# PROFESSIONAL SERVICES AGREEMENT

ATTN: Chief Carl Buchanon

South Bend Fire Department

**CLIENT:** City of South Bend, IN

1222 South Michigan South Bend, IN 46601

PROJECT: South Bend Fire Station #8
PROJECT LOCATION: South Bend, IN
DATE OF AGREEMENT: May 11, 2022

# **PROJECT DESCRIPTION**

It is our pleasure to present to you a proposal for initial design services for a new South Bend Fire Station #8 located at the corner of Twyckenham Dr and Altgeld St. This proposal includes programming, schematic building & site design, and cost estimation.

# **SCOPE OF SERVICES**

# **Design Services**

Design services shall consist of two periods: Programming and Schematic Design. Each period will end with select deliverables in addition to a follow-up meeting.

# Programming

- Review current planning documents with the City/Department
- Conduct interviews with the Fire Department and station staff to identify current and future needs of the station
  - Working with you to develop and deliver an efficient and safe environment for your first responders is our highest goal. We will work with the fire department representatives to develop a comprehensive building and site program that defines your current and future needs. We expect to meet several times to develop this program with representatives from the South Bend Fire Department, the City of South Bend, and any other necessary stakeholders. Utilizing a programming matrix developed on past fire station projects, we can efficiently determine existing and future needs and use this in later cost estimating exercises.
- <u>Deliverable:</u> Written Program of Requirements for the new station, including interior and exterior space requirements, and site requirements, incorporating current NFPA standards

# Schematic Building & Site Design

- Prepare a schematic design package
  - The schematic design package will be the result of collaboration between the City, Fire Department, and the Shive-Hattery team, and will include a conceptual site plan, floor plans, and elevations built upon programming and site selection criteria established in the programming phase. We will develop detailed floor plans, MEP system narratives,

- and initial site layouts. We will review these plans with relevant stakeholders and revise the design as necessary in preparation for moving into future phases of the project.
- We will develop a site model in computer aided design (CAD) software that displays site criteria from comprehensive site research (i.e., wetlands, parcel boundaries, contours, floodplain, environmental conditions/plumes, and easements). By performing this exercise the overall building and site program can be situated properly on the site.
- We will conclude this phase with a presentation of the approved schematic design, construction costs, and anticipated project schedule to relevant stakeholders.
- Prepare room data sheets for each space identified in the Space Program.
  - These data sheets will give a detailed description of the finishes, fixtures and fittings, and mechanical and electrical requirements that will be required for each room. These will help the design team engage with users of the spaces to ensure that they fully understand each room's specific requirements and to ensure the design intent aligns with the needs of the City and Department.
- Provide estimated total construction project cost estimate
  - Once a clear and concise schematic design package has been completed and approved, we will work with our consultants to develop a preliminary cost estimate to help you determine an overall project budget for moving the project forward
- <u>Deliverables:</u> Schematic design site plan, floor plan, and elevations; Room data sheets; estimated total construction cost estimate.

Nothing in this Agreement is intended to create, nor shall it be construed to create, a fiduciary duty owed by either party to the other party.

#### **BETTERMENT**

The CLIENT recognizes and expects that certain change orders may be required to be issued as the result in whole or part of imprecision, incompleteness, omissions, ambiguities, or inconsistencies in S-H's drawings, specifications, and other design, bidding or construction documentation furnished by S-H or in other professional services performed or furnished by S-H under this Agreement (herein after in this Betterment section referred to as S-H Documentation). The CLIENT recognizes that it is difficult for S-H to assure the accuracy, completeness and sufficiency of such client-furnished information, either because it is provided by others or because of errors or omissions which may have occurred in assembling the information the CLIENT is providing. Accordingly, the CLIENT agrees, to the fullest extent permitted by law, to indemnify and hold harmless S-H, its officers, directors, shareholders, employees, agents, subconsultants and affiliated companies, and any of them, from and against any and all claims, liabilities, losses, costs, expenses (including reasonable attorneys' fees, experts' fees, and any other legal costs) for injury or loss arising or allegedly arising from errors, omissions or inaccuracies in documents or other information provided by the CLIENT.

S-H shall not have responsibility for means, methods, techniques, sequences, and progress of construction of the contractor, subcontractors, agents, employees, agents, consultants, or other entities. In addition, CLIENT agrees that S-H is not responsible for safety at the project site and that safety during construction is for the CLIENT to address in the contract between the CLIENT and contractor.

#### **SHOP DRAWING REVIEW**

If, as part of this Agreement S-H reviews and approves Contractor submittals, such as shop drawings, product data, samples and other data, as required by S-H, these reviews and approvals shall be only for the limited purpose of checking for conformance with the design concept and the information expressed in the contract documents. This review shall not include review of the accuracy or completeness of details, such as quantities, dimensions, weights or gauges, fabrication processes, construction means or methods, coordination of the work with other trades or construction safety precautions, all of which are the sole responsibility of the Contractor. S-H's review shall be conducted with reasonable promptness while allowing sufficient time in S-H's judgment to permit adequate review. Review of a specific item shall not indicate that S-H has reviewed the entire assembly of which the item is a component. S-H shall not be responsible for any deviations from the contract documents not brought to the attention of S-H in writing by the Contractor. S-H shall not be required to review partial submissions or those for which submissions of correlated items have not been received.

## **OPINIONS OF PROBABLE COST**

If, as part of this Agreement S-H is providing opinions of probable construction cost, the CLIENT understands that S-H has no control over costs or the price of labor, equipment or materials, or over the Contractor's method of pricing, and that S-H's opinions of probable construction costs are to be made on the basis of S-H's qualifications and experience. S-H makes no warranty, expressed or implied, as to the accuracy of such opinions as compared to bid or actual costs.

## **CONSTRUCTION OBSERVATION**

If, as part of this Agreement S-H is providing construction observation services, S-H shall visit the project at appropriate intervals during construction to become generally familiar with the progress and quality of the contractors' work and to determine if the work is proceeding in general accordance with the Contract Documents. Unless otherwise specified in the Agreement, the CLIENT has not retained S-H to make detailed inspections or to provide exhaustive or continuous project review and observation services. S-H does not guarantee the performance of, and shall have no responsibility for, the acts or omissions of any contractor, its subcontractors, employees, agents, consultants, suppliers or any other entities furnishing materials or performing any work on the

project.

S-H shall advise the CLIENT if S-H observes that the contractor is not performing in general conformance of Contract Documents. CLIENT shall determine if work of contractor should be stopped to resolve any problems.

#### OTHER SERVICES

The CLIENT may direct S-H to provide other services including, but not limited to, any additional services identified in S-H's proposal. If S-H agrees to provide these services, then the schedule shall be reasonably adjusted to allow S-H to provide these services. Compensation for such services shall be at S-H's Standard Hourly Fee Schedule in effect at the time the work is performed unless there is a written Amendment to Agreement that contains an alternative compensation provision.

#### **OWNERSHIP & REUSE OF INSTRUMENTS OF SERVICE**

All reports, plans, specifications, field data and notes and other documents, including all documents on electronic media, prepared by S-H as instruments of service shall remain the property of S-H. The CLIENT shall not reuse or make any modifications to the plans and specifications without the prior written authorization of S-H. The CLIENT agrees, to the fullest extent permitted by law, to defend, indemnify and hold harmless S-H its officers, directors, shareholders, employees, agents, subconsultants and affiliated companies, and any of them from any and all claims, losses, costs or damages of any nature whatsoever arising out of, resulting from or in any way related to any unauthorized reuse or modifications of the construction documents by the CLIENT or any person or entity that acquires or obtains the plans and specifications from or through the CLIENT without the written authorization of S-H.

#### **DISPUTE RESOLUTION**

If a dispute arises between S-H and CLIENT, the executives of the parties having authority to resolve the dispute shall meet within thirty (30) days of the notification of the dispute to resolve the dispute. If the dispute is not resolved within such thirty (30) day time period, CLIENT and S-H agree to submit to non-binding mediation prior to commencement of any litigation and that non-binding mediation is a precondition to any litigation. Any costs incurred directly for a mediator, shall be shared equally between the parties involved in the mediation.

#### **EXCUSABLE EVENTS**

S-H shall not be responsible or liable to CLIENT or CLIENT's contractors, consultants, or other agents for any of the following events or circumstances, or the resulting delay in S-H's services, additional costs and expenses in S-H's performance of its services, or other effects in S-H's services, stemming in whole or part from such events and circumstances (collectively, "Excusable Events" or, singularly, an "Excusable Event"): a change in law, building code or applicable standards; actions or inactions by a governmental authority; the presence or encounter of hazardous or toxic materials on the Project; war (declared or undeclared) or other armed conflict; terrorism; sabotage; vandalism; riot or other civil disturbance; blockade or embargos; explosion; abnormal weather; unanticipated or unknown site conditions; epidemic or pandemic (including but not limited to COVID-19), delays or other effects arising from government-mandated or government-recommended quarantines, closure of business, access, or travel; strike or labor dispute, lockout, work slowdown or stoppage; accident; act of God; failure of any governmental or other regulatory authority to act in a timely manner; acts or omissions by CLIENT or by any CLIENT's contractors, consultants or agents of any level on the project (including, without limitation, failure of the CLIENT to furnish timely information or approve or disapprove of S-H's services or work product promptly, delays in the work caused by CLIENT, CLIENT's suspension, breach or default of this Agreement, or delays caused by faulty performance by the CLIENT or by CLIENT's contractors, consultants, or agents of any level); or any delays or events outside the reasonable control of S-H. When an Excusable Event occurs, the CLIENT agrees S-H is not responsible for any actual or claimed damages incurred by CLIENT or CLIENT's contractors, consultants, or agents, S-H shall not be deemed to be in default of this Agreement, and S-H shall be entitled to a change order to equitably increase and extend S-H's time for performance of its services, as well as equitably increase the contract sum to compensate S-H for its increased labor, expenses, and other costs to perform its services, due to the Excusable Event.

#### **ASSIGNMENT**

Neither party to this Agreement shall transfer, sublet or assign any rights under or interest in this Agreement (including but not limited to monies that are due or monies that may be due) without the prior written consent of the other party.

# SEVERABILITY, SURVIVAL AND WAIVER

Any provision of this Agreement later held to be unenforceable for any reason shall be deemed void, and all remaining provisions shall continue in full force and effect. All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating responsibility or liability between the CLIENT and S-H shall survive the completion of the services hereunder and the termination of this Agreement. The failure of a party to insist upon strict compliance of any term hereof shall not constitute a waiver by that party of its rights to insist upon strict compliance at a subsequent date.

#### **GOVERNING LAW**

This Agreement shall be governed pursuant to the laws in the state of the locale of the S-H office address written in this Agreement.

#### **EQUAL EMPLOYMENT OPPORTUNITY**

It is the policy of S-H to provide equal employment opportunities for all. S-H enforces the following acts and amendments as

S-H will not discriminate against any employee or applicant because of race, creed, color, religion, sex, national origin, gender identity, sexual orientation, marital status, ancestry, veteran status, or physical or mental handicap, unless related to performance of the job with or without accommodation.

#### **COMPLETE AGREEMENT**

This Agreement constitutes the entire and integrated agreement between the CLIENT and S-H and supersedes all prior negotiations, representations and agreements, whether oral or written. In the event the CLIENT issues a Purchase Order of which this Agreement becomes a part, or the CLIENT and S-H otherwise execute or enter into a contract into which this Agreement is incorporated, the parties expressly agree that, to the extent the terms of this Agreement conflict with or are otherwise inconsistent with such Purchase Order, or any other contract, this Agreement shall supersede and override the terms of the aforementioned documents, and this Agreement shall solely govern in those regards.

#### **ACCEPTANCE**

Wet signatures, digital signatures, electronic signatures or acceptance communicated by mail or e-mail from one party to another, are deemed acceptable for binding the parties to the Agreement. The CLIENT representative accepting this Agreement warrants that he or she is authorized to enter into this Agreement on behalf of the CLIENT.
