

Smart Streets Upcoming Schedule June 10th- June 24th

- **FULL CLOSURE AT 2 INTERSECTIONS:** Construction of the Bartlett St. and Marion St. roundabouts began on Tuesday, May 17, 2016 causing a closure on Michigan St. at the two roundabout intersections until September 7, 2016. During this closure period, only local traffic will be allowed to travel North on Michigan St. from LaSalle Ave. Access to McDonald's will be maintained during this time. Traffic going South on 933 will also be asked to detour unless the hospital or adjacent neighborhoods are a destination. All other traffic will be diverted using several detour routes.
- Bartlett St. will be closed between Michigan St. and Main St. until September 7, 2016.
- Bartlett St. will be closed at Michigan St. and N. St. Joseph St. until September 7, 2016. The sidewalks on both sides of Bartlett St. will be closed between Michigan St. and N. St. Joseph St. during this time.
- Main St. will continue to have partial travel lane closures between LaSalle Ave. and Jefferson Blvd.
- St. Joseph St. will continue to have partial travel lane closures between LaSalle Ave. and Jefferson Blvd.
- Washington St. will be closed for one week between Michigan St. and St. Joseph St. starting Monday, June 13, 2016.

Smart Streets Upcoming Schedule June 10th- June 24th

- Michigan St. will be closed between Barbie St. and Sherwood St. starting Monday, June 6, 2016 through August 5, 2016.
- Main St. will convert to 2-way traffic between Sherwood St. & Chippewa Ave. starting Monday, June 6, 2016. Two travel lanes will remain open in this area traveling south and one travel lane will remain open traveling north to allow for a detour to Sherwood St. around the Michigan St.
- Bronson St. and South Street remains closed between Main St. and Lafayette Blvd. for the next 4-6 weeks while work is completed on Main.
- Main St. will continue to experience a partial travel lane closure to the two most western lanes between South St. and Bronson St.
