control are managed together but are run separately from the Building Department per Council's wishes. There are 9 additional positions for Code Enforcement that are paid from the EDIT fund (408) as it was not possible to increase the expenditures of this fund to accommodate them as a result of an advertising limitation. The \$2.3 million transfer is from the General Fund to cover Code and Animal Control activities which, unlike the Consolidated Building Department, are not enterprises by nature.

<b>Explain Significant Spendin</b>	g on Capital Pro	jects Below:
------------------------------------	------------------	--------------

Capital includes 5 vehicles for Code Enforcement and 1 for the Building Department.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The purpose of this fund is to pay for capital items, such as trash trucks, used in the day to day operations of Solid Waste. Other than a small amount of interest income, the sole source of revenue comes from dollars transferred in from the Solid Waste Operations Fund #610. These transfers are done on an as needed basis, rather than a fixed monthly amount.

### **Explain Significant Spending on Capital Projects Below:**

Year to date capital spending has been for retrofitting trash trucks with on-board RFID tag reader computer systems.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The purpose of this fund is to account for all revenue and operational expense of the water utility. This fund provides the monies for debt service obligations, reserve requirements and revenue funded capital improvements through transfer of monies to other funds within the utility operations. First quarter service revenues are 1% above the same time period in 2013. The rise in other income revenue is due to the sale of scrap metal and reimbursements received from damaged fire hydrants. A substantial meter order was encumbered in late March to replenish the supply stock. Increase in outside services was necessary to assist with weather related problems such frozen service lines and other water system repairs. Current encumbrances include numerous blanket/value orders issued in period 1. Surplus operating cash was not transferred out to the Depreciation Fund in 2013 and is contributing to the significant difference in the ending cash balance. A transfer will be initiated later in the year.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

The purpose of this fund is to segragate the use of bond proceeds that are applied to the acquisition, construction and installation of certain additions, extension and improvements. Revenue bonds were issued in June 2012 with an aggregate principal of \$8,300,000. Interest earnings year to date is minimal due to a lesser amount of cash on hand. Committed encumbrance amounts are for the Pinhook WTP Efficiency Improvement Project.

**Explain Significant Spending on Capital Projects Below:** 

YTD Spending:	Water Meters	\$17 780	Pinhook WT Efficiency Improv Project \$199.72	26

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund is used to purchase capital equipment and fund major renovations/restorations for the Wastewater and Sewer Departments. The primary source of income is from Sewage Works Operating Fund #641, which transfers funds here as needed. Projects budgeted this year include Sewer Relining and Manhole Rehab. work throughout the City, replacing the Eastgate area Lift Station, and rebuilding/replacing the dewatering presses at the Wastewater Plant.

### **Explain Significant Spending on Capital Projects Below:**

Year to Date totals include WWTP Primary Clarifier rehab \$1,072,151; Sewer Dept. tandem axle dump trucks \$323,802; Manhole Rehab. work \$69,792, Sewer lining work \$235,834.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The Central Services Division consists of six cost centers that provide a variety of services to other city departments, along with several local county, state and federal agencies. On the Revenue side we received another check for \$12,521 from Energizing Indiana. On the expense side, our dept services is at 80% because we encumbered the rental costs for the year. On the Services, monies were also encumbered for the utilities. On the supplies, this goes up and down, depending on vehicle repairs. In March we had 1,330 repairs. Year to Date repairs are 4,550.

### **Explain Significant Spending on Capital Projects Below:**

We amended our budget to add the following Capital Projects: Upgrade the Sample St Garage to meet the requirements for Compressed Natural Gas vehicle repairs. Purchase of two in-ground hoists for the Sample St Garage. The purchase of a vehicle diagnostic scanner tool. Radio tower inspection repairs throughout the City.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

The Police Pension fund receives pension relief distributions from the State of Indiana to reimburse the City for pension costs paid and reported in the previous fiscal year. Per an INPERS letter dated June 3, 2013, the state pension relief payments will be \$2,931,848.71 each on July 1, 2013 and October 2, 2013.

**Explain Significant Spending on Capital Projects Below:** 

No capital expenditures are paid from this fund.

### Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

2013 Revenue from one time payment from AJ Wright of \$2 M received in April along with Blackthorn debt service paid off in 2013 and reserve amount returned to this fund. While one can find usefulness in reviewing revenue trends in TIF funds from one year to the next, because projects change wildly from one year to the next, it is less meaningful to examine year to date expenditures against the prior year to date. Major projects carried out in 2013 were: Ignition Park Infrastructure; Data Realty; the SB Animal Shelter reconstruction; continued acquisition in Ignition Park South and East; purchase of Scientific Equipment in Ignition Park; acquisition in the LaSalle Square Area; the Renaissance District Phase I and the beginnings of Phase II; the beginnings of expenditures on the Studebaker/Oliver Project; and Bosch holding costs. In 2014, the major projects thus far approved are: Continuation of projects approved for 2013; and the addition of the Kolata contract.

### **Explain Significant Spending on Capital Projects Below:**

Capital projects thus far this year are: Renaissance District Phase II; major expenditures in the Certified Tech Park; the Studebaker/Oliver project; and continued Ignition Park South & East acquisitions.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

TIF funds are used to fund projects which vary widely from year to year, so no real trend is expected from one year to the next.

### **Explain Significant Spending on Capital Projects Below:**

Capital projectes committed to in 2014 include: Finishing Century Center West Entrance; Studebaker Plaza; Hill & Colfax Mixed Use Development; and Lasalle Hotel. Capital projects taken on in 2013 were:Century Center West Entrance; Studebaker Plaza; and Wayne Street Garage Facade improvements.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

TIF projects vary widely from year to year and expenditures will not necessarily have any trend from one year to the next. Major projects in 2013 were the continuation of: Memorial Campus Street Improvements; 400 Block N. Michigan Parking Lot; and Skyway Bridge/Building Improvements. Projects committed thus far in 2014: Completion of projects worked on in 2013 and 2-Way Streets.

**Explain Significant Spending on Capital Projects Below:** 

Projects committed thus far in 2014: Completion of projects worked on in 2013 and 2-Way Streets.
