Dear Mr. White:

Re: Allied Signal Inc., South Bend, IN -
VRP# 6980601

The Indiana Department of Environmental Management (IDEM) has reviewed your application for the Voluntary Remediation Program and determined that your proposed cleanup is eligible for participation in this program. Your site identification number is 6980601. Please reference this number in all future correspondence.

We will be submitting the Voluntary Remediation Agreement for this site to you as soon as the project cost estimate is secured. This agreement will include an oversight cost estimate. If an investigation plan and /or investigation report has been completed for the site according to IDEM's outlines, it may be submitted at this time. Please note that each application will be treated by the Department as confidential until the Voluntary Remediation Agreement has been executed.

Should you decide to withdraw from the program, please notify IDEM of your decision. We will then return the unused balance of your application fee. If you have any questions, please contact Ed Joniskan at 317/308-3126. Thank you for your participation in the Voluntary Remediation Program.

Sincerely,

Peggy Dorsey, Section Chief
Voluntary Remediation Section
Office of Environmental Response
