Re: Remediation Work Plan Review
Oliver Plow Works
VRP #6001202
Studebaker Area A
VRP #6020803
South Bend, Indiana

Dear Ms. Greene:

This letter is to confirm our mutual understanding of how we will expect the Studebaker area sites to be handled. We will have four (4) Voluntary Remediation Agreements (VRAs): Area A Soils, Area B Soils, Area C Soils, and overall (Areas A, B, and C) groundwater. Upon receipt of the application for Studebaker Area B soils, and Area A, B, C groundwater, we will draft the VRAs.

All four VRAs will be subject to the 1996 VRP Resource Guide rather than the newer RISC guidance. To simplify accounting, all four projects will be tracked and billed under one project number, although each will be assigned a unique number, reflected in its VRA.

If you have any questions, please contact me at (317) 233-4623, (800) 451-6027, or at rwilliam@dem.state.in.us.

Sincerely,

Ruth Williams, Project Manager
Voluntary Remediation Program
Office of Land Quality
