If the floodplain lines are changed, either naturally or as permitted by law, and such floodplain line changes are documented and concurred with by the City Engineer, such boundary shall be construed as moving with such change.

- It is recognized that this Ordinance may require interpretation to assign all possible uses to individual districts. Therefore, any use which is not specifically set forth in this Ordinance shall be reviewed by the Zoning Administrator for consistency with the intent set forth in each district and for compatibility with use characteristics typical of uses permitted within those districts. Based upon this review, the Zoning Administrator shall determine the appropriate district for any use which is not specifically set forth herein. In case of disagreement with the determination of the Zoning Administrator in assigning a use to an appropriate district, any aggrieved party may file an appeal with the Board of Zoning Appeals pursuant to the provisions of [Section 21-12.03](#) of this Ordinance. If it is: (i) determined by the Zoning Administrator that a particular use is not permitted in any district provided for in this Ordinance and no appeal of the Zoning Administrator's decision is filed with the Board of Zoning Appeals pursuant to the provisions of [Section 21-12.03](#) of this Ordinance; or, (ii) determined upon appeal that a particular use is not permitted in any district provided for in this Ordinance, then such use shall be deemed to require a variance.
