Redevelopment Commission Agenda Item

DATE: May 21, 2017
FROM: Patrick C. Kerr, Ph.D., P.E., Director of Redevelopment Engineering
SUBJECT: Budget for Portage Prairie Area Sewer Study

PURPOSE OF REQUEST:

In working with Redevelopment staff, Public Works has identified a need to address the service of utilities to the Portage Prairie area. It is anticipated that in order to serve future developments in the Portage Prairie area, the existing system capacity may be insufficient and that improvements to the system may be required.

The budget funds will be utilized for professional engineering services to study the Portage Prairie service area. Staff requests approval of \$12,500 from the RWDA for the project.

INTERNAL USE ONLY: Project Code: TBD
Total Amount new/change (inc/dec) in budget: _____; broken down by:
Acct # 324-1050-460-31.02 Amt: \$12,500; Acct # _____ Amt: _____;
