PURPOSE OF REQUEST:

The request is for \$288,850.00 for design work for a renovation at the Byer's Softball Complex. The project will be funded from a State grant of \$3M which we look to received in the second quarter. The renovations at Byer's Softball Complex will entail rebuilding the existing fields and other improvements to facilitate the complex being able to host additional tournaments. The current fields have drainage and other issues. The project will also add a new playground and splashpad to the adjacent park for the local residents. There is also a possibility of funding becoming available over the next couple/few years, allowing the City to phase in additional improvements and possible expansion of the complex to enable larger tournaments.
