Dear Bob:

I checked into the advisability of vacating the alley along the south side of 1607 S. Main Street and find from a Traffic standpoint there is no objection.

Actually since this alley does not go through to Lafayette Blvd. the only person affected is the occupant of 1607 S. Main who could continue to use the present curb cut to gain access to the entrance to a new eating facility and also to a parking lot which is already established between that address and 1701 South Main Street.

There is an alley at the rear of 1607 which is a north-south alley and a couple of residences may be affected since this alley would dead end, however arrangements are being made to purchase this and establish additional off-street parking facilities. Access by emergency vehicles would not be deterred.

No objection to vacation from this department.

Yours truly,

Dear Mr. Huff:

We note that there has been a petition entered to vacate an alley west of Main Street from north line of Lot 7 extended to the south line of Lot 7, Creed's second addition extended.

We wish to call attention to the fact that we have a warehouse located on the west side of an alley running from Indiana Avenue to the alley which is proposed to be vacated. The only way that we can make use of this warehouse, a building which we have used now for the past almost forty years, would be to back our equipment out of the alley into Indiana Avenue, a practice which the police frown upon. Because of this fact, we are opposed to the proposed vacation of this alley.

Vacation Resolution # 3111

Attention: Mr. James DuComb, Chairman

It comes to our attention that there will be a hearing Monday morning, November 9, relative to the petition for vacating the first alley south of Indiana Avenue running between Main Street and the railroad on the west side of Main Street.

We have previously expressed our opposition to the closing of this alley due to the fact that we have a warehouse located on the alley running from Indiana Avenue south to this alley and our only access would be through the use of these two alleys.

The only way we could use this warehouse which we have been using for the past some thirty odd years would be to back our trucks out into Indiana Avenue and we have had objections from the police department to this practice. We are, therefore, asking that this alley not be vacated.
