

City Performance Management 2021 Q3 SB Stat Post-Meeting Memo

2021 SB Stat Key Takeaways

- 21 CP Project Portfolio Updates
 - Surveys – Both surveys are entering implementation and distribution phases. Preliminary data is expected to flow in through Q4.
 - Post-Incident Reporting – Two approaches have spawned from post-incident reporting work: one focusing on a generalized improvement of documenting and the other looking at tailored changes to the three top priority processes. Both approaches are in implementation phases.
- Gun Violence Report
 - Starting in November, a regular briefing on Gun Violence will be done at an intermittent interval.
 - The flow of the briefing is set to be 1) announcements 2) tracking metrics 3) initiatives addressing gun violence and 4) open forum.
 - Tracking metrics discussed were number of gun violence incidents, number of criminally assaulted shooting victims, and number of illegal guns recovered.
- Quarterly Tracking Statistics
 - Group Violence Intervention – Percentage of Custom Notification contacts that return as suspects has remaining stable, where the number of victims has increased from 8% to 10%. Number of victims have been trending upward overtime.
 - Crime + Community – Serious crimes have decreased from Q2 to Q3 with the largest number of incidents occurring in District 2.
 - Training + Recruitment – Officers able to retire has decreased from Q2 to Q3 but, this is due to retirements taking place. 11% of trainings in the last 3 years are toward topics of interest.
