

SOUTH

BEND

December 2014 - January 2015

Mayor Pete Buttigieg

Dear Neighbor,

South Bend has made strong progress in 2014 by signing 23 major economic development projects that will bring 1,350 new jobs—with nearly 400 of these jobs filled this year—and \$186 million in new private investment to the community. We're on track to extend our momentum into 2015 and beyond.

During the holiday season, I encourage you to take advantage of Downtown South Bend Inc.'s new gift certificate program that supports locally owned businesses. Downtown Dollars work just like cash and are redeemable at over 50 businesses, including restaurants and entertainment venues. This initiative drives investment in our community, providing additional incentive to take advantage of the vibrant downtown area. For more information, visit dtsbdowntowndollars.com.

We got an early harbinger of winter this year and, as always in such hazardous conditions, City employees worked hard to keep roads safe. South Bend's Snow Removal and Winter Storm Recovery Process is divided into two overlapping systems. The City's primary and arterial streets form the first system. These roads, which carry a majority of traffic and provide the interconnection of neighborhoods, are plowed from curb-to-curb and receive salt for the duration of a storm. During those times, crews plow 24 hours a day to keep these roads open. The second system involves residential snow routes. These streets are provided a passable lane and are salted on hills, curves, and intersections. Crews address the neighborhood and residential streets after the primary and arterial streets have been made navigable.

There are approximately 2,200 lane miles of pavement to be plowed. Residents are asked to wait to call the 311 Call Center to report unplowed streets until 36 hours after snow has stopped falling. This allows snow removal crews adequate time to complete sufficient passes on all of their assigned snow routes.

The City also reminds residents to take steps to prevent pipes from freezing. In extreme cold, leave a little water running—a stream about the diameter of a toothpick—at one or two spots in your home. A small stream of running water has a minimal effect on water bills and helps prevent the major damage that frozen pipes can create.

I wish everyone a joyous holiday season and a happy and productive 2015.

Sincerely,

A handwritten signature in black ink, appearing to read "Pete", written in a cursive style.

Mayor Pete

Is your house in need of repair?

The time to inquire about the **South Bend Home Improvement Program (SBHIP)** is now. The SBHIP application process has changed to one application deadline per year. SBHIP will be accepting applications from December 15, 2014 through February 15, 2015.

South Bend homeowners, who are determined to be eligible, may receive a grant for certain approved home repairs such as roof, furnace, electrical, plumbing, or exterior items. **All SBHIP applications must be turned in by the new deadline date February 15, 2015**

For questions, please call 311.
