#### Department Purpose:

Leading the community to become a model city through formulating policy, directing operations, and responding to customer concerns. The Mayor is the elected chief executive officer of the city.

#### Explanation of Revenue Sources:

This department is funded by property tax revenue collected in the General Fund.

#### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, a new mayor will be sworn in. The budget for education & training and promotions is significantly higher in order to provide resources for the new administration to implement its priorities. From 2019 to 2020, the salary cap for Chief of Staff to the Mayor will increase by 24.9%, from \$78,858 to \$98,500. City-wide, all salary caps will increase by 2% from 2019 to 2020. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates.

### Department Purpose:

The Department of Administration & Finance provides financial management and administrative services to City operations including finance and accounting services and risk management. This budget accounts for the expenditures of the Controller's Office.

## Explanation of Revenue Sources:

This department is funded by property tax revenue collected in the General Fund.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, Human Resources (6 positions) and the Office of Diversity & Inclusion (2 positions) will be separated into their own divisions budgeted in the General Fund (#101). Personnel, supplies, and services associated with those divisions will be budgeted in those divisions going forward. Three (3) positions will be transferred from the Central Services division (budgeted in Fund #222) into this budget: Director of Purchasing, Senior Purchasing Agent, and Inventory Control Technician. The salary cap for the Payroll Supervisor position will be increased by 10% to reflect increased responsibilities. City-wide, all salary caps will increase by 2% from 2019 to 2020.

It oversees the interviewing and hiring of City employees, manages employee benefits and training,

and ensures the City adheres to employees, manages employee benefits and training, workplace culture, such as expanding the utilization of volunteer time-off and increasing training opportunities for employees.

## Explanation of Revenue Sources:

This department is funded by property tax revenue collected in the General Fund.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, Human Resources will be separated into its own division budget. Personnel (6 positions), supplies, and services associated with Human Resources will be transferred out of the Department of Administration & Finance's budget and budgeted in this division going forward. The salary cap for the Senior HR Generalist (Public Safety Focus) will be increased by 6% to reflect increased responsibilities. City-wide, all salary caps will increase by 2% from 2019 to 2020.

#### **Division Purpose:**

The Office of Diversity, Equity, Inclusion provides educational opportunities for internal and external stakeholders, direction for equitable policy, process and procedure development for City services, funding disbursement, and underrepresented population entrepreneurship that empowers every employee and resident to thrive.

#### Explanation of Revenue Sources:

Workshop and training fees (\$3,000 full day training workshops), non-compliance fees (variable scale), white papers (\$50-\$175)

Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, the Office of Diversity & Inclusion will add one position: Contract Compliance Administrator. This position will be responsible for making sure city vendors and contractors are in compliance with City of South Bend inclusive procurement policy, State and Federal laws. The position will also be responsible for tracking all race and gender neutral initiatives, and other approved programs that help create a more equitable and inclusive procurement outcomes for the City of South Bend. In 2020, the salary cap for the Manager of Inclusion Projects will increase by 14%. City-wide, all salary caps will increase by 2% from 2019 to 2020.

The travel budget is for staff to attend various conferences. Possible conferences include: American Contract Compliance Association (ACCA), Just Economy, Government Alliance on Race and Equity (GARE), Mid-States Minority Supplier Development Council (MSDC), Living Cities.

Other services & charges covers memberships to the following organizations: ACCA, GARE, Women's Business Enterprise National Council (WBENC), MidStates MSCS

#### **Division Purpose:**

The purpose of the South Bend Human Rights Commission is to study and act upon problems which involve relationships between members of different ethnic groups, sexes, sexual orientation or gender identity, nationalities, the disabled, and families with children. The South Bend Human Rights Commission's duties lie in enforcing employment, fair housing, public accommodations, and education. Their goal is to ensure equal employment opportunity for all individuals, and to provide legal recourse in the areas of discrimination. The Human Rights Commission provides keys to unlock the doors of discrimination.

#### Explanation of Revenue Sources:

This division is funded by property tax revenue collected in the General Fund and ocassionally receives grants. HUD and EEOC grants are received in the Human Rights Federal Grant Fund (#258).

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2018, the South Bend Human Rights Commission expanded from City of South Bend to St. Joseph County. The South Bend Human Rights Commission is one of only two in the state of Indiana eligible to investigate ICRC and EEOC cases. In 2018, the South Bend Human Rights Commission handled 5,043 inquiries within city limits. The continued partnership with St. Joseph County, to investigate discrimination complaints, has resulted in an increase in caseload. In 2019, a part-time Administrative Assistant was added to help with intake due to the increased caseload. The increase in health insurance from 2019 to 2020 is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020.

## Department Purpose:

The Legal Department provides quality legal representation to the City of South Bend's Mayor, departments, commissions and agencies with a dedicated and professionally-skilled staff, efficiently and cost effectively, in furtherance of the City's strategic goals, and preserving the legal and ethical integrity of the City.

#### Explanation of Revenue Sources:

This department is funded by property tax revenue collected in the General Fund. This department also collects a reimbursement for legal services to other city departments. The Interfund Allocation Reimbursement is a transfer from the Liability Insurance Fund (#226) to reimburse the Legal Dept for 50% of personnel costs for Assistant City Attorney.

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, an additional Assistant City Attorney will be added to assist with:

· Board of Public Safety: Address trainings, policies, and procedures

Office of Diversity and Inclusion: Support Diversity Initiatives, including implementation of Disparity Study results

• Area Plan Commission: Review and support of policies and procedures affecting zoning and land in South Bend

City-wide, all salary caps will increase by 2% from 2019 to 2020. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. The increase in subscriptions is due to an annual increase incorporated into some of the standing contracts, for which low market rates were negotiated and are considered very cost-effective. There are no other major changes in the department's budget.

## Division Purpose:

Engineering manages the development and expansion of the City's infrastructure. It oversees Public Works projects from setting the standards to issuing the permits, administering the contracts, and inspecting construction. Engineering is a division of the Department of Public Works.

#### Explanation of Revenue Sources:

This division is funded by property tax revenue collected in the General Fund, permits issued, and charges for engineering services. Engineering has an Engineering Service Agreement (ESA) agreement with the Department of Community Investment (DCI). Prior to 2019, some Engineering staff were paid directly out of other departments' budgets. In 2019, all Engineering staff were consolidated into one budget. The cost of those engineers (wages & benefits) is allocated back to the departments they serve. This is recognized as interfund allocation reimbursement revenue.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

The 2020 expenditures for Engineering have decreased by \$57,161 compared to the 2019 amended budget, but increased by \$154,327 as compared to the 2019 original budget. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020. Additionally, Interfund Allocations have increased by \$54,709 and Supplies decreased.

The Office of Sustainability designs and implements projects and programs that bring environmental, social, and economic value to city government and the public. The Office of Sustainability is a division of the Department of Public Works.

Goals:

Create a culture of sustainability as "business as usual" across all municipal operations

Incorporate sustainability into awareness, culture, and common practice of South Bend businesses and residents

Prepare for impacts of climate change in the community

Reduce the community's greenhouse gas emissions

### Explanation of Revenue Sources:

This division is funded by property tax revenue collected in the General Fund. The Office of Sustainability also receives revenue from grants and energy rebates.

#### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020.

A significant increase in professional services is for the implementation of the climate action plan and to increase the ability to pursue grants and partnerships.

Rate case participation, previously funded by utilities enterprise accounts, will now be housed in Sustainability's budget.

The Office of Sustainability will continue to fund the installation of electric vehicle chargers, two in 2020 and one each year after that.

Note: Prior to 2019, this division was accounted for in the Central Services Fund (#222).

### **Division Purpose:**

In 2018, the City of South Bend won a \$150,000 grant to fund South Bend Home Corps, a new residential efficiency, health, and safety program staffed by 10 full-time AmeriCorps members. This is a division of the Department of Public Works and works directly with the Office of Sustainability.

Goals:

- Empower homeowners to understand bills and manage energy and water use.

- Assess homes for energy or water savings and safety or health hazards.

- Install basic efficiency and weatherization measures.

- Facilitate homeowner in accessing other City or community programs for significant repair or health/safety issues.

- Hold public workshops and education events.

### Explanation of Revenue Sources:

This division is funded by property tax revenue collected in the General Fund, the AmeriCorps grant, and transfers in from City departments that benefit from the AmeriCorps program.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

The AmeriCorps grant amount requested will increase annually due to increases in allowable costs. In addition, this program is expected to slowly grow to house more AmeriCorps members and serve additional households - increasing the per-member and per-household costs but not impacting overhead or staffing costs. Grant reimbursements are expected to grow at the same rate as expenditures. AmeriCorps members are not employees of the City. Program start-up costs will continue into the first part of 2020 but from 2021 and on, office supply and small tool expenditures will level out. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020.

In 2020, seven (7) existing positions will be transferred from the Police Dept to this new division along with the lab's budget for operating supplies. Separating the Crime Lab's budget from the rest of the Police Department will allow the Department to better track expenditures directly related to the Crime Lab.

Lab Information Management System (LIMS)

In order to manage the workflow and be able to bill other agencies, the City needs to purchase a Lab Information Management System (LIMS) software solution. LIMS tracks the chain of custody of evidence, test results, and other lab information. The 2020 budget includes an estimate for debt service payments for a capital lease to purchase a LIMS. However, after the passage of the budget, the City was informed that it was awarded a grant to purchase a LIMS and a new lab microscope. The new microscope will be for firearm and tool mark examination, replacing a 13+ year-old microscope. The budget for debt service payments will not be needed.

#### Department Purpose:

The South Bend Fire Department exists to provide our community with the highest quality emergency services protecting life and property through education, response, and dynamic outreach. The objective of the South Bend Fire Department is to provide rapid and efficient response to emergency medical incidents, fires, hazardous materials incidents, and complex rescue situations in order to safeguard the life and property of our citizens. This requires planning and development of response capabilities to ensure that future needs and the efficiency of operations are addressed. Public education and prevention services are provided to ensure citizen safety before an incident occurs. This is the safest and most cost-effective method for providing public safety. The South Bend Fire Department endeavors to give the best emergency medical care available backed by evidence-based medical practices which give citizens the best chance for positive outcomes and continued quality of life. Providing the members of the South Bend Fire Department with the latest and best available equipment and training to perform their duties gives them the tools to effect the best possible outcomes when emergencies occur. The South Bend Fire Department is dedicated to providing expert-level service with an all-hazards approach to public safety.

### Explanation of Revenue Sources:

This department is funded by property tax revenue collected in the General Fund. This department also collects fire building plan review fees.

#### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

2020 is the third year of a 4-year collective bargaining agreement - the negotiated 2% increase in wages from 2019 to 2020 is reflected. The South Bend Fire Department conducts recruit academies when its staffing becomes insufficient, generally after the 6th opening. The academy is approximately 21 weeks long - therefore, the department budgets 6 civilian recruit positions for 21 weeks.

- Memorial Hospital is no longer contracting with the Fire Department to provide neonatal transportation. The changes in revenue and expenditures are reflected in the budget. The program was supported by approximately 3 positions. The Fire Department proposes to eliminate two of those positions through attrition and transfer one to expand the Community Paramedic Program.

- The Community Paramedic Program was established to interact with repeat users of the EMS system to assess their needs prior to them calling 911 and taking a trip to the emergency room. This program proved to be very successful and an additional position will be added in 2020 to expand the program and work with even more citizens to prevent unnecessary calls and trips to the emergency room.

- In 2020, the Fire Department is moving all firefighters (47) assigned to Emergency Medical Services to the General Fund. This includes wages & benefits, supplies, and services previously accounted for in the EMS Operating Fund (#288). Keeping firefighter EMS personnel in a separate budget is impractical due to frequently changing assignments. EMS expenditures related to billing will be accounted for in separate division in the General Fund.

- Fire Department capital needs are budgeted in the Fire Department Capital Fund (#287).

Revenues and expenditures related to EMS billing are tracked in this budget.

## Explanation of Revenue Sources:

The Fire Department recovers significant portion of the cost of EMS services through insurance and patient payments.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Prior to 2020, the EMS operations were tracked in the EMS Operating Fund (#288). Revenue received from EMS services was not sufficient to cover expenses. Keeping EMS in its own fund would require interfund transfers. Starting in 2020, EMS activities will be moved to the General Fund. Moving EMS revenue and expenditures into the General Fund will simplify accounting.

This budget covers the cost of four EMS billing personnel (wages & benefits); office supplies, postage, and collection fees for EMS billing; various EMS supplies; and preventative maintenance and repairs to EMS equipment.

Ideally, the cost of firefighters assigned to EMS activities would be tracked here as well; but due to frequent changes in assignments, it has proven impractical. Instead, the Fire Department will estimate EMS personnel costs by number of positions assigned, rather than specific firefighters.

#### **Division Purpose:**

This division accounts for the operating costs of the Morris Performing Arts Center, the premier performing arts center in this region of the country. It provides improved quality of life to the City citizens, serves as an economic catalyst in the City, and fosters historic preservation of landmark City venues. The Morris Performing Arts Center is a division under the Department of Venues, Parks & Arts.

## **Explanation of Revenue Sources:**

This division is funded by charges for services including facility rental, concessions, ticket handling fees, and more. If the charges for services don't cover the annual expenditures, the remainder is subsidized by property tax revenue. Highly popular Broadway shows, such as Wicked and Phantom of the Opera, have increased profits over the last few years. There is a ticket surcharge fee of \$3.50 per ticket sold: \$1.50 deposited into the General Fund (#101), \$1.00 deposited into Morris/Palais Self-Promotion Fund (#274), and \$1.00 deposited into Morris PAC Capital Fund (#416).

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, the position of Event Service Technician will be transferred from the Palais Royale to the Morris PAC. The General Manager-Venues position will continue to be paid out of the Century Center Operations Fund (#670) and allocated back to the Morris at 50% (cost of wages & benefits). This expense is part of Other Interfund Allocations. City-wide, all salary caps will increase by 2% from 2019 to 2020. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. Maintenance and utilities continue to increase.

#### **Division Purpose:**

This division accounts for the operating expenses of the Palais Royale, a premier banquet/meeting facility. It provides exquisite food and beverage catering service, for both social events and business events, and supports South Bend's downtown economy. The Palais Royale is distinguished by its history and ambiance. The Palais Royale is a division under the Department of Venues, Parks & Arts.

## Explanation of Revenue Sources:

This division is funded by property tax revenue collected in the General Fund and from charges for services including concessions.

Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, the position of Event Service Technician will be transferred from the Palais Royale to the Morris PAC. City-wide, all salary caps will increase by 2% from 2019 to 2020. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates.

#### Fund Purpose:

This fund accounts for the operation of the Parks & Recreation side of South Bend Venues, Parks & Arts (VPA). The purpose is to provide quality spaces, places, and experiences within the City. There are several operational divisions within the department: Administration, Maintenance, Golf, Recreation, and Experience/Marketing. There are three capital/special project divisions: Regional Cities Grant, Pokagon Band Donation, and Leighton Foundation Grant.

#### Explanation of Revenue Sources:

This fund's main source of revenue is property taxes. This fund also receives auto excise and commercial vehicle excise tax (intergovernmental shared revenues). Additional revenue is derived from charges for services such as pavilion rental, golf course fees, concessions, and fees for camps, leagues, fitness centers, and special events. In 2019, this fund received a donation of \$450,000 from the Pokagon Band. It will be received annually through 2023. The Regional Cities Grant of \$5 million dollars is expected to be completed in 2019. In 2019, VPA received \$1,000,000 from the Leighton Foundation. Interfund transfers from the EDIT Fund (#408) help subsidize the Parks operations. Revenue will decrease in 2020 due to the completion of the \$5 million Regional Cities Grant in 2019, decrease in Donations and the decrease in estimated Property Tax receipts due to circuit breaker property tax reform.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Capital Projects - In 2019, capital expenditures reflect the use of the Regional Cities, Leighton Foundation, and Pokagon Band funds for the Howard Park renovation project. In 2020, the decrease in capital expenditures reflects the substantial completion of the Howard Park renovation project and the use of the noted grants and donations. Two new positions will be added in 2020: additional Manager-Park Grounds and Youth Engagement Coordinator (this position will oversee the Youth Employment Program and its expansion). Accounting Change - In 2019, the Recreation Nonreverting Fund (#203) and the Park Nonreverting Capital Fund (#405) were discontinued and the activity formerly appearing in them is represented in the Parks & Recreation Fund (#201). This will allow for better reporting and more efficient use of funds.

Accounting Change - In 2019, the Recreation Nonreverting Fund (#203) and the Park Nonreverting Capital Fund (#405) were discontinued and the activity formerly appearing in them is represented in the Parks & Recreation Fund (#201). This will allow for better reporting and more efficient use of funds.

### Fund Purpose:

The Morris Performing Arts Center and Palais Royale Marketing Fund was established as a separate, non-reverting fund to receive monies from solicitation of funds for commercial promotion sponsorships such as commercial ads on ticket envelopes and Morris Marquee sponsorships; and to accept donations to The Morris Performing Arts Center and Palais Royale. All sums so collected and deposited in this fund are to be used for the sole purpose of assisting with continued promotions of and within both the Morris Performing Arts Center and Palais Center and Palais Royale.

### Explanation of Revenue Sources:

Revenue for this fund is collected through donations and sponsorships and used to assist with continued promotions of and within the Morris Complex. This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures and Significant Changes/Variances:

Expenditures are for advertisements and promotional services. The City is able to not only advertise on the local area digital billboards, but also secure sponsorships to help fund the advertising displayed on them.

Fund Purpose:

This fund accounts for capital projects at the Morris Performing Arts Center (MPAC).

### Explanation of Revenue Sources:

This fund receives revenue from a ticket surcharge. There is a ticket surcharge fee of \$3.50 per ticket sold: \$1.00 deposited into Morris PAC Capital Fund (#416), \$1.50 deposited into the General Fund (#101), and \$1.00 deposited into Morris PAC Self-Promotion Fund (#274). This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: The Morris Performing Arts Center was re-opened in 2000 - Many of the assets throughout the building are coming to an end of their useful life and need replacement. The theatrical equipment is outdated and needs to be upgraded to meet the requirements of the performances / acts renting the facility. The Morris is getting ready to celebrate its 100 year anniversary in 2022 and is planning for major renovations. Funds will be raised, deposited, and expensed through the VPA Parks

Foundation.

- Fire panel upgrade (current one is not compliant with new safety codes) - 20,000

- Security access control upgrade (system failure and antiquated equipment) - \$20,000

- Rigging (batten fixes, rail fixes) - \$25,000

- Soft goods (legs and borders need to be replaced - the existing ones are dry rotted) - \$25,000

- Electrical cord upgrades - \$5,000

- Miscellaneous and unexpected supplies, tools / equipment and services - \$40,000

## Explanation of Revenue Sources:

The par amount of the bonds was \$3,440,000 with a premium of \$346,189. The bonds were closed on November 1, 2018 with a net interest rate of 3.78%. The net proceeds after bond issuance costs were \$3,702,814. The cash adjustment in 2018 reflects the balance held by the escrow agent at the end of 2018 (\$3,702,814 bonds proceeds + \$1,999.13 interest earnings – \$439,954.75 capital project expenditures).

## Explanation of Expenditures and Significant Changes/Variances:

This bond was issued to finance the costs of the construction, expansion, renovation, equipping, furnishing and improving the Potawatomi Zoo, located at 500 Greenlawn Avenue. The capital project includes the construction, equipping and furnishing of a new, modern visitor-centric front entrance building that will include a gift shop, universally accessible gathering plaza, public restrooms and a separate, more secure entrance for field trips and group visits and that will double the Zoo's education space, allowing for more classes, camps and educational experiences. Also included is completion of various deferred maintenance improvements throughout the Zoo which will enhance the safety of visitors to the Zoo, staff and animals and necessary to maintain the Zoo's accreditation, including, without limitation, repair, replacement, renovation or enhancement of guest pathways and parking lots, animal holding and exhibit areas, HVAC improvements, roofs, patron fencing, animal containment fencing and exhibitory, and electrical work throughout the Zoo.

This fund was established per the bond agreement in order to track the capital expenditures of the 2017 Parks Bond proceeds.

In 2017, the City of South Bend issued a Parks bond in the amount of \$14,075,000 for certain improvements in connection with the MY SB Parks and Trails initiative. The bond closing date was December 20, 2017. The bonds will be repaid over a period of 15 years with the first debt service payment due on July 15, 2018 and the final payment due on January 15, 2033. Debt service payments are tracked in the 2017 Parks Bond Debt Service Fund (#312).

#### Explanation of Revenue Sources:

Net proceeds after bond issuance costs were deposited into this fund in the amount of \$13,856,100. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: These are the various projects: Series A - Howard Park riverfront promenade, storm water habitat area | Series B - St. Louis Street parking and street upgrades (Howard Park) | Series C -Riverfront trail upgrades - Colfax to Seitz Park | Series D - Riverfront trail upgrades - Howard Park to Farmer's Market | Series E - Riverfront trail upgrades - Miami to Twyckenham | Series F - Riverfront trail upgrades - Seitz Park to Howard Park, Seitz Park parking | Series G - Seitz Park - AM General parking and plaza area, East Race promenade and bridge | Series H - Pinhook Park pavilion upgrade, reconnect river flow to lagoon, playground and site improvements | Series I - Other Park Improvements - Park security, lighting, and storage Restrooms modernization & ADA compliance | Series J - Pinhook Park neighborhood connectivity | Series K - Future Projects - park acquisitions, partnerships, and build-outs

### Fund Purpose:

This fund accounts for the revenues and expenditures from the various parking garages owned by the City of South Bend. There are currently 1,484 stalls. Parking garage operations are under outside contract with DTSB (Downtown South Bend, Inc.)

### Explanation of Revenue Sources:

This fund receives revenue from the collection of daily and monthly parking fees at several downtown parking garages. Effective January 2017, the Common Council approved an increase in parking garage rates and parking enforcement fines. It was the first increase in 13 years. There are plans to review increasing rates in 2020.

## Explanation of Expenditures and Significant Changes/Variances:

There are many capital improvement needs. Although expenditures for repairs and capital improvements decrease from 2019 to 2020, the City plans on addressing those needs across several years.

Explanation of Revenue Sources: This fund receives Hotel/Motel Tax and collects revenue for charges for services such as facility rent, catering, parking etc. Amount may change in years going forward. Charges for Services is expected to increase over the years as new business is generated by the two new hotels that opened in downtown South Bend during 2018, along with the overall increasing economic impact. Revenue is forecasted to increase at 1% per year.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2018, a new food & beverage management contract was signed with SMG (a company that specializes in venue management) - as a result, a portion of the staff were transferred to the City. The repair and maintenance operation is handled by the City while the venue management is handled by SMG.

Fund Purpose:

This fund was established to account for capital expenditures at the Century Center. The cash is held in a separate capital bank account.

## Explanation of Revenue Sources:

This fund receives revenue from interest earned on the fund's cash balance. The Century Center Board of Managers would like to begin transferring the annual net profit from the Century Center Operations Fund (#670) into this fund.

## Explanation of Expenditures and Significant Changes/Variances:

The Century Center's capital needs are being met by an allocation from the Saint Joseph County Hotel/Motel Tax Board. These capital expenditures for the Century Center are paid directly from the County budget and do not pass through the City's accounting system; therefore, these expenditures do not appear in the City's budget. For 2020, the Century Center is requesting \$1 million for capital expenditures to be paid by the Hotel/Motel Tax Board for the Bendix Theatre esports renovation. This request is subject to St Joseph County appropriation and amount may change in years going forward.

\$20,000 is budgeted from the Century Center's own capital funds to cover any smaller capital needs not covered by the Hotel/Motel Tax Board.

Explanation of Revenue Sources: This fund receives revenue in the following ways: a pledge of Hotel/Motel Tax revenue from St. Joseph County in the amount of \$221,437 per year starting in 2018; an operating transfer from Century Center; and a federally-subsidized interest rebate of approximately 80% of interest paid.

**Explanation of Expenditures and Significant Changes/Variances:** The bonds will be paid off over a 15 year period with the final payment due on May 1, 2031.

Fund Purpose:

This fund accounts for the semi-annual payment of debt service principal and interest to the bondholders of the 2015 Parks Bond. The par amount of the 2015 Parks/EDIT bond was \$5,605,000. The debt service reserve will be used towards the last debt service payment.

The accounting records are maintained in trustee bank accounts.

Explanation of Revenue Sources: The Economic Development Income Tax (EDIT) Fund (#408) transfers money into this fund on a monthly basis, as per the bond ordinance, to cover debt service payments. This fund also receives revenue from interest earned on the cash balance at the trustee bank.

### Explanation of Expenditures and Significant Changes/Variances:

The semi-annual debt service payments are set forth in the 20-year debt amortization schedule (debt schedule #141) with the first payment made on February 1, 2016 and the final payment due on August 1, 2035.

Capital expenditures of this bond were tracked in the 2015 Parks Bond Capital Fund (#751). The capital proceeds were fully expended in 2019.

Fund Purpose:

This fund accounts for law enforcement expenditures financed by the state or local agencies authorized sale of confiscated property.

Explanation of Revenue Sources: This fund receives revenue from the state or local agencies authorized sale of confiscated property. This fund's revenue stream is not a steady flow. It is dependent upon the processing and release of funds from the State for seized assets in drug activities. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: Expenditures are budgeted for law enforcement training and various Police Department expenses.

This fund receives monies from Juvenile Positive Assistance and from the curfew ordinance violation fines. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: In recent years, this fund has received very little revenue. The Police Department has not been spending this fund's cash balance in order to let the fund build up a better cash reserve.

Fund Purpose:									

Explanation of Revenue Sources: This fund is funded by fees from accident reports, gun permits, false alarm and loud noise fines. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: Expenditures include educational materials and equipment, conference and training registration, and travel costs for conferences/trainings. In recent years, the Police Department has been spending down the cash balance in this fund as they attend various trainings and purchase new equipment. This fund's revenues will not be able to support current spending levels. In the future, the Police Department may look for other budget sources to fund education and training, such as paying for it out of the Police Department's budget in the General Fund (#101).

This fund charges police officers for liability insurance for take home police vehicles. Deductions from officers are made in accordance with an agreement with the Fraternal Order of Police (FOP). The agreement calls for the suspension of the deduction based on the price of gas and the balance of cash in this fund. The decrease in revenue is the result of suspending the payroll deduction for sworn officers as outlined in the agreement between the Police Department and the FOP. This fund receives revenue from interest earned on the fund's cash balance. As the fund's cash balance dips below the reserve requirement set by the FOP, the City anticipate the deduction will be increased.

Explanation of Expenditures and Significant Changes/Variances: Expenditures are driven by the number of off duty accident claims. Claims have been minimal in this fund since it was created.

## Fund Purpose:

This fund was established in 2015 to track capital expenditures of the South Bend Fire Department. Capital purchases include fire apparatuses, ambulances, and major construction projects.

## Explanation of Revenue Sources:

This fund received revenue from Medicaid settlements prior to 2019. In 2020, the interfund transfer from the EMS Operating Fund (#288) will be replaced by payments from St Joseph County for the City providing EMS services. Revenue received from various grants for equipment or other capital is deposited here. This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures and Significant Changes/Variances:

Capital spending includes Fire Department fleet needs as well as updates and repair & maintenance to Fire Department facilities. To keep the fleet within a serviceable life span, generally the City aims to purchase 2 pumper trucks every 3 years and an aerial apparatus every 5 years. The City also purchases or refurbishes an ambulance each year. The Fire Department also uses this fund to replace necessary equipment such as self contained briefing apparatus (SCBA), cardiac monitors, and turnout gear.

In recent years, the City has begun purchasing equipment through five year capital leases. The budgeted expenditures for debt service principal and interest have increased as the capital expenditures for vehicles and equipment has gone down.

Interfund Transfers Out includes transfers to debt service funds for principal and interest payments on two different bonds: 2013 EMS/Fire Station/Tower Bonds (final payment 2/1/33, debt schedule #116) and 2018 General Obligation Bonds-Fire Station #9 (final payment 1/15/38, debt schedule #168).

## Fund Purpose:

This fund accounted for the expenditures of the Emergency Medical Services (EMS) program. This Fund captured personnel and operating expenses primarily for Emergency Medical Services division and reflected a portion of the cost associated with operating ambulances.

Revenue received from EMS services was not sufficient to cover expenses. Keeping EMS in its own fund would require interfund transfers. Starting in 2020, EMS activities will be moved to the General Fund (#101). Moving EMS revenue and expenditures into the General Fund will simplify accounting. This includes 47 firefighters and 4 EMS billing personnel. Keeping firefighter EMS personnel in a separate budget proved impractical due to frequently changing assignments. EMS expenditures related to billing will be accounted for in separate division in the General Fund.

## Fund Purpose:

This fund is used to account for the revenue from tuition fees for students attending the Indiana River Rescue School (IRRS) and the expenditures of that revenue. There are typically 2-4 schools a year, each a week in duration. The IRRS is administered by the South Bend Fire Department under the direction of the Special Operations Bureau. The majority of instructors are comprised of South Bend Firefighters and Conservation Officers from the IDNR. The 5 day school includes extensive field training on the St. Joseph River and it's unique "L" shaped dam, and the East Race Waterway. The East Race Waterway is a 2000' run which winds through the heart of the city. It has been the site of many U.S. Olympic trials and World Class kayak events. It allows for realistic but controlled training in river rescue, what is now formally known as the premier training ground for "Swiftwater rescue." Class lectures will provide a background in theory and concepts that enables students to go directly to the water. Students become familiar with such equipment as inflatable boats, outboards, rescue ropes, rope rescue systems & necessary personal gear. Many of our teaching sites have actual accident histories.

Explanation of Revenue Sources: This fund collects tuition fees for students attending the Indiana River Rescue School. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: Expenditures are for the maintenance and repair of rescue equipment and the wages for the instructors. No major expenditures are planned.

Fund Purpose: This fund was established to track Federal Grants received for specific purposes outlined in each grant. In recent years, this fund has also been used to track donations and their associated expenditures.

## Explanation of Revenue Sources:

This fund recives revenue from various Federal and State Grants. The Community-Oriented Policing Services (COPS) Office of the Department of Justice offers grants through the Making Officer Redeployment Effective (MORE) program. The cash balance results from funds received from the grants along with impound towing fees.

## Explanation of Expenditures and Significant Changes/Variances:

In recent years, this fund has been used to pay for a youth boxing program. The South Bend Police Athletic League (PAL) relaunched in 2006 with the founding of the South Bend Police Boxing Club. This free program matches cops and youth ages 10-18 in a sports mentoring environment. The objective of the Boxing Club is to encourage young people to value peaceful and positive ways to resolve differences and frustrations. It's a way for youth to "put down" violence and death—and "put on" the boxing gloves for a better life. The PAL program is being expanded in 2020, with more funding budgeted in the Police Department's budget in the General Fund (#101). 2019 Capital - \$80,000 for 3D crime scene equipment.

The bonds were issued to fund the replacement of Fire Station #9 and addition of a classroom building on the grounds of the Luther J Taylor Sr. Fire Training Center. Payment of debt service principal and interest to the bondholders will be recorded in the 2018 Fire Station #9 Bond Debt Service Fund (#350). Bond issuance costs were recorded in this fund per Ordinance 10576-18 section VII-(a). Explanation of Revenue Sources The par amount of the General Obligation Bonds, Series 2018 was \$5,045,000 with a premium of \$37,316. The bonds were closed on March 29, 2018 with a net interest rate of 3.065% The net proceeds after bond issuance costs were \$4,864,008. This amount was deposited into this fund to be used towards the approved capital projects. Explanation of Expenditures and Significant Changes/Variances: Construction of Fire Station 9 was completed in 2019. The new station was constructed at the corner of Mishawaka Avenue and 21st Street and will house Engine 9, Medic 9, Boat 2, and accommodate up to seven assigned firefighters per day.

The remaining bond capital proceeds will be used to construct an additional classroom building on the grounds of the Luther J Taylor Sr. Fire Training Center. It will be an approximately 3,000 square foot building and will house a rugged, divisible classroom with the capacity for 100 personnel and additional training props and storage areas.

This fund accounts for the operation of a pension plan for former Fire Department employees and receives reimbursement from the State of Indiana. Retiree health insurance payments are not paid through this fund; this cost is not reimbursed by the state. Retiree health payments are paid through the regular Fire Department budget.

## Explanation of Revenue Sources:

Pension relief payments are received from the state in arrears based on costs incurred in the prior year. Payments are typically received in June and September. This fund can have a negative cash balance when it is waiting to be reimbursed by the State. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: Expenditures are for the pension payments to retired firefighters or surviving spouses and for death benefits paid out. For the year 2020, there are no scheduled DROP (deferred retirement option plan) payments.

Fund Purpose: This fund accounts for the operation of a pension								

Explanation of Revenue Sources: Pension relief payments are received from the state in arrears based on costs incurred in the prior year. Payments are typically received in June and September. This fund can have a negative cash balance when it is waiting to be reimbursed by the State. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: Expenditures are for the pension payments to retired officers or surviving spouses and for death benefits paid out. After 2020, there will be no 1977 convertees.

Fund Purpose:									

nent, and economic opportunities for individuals and families with incomes below 80 percent of the area median income. CDBG funds can also be used for the ving enviror elimination of slum and blight.

Emergency Solutions Grant (ESG) - The ESG Program provides homeless persons with basic shelter and essential supportive services. It can assist with operational costs of the shelter facility, and for the administration of the grant.

Neighborhood Stabilization Project (NSP) - Congress created the Neighborhood Stabilization Program to help cities, counties and states deal with community problems that are the result of the mortgage foreclosure crisis in the nation. HUD provides money to local governments (cities and counties), nonprofits, and all 50 states. Generally, the money must be used to buy, fix up, and resell foreclosed and abandoned homes. NSP grantees develop their own programs and funding priorities. However, NSP grantees must use at least 25 percent of the funds appropriated for the purchase and redevelopment of abandoned or foreclosed homes or residential properties that will be used to house individuals or families whose incomes do not exceed 50 percent of the area median income. In addition, all activities funded by NSP must benefit low- and moderate-income persons whose income does not exceed 120 percent of area median income. Activities may not qualify under NSP using the "prevent or eliminate slums and blight" or "address urgent community development needs" objectives

Shelter Plus Care Program (S+C) - The S+C Program provides a variety of permanent housing choices, accompanied by a range of supportive services funded through other sources. S+C assists hard to serve homeless individuals with disabilities and their families. These individuals primarily include those with serious mental illness, chronic problems with alcohol and/or drugs, and HIV/AIDS or related diseases.

Explanation of Revenue Sources, Expenditures, and Significant Changes/Variances: There are no significant changes.

## Fund Purpose:

This fund accounts for the activities of the Building Department. The Building Department regulates the "built environment" through enforcement of current building codes and zoning ordinances. The Building Department's purpose is to promote safe occupancy for all residents of the jurisdiction, serving all properties within the City of South Bend and all properties with a 5 digit address within St. Joseph County.

## Explanation of Revenue Sources:

Revenue for the Building Department is primarily generated through issuing permits for construction, demolition, or occupancy. In addition, contractor registrations and licenses are also issued and monitored. Revenue is expected to increase based on current trends.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, an additional Administrative Assistant position is being added to better serve the needs of the Department and its administrative staff, bringing the total staff count to 16 fulltime positions. Additionally, there will be two promotions from Administrative Assistant to Executive Assistant and Assistant Manager of Customer Service to better align the responsibilities of the staff to the corresponding positions they hold, and to be more consistent with similar positions throughout the City. In 2019, the Building Department was organizationally brought under the direction of the Department of Community Investment.

Starting in 2020, the Code Enforcement Department's budget will be moved out of this fund and into its own fund (#230).

This fund receives revenue from the repayments of small business loans. This fund also receives revenue from interest earned on the cash balance at the trustee bank.

The Cash Adjustments row reflects loan activity that doesn't run through a revenue or expense account.

Explanation of Expenditures and Significant Changes/Variances: Currently, this fund is used for the repayment of an interfund loan from the COIT Fund (#404) in connection with a downtown hotel/parking garage project. The final payment is due in 2022 (debt schedule #82). When the final revenue payment is due from BDC, it may be prudent to payoff the debt to COIT and potentially close this fund rather than following current amortization schedule which goes out to 2046. Therefore, in the 2018 budget a total of \$486,081 is paid off using the current balance in cash reserves. Payments in future years will be made as BDC loan collections are received.

Fund Purpose: This fund accounts for the receipt of payments from the City's North East Residential Area TIF Fund (#436) and the subsequent semi-annual payment of debt service principal and This fund account of the feedpoint payments from that reaction is a structure of the feedpoint and the structure payment of the payment of th amount was \$25 million.

## Explanation of Revenue Sources:

This fund receives debt service payments from the City (recorded as interfund transfers) and passes them to bondholders through trustee banks. This fund also receives revenue from interest earned on the cash held at the trustee bank.

Explanation of Expenditures and Significant Changes/Variances: The principal and interest payments are set forth in the 20 year debt amortization schedule with the first payment made on February 15, 2018 and the final payment on February 15, 2037. The bond was issued for Phase II of the Eddy Street Commons, a mixed-use development area just south of the University of Notre Dame. Capital expenditures related to the project are tracked in the Eddy Street Commons Capital Fund (#759).

## Fund Purpose

This fund accounts for the operations of the following divisions of the Public Works Department: Streets, Traffic & Lighting, and Curb & Sidewalk

• Streets: The Office of Streets repairs and maintains 2,200 lane miles of road surface in the city limits. Maintenance on streets ranges from paving and patching in the summer to plowing snow in the winter. In 2019, 20.59 miles of streets were resurfaced and 878 tons of patch mix were used to fix an estimated 61,217 potholes. In 2019, the Street Department vived its crack-sealing program in an effort to mitigate water infiltration through cracks in the street surface. During this first season, crews crack-sealed 29 miles of streets. addition to maintenance, Streets maintains around 398 miles of alley surface. Also operating under the Street Department is Unit 211, a 24/7 response vehicle that works with the South Bend Police Department and the South Bend Fire Department for emergencies.

• Traffic & Lighting: The Office of Traffic & Lighting maintains traffic signs, signals and city-owned street lights, and is responsible for approximately 160 signalized intersection and 3,000 street lights. In 2019, there were roughly 1,650 work orders for sign maintenance, installation and/or removal. Not only does this office provide traffic control in construction areas for the Offices of Streets and Sewers, but Traffic & Lighting also works with the South Bend Police Department to provide traffic control for special events in the ity, setting up traffic control for an average of 100 different events in a year. Additionally, Traffic & Lighting is responsible for street painting, i.e., line striping, crosswalks, stop bar. tc. In 2019, they painted 330.03 miles of City streets.

• Curb & Sidewalk: An annual program to replace sidewalks, curbs, and curb ramps in poor condition at residential properties throughout the City. City Council members select he locations and they are reviewed by Engineering for bidding as a public works project.

### Explanation of Revenue Sources:

This fund receives gas tax and wheel tax revenue from the State of Indiana.

In April 2017, Indiana lawmakers passed House Enrolled Act 1002-2017 to raise extra funds to repair the state's roads and bridges. The bill raised the gas, special fuel, and motor arrier surcharge taxes by 10 cents. On July 1, 2018, the gas tax increased from 18 to 28 cents per gallon. Despite this increase, the City's gas tax revenue decreased by \$500k from 2018 to 2019 due to changes to the State's distribution formula which keeps more funds at the State level. Revenue is forecasted conservatively given the current conditions. The City continues to work with the State to understand the gasoline tax revenue estimates for the coming years.

As this fund's revenues decrease, the City continues to use income tax revenues to support the current level of street maintenance and repair, transferring funds from County Option Income Tax Fund (#404)

Explanation of Expenditures, Staffing, and Significant Changes/Variances: Street Department - Historically, Streets has used approximately \$450k from the Local Road & Street Fund (#251) to pay for asphalt and related paving materials. In 2018, Streets earmarked \$600k of its street maintenance budget in the Motor Vehicle Highway Fund (#202) for contracted paving work. In 2019, it was decided to budget an additional \$550k in he Motor Vehicle Highway Fund (#202) for paving materials and to use Local Road & Street Fund (#251) dollars to fund contracted paving. In 2020, contracted paving is budgeted at \$400k in the Motor Vehicle Highway Fund (#202) and \$600k in the Local Road & Street Fund (#251). Curb & Sidewalk Program - Three (3) Concrete Finishers were added to the 2019 budget. The addition of these positions enabled the Curb & Sidewalk crew to increase curb work

roduction from 2,601 feet in 2018 to 4,038 feet in 2019 and sidewalk production from 2,844 feet in 2018 to 4,943 feet in 2019. In 2020, an additional \$200,000 was budgeted for the Curb & Sidewalk program per Council's request.

distribution to MVH Restricted. The political subdivision, by ordinance or resolution, may elect to allocate more than fifty percent (50%) of the distributions to MVH Restricted. During the same fiscal year, the political subdivision may transfer, by ordinance or resolution, the amount allocated in excess of the 50% requirement from MVH Restricted to MVH. In no event can any transfers from MVH Restricted to MVH reduce the fiscal year distributions from the State Motor Vehicle Highway Account below the 50% requirement for MVH Restricted. Any amounts allocated in excess of the required 50% of distributions which remain in MVH Restricted at the end of the fiscal year must remain in MVH Restricted until expended for construction, reconstruction, or preservation.

## Explanation of Revenue Sources:

This fund receives 50% of the City's gas tax and wheel tax distribution from the State of Indiana. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures, Staffing, and Significant Changes/Variances: Qualified Expenditures: Effective July 1, 2018, Indiana Code 8-14-1-4(b) and Indiana Code 8-14-1-5(c) requires at least 50% of the MVH distributions to be used for construction, reconstruction and preservation of the unit's highways. Maintenance expenditures do not count toward the 50% requirement.

This fund receives gas taxes from the State of Indiana as its primary revenue source, forecasted conservatively given the changes in the State's distribution formula. In 2008, wheel tax revenue was moved from this fund to the Motor Vehicle Highway Fund (#202). This fund also receives revenue from interest earned on the fund's cash balance. Grants/Intergovernmental revenue is provided by the Indiana Department of Transportation (INDOT) and reimbursed through progress billing for state approved projects. In 2019, \$2.5 million was transferred from the Economic Development Income Tax Fund (EDIT) Fund (#408) to cover the cost of 20% local match for the Bendix Drive Pavement Replacement Project.

Explanation of Expenditures and Significant Changes/Variances:

The major project in this fund is the Bendix Drive Pavement Replacement Project: road reconstruction along Bendix Drive from Lathrop Road to the south end of the bridges over the Indiana Toll Road. The construction cost estimate is \$4,816,000 (2020 letting).

Other expenditures are for general street maintenance, traffic calming, outsourced paving, and traffic signal maintenance. Interfund transfers out in 2019 through 2024 are transfers to the Local Road & Bridge Grant Fund (#265) to match the Community Crossings state grant from INDOT. The grant is a 50/50 matching program.

In 2018, actual grant dollars received were \$670,000. The City's matching portion, \$670,000, was funded by an interfund transfer from the LOIT 2016 Special Distribution Fund (#257). (#251). In 2020, the City is seeking \$1 million in grant funding. This will be matched by an interfund transfer from Local Road & Street Fund (#251).

Explanation of Expenditures and Significant Changes/Variances: 2020 Expenditures are calculated on anticipated grant proceeds, plus the City's matching portion funded by Local Roads & Street Fund (#251). The Community Crossings Matching Grant project includes pavement reconstruction - asphalt milling and resurfacing and curb ramps. Projects are managed by the Engineering division of the Department of Public Works.

This fund receives principal and interest income from interfund loans (debt schedules 84 & 85) being repaid by the River East Residential TIF Fund (#436). The loans will be paid off in 2024 and 2029. This fund also receives revenue from interest earned on the fund's cash balance.

Since the original funding for Major Moves was realized in 2006 from the lease proceeds of the Indiana Toll Road and the interfund loans will eventually be paid off, there will be no funding source remaining by 2029. At that time, this fund will be spent down to zero.

Explanation of Expenditures, Staffing, and Significant Changes/Variances: Landfill costs continue to rise and are forecasted to increase 3% per year. The yard waste program participation increased from 52% in 2018 to 61% in 2019. This requires additional yard waste totes and overtime wages. In 2020, an additional \$10,000 is budgeted in Education & Training for training on the new route software. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020. Due to the annual increases in wages/benefits, maintenance, disposal and allocation costs the City is requesting trash/yard waste collection fee ncrease to cover expenses.

Solid Waste's capital needs are tracked in a separate capital fund (#611). Funds are transferred to capital fund as needed for the payment of debt service payments for capital leases. The City purchases new trash trucks through 5-year capital leases.

Fund Purpose:									
The purpose of this fund is to hold	cash reserves equiv	alent to two mo	onths of Water V	Vorks' budgete	d operating expe	enses. This serves a	s fiscal protection	against the risk	of revenue

Explanation of Revenue Sources: This fund receives revenue from interest earned on the fund's cash balance. If the fund's cash falls below the reserve requirement, the Water Works Operations Fund (#620) will transfer funds to increase the cash reserves. Additional reserve is required in 2020 to cover encumbrances rolled over from 2019 to 2020.

Explanation of Expenditures and Significant Changes/Variances: Once this fund's cash balance meets the reserve requirement, any excess interest earned is transferred to the Water Works Operations Fund (#620).

Explanation of Expenditures, Staffing, and Significant Changes/Variances: In 2020, the budget was increased for contracted repairs. This increase is in response to the number of new customers who are hooking into the City of South Bend sewer system; with new customers comes more opportunity for needed repairs. Also, an aging infrastructure costs more to maintain/repair. In summation, with an increased customer base, costs will continue to go up. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020.

Fund Purpose: This fund accounts for the operation	ons of the following	divisions of the	Department of	Public Worker V	Wastewater Sem	ers Organic Recon	rces and Concret	e Crew	
Vastewater Division: Facilitates t									vated sludge
		r overflow (CSC				si are acauncin lat		acti	siuuge

the inside of the sewer lines. This allows for the identification of issues to be addressed before they become problems that can affect the public. Sewers also mows and upkeeps the City's retention ponds.

Organic Resources Division: Recycles collected yard waste, leaves, and brush for compost and mulch products.

### Explanation of Revenue Sources:

This fund receives revenue from charges for utility services for the City's residents. Nominal increases in revenue are projected. The sewer user rate will not change but the outside surcharge rate will increase slightly.

Interfund Allocation Reimbursement - a portion of wages and benefits for positions that serve other divisions within the Department of Public Works. These positions are allocated out to the following divisions: Streets and Curb & Sidewalk (Fund #202), Water Works (Fund #620), Sewer Insurance (Fund #640), and Concrete Crew. Interfund Transfer In - incoming interest earnings receipts from Sewage Works Reserve O&M Fund (#643) and the Sewage Works Customer Deposit Fund (#654).

Explanation of Expenditures, Staffing, and Significant Changes/Variances: The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020. From 2019 to 2020, the budgeted expenditures increased 6% as compared to the 2019 adopted budget (\$41.1 million). Interfund Transfers Out include: transfers to the Sewage Works Sinking Fund (#649) to fund debt service payments on bonds, transfers to the Sewage Works Capital Fund (#642) to fund capital expenditures, and a transfer to the General Fund (#101) for payment in lieu of taxes (PILOT).

Upon termination of service, the security deposited is refunded in the form of a credit to the customer's final bill. Explanation of Revenue Sources: This fund receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances: Interest earned on this fund's cash balance is transferred to the Sewage Works Operations Fund (#641).

This storm water user rate shall apply for a period of at least two years with subsequent transition to a rate based upon the quantity of impervious surface area in a parcel of real state after study and evaluation by the City's Department of Public Works and upon Common Council approval.

Explanation of Expenditures and Significant Changes/Variances: Actual stormwater needs top around \$3,000,000 in areas such as Riverbank Stabilization, downspout disconnection plan, drainage projects, South Bend Dam, Flood Mitigation, Western Avenue Phase III Storm Sewer, and the Michigan Street Separation. However the proposed area for the 2020 budget are as follow: downspout disconnection program, street drainage corrections, stormwater study, DSSMR for South Bend Dam, and miscellancous drainage repairs. \$375,000 for storm water projects also budgeted in the Sewage Works Capital Fund (#642).

Explanation of Expenditures and Significant Changes/Variances: Starting in 2020, the Neighborhood Enforcement Action Team (NEAT) division of the Department of Code Enforcement will be moved into the newly established Code Enforcement Fund (#230), resulting in a large decrease in expenditures from 2019 to 2020. This will allow for more transparency regarding the Unsafe Building fines and fees collected in this fund and the expenditure of those revenues on allowable expenses. The expenditures in this fund will be equal to or less than revenues received. Budgeted expenditures includes emergency demolitions and expenses associated with monitoring unsafe building concerns.

### Explanation of Revenue Sources:

Revenue generation for the Rental Safety Verification Program (RSVP) will be derived from follow up re-inspection fees and assessments for noncompliance. First and second inspections will have no charges; however, if not compliant after the second inspection, there will be charges requiring follow up inspections to validate compliance. Because this program is new, revenue could vary greatly from current estimates. A transfer from the Economic Development Income Tax (EDIT) Fund (#408) will make up the difference.

Prior to the Rental Safety Verification Program (RSVP), proceeds from the landlord registration (\$5 registration fee per year) were intended to fund Code Enforcement's costs of the program. However, previous guidelines for landlord registrations will be integrated into RSVP while working with landlords.

Explanation of Expenditures, Staffing, and Significant Changes/Variances: Prior to 2020, the Rental Safety Verification Program (RSVP) was budgeted in the Consolidated Building Fund (#600). Starting in 2020, RSVP will be moved into this fund in order to better track its revenue and expenditures.

From 2019 to 2020, two additional Code Inspectors will be added to expand the program, totaling \$126,887 including wages and benefits. Health insurance increases and a 2% cost of living increase for non-bargaining staff also attributed to increased personnel expense.

Professional Services increased by \$54,000 for a professional service agreement with St. Vincent de Paul Society to provide relocation services to displaced residents as a result of uninhabitable homes.

Fund Purpose:

This fund was established in 2020 to track the revenue and expenditures of the Department of Code Enforcement's three main divisions: Neighborhood Code Enforcement (NCE), South Bend Animal Resource Center (SBARC), and Neighborhood Enforcement Action Team (NEAT). The Neighborhood Code Enforcement division upholds and enforces the ordinances of the City of South Bend, the Indiana Unsafe Building Law, and the 2000 International Property Maintenance Code. The South Bend Animal Resource Center division runs the animal resource center (aka animal shelter) and enforces animal welfare laws regarding animal cruelty and neglect per City, State, and Federal regulations. The NEAT division works in tandem with the Neighborhood Code Enforcement division to provide services for environmental clean-ups to homeowners and/or businesses. These cleanups consist of illegal dumping of household items, tires, building materials, appliances, and any other form of litter and debris. Additional fines may be assessed for failure to comply upon notification.

### Explanation of Revenue Sources:

Neighborhood Code Enforcement collects revenues from fees for environmental clean-ups, processing abandoned vehicles and ordinance violations. The South Bend Animal Resource Center collects revenues from fees for animal care & control activities such as adoption fees, pet licenses, pet microchipping, and animal surrender fee. These revenues do not cover the expenditures of these divisions. The difference is covered by an interfund transfer from the Economic Development Income Tax (EDIT) Fund (#408). The interfund allocation reimbursement is an internal accounting method to allocate a portion of the Code Enforcement administration personnel costs to the South Bend Animal Resource Center division. This nets out against the allocation expense recorded in this fund.

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2020, the Department of Code Enforcement will be restructured from an accounting perspective in order to better track expenditures and align with the fund ordinances established by the Common Council. The Neighborhood Code Enforcement division and South Bend Animal Resource Center division will be moved from the Consolidated Building Fund (#600) into this fund. The Neighborhood Enforcement Action Team (NEAT) division will be moved from the Unsafe Building Fund (#219) into this fund. To see a comparison of revenues and expenditures from 2019 to 2020, see the division summaries and Code Enforcement historical summary.

Fund Purpose: This fund tracks the operating costs of the Central Services Division. The Division provides a variety of services to other city departments, along with several local county, state and federal agencies. Central Services consists of 4 cost centers: Equipment Services, Building Maintenance, Radio Shop, and Facilities Management. The Department of Administration & Finance oversees the Central Services Division. Also, the electric and natural gas costs for the entire City are paid out of this fund and allocated back to departments.

### Explanation of Revenue Sources:

Equipment Services and Radio Shop provide repair and maintenance services for the City's fleet and some external customers (governmental units such as St Joseph County and

local township fire departments). Parts and labor for each workorder are charged back to City departments or billed to the external customers. • Building Maintenance provides repair and maintenance services to the City's facilities. This cost center is partially funded through internal labor rates.

• Equipment Services also receives business licensing revenue from performing inspections of taxi cabs. This revenue has declined dramatically in the past two years due to the

opularity of ride sharing services such as Uber and Lyft. Facilities Management is funded by an allocation.

· This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures, Staffing, and Significant Changes/Variances: In 2020, the Financial Specialist Senior will be replaced with an Executive Assistant. Two costs centers will be discontinued: Central Stores/Purchasing and Print Shop. remaining cost associated with the Print Shop is the principal and interest payments on two commercial-grade printers, to be paid off in 2021. Central Purchasing will move back to the Department of Administration & Finance's budget in the General Fund (#101). From 2018 to 2019, Supplies Expense and Charges for Services Revenue increased due to a hange in revenue and expense recognition. Central Services capital expenditures are tracked in the Central Services Capital Fund (#224). Transfers Out of the Central Services Operating Fund (#222) to the capital fund (#224) typically match the budgeted capital expenditures. In 2019, \$300,000 was transferred to the capital fund for purchase of fleet nanagement software.

Fund Purpose:									

Explanation of Revenue Sources: Revenues for this fund come from other City funds that pay a share proportionate to their estimated liability expenses. Various methodologies will be used to effectively and fairly assign costs to city funds and departmental operations. Safety & Risk costs are allocated based on departments' budgeted positions. Liability and worker's compensation costs are allocated based on two-year claims history. Business insurance costs are allocated based on net book value of departments' capital assets (per CAFR). When this fund has sufficient reserves, allocations to departments may decrease. Insurance claim reimbursements are also received in this fund.

Explanation of Expenditures, Staffing, and Significant Changes/Variances: Workers' Compensation expenses have increased in the past 18 months due to several large, unrelated injuries. The City continues to monitor the workers' compensation related accidents and provides training once an issue has been brought to the attention of the Safety & Risk division. There is also a considerable amount of proactive training which happens throughout the City in an effort to stop any workplace injuries. Capital expenditures budgeted in 2018 and 2019 were for repairs to City facilities and replacement of equipment related to 2018 flood damage. The increase in health insurance is due to a one-time break in the health insurance cost per employee in 2019. In 2020, health insurance cost per employee is increased back to the regular rates. City-wide, all salary caps will increase by 2% from 2019 to 2020.

This internal service fund tracks the revenues and expenditures of the Department of Innovation & Technology, which includes the 311 Call Center, Services, Infrastructure, Business Analytics, Applications, and Civic Innovation. The **311 Call Center** was established to handle resident telephone calls in an efficient and effective manner. It provides residents with a one-stop" shop to contact city departments with inquiries and service requests. Starting in 2017, IT Dept costs were moved to this fund. The IT Dept provides technical services to the various departments within the City. The Department of Innovation & Technology's goal is to empower an innovative workforce and a thriving community through technology, data, and strategic partnerships.

### Explanation of Revenue Sources:

fund receives revenue in the form of a fixed cost interfund allocation. The cost of the 311 Call Center and the Department of Innovation & Technology is allocated between the Τĥ City departments based on various criteria including number of devices, number of user licenses, departmental specific software renewal, and more. For 2020, the allocation to departments is less than the Department of Innovation & Technology's 2020 budget, thus spending down the cash reserves in this fund. This fund does not need to carry high cash reserves because it's budget is fully allocated each year.

Explanation of Expenditures, Staffing, and Significant Changes/Variances: ERP Implementation: In 2019, \$600,000 (from prior year reserves) was transferred to the County Option Income Tax (COIT) Fund (#404) to cover the cost of the new enterprise resource planning (ERP) software implementation. The ERP implementation is estimated to cost about \$3 million with an anticipated go-live date of April 1, 2020. Mayoral Initiatives: SBAcademy, the City's training program, has trained employees in novel techniques that enable process improvements and other innovations that will continue to make government more efficient.

CityWorks: In 2020, IT will continue to grow the enterprise work order, permits and licensing, and asset management system. In 2018, CityWorks was selected as the enterprise platform because it integrated well with GIS and had substantial adoption from similarly sized cities.

Bloomberg Mayor's Challenge (2019- 2022): \$1M grant to build a sustainable public-private transportation-as-a-benefit model in South Bend, key audience: transportation insecure hourly wage workers. Grant funds cover programming for 3 years of pilots, strategic planning, partnership building, and solution development. Funds cover personnel costs and pilots. Starting in late 2019, employers (ex: University of Notre Dame, Beacon Health Systems) will be financially contributing to pilots. NOTE: The revenue and expenditures of this grant are managed by the Department of Innovation & Technology, but are recorded in the Gift/Donation/Bequest Fund (#217).

Technology Resource Center (opened during 2019): Technology Resource Center (TRC) in South Bend's Ignition Park was built to democratize technology in our region. All will be welcome to the TRC to learn about technology and data, gain skills, and co-build an inclusive tech future for South Bend. A co-location between South Bend Code School, the City's Civic Innovation & Analytics Divisions, and Bloomberg-funded Commuters Trust, the space will be home to technology and data training, cross-sector "Beta City" collaborations, and public programming about regional innovation.

software and implementation is paid out of COIT, reflected in the 2019 budget. The City has a service contract with DTSB (Downtown South Bend, Inc.) for the maintenance of the streetscapes and sidewalks downtown. From 2019 to 2020, the cost of this contract was further consolidated into this fund, an increase of over \$600K. In 2020, Department of Community Investment (DCI) activities formerly paid out of this fund will be moved into the Economic Development Income Tax (EDIT) Fund (#408) in order to consolidate DCI expenditures. The City continues to budget funding for the demolition of vacant & abandoned houses. The Department of Public Works manages the Light Up South Bend program - a partnership with Indiana/Michigan Power Co. to install additional street lights in neighborhoods throughout South Bend. The Lampost Lighting Program is meant to improve safety by adding more street lighting throughout South Bend. The City selected two areas where residents pay less for a lamppost. They were chosen based on income, number of vacant lots, and need for lighting in the neighborhood. In 2020, the Goodwill Strategic Outreach Unit will be moved into the new Community Initiatives division in the General Fund (#101).

to keep significant cash reserves in order to receive a higher credit rating and lower interest rates.

### Explanation of Revenue Sources:

This fund receives Economic Development Income Tax (EDIT) revenue. The City of South Bend receives an allocated share of the 0.4% income tax on wages within St. Joseph County. For the revenue forecast, EDIT revenue is budgeted to increase about 2% per year. Other Income is from the sale of properties held for resale by the Department of Community Investment. This fund also receives revenue from interest earned on the fund's cash balance.

The final payment of the TJX job penalty amount of \$354,660 will be received in 2020. The job penalty fines were assessed because the company A.J. Wright violated its development agreement with the city, under which it benefited from a taxpayer-funded incentive package worth more than \$10 million. TJX, the parent company of A.J. Wright, has been paying the job penalty fines since 2011.

Explanation of Expenditures and Significant Changes/Variances: The fund is used to pay for debt service on the 2014 PSAP (Public Safety Answering Point-the consolidated county-wide 911 call center) Bonds, the 2015 Parks Bonds, and the 2018 Zoo Bonds. It also pays for various economic development initiatives and interfund transfers to the fund the Department of Community Investment (DCI) administration (Fund #211) and the Department of Code Enforcement (Fund #219 & #230). In 2020, Department of Community Investment (DCI) activities formerly paid out of the County Option Income Tax (COIT) Fund (#404) will be moved into this fund in order to consolidate DCI expenditures. 2020 budgeted expenditures include: \$220K for permanent supportive housing, \$200K for weather amnesty, \$300K for two neighborhood plans, \$210K for IT start-up costs for the Plan Commission, \$175K for neighborhood organization support, \$275K for façade matching grants, \$500K for small business development (including workforce programming), \$50K for an alley stabilization pilot program, \$100K for Complete Streets Transportation projects, \$330K for expenses related to Redevelopment owned properties, \$40K for promotion of new DCI programs, \$115K for the South Bend Chamber of ommerce.
