

**UNITY GARDENS THANK YOU**

Dear Redevelopment Commissioners,

Tomorrow we close on the property at La Salle Square. Every new event, every Facebook post, and every plant we sprouted has been enhanced by your generosity and public confidence in the work of Unity Gardens.

For the first year ever, we have secured all the Indiana NAP tax credits through local donations – also helped by the Commission voting to sell the property for \$1. One new donor even said that it was “obvious that Unity Gardens was successful – after all, the City wouldn’t permanently invest otherwise.”

So many others congratulated us and, of course, the media also highlighted it. At a time when it seems nobody can agree on any public policy, it seems we’ve had no dissention or concerns!

Thank you for helping our community grow.

In Unity!

Sincerely,  
Sara Stewart
