Narrative, October 2014

The Monthly Departmental Financial Report

The City of South Bend has developed the attached Monthly Departmental Financial Report to provide current year financial information for each City fund, as well as individual departments within the General Fund, in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 20th of the month following the reporting period. The staff of the Department of Administration & Finance then summarizes the information and publishes this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements—but does not replace—other financial reports that the City prepares such as the Monthly Financial Report, Controller's Cash Report, the Department of Local Government Finance's Annual Financial Report (AFR), or the Comprehensive Annual Financial Report (CAFR).

Summary Trends & Observations

As of October 31, 2014, total revenue was \$198,101,010, 73% of estimated revenue. As of October, 2013 total revenue received was \$205,678,250 within the same funds. Excluding property taxes which are received in June and December each year, remaining revenue sources are at 78% of estimates—less than the expected 83% at this point in the year. October's cash receipts of \$11.7 million included \$1.4 million in water works revenue and \$990,000 from Community Development Block Grants (CDBG) received through the Department of Community Investment.

As of October 31, 2014, total expenditures were \$219,048,822 and outstanding encumbrances were \$27,565,011, a total of \$246,613,827 which represents 64% of the amended expenditure budget. Encumbrances are either holdovers from previous years or obligations for the remainder of the year. Encumbrances continued to drop in October as more construction projects and vendors were paid after work performed. If encumbrances were excluded, expenditures were 57% of the amended expenditure budget at the end of the period. Total expenditures were \$224,567,709 as of October 31, 2013.

We hope that you find this Monthly Departmental Financial Report useful in understanding the finances of the City of South Bend a little bit better. If you have any questions regarding this report, please contact us at 574-235-7702.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The negative revenues indicated in the Property Taxes line, Current Year to Date Actual column indicate that this department is collecting more in revenues than it has expended--this department is paying for itself. Part of the reason for the negative property tax revenue is also due to timing of recording charges to other departments. There were charges that occured in 2013, however, that were not recorded until January 2014, and thus showing a credit each month YTD. This should correct itself in 2015.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund includes the expenditures for 213 of the 260 budgeted Police officers and 95 civilian staff. Fund 249 contains the funding for 47 of the 260 Police officers that are funded by the LOIT. The 2014 Personnel Expenditure exceeds the prior year amount due to the 2.5 % increase in Police salaries partially offset by resignations and retirements in 2014 compared to 2013. Personnel costs are not expected to exceed the 2014 annual budget. The Supplies, 87% of budget used, is the result of a number of 2013 purchases encumbered in the 2014 budget as the Supplies were not received/paid for in 2013. Supplies expenditures for the full year 2014 are expected to be within budget.

Explain Significant Spending on Capital Projects Below:

Capital expenditures budget for 2014 is the result of a 2013 encumberance to upgrade the video software for the interview room plus a budget transfer to provide for the conversion of police vehicles to compressed natural gas. The year to date capital expenditure was the cost of the video software for the interview room.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The South Bend Fire Department is budgeted to have 251 sworn firefighters and 6 civilian full time employees. 38 firefighters are paid directly through the Public Safety LOIT leaving this account the balance. We swore on 1 firefighter in the month of September. We hold a lengthy recruitment process every 2 years and hire individuals in groups of 6-10 as needed while that list is in effect. We also employ civilian administrative staff that handle payroll, purchasing and billing for our ambulance service.

Explain Significant Spending on Capital Projects Below:

The Fire Department uses EMS Capital Fund 288 to capture revenue gererated by ambulance calls. All capital projects relating to the Fire Department operations are run through that fund. For that reason, you will not see expenses related to purchasing fire apparatus, or capital improvements to buildings in the General Fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Fund 201 accounts for the annual operation of the Parks and Recreation Department. There are six divisions within the department, Administration, Maintenance, Golf, Recreation, Greenhouse, and Graffiti. For 2014, the Potawatomi Zoo will be operated by the Potawatomi Zoological Society. The Zoo revenues have been removed from the budget. However, because of the timing of the change, the original expenses are still included in the above budget in order to cover obligations resulting from the memorandum of understanding between the City and PZS. January had three pay dates, which resulted in the higher personnel costs. Expenses related to the Zoo transition also contributed to the higher than normal expenses in personnel and services categories and lower cash balance. Golf Revenues have been affected by the cold, wet spring and rainy summer weather. Part time staffing is individuals, not FTEs

Explain Significant Spending on Capital Projects Below:

Because of decreasing property tax revenues, the only capital expense for 2014 consists of the purchase of three pickup trucks and two commercial riding mowers.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Information included for Streets, Traffic & Lighting, and Curb & Sidewalk: Increase in personnel costs - in 2013 the Traffic & Lighting budget was moved from the General Fund (101-0607) to MVH; additional salary and benefit allocations from Engineering Department. We set up a new overtime account so that we can track Special Events overtime costs which will allow for better understanding of the overtime costs incurred for special events around the City. Additional appropriations were requested and approved in July 2014 for expenses incurred as stated above. These have been reflected in the budget column above.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund was established for the continuing education and supplies for police and is funded by fees from accident reports, gun permits, false alarm and loud noise fines. Other income includes the receipt of funds from the US Marshal Service for rent of SBPD facility. The increase in Services expenditures over 2013 is due to the planned increase in officer training courses. Supply costs in 2014 exceed the budget and a budget transfer will be prepared to cover this amount. The 2014 Capital purchase was the license renewal for forensic software. The \$100,000 of Capital expended in 2013 was a portion of the purchase of the Police SWAT vehicle.

Total	-	-	-

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is used primarily to fund Smart Streets projects as well as the Vacant & Abandoned Housing intiative. Most of the \$1.2 million encumbrance for Services is to demolition companies for V&A demolitions (\$730,000) and Trucks R Us for hauling contaminated refuse from the Organic Resources site (\$372,000). (The Organic Resources material has small pieces of plastic in it from being hauled in plastic bags, rendering it useless as organic compost.)

Explain Significant Spending on Capital Projects Below:

Budgeted capital expenditures include \$150,000 for a well pump at West Calvert (in association with the ethanol plant) and \$1.95 million for the Smart Streets initiative. The well pump has been installed but this account's reserve has yet to be used for the streets.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Prior to 2014, monies in Fund 249 were transferred quarterly to the General Fund to fund police and fire personnel. A quarterly reconciliaton was prepared and any unspent money was transferred back to Fund 249. For 2014, the City has been advised by the DLGF and SBOA that it should budget personnel costs directly from Fund 249. In 2014 the Fund includes the salary and benefit costs for 47 police officers and 38 firefighters. As of Oct 2014 the police expenditures are in line with budget but firefighters are over by \$145,000.

Explain Significant	Spending on	Capital Pro	iects Below:

None. No capital equipment is purchased from this fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Morris Performing Arts Center and Palais Royale Marketing Fund was established as a separate non-reverting fund to receive monies from solicitation of funds for commercial promotion sponsorships such as commercial ads on ticket envelopes and Morris Marqee sponsorships; and to accept donations to The Morris Performing Arts Center and Palais Royale. All sums so collected and deposited in this fund are to be used for the sole purpose of assisting with continued promotions of and within both the Morris Performing Arts Center and Palais Royale. The funds in this account at the end of the fiscal year shall not revert to the general fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Charges for Service for HAZ-MAT responses. By ordinance the South Bend Fire Department charges businesses for Hazardous Materials Response. This typically happens once or twice a year. There are no employees associated with this fund, responses are made by firefighters of the South Bend Fire Department. Received reimbursement for extended response to airplane crash.

Explain Significant Spending on Capital Projects Below:

No major capital expenditures are planned through this fund. Major purchases are funded through the Fire Department and EMS Capital and the minimal fees collected in this fund are used to replace equipment and gear used in responses.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund was established to receive the Police Department share of money acquired in drug enforcement activity. Expenditures are to be used to fund drug enforcement and training. Spending in excess of budget reflects increased spending on enforcement tools and services which will be covered by budget transfers. Other Revenue in 2013 reflects Federal Grant reimbursement for the purchase of a bomb suit.

Explain Significant Spending on Capital Projects Below:
The \$67,058 expenditure in 2013, includes a portion of the purchase of a SWAT vehicle. The 2014 capital purchase is the purchase of three Police vehicles.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Significant revenue increase in 2014, due to the City receiving approximately \$67,000 more per month in COIT distribution than in the prior year. The 2014 amended budget balance is negative because it includes \$220,263 in encumbrances at 12/31/13 for projects that were in process. For 2014, COIT distributions from the County are \$720,484.22 per month and are paid through December 31, 2014. The amount shown as Transfers Out of \$1,100,000 is for the curb and sidewalk program. This is a significant increase (63%) from last year as the program has been well received by the citizens of South Bend. The amount is transferred to the MVH fund 202.

Explain Significant Spending on Capital Projects Below:

This year, \$297,500 has been budgeted for IT upgrades such as mobile 311 application and fiber enhancements to the County City building, Central Services and the Water Works Olive St. Station. An additional \$972,500 was appropriated in May 2014 to pay Transpo for the City's portion of the new CNG fueling station.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

2014 Budget includes 10 people (9 FT, 1 PT) from Code Enforcement as a result of the 2014 Budget as advertised and a consequential limitation in Fund 600. Encumbrances include \$150K to St Joe Cty Chamber of Commerce. Transfers Out include \$1.69 million to DCI, \$1.87 million to MVH, and \$2.3 million to the Building Dept fund for Code Enforcement operations.

Explain Significant Spending on Capital Projects Below: \$275,000 has been budgeted for the Potawatomi Zoological Society.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is used to collect a separate property tax levy (distributions received in June and December) and is used to pay debt service on the former College Football Hall of Fame building (payments due in February and July). Because of the timing of revenue and expenditures this fund will typically have a negative cash balance until the property tax distributions are received. PILOT taxes paid by the utilities are received monthly in this fund. Property taxes were received in the amount of \$271,788 during June, 2014 The property tax collections represented 54.69% of the 2014 budgeted revenue amount. The Hall of Fame bond was refunded during 2011 resulting in lower debt service payments. The final payment is due February 1, 2018. The February and July debt service payments have been made for 2014. The fund will receive additional property taxes and license excise tax revenue during December, 2014.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The revenues in this account are generated through user fees for the South Bend Fire Department EMS division. These funds are used for capital purchases such as fire apparatus, ambulances and major construction projects. There are no employees associated with this fund. Incurring project expenses for construction of Fire Training Facility and Fire Station 5 which will be reimbursed through bond. Operated costs are incurred through the General Fund (101-0901) and so a transfer of \$1,000,000 is processed to cover those expenditures.

Explain	Significant	Spending	on Capital	Projects	Below:

Continued construction of Fire Training Facility.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Effective January 1, 2013, this fund no longer collects hotel/motel tax allocations from St. Joseph County for payment to the Hall of Fame. This fund is currenty used for debt. PSDA tax revenue is generally received from the State on a monthly basis. PSDA tax is a special tax received from the State of Indiana based on the sales tax, income tax and local income taxes collected in the PSDA area (which includes Coveleski Stadium, Century Center, Morris Performing Arts Center and Studebaker National Museum). Coveleski Stadium generates the majority of PSDA revenue. The January debt service payments have been made for 2014. The final debt service payment on the 2010 Coveleski Stadium bonds was paid January 15, 2013. The outstanding principal balance on the bonds is \$2,850,263 at July 31, 2014.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This is a nonreverting capital fund that accounts for revenues collected and expenses for specific purposes or locations. These locations are Potawatomi and Rum Village Picnic Areas, the East Race, Golf Courses, Forestry, Howard Park Ice Rink, and, until 2014, Potawatomi Zoo. The cash balance includes \$60,300 that is restricted to expenditures in Voorde Park.

Explain Significant Spending on Capital Projects Below:

This fund is for expending nonreverting revenue collected from the Zoo, golf courses, East Race Waterway, picnic sites and forestry revenue.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund receives revenue from a property tax levy and distributions are received from St. Joseph County in June and December. Expenditures are for debt service payments on capital leases and the due dates vary per lease. The fund is used to finance police vehicles and related equipment. The fund also receives PILOT payments from the Water Works and Wastewater utilities on a monthly basis. For the 2014 budget, this fund will be used to pay existing police capital lease payments but will not include a capital lease for 2014. This payment will be moved to the COIT Fund No.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Revenue in this fund includes \$150,000 in hotel/motel taxes and \$258,990 in cigarette taxes from other units of government. The hotel/motel tax distribution is usually received in July or August and the cigarette tax allocation is usually received in June and December. In 2014, this fund is used to pay 75% of the 2011 Century Center Refunding bonds as it was in 2013. Payments on the Century Center bond are due in February and July. Because of timing of revenue and expenditures, this fund will often have a negative cash balance during the year.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006. The money was derived from the State lease of the I-80 tollroad to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. The amounts outstanding were \$886,677 (Fund 435 - Douglas Road) and \$4,740,818 (Fund 436 - Eddy Street/Triangle) at 31 October 2014. These revenue streams are scheduled to cease in 2030. Encumbrances are for projects such as the Marion St. Roundabout, Olive-Sample Overpass, and Two-Way Conversion for Main and St. Joseph Streets.

Explain Significant Spending on Capital Projects Below:

The 2014 Budget includes \$5.6 million for the Smart Streets initiative and a prior-year encumbrance of \$173,020 for utility relocation on the US 31 project south of town. Of the \$3.1 million encumbered as of 31 October, \$289,000 remains for DLZ for the Olive-Sample overpass project, \$255,000 for Selge Construction for Jefferson Blvd Streetscapes, \$566,000 to Lawson-Fisher Associates for development of the Marion St. roundabout, \$161,000 to CHA Consulting for Corridors development, \$206,000 to American Structurepoint for 2-way street conversion activities, and \$296,000 to Jones Petrie Rafinski for the Bartlett St. roundabout design.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund was established for the purpose of renovating, remodeling, or, otherwise improving the facilities and / or service to the patrons of the Morris Performing Arts Center. There is no staffing for this fund. Funds in this account are received from a per ticket surcharge included on every sold ticket.

Explain Significant Spending on Capital Projects Below: There are no Capital projects budgeted for this year.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund now comprises the Consolidated Building Department, most of Code Enforcement and Animal Control. Code and Animal Control are managed together but are run separately from the Building Department per Council's wishes. There are 9 additional positions for Code Enforcement that are paid from the EDIT fund (408) as it was not possible to increase the expenditures of this fund to accommodate them as a result of an advertising limitation. The \$2.3 million transfer is from the General Fund to cover Code and Animal Control activities which, unlike the Consolidated Building Department, are not enterprises by nature.

Explain	Significant	Spending	on Capital	Projects	Below:

Capital includes 5 vehicles for Code Enforcement and 1 for the Building Department.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund charges City residents a small monthly fee to pick up and dispose of their trash at area landfills and recycling centers. The operations of Solid Waste are totally funded by these user fees. A much needed purchase of trash totes for distribution to City residents is the main reason operating supplies are running at 99% of budget year to date. Large encumbrances for landfill tipping fees and recycling services, along with higher than expected vehicle repair and maintenance costs, are contributing to the Services budget already at 92% used.

Explain Significant Spending on Capital Projects Below:

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The purpose of this fund is to pay for capital items, such as trash trucks, used in the day to day operations of Solid Waste. Other than a small amount of interest income, the sole source of revenue for this fund comes from dollars transferred in from the Solid Waste Operations Fund #610. These transfers are done on an as needed basis.

Explain Significant Spending on Capital Projects Below:

Year to date capital spending has been for retrofitting trash trucks with on-board RFID tag reader computer systems.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The purpose of this fund is to account for all revenue and operational expense of the water utility. This fund provides the monies for debt service obligations, reserve requirements and revenue funded capital improvements through transfer of monies to other funds within the utility operations. Year to date service revenues are 4.42% less compared to 2013. For 2014, water production is down by 223 million gallons. Other income revenue has increased due to scrap water meter sales. Meter supplies and construction/maintenance material purchases are higher than last year. Greater services spending year to date is mostly for additional 311 Call Center costs and for extraordinary water system repair work due to leak repairs and thawing of water lines earlier in the year.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The purpose of this fund is to segregate the use of bond proceeds that are applied to the acquisition, construction and installation of certain additions, extension and improvements. Revenue bonds were issued in June 2012 with an aggregate principal of \$8,300,000. Interest earnings year to date are minimal due to a lesser amount of cash on hand.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund utilizes monthly fees received from residents and businesses to properly treat, transport, and dispose of generated sewage. Service revenue is running slightly below budget estimates as the approved rate increase was below the estimated amount. Debt service payments are made in accordance with City amortization schedules. Transfers out are done as needed to fund capital purchases in Fund 642 and to fund scheduled debt service payments.

			_

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is used to purchase capital equipment and fund major renovations/restorations for the Wastewater and Sewer Departments. The primary source of income is from Sewage Works Operating Fund #641, which transfers funds here as needed. Projects budgeted this year include Sewer Relining and Manhole Rehab. work throughout the City, replacing the Eastgate area Lift Station, and rebuilding/replacing the dewatering presses at the Wastewater Plant.

Explain Significant Spending on Capital Projects Below:

Year to Date totals include WWTP Primary Clarifier rehab \$1,418,424, Sage/Poppy Rd Lift Station \$289,919, Ferric Chloride Feed Facility \$393,410; Sewer Dept. tandem axle dump trucks \$323,802, Jet Rodder/Vacuum machine \$309,680; Manhole Rehab. work \$131,735, Sewer lining work \$633,524, CNG station upgrade \$90,000, Wastewater tri-axle roll-off truck \$171,693.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Century Center Board of Managers has not approved a 2014 capital budget in this fund. An appropriation to cover the cost of the new freight elevator originally paid out of Fund 670 was approved in July 2014. A transfer was done in August to move the cost from Fund 670 to Fund 671. SMG contributed a one time amount of \$575,000 to cover capital expenses in August 2013.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Central Services Division consists of six cost centers that provide a variety of services to other city departments, along with several local county, state and federal agencies. On the Revenue side we received checks for \$39,980 from Energizing Indiana. On the expense side, the services acct is at 80% because we encumbered the rental costs on the Printshop equipment for the year, monies were also encumbered for the utilities. The supply acct. goes up and down, depending on vehicle repairs. In Oct we had 1,349 repairs. Year to Date repairs are 13,575. Average Fuel prices for the first 10 months are \$2.97 for Unleaded and \$3.28 for Diesel. Budgeted amount per gallon is \$3.45.

Explain Significant Spending on Capital Projects Below:

We amended our budget to add the following Capital Projects: Upgrade the Sample St Garage to meet the requirements for Compressed Natural Gas vehicle repairs. Purchase of two in-ground hoists for the Sample St Garage. The purchase of a vehicle diagnostic scanner tool. Radio tower inspection repairs throughout the City.

Staffing Full Time Part-Time /Seasonal/Temporary

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund handles expenses relating to insurance and claims relating to employees: medical, dental, life, flex spending, etc. For the last several years expenses have significantly exceeded revenues (charges to City Departments and employees) so our cash balance has been eroding. We budgeted a \$1 million loss this year and it will likely be more than that. Our insurance advisor is projecting medical claims to reach 107% of budget; if this occurs, this would be an additional \$780,000 loss. We've already lost over \$1,300,000 this year. This is not sustainable in the long-term and we need to address this situation. For the 2015 Budget, we increased employer and employee contributions significantly, which should help. We are also working with our insurance advisor on some other options.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund charges an allocation of 0.5% of payroll to most departments to cover the cost of unemployment claims paid. For the 2014 budget, the rate charged to departments has been reduced to 0.25% due to favorable claims history and increasing cash reserves. Budgeted charges for services were adjusted in July 2014 to reflect the change in charges to the departments. At December 31, 2013, claims paid on behalf of former Parks & Recreation department employees were \$31,307, or 11% of total claims paid. The Unemployment Compensation Fund is classified as an Internal Service Fund for financial reporting. Claims continue to be lower than anticipated.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is designated for expenses specifically for the City Cemetery. Revenues were originally derived from the sale of cemetery plots and burial expenses. There are few sites available for sale and most plots are occupied, resulting in little burial activty.

Explain Significant Spending on Capital Projects Below:

Spending this year will concentrate on repairing headstones and completing the GIS survey of the cemetery and its occupants.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

2013 Revenue from one time payment from AJ Wright of \$2 M received in April along with Blackthorn debt service paid off in 2013 and reserve amount returned to this fund. While one can find usefulness in reviewing revenue trends in TIF funds from one year to the next, because projects change wildly from one year to the next, it is less meaningful to examine year to date expenditures against the prior year to date. Major projects carried out in 2013 were: Ignition Park Infrastructure; Data Realty; the SB Animal Shelter reconstruction; continued acquisition in Ignition Park South and East; purchase of Scientific Equipment in Ignition Park; acquisition in the LaSalle Square Area; the Renaissance District Phase I and the beginnings of Phase II; the beginnings of expenditures on the Studebaker/Oliver Project; and Bosch holding costs. In 2014, the major projects thus far approved are: Continuation of projects approved for 2013; and the addition of the Kolata contract.

Explain Significant Spending on Capital Projects Below:

Capital projects thus far this year are: Renaissance District Phase II; major expenditures in the Certified Tech Park; the Studebaker/Oliver project; and continued Ignition Park South & East acquisitions.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

TIF funds are used to fund projects which vary widely from year to year, so no real trend is expected from one year to the next.

Explain Significant Spending on Capital Projects Below:

Capital projects committed to in 2014 include: Finishing Century Center West Entrance; Studebaker Plaza; Hill & Colfax Mixed Use Development; and LaSalle Hotel. Capital projects taken on in 2013 were: Century Center West Entrance; Studebaker Plaza; and Wayne Street Garage Facade improvements.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

TIF projects vary widely from one year to the next so expenditure comparison will not yield reliable trend review. Major Projects for 2013 were: completion of the Fellows Street Corridor project; additional work on the Ireland Street project; and the final acquisition and engineering along with construction of the Main/Lafayette Crossover project. Projects committed thus far in 2014 are: completion of the Fellows Street Corridor Project; Ireland & Miami Area Improvements; Main/Lafayette Crossover Project and Walter Street Sidewalks.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Douglas Road TIF was established to develop the road and area near Brown Mackie College near the South Bend-Mishawaka border. The fund borrowed money from the City of Mishawaka (\$1,086,550) and Major Moves Fund 412 (\$1,000,000) to finance initial construction. The fund uses TIF tax revenue to repay the loans. At October 31, 2014, the amounts due Mishawaka and Major moves were \$47,003 and \$886,677, respectively.

Explain Significant Spending on Capital Projects Below: Projects for 2014 include: the Douglas Road Turn Lane.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

TIF projects vary widely from year to year and expenditures will not necessarily have any trend from one year to the next. Major projects for 2014 include a City contribution to the 2nd Eddy Street Commons Ammendment. The \$214,573 Capital Expenditure was to Kite Realty Eddy St. Garage LLC and the budget was adjusted on 6 Mar 2014 to cover it. Debt service includes two inter-fund loans from the Major Moves fund, for development of the Triangle and for Eddy Street Commons with balances at 31 October 2014 of \$1.5 million and \$3.2 million, respectively. There is also a revenue bond from 2008 for Eddy Street development with a balance at 31 October of \$33 million.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:							
The purpose of this fund is to payoff debt. We will not be requesting additional funds from the TIF. The first opportunity to pay off the bond will be							
February, 2017. The plan is to payoff the bond at that time along with the prepayment penalty. In June we received \$9,175 in the tax distribution we							
were not expecting to receive. This ame	ount represents colle	ction of delinque	nt taxes from prev	ious years.
