RESIDENTS INVITED TO PARTICIPATE IN NEIGHBORHOOD QUALITY OF LIFE SURVEY

The Department of Community Investment invites residents to participate in the Neighborhood Quality of Life Survey intended to measure the opinions of residents living throughout South Bend.

Topics covered include quality of life, physical infrastructure, crime and safety, and neighborhood involvement. Information obtained will help the City and its partners to make investment and programmatic decisions going forward.

“This is an effort to expand our outreach,” says Scott Ford, Executive Director of Community Investment. “We want to reach the broadest audience possible and gather direct feedback on the conditions of the neighborhoods across our city. Residents’ feedback will help inform priorities and action steps that we can take to support vibrant, stable, and inclusive neighborhoods for all.”

The survey contains 22 questions, and takes roughly 10 minutes to complete. A hardcopy of the survey has also been mailed to a sample of South Bend residents in areas with limited access to the internet.

To take the survey, visit southbendin.gov/NeighborhoodSurvey. Responses will be collected until Friday, November 20.
