#### November 2023

#### **Monthly Financial Report**

The City of South Bend developed the attached Monthly Financial Report to provide current year and prior year financial information for each City fund, as well as individual departments within various funds. Information is provided for revenue, expenditures, encumbrances, cash balances, outstanding debt, and current staffing levels.

#### Report of Changes in Cash Balance (4 - 5)

This report shows the year-to-date change in cash for each City fund by taking a fund's beginning cash balance for the year, adding in actual revenues, and subtracting actual expenditures.

#### Projected Cash Balance (6 - 8)

The projected ending cash balance for each City fund is calculated by taking a fund's beginning cash balance for the year, adding in estimated revenue, and subtracting budgeted expenditures. This shows what a fund's ending cash balance will be if all estimated revenue is collected and all budgeted expenditures are spent.

#### Cash Reserves Summary (9 - 12)

The purpose of the Cash Reserves Summary Report is keep track of whether the City's funds are meeting their cash reserve requirement. Cash reserve requirements are set for each fund by the City of South Bend or other governing body (e.g. bond counsel, Century Center Board of Managers).

#### Cash Reserve Requirements

Cash reserve requirements are typically based on fund type.

- Most City funds are assigned a cash reserve requirement of a percentage of the fund's annual expenditures.
- Some funds have a set dollar amount as the reserve requirement, such as the Century Center Capital Fund 671.
- Capital project funds, grant funds, and bond capital funds do not have reserve requirements as they are spent down to zero.
- Debt service reserve funds are required to hold all reserves until the respective debt has been paid in full. The amount is often defined in bond covenants.

#### Changes in Cash Balance

Property taxes are received in June and December of each year and this will cause the cash balances to fluctuate for total cash, redevelopment fund cash and civil city fund cash. Enterprise fund cash balances will fluctuate based on the receipt of bond proceeds and the spending down of cash on capital projects. Redevelopment fund cash accounts will vary based on capital spending on projects in tax increment financing (TIF) funds.

#### **Negative Cash Balances**

Due to the timing of revenue and expenditures, certain funds will not meet cash reserve requirements and may even have a negative cash balance at different times throughout the year. Although a fund has a negative cash balance, the City does not have negative cash overall. Pooled cash can cover those funds so necessary expenditures can be made even if revenues have not been received yet.

#### Revenue & Expense Summaries (13 - 18)

These summaries show the total revenue and expense by fund.

#### Revenue by Type (19 - 24)

This report shows the City's revenue collected by month and the total estimated revenue for the current year.

#### Expenditures by Activity (25 - 28)

This report shows the City's actuals expenditures by month and the total budgeted expenditures for the current year.

#### Outstanding Debt (29 - 30)

This report shows all of the City's outstanding debt. It details what the debt is for, when it was issued, original amount, the fund(s) repaying the debt, and the principal and interest payments due during the current year.

#### Employee Headcount (31 - 36)

This report shows the total number of full-time, permanent part-time, and seasonal/interns working for the City each month. It is broken down by City fund and by departments/divisions. It also shows the budgeted number of full-time employees.

#### Fund Summaries (37 - 170)

The fund summaries show the revenues and expenditures of each fund across years. The summaries include text boxes providing an explanation of revenues, expenditures, and spending on major capital projects.

We hope that you find this Monthly Financial Report useful in better understanding the finances of the City of South Bend. If you have any questions regarding this report, please contact the Department of Administration & Finance by calling 311.

Explanation of Revenue Sources:
This department is funded by the Admin Cost Allocation - an interfund allocation where the budgeted costs of the administrative departments in the General Fund (#101) are charged to other City funds. The purpose of the allocation is to recover management oversight costs supported by General Fund expenditures.

Personnel - The personnel budget for the Mayor's Office includes wages and benefits for the Mayor and seven (7) full-time staff members, along with a small budget for interns. | Supplies - The supplies budget includes office supplies and promotional supplies. | Services - Professional services include outside legal services. The Professional Services budget was much higher in 2020 due to a one-time services contract (\$180k) with a law enforcement consulting firm. 21CP Solutions was brought in to evaluate the South Bend Police Department and provide suggestions for policy

### Division Purpose

The purpose of the South Bend Human Rights Commission (HRC) is to study and act upon problems which involve relationships between members of different ethnic groups, sexes, sexual orientation or gender identity, nationalities, the disabled, and families with children. The HRC's duties lie in enforcing employment, fair housing, public accommodations, and education. Their goal is to ensure equal employment opportunity for all individuals, and to provide legal recourse in the areas of discrimination. The HRC provides the keys to unlock the doors of discrimination.

## Explanation of Revenue Sources:

This division is funded by property tax revenue collected in the General Fund. This division also receives a small amount of revenue from an agreement with St. Joseph County: In 2017, the South Bend Human Rights Commission (HRC) entered into an interlocal agreement with St. Joseph County. The continued partnership with St. Joseph County, to investigate discrimination complaints, has resulted in an increase in caseload. The agreement calls for the County to reimburse HRC to support the costs associated with the increased caseload. Starting in 2019, as part of the interlocal agreement, St. Joseph County reimburses the City \$30,000 a year to support the HRC.

Note: Federal grants from the Department of Housing & Urban Development (HUD) and the Equal Employment Opportunity Commission (EEOC) are received in the Human Rights Federal Grants

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget includes the wages and benefits for four (4) full-time employees, along with a budget for one part-time position. Human Rights also has two (2) grant-funded positions budgeted in the Human Rights Federal Grants Fund (#258) that are not represented in this budget. | Supplies - There is a small budget for office supplies. | Services - Includes office space rental and maintenance, education & training for staff members, and printing and mailing expenses.

In 2022, the Director of Human Rights position was added back. The Director of Human Rights serves on the senior leadership team of the Office of Diversity and Inclusion and provide strategic leadership for the administration, operation, and functions of the HRC in accordance with the City of South Bend Human Rights Ordinance and St. Joseph County Human Rights Ordinance. The director manages staff in the identification, investigation, mediation, and adjudication of human rights discrimination claims in housing, employment, public accommodations, and education.

In 2018, the City of South Bend won a \$150,000 grant to fund South Bend Home Corps, a new residential efficiency, health, and safety program staffed by ten AmeriCorps members. The AmeriCorps program was overseen by the Office of Sustainability. AmeriCorps is a network of national service programs, made up of three primary programs that each take a different approach to improving lives and fostering civic engagement. Members commit their time to address critical community needs like increasing academic achievement, mentoring youth, fighting poverty, and preparing for disasters.

## Explanation of Revenue Sources:

This program was funded by property tax revenue collected in the General Fund, the AmeriCorps grant, and transfers in from City departments that benefited from the AmeriCorps program.

Explanation of Expenditures, Staffing, and Significant Changes/Variances:

In 2021, the decision was made to discontinue participation in the AmeriCorps Grant Program as the program is duplicative of other initiatives throughout the City, specifically in the Department of Community Investment (DCI). In 2022, the work the AmeriCorps Program was engaged in will be continued within DCI, primarily within the Engagement & Economic Empowerment, Neighborhoods, and Sustainability teams accounted for in the DCI Fund (#211).

### Department Purpose:

MISSION: The South Bend Police Department works to safeguard the lives and property of the people we serve, to reduce the incidence and fear of crime, and to resolve problems among residents. The Department, in partnership with our community, strives to protect the life, property, and the personal liberties of all individuals. We believe that the overall quality of life for all residents will improve through the deterrence of criminal activity and an understanding of the diversity of cultures within this community. We also work to build and sustain community-police relationships to advance a culture of trust and inclusion.

VISION: To constantly strive for excellence in the quality of police service to help ensure a safe community for everyone.

### Explanation of Revenue Sources:

This department is funded by property tax revenue collected in the General Fund. The department also receives reimbursement for officers working at various events and other units. Other income includes \$320,000 from the School Resource Officer (SRO) program, \$60,000 from the ATF, \$7,000 from the DEA, \$7,500 for firearms training of the University of Notre Dame police officers, and \$29,000 from the rental of property. In 2020, the Police Department received funds from the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to help offset public safety personnel overtime costs related to the COVID-19 pandemic. This revenue is represented as an interfund transfer in from the COVID-19 Response Fund (#264). Additionally, in 2021, grant revenue was received from the Department of Justice to help offset public safety personnel overtime costs related to the COVID-19 pandemic.

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget includes the wages and benefits for 36 full-time civilians and 232 sworn officers, along with a budget for part-time employees and seasonal school crossing guards. A portion of sworn police officer wages are supported by the Local Income Tax Public Safety Fund (#249). For 2022, budgeted support is a little over \$6 million. The Department has not been at full staffing levels for sworn officers for some time due to a shortage of applicants, something many law enforcement agencies are experiencing. | Supplies - The majority of the supplies budget is for fuel for patrol cars, budgeted at \$635k for 2022. Taser purchases are budgeted at \$110k per year until 2023. Other supplies budgeted include uniforms, medical & safety supplies, small tools & equipment, building maintenance supplies, and general office supplies. | Services & Charges - Professional services includes funding to support the St. Joseph County Special Victims Unit, an interlocal partnership between the St. Joseph County Police Department, Mishawaka Police Department, South Bend Police Department, and St. Joseph County Prosecutor's Office. Professional services also includes legal services. Utilities includes the water, electric, and natural gas for the police station. Repairs & maintenance includes \$880k for police vehicles, radios, and other equipment, and \$85k for building R&M. Other services & charges includes \$210k for telecommunications and data expenses for cell phones, pagers, and body cameras. | Grants & Subsidies - funding for the Police Athletic League (PAL) Program. | Debt Service - Several police car leases funded by the General Fund will be fully paid off in 2021. In recent years, the purchase of new patrol cars through capital leases has been funded by the Local Income Tax Certified Shares Fund (#404).

The South Bend Fire Department exists to provide our community with the highest quality emergency services protecting life and property through education, response, and dynamic outreach. The objective of the South Bend Fire Department is to provide rapid and efficient response to emergency medical incidents, fires, hazardous materials incidents, and complex rescue situations in order to safeguard the life and property of our citizens. This requires planning and development of response capabilities to ensure that future needs and the efficiency of operations are addressed. Public education and prevention services are provided to ensure citizen safety before an incident occurs. This is the safest and most cost-effective method for providing public safety. The South Bend Fire Department endeavors to give the best emergency medical care available backed by evidence-based medical practices which give citizens the best chance for positive outcomes and continued quality of life. Providing the members of the South Bend Fire Department with the latest and best available equipment and training to perform their duties gives them the tools to effect the best possible outcomes when emergencies occur. The South Bend Fire Department is dedicated to providing expert-level service with an all-hazards approach to public safety.

### Explanation of Revenue Sources:

This department is funded by property tax revenue collected in the General Fund. This department also collects fire building plan review fees. | In 2020, the Fire Department received funds from the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to help offset public safety personnel overtime costs related to the COVID-19 pandemic. This revenue is represented as an interfund transfer in from the COVID-19 Response Fund (#264).

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget includes the wages and benefits for seven (7) full-time civilians and 256 sworn firefighters, along with a small budget of \$6k for interns. A portion of sworn firefighter wages are supported by the Local Income Tax Public Safety Fund (#249). For 2022, budgeted support is a little over \$6 million. The South Bend Fire Department conducts recruit academies when its staffing becomes insufficient, generally after the 6th opening. The academy is approximately 21 weeks long - therefore, the department budgets 6 civilian recruit positions for 21 weeks. | Supplies - \$390k is budgeted for operating supplies including personal protective equipment (PPE), training materials and equipment, and more. \$181k is budgeted for fuel for vehicles. | Services & Charges - Professional services includes elevator and boiler inspections; various testing including physicals for firefighters, divers, and hazmat; and legal services. Utilities includes the water, electric, and natural gas for the eleven fire stations. Repairs & maintenance includes \$770k for vehicles, \$125k for radios, \$22k for other equipment, and \$115k for buildings. | Capital - Fire Department capital needs are budgeted in the Fire Department Capital Fund (#287). | Accounting Changes - In 2020, the Fire Department moved all firefighters assigned to Emergency Medical Services to the General Fund. This includes wages & benefits, supplies, and services previously accounted for in the EMS Operating Fund (#288). Keeping firefighter EMS personnel in a separate budget was impractical due to frequently changing assignments. EMS expenditures related to billing are accounted for in separate division in the General Fund.

## Division Purpose:

### Explanation of Revenue Sources:

The Fire Department recovers significant portion of the cost of EMS services through insurance and patient payments.

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget includes the wages and benefits for four (4) full-time EMS billing personnel. | Supplies - \$323k is budgeted for operating supplies for ambulances, \$7.4k for small tools & equipment, and \$2k for office supplies. | Services & Charges - Professional services includes collection costs and cleaning services. Utilities includes the water, electric, and natural gas for the eleven (11) fire stations. Repairs & maintenance includes funding for repairs & maintenance for ambulances and repairs to small equipment. Other charges & services includes credit card processing fees and postage. | Accounting Changes - Prior to 2020, the EMS operations were tracked in the EMS Operating Fund (#288). Revenue received from EMS services was not sufficient to cover expenses. Keeping EMS in its own fund would require interfund transfers. Starting in 2020, EMS activities were moved to the General Fund. Moving EMS revenue and expenditures into the General Fund simplified accounting, Ideally, the cost of firefighters assigned to EMS activities would be tracked here as well; but due to frequent changes in assignments, it has proven impractical. Instead, the Fire Department will estimate EMS personnel costs by number of positions assigned, rather than specific firefighters.

### Division Purpose:

This division was established in 2020 to account for a portion of the costs of the Luther J Taylor Sr. Fire Training Center and associated revenue. Construction of the Training Center was completed in 2014. Prior to that, the South Bend Fire Department would have to find locations for training opportunities, such as using vacant or abandoned houses. The Training Center provided a much needed resource for the South Bend Fire Department as well as other agencies in the area. Firefighters can practice fighting fires in a controlled environment under different scenarios such as apartment buildings, businesses, commercial kitchens, and cars. The Training Center also hosts the recruit academy, as well as classes for the South Bend Fire Department and other agencies.

### Explanation of Revenue Sources:

This division is funded by property tax revenue collected in the General Fund and by charges to outside fire departments for their use of the Luther J Taylor Sr. Fire Training Center. Recruit Academy and other classes are offered to other agencies for a fee.

## Explanation of Expenditures and Significant Changes/Variances:

Expenditures are directly related to running the Training Center and include utilities and maintenance of the facility. Supplies and services needed for classes and equipment for recruits is also accounted for in the Fire Training Center budget.

From 2019 through 2021, capital improvements were made to the training center through the use of bond proceeds. Capital expenditures related to the fire training center upgrade can be seen in the Fire Station #9 Bond Capital Fund (#451).

### Fund Purpose

This fund accounts for a portion of the Streets & Sewers Division's, see operations listed below. Streets & Sewers is a division of the Department of Public Works.

Streets - Repairs and maintains 2,200 lane miles of road surface in the city limits. Maintenance on streets ranges from paving and patching in the summer to plowing snow in the winter. In 2019, the crack-sealing program was revived in an effort to mitigate water infiltration through cracks in the street surface. Additionally, Streets maintains around 398 miles of alley surface. Also operating under Streets is Unit 211, a 24/7 response vehicle that works with the South Bend Police and Fire Departments for emergencies. | Traffic & Lighting - Maintains traffic signs, signals, and city-owned streetlights. Not only does this office provide traffic control in construction areas for Streets & Sewers, but Traffic & Lighting also works with the South Bend Police Dept to provide traffic control for special events in the city, setting up traffic control for events. Additionally, it is responsible for street painting, i.e., line striping, crosswalks, stop bars, etc. | Curb & Sidewalk - An annual program to replace sidewalks, curbs, and curb ramps in poor condition at residential properties throughout the City. City Council members select the locations to be reviewed by Engineering for bidding as a public works project.

## Explanation of Revenue Sources:

This fund receives 50% of the City's gas tax and wheel tax distribution from the State of Indiana. Gas tax revenue is distributed monthly by the State and is based on a complex formula, developed by the State, which takes into account population, road and street mileage and other factors. Wheel tax is collected by the Indiana Bureau of Motor Vehicles, remitted to the County, and distributed monthly to the local units based on population and road miles. Tax revenues are not keeping pace with expenses. The City continues to use income tax revenue to support the current level of street maintenance and repair, transferring funds from Local Income Tax Certified Shares Fund (#404).

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget in this fund includes the wages and benefits of 59 full-time employees and part-time & seasonal workers as well. | Supplies - The supplies budget is for the procurement of street paving materials and other materials needed to repair and replace street and traffic lights and signs. It also includes operational supplies for the Streets and Traffic & Lighting operations such as fuel for vehicles, small tools & equipment, uniforms, and office supplies. Road salt is also budgeted in this fund at \$350,000 for 2022. | Services - The repair & maintenance budget includes R&M for vehicles, equipment, and buildings. The professional services budget includes funding for contracted paving of curbs & sidewalks. The utilities budget includes 50% of the costs of electric, natural gas, and water for the Public Works Service Center. The other 50% is paid for by the Sewers subdivision which is budgeted in the Sewage Works Operations Fund (#641). | Curb & Sidewalk Program - Seven (7) full-time personnel are budgeted along with a budget for part-time & seasonal workers. As the Common Council wanted to expand the program, three (3) Concrete Finishers were added to the 2019 budget.

### Fund Purpose:

The MVH Restricted Fund was established in 2019 due to a directive from the Indiana State Board of Accounts:

Starting on January 1, 2019, the political subdivision must post at the time of receipt of the distribution from the State Motor Vehicle Highway Account fifty percent (50%) of the distribution to MVH Restricted. The political subdivision, by ordinance or resolution, may elect to allocate more than fifty percent (50%) of the distributions to MVH Restricted. During the same fiscal year, the political subdivision may transfer, by ordinance or resolution, the amount allocated in excess of the 50% requirement from MVH Restricted to MVH. In no event can any transfers from MVH Restricted to MVH reduce the fiscal year distributions from the State Motor Vehicle Highway Account below the 50% requirement for MVH Restricted.

Any amounts allocated in excess of the required 50% of distributions which remain in MVH Restricted at the end of the fiscal year must remain in MVH Restricted until expended for construction, reconstruction, or preservation.

### Explanation of Revenue Sources:

This fund receives 50% of the City's gas tax and wheel tax distribution from the State of Indiana. Gas tax revenue is distributed monthly by the State and is based on a complex formula, developed by the State, which takes into account population, road and street mileage and other factors. Wheel tax is collected by the Indiana Bureau of Motor Vehicles, remitted to the County, and distributed monthly to the local units based on population and road miles. This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Qualified Expenditures: Effective July 1, 2018, Indiana Code 8-14-1-4(b) and Indiana Code 8-14-1-5(c) requires at least 50% of the MVH distributions to be used for construction, reconstruction and preservation of the unit's highways. Maintenance expenditures do not count toward the 50% requirement.

This summary shows the combined Motor Vehicle Highway (MVH) Fund and MVH Restricted Fund. These funds account for a portion of the Streets & Sewers Division's operations including: Streets, Traffic & Lighting, and Curb & Sidewalk. Streets & Sewers is a division of the Department of Public Works.

For the purposes of reporting to the State of Indiana, these funds are combined; however, their accounting must be kept separate based on the directive put forth by the Indiana State Board of Accounts:

Starting on January 1, 2019, the political subdivision must post at the time of receipt of the distribution from the State Motor Vehicle Highway Account fifty percent (50%) of the distribution to MVH Restricted. The political subdivision, by ordinance or resolution, may elect to allocate more than fifty percent (50%) of the distributions to MVH Restricted. During the same fiscal year, the political subdivision may transfer, by ordinance or resolution, the amount allocated in excess of the 50% requirement from MVH Restricted to MVH. In no event can any transfers from MVH Restricted to MVH reduce the fiscal year distributions from the State Motor Vehicle Highway Account below the 50% requirement for MVH Restricted.

Any amounts allocated in excess of the required 50% of distributions which remain in MVH Restricted at the end of the fiscal year must remain in MVH Restricted until expended for construction, reconstruction, or preservation.

## Fund Purpose:

This fund is used to track expenditures for road projects managed by the Engineering division of the Department of Public Works.

Per Indiana Code Section 8-14-2-5, this fund "shall be used exclusively by the cities, towns, and counties for: engineering, land acquisition, construction, resurfacing, maintenance, restoration, or rehabilitation of both local and arterial road and street systems; the payment of principal and interest on bonds sold primarily to finance road, street, or thoroughfare projects; any local costs required to

## Explanation of Revenue Sources:

This fund receives gas taxes from the State of Indiana as its primary revenue source. Gas tax revenue is distributed monthly by the State and is based on a complex formula, developed by the State, which takes into account population, road and street mileage and other factors. Gas tax is forecasted conservatively given the changes in the State's distribution formula. This fund also receives revenue from interest earned on the fund's cash balance. Grants/Intergovernmental revenue is provided by the Indiana Department of Transportation (INDOT) and reimbursed through progress billing for state approved projects. In 2019, \$2.5 million was transferred from the Local Income Tax Economic Development Fund (#408) to cover the cost of 20% local match for the Bendix Drive Pavement Replacement Project.

### Explanation of Expenditures and Significant Changes/Variances:

Expenditures in this fund are for general street maintenance, traffic calming, outsourced paving, and traffic signal maintenance. Expenditures are based on the revenues received. There is no cash reserve requirement as this is a capital fund so it is spent down on capital projects.

In 2021, the City issued an infrastructure bond to fund city-wide street improvements. As a result, some of the outsourced paving expenses typically budgeted for in this fund were moved to the 2021 Infrastructure Bond Capital Fund (#455).

This fund supports a 50/50 matching grant (Community Crossings), funding \$1,000,000 as the matching portion as an Interfund transfer to the Local Road & Bridge Grant Fund (#265). The transfer from this fund was suspended in 2021 and the matching portion was covered by the 2021 Infrastructure Bond Capital Fund (#455) and this fund transferred \$2 million to the Motor Vehicle Highway Fund (#202). In 2022, this fund will resume the \$1 million matching transfer to Fund #265.

### Fund Purpose:

This fund was established in 2016, per the Indiana State Board of Accounts (SBOA), to receive a one-time payment of local income taxes from the State for the purpose of infrastructure expenditures. Per the state statute (Senate Enrolled Act 67), a minimum of 75% must be spent on infrastructure projects. A total of \$4,217,549, representing 75% of the total distribution, was deposited in May 2016, comprised of \$4,160,901 distributed to the City and \$56,648 distributed to the Redevelopment Authority. The remainder was deposited into the Rainy Day Fund (#102).

### Explanation of Revenue Sources:

Based on the fund purpose listed above, the one-time payment of local income tax received for infrastructure improvements has been expended and therefore this fund is slated to be inactivated once all funds are spent.

Explanation of Expenditures and Significant Changes/Variances:

The City continues to use this cash to help fund infrastructure projects. The fund should be spent down in the next year or so. Projects are managed by the Engineering division of the Department of Public Works.

This fund was established (ordinance 10486-16) to account for the receipt of the Community Crossings state grant and matching revenue (50/50) and for the payment of expenditures on eligible projects, per the Indiana State Board of Accounts (SBOA).

Community Crossings is a partnership between the Indiana Department of Transportation (INDOT) and Hoosier communities, both urban and rural, to invest in infrastructure projects that catalyze

## Explanation of Revenue Sources:

In February 2017, the City received its first Community Crossings matching grant from INDOT for \$1 million.

The City's matching portion is covered by interfund transfers from other City funds. The transfers have come from the following funds: 2017 - \$1 million - LOIT 2016 Special Distribution Fund (#257) 2018 - \$670,000 - LOIT 2016 Special Distribution Fund (#257) | 2019 - \$553,253 - Local Road & Street Fund (#251) | 2020 - \$1 million - Local Road & Street Fund (#251), \$522,365 - Major Moves Construction Fund (#412) | 2021 - \$1 million - 2021 Infrastructure Bonds Fund (#455) | 2022 - \$1 million - Local Road & Street Fund (#251)

Explanation of Expenditures and Significant Changes/Variances:

Expenditures are calculated on anticipated grant proceeds, plus the City's matching portion funded by Local Road & Street Fund (#251). The Community Crossings Matching Grant project includes pavement reconstruction - asphalt milling and resurfacing and curb ramps. Projects are managed by the Engineering division of the Department of Public Works.

### Fund Purpose:

This fund was established in 2006 with the City's share of the proceeds for the lease of the Indiana Toll Road (I-80/90). The fund is used to finance capital improvements projects managed by the Engineering division of the Department of Public Works.

Per Indiana Code Section 8-14-16-5, "money in the fund may be expended only for the following purposes: (1) Construction of highways, roads, and bridges; (2) In a county that is a member of the northwest Indiana regional development authority, or in a city or town located in such a county, any purpose for which the regional development authority may make expenditures under IC 36-7.5; (3) Providing funding for economic development projects (as defined in IC 6-3.5-7-13.1(c)(2)(A) through IC 6-3.5-7-13.1(c)(2)(K)); (4) Matching federal grants for a purpose described in this section; (5) Providing funding for interlocal agreements under IC 36-1-7 for a purpose described in this section; (6) Providing the county's, city's, or town's contribution to a regional development authority catabolished under IC 36-7.6-2.3."

## Explanation of Revenue Sources:

This fund receives principal and interest income from interfund loans (debt schedules #84 & #85) being repaid by the River East Residential TIF Fund (#436). The loans will be paid off in 2024 and 2029. This fund also receives revenue from interest earned on the fund's cash balance.

Since the original funding for Major Moves was realized in 2006 from the lease proceeds of the Indiana Toll Road and the interfund loans will eventually be paid off, there will be no funding source remaining by 2029. At that time, this fund will be spent down to zero.

## Explanation of Expenditures and Significant Changes/Variances:

For 2021, \$450,000 was budgeted for the Streets Division to use for street paving materials. In 2022, internal street paving materials decreased to \$350,000. Budgeted for 2022 is \$450,000 for Contracted Paving - as part of the City's Rebuilding our Streets Initiative. Also funded in 2022 is \$200,000 Flashing Beacon and \$300,000 Guardrail Installation.

This fund was established to track the expenditures of the proceeds from the LIT Lease Rental Revenue Bonds, Series 2021. The bonds were issued to fund street and neighborhood infrastructure projects. The bonds were secured with local income tax funding and are being repaid by the Local Income Tax Economic Development Fund (#408). Payment of debt service principal and interest to the bondholders is recorded in the Building Corporation Fund (#755).

### Explanation of Revenue Sources:

The bonds were closed on May 12, 2021 with a par amount of \$7,610,000 and a premium of \$1,250,022, a total of \$8,860,022. The bonds have a net interest rate of 3.4%. The bond proceeds and cost of issuance were accounted for in the Building Corporation Fund (#755). The net amount of \$8,601,026 was transferred from Fund #755 to this bond capital fund to be used towards the approved

Explanation of Expenditures and Significant Changes/Variances:

The bonds proceeds will be spent towards improving the City's neighborhoods through street and infrastructure improvements. In 2021, \$1,000,000 was transferred to the Local Road & Bridge Grant Fund (#265) as the City's match portion for the Community Crossings state matching grant from the Indiana Department of Transportation (INDOT). In 2022, the Local Road & Street Fund (#251) will resume the matching transfer.

### Fund Purpose:

This fund was established to account for the operations of the Solid Waste Division of the Department of Public Works. Solid Waste provides weekly trash collection service. Additional services available to residents include trash extra bulky collection, weekly yard waste collection, yard waste extra bulky collection, and Christmas tree collection.

### Explanation of Revenue Sources:

This fund is funded by charging City residents a monthly fee for pick-up and disposal of trash at an area landfill/transfer station and recycling centers. The most recent rate increases were in 2008 (ordinance no. 9861-08), 2017 (ordinance no. 10400-15), and 2021 (ordinance no. 10797-21).

At the end of 2020, the Common Council approved an interfund loan from the Sewage Works Operations Fund (#641) to this fund in order to ensure the cash balance was not negative at year-end. The loan was repaid June 30, 2021.

Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget includes the wages and benefits for twenty-five (25) full-time employees and a small budget for one (1) part-time employee. Rates for drivers have gone up significantly. | Supplies - The supplies budget includes fuel for the trash trucks, trash and yard waste totes, uniforms, and other small operating supplies. | Services - The repair & maintenance budget includes R&M for the trash trucks. The majority of the budget for other charges & services is for landfill costs (approx. \$1.2 million budgeted for 2022). Landfill costs have continued to increase as the volume of trash collected rises year after year. However, the City does not charge residents based on the volume of trash picked up so there is no additional revenue to help offset the increased costs. The City will continue to look for ways to be more efficient and/or raise more revenue. | Capital - Solid Waste's capital needs are tracked in a separate capital fund (#611). Funds are transferred to capital fund as needed for the payment of debt service payments for capital leases. The City purchases new trash trucks through 5-year capital leases.

Fund Purpose:

This fund was established to account for capital expenditures and debt service related to the Solid Waste Division of the Department of Public Works. Some equipment is purchased through capital leases which are paid off over 5 years.

This fund receives interfund transfers from the Solid Waste Operations Fund (#610) to cover expenditures as needed. Debt proceeds are from capital leases. The funds are held by an escrow agent and

## Explanation of Expenditures and Significant Changes/Variances:

Over the next five years, Solid Waste plans to replace older trucks with side-load dedicated units, replacing about two trucks a year. These trucks will be purchased with capital lease proceeds. The principal and interest expense budgeted is for capital lease payments for the trucks.

## Fund Purpose:

This fund was established to account for the revenues and operational expenses of the City-owned water utility. This fund also provides the monies for debt service obligations and capital improvements through transfer of monies to other water utility funds. The water utility is run by the Water Works Division of the Department of Public Works. Water Works solely utilizes groundwater to serve more than 112,000 customers. There are nine well fields which can produce water to be treated before making its way to homes and businesses via 550+ miles of water main. Water Works staff regularly conducts thorough testing on the groundwater before, during and after treatment, as well as throughout the distribution system. Water being distributed meets or exceeds all drinking water regulations.

### Explanation of Revenue Sources:

The general source of the water utility's revenue comes from the water service that is provided to its customers. The last rate increase was approved in 2021 (ordinance no. 10797-21). The purpose of the comprehensive rate adjustment is to provide a multi-year plan that meets the operational and capital needs of the utilities, gradually adjusting rates to generate sufficient cash flow. The increases are based on recommendations of a comprehensive utility long-term rate plan commissioned by the City. Changes to water rates are subject to approval of the Indiana Utility Regulatory Commission (IURC). Charges for services revenue forecast assumptions remain conservative. Other Income consists of reimbursements and other miscellaneous type sales. Interfund Allocation Reimbursement consists of the Utility Customer Service Allocation, which allocates the operational costs of the customer service department to benefiting operations including Sewage Works (Fund #641), Solid Waste (Fund #610), and Project ReLeaf (Fund #655); and the Payroll Cost Allocation, which allocates a portion of wages and benefits for positions that serve other divisions within the Department of Public Works. This fund also receives interest earnings from the other water utility funds (#624, 625, 626 and 629) for interest earned on cash balances in those funds that is subsequently transferred to this fund.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Operational expenditures include those incurred in operating source of supply and pumping facilities, treatment facilities and distribution facilities. In addition, customer service costs are related to utility billing and collections. | Personnel - The personnel budget includes the wages and benefits for 68 full-time employees, and \$86k for part-time and seasonal wages. | Supplies - The supplies budget includes inventory such as replacement parts for water mains and hydrants, repair & maintenance materials, concrete supplies, water treatment chemicals, laboratory supplies, fuel for vehicles and equipment, hardware supplies such as small tools & equipment, office supplies, and other small operating supplies. | Services - The repair & maintenance budget includes R&M for vehicles, equipment, buildings, and minor water infrastructure repairs. The utilities budget includes the costs of electric, natural gas, and water for the Water Works Division's facilities and distribution sites. Professional services include well cleaning, electrical services, large meter testing, evaluation studies, and more. Other charges & services includes \$1.1 million for various services associated with the utility's customer service billing and collections activities such as credit card processing fees, bill production and mailing, and utility billing software charges. Other charges and services also includes \$1.1 million for plumbing contractors for the Water Insurance Service Line Leak Program. | Debt service principal and interest payments are for capital leases used to purchase water meters. The leases will be paid off in 2021 and 2022 (debt schedules #149 & #158). | Interfund Transfers Out include transfers to the Water Works Sinking Fund (#625) to fund debt service principal and interest payments on bonds, transfers to the Water Works Capital Fund (#622) to fund capital expenditures, and transfers to the Water Works Operations & Maintenance (O&M) Reserve (Fund #629). | Payment in lieu of taxes (PILOT) is transferred to the General

### Fund Purpose:

This fund was established in 1980 (ordinance 6811-80) to account for the repair and/or replacement of private sewer connections. The Sewer Insurance program is funded by a monthly charge on City residents' sewer bills. The City is responsible for the main sewer line; from the main line to the house is the homeowner's responsibility. This program helps residents who have an issue with their lateral that cannot be resolved by a simple clean-out by a plumber, i.e., collapsed line, complete root infiltration, etc. that requires excavation work - a "dig". The program is set up so that the homeowner pays a maximum \$500 deductible toward the cost of the repair and the City pays the rest.

### Explanation of Revenue Sources:

This fund collects a monthly charge on City residents' sewer bills. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget includes the wages and benefits for two (2) full-time employees. | Supplies - The supplies budget includes materials, uniforms, and other small operating supplies. | Services - The repair & maintenance budget includes \$400k for outside contracted work and \$1,000 for R&M for equipment.

## Fund Purpose:

This fund was established to account for the operations of the following divisions of the Department of Public Works: Wastewater - Facilitates the collection, treatment, and disposal of wastewater. Responsible for the operation of the treatment facility, which is a conventional activated sludge plant, the interceptor sewer system, the combined sewer overflow (CSO) system and the remote sewage lift stations. | Sewers - Oversees the repair and maintenance of approximately 700 miles of sanitary sewer and storm drains. Along with the sanitary and storm lines, Sewers also maintains around 10,000 catch basins, inlets, and drains. Maintenance of the sewer system is assisted by a vactor truck outfitted with a specialized camera system that enables real-time viewing of the inside of the sewer lines. This allows for the identification of issues to be addressed before they become problems that can affect the public. Sewers also mows and upkeeps the City's retention ponds. | Organic Resources - Recycles collected yard waste, leaves, and brush for compost and mulch products.

### Explanation of Revenue Sources:

This fund receives revenue from charges for utility services for the City's residents. The last rate increase was approved in 2021 (ordinance no. 10797-21). The purpose of the comprehensive rate adjustment is to provide a multi-year plan that meets the operational and capital needs of the utilities, gradually adjusting rates to generate sufficient cash flow. The increases are based on recommendations of a comprehensive utility long-term rate plan commissioned by the City. The ordinance also established the Utility Assistance Program (UAP), to provide discounts to qualifying low-income customers. The program is funded by a monthly fee charged to all customers, starting out at \$1.75 per month with the option to increase it gradually over the years to support the program as needed. Interfund Allocation Reimbursement is the Payroll Cost Allocation, which allocates a portion of wages and benefits for positions that serve other divisions within the Department of Public Works. These positions are allocated out to the following Public Works divisions: Streets (Fund #202), Water Works (Fund #620), Sewer Insurance (Fund #640), and Concrete Crew. This fund also receives interest earnings from the other sewage works funds (#643 & 654) for interest earned on cash balances in those funds that is subsequently transferred to this fund.

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Operational expenditures include those incurred in operating the wastewater treatment plant, maintaining the City's sewer system, and operating the Organic Resources facility which processes leaves, brush, wood and other yard waste. | Personnel - The personnel budget includes the wages and benefits for 89 full-time employees, and \$243k for part-time and seasonal wages. | Supplies - Includes supplies needed to operate the wastewater treatment plant, such as water treatment chemicals, laboratory supplies, repair & maintenance materials, fuel for vehicles and equipment, hardware supplies such as small tools & equipment, office supplies, and other small operating supplies. Also includes supplies for sewer repair & maintenance and the operations of Organic Resources. | Services - The repair & maintenance budget includes R&M for vehicles, equipment, buildings, and minor sewer infrastructure repairs. The utilities budget includes the costs of electric, natural gas, and water for the wastewater treatment plant facilities, organic resources, and 50% of the utilities costs for the Public Works Service Center (utilized by Sewers). The other 50% is paid for by the Streets division which is budgeted in the Motor Vehicle Highway Fund (#202). Professional services include contract lab analysis and biomonitoring that cannot be completed in-house. Other charges & services includes contractual services for main line repairs and engineering projects for storm/sanitary sewer system repair/rehab/stabilization. | Debt service principal and interest payments are for capital leases used to purchase vehicles and equipment. The leases will be paid off in 2021 and 2022 (debt schedules #149, 152, 158, & 164). | Interfund Transfers Out include transfers to the Sewage Works Sinking Fund (#649) to fund debt service payments on bonds and transfers to the Sewage Works Capital Fund (#642) to fund capital expenditures. | Payment in lieu of taxes (PILOT) is transferred to the General Fund (#101). PILOT is calculated as 3% of the net book value of

This fund was established to account for the purchase of capital equipment and to fund major renovations/restorations for the following divisions of the Department of Public Works: Wastewater, Sewers, Organic Resources, and Concrete Crew.

## Explanation of Revenue Sources:

This fund receives interfund transfers from the Sewage Works Operations Fund (#641) as needed to cover capital expenditures. This fund also receives revenue from a system development fee: a one-time capital contribution charged to customers making a new connection to the water system. Additionally, this fund receives revenue from the selling of RINs (renewable identification numbers) credits that are part of the EPA Renewable Fuel Standards program. Fuel refiners and importers of nonrenewable fuels are obligated to produce a certain volume of renewable fuel or to buy an equivalent amount of credits on the RIN market. The City is using the biogas from its wastewater treatment plant digester to fuel its Solid Waste division's trash trucks. Each gallon equivalent that the City uses in a vehicle gets sold as a credit. The type of fuel produced by the City is rated D3 to be used for transportation.

Fund Purpose:

This fund was established to hold cash reserves equivalent to two months of budgeted operating expenses in the Sewage Works Operations Fund (#641). This serves as fiscal protection against the risk of revenue shortfalls, emergencies, and other economic risks that may impact the sewage works' ability to meet financial commitments.

### Explanation of Revenue Sources:

If this fund's cash falls below the reserve requirement, the Sewage Works Operations Fund (#641) will transfer funds to increase the cash reserves.

Historically, this fund received revenue from interest earned on the fund's cash balance. In 2022, the City will change its interest earnings allocation methodology to deposit interest earned by this fund directly into Fund 641 rather than transferring it.

Once this fund's cash balance meets the reserve requirement, any excess interest earned is transferred to the Sewage Works Operations Fund (#641).

In 2022, the City will change its interest earnings allocation methodology to deposit interest earned by this fund directly into Fund 641 rather than transferring it.

### Fund Purpose:

This fund was established to account for the payment of debt service obligations for Sewage Works, including bond principal and interest payments and paying agent fees.

### Explanation of Revenue Sources:

This fund receives interfund transfers from the Sewage Works Operations Fund (#641) as needed to cover debt service obligations. This fund also receives revenue from interest earned on the fund's cash balance. Starting in 2022, interest earned on the cash balance in this fund will be subsequently transferred to the Sewage Works Operations Fund (#641).

In 2021, the City issued the 2021 Sewage Works Refunding Revenue Bonds to refund the 2009 Sewage Works State Revolving Loan Fund (SRF) Loan (debt schedule #70) and the 2011 Sewage Works Revenue Bonds (debt schedule #93). The par amount of the bonds were \$12,450,000 with a premium of \$1,889,893 a total of \$14,339,893. The funds were deposited into this fund to be used to pay off the 2009 and 2011 debt in December 2021.

Starting in 2022, interest earned on the cash balance in this fund will be subsequently transferred to the Sewage Works Operations Fund (#641).

### Explanation of Expenditures and Significant Changes/Variances:

Current debt includes

- 2021 Sewage Works Revenue Bonds, Refunding 2009 & 2011 final payment December 1, 2031 (debt schedule #219)

The 2020 Debt Service Principal and Interest expense was higher than usual due to the refunding of the 2010 Sewage Works Revenue Bonds. The proceeds from the issuance of the refunding were used to pay off of the original 2010 bonds. The payoff was \$5.49 million in principal and \$125k in interest. The refunding saved the City approximately \$1.4 million in principal and interest over the remaining life of the bonds.

The 2021 Debt Service Principal and Interest expense was higher than usual due to the refunding of the 2009 and 2011 debt. The proceeds from the issuance of the refunding were used to pay off of the original debt. The payoff was \$15.1 million in principal and \$323k in interest. ### Fund Purpose:

This was established to account for the fall and spring leaf collection program. This program is managed by the Department of Public Works through the Streets division.

This fund was established in 1989 (ordinance 8007-89) in response to the problems brought about by the layers of dead leaves that collect in the fall. The City instituted a leaf pick-up program, called "Operation Re-Leaf," which encompassed using leaf vacuums as the primary collection tool. The City collects and disposes of leaves for residents to mitigate the practice of burning leaves. Burning leaves impacts air quality and can cause house/wildfires.

(Ord. No. 7895-88, § 1; Ord. No. 8023-89, § 1; Ord. No. 9641-05, § I, 11-18-05)

## Explanation of Revenue Sources:

Beginning in the fall 1989, the service charge per customer for this program was eighteen cents (\$0.18) per month per household. Starting January 1, 2006, the charge was increased to ninety-nine cents (\$0.99) per month per household. The charge is included on residents' utility bills. There are currently 37,638 customers who pay for this service.

This fund also receives revenue from interest earned on the fund's cash balance.

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

The personnel budget includes the wages and benefits for the seasonal employees who perform the leaf pick-up work during the fall and spring. Interfund Transfers Out are for supervisory wages, supplies, fuel, vactor repairs, and other expenses paid for by other funds. Currently, the leaf pickup program does not fund itself and the City has been spending down this fund's cash balance.

Prior to 2021, Interfund Transfers Out were made to the Motor Vehicle Highway Fund (#202) for supervisory wages, supplies, fuel, vactor repairs, and other expenses paid for by the Streets division. In 2021, the Interfund Transfers Out was budgeted for a transfer to the Sewage Works Operations Fund (#641) for supervisory wages, supplies, fuel, vactor repairs, and other expenses paid for by Fund 641. In 2022, the transfer will be made to Fund #202 going forward.

### Fund Purpose:

On January 14, 2019, the Common Council passed an ordinance to establish a storm water user fee (ordinance 10633-19). This fund was established to track receipt of the storm water fee revenue and expense of that revenue on storm water projects.

- The storm sewer system consists of sewers, storm inlets, catch basins, manholes, curbs, gutters, ditches, swales, retention and/or detention ponds or basins, dams, and flood control facilities designed for the collection, control, transport or discharge of stormwater. A storm water utility fee is a fee that produces revenue dedicated to improving drainage, controlling flooding, improving water quality

## Explanation of Revenue Sources:

The original storm water fee structure was a flat rate of \$2 per month for residential customers and \$5 per month for non-residential customers. The fee took effect on June 1, 2019. In August 2021, the Common Council passed ordinance no. 10797-21 to change the rates. Effective January 1, 2022, the residential flat rate remains \$2 per month however the non-residential rate will change as follows: Tier 1-\$5, Tier-2 \$8, Tier 3-\$10, Tier 4-\$16, and Tier 5-\$20. The ordinance allows for the storm water rates to increase incrementally from 2022 through 2025.

In 2021, the City received a \$68,000 grant from the Indiana Department of Natural Resources - Lake and River Enhancement Program Division of Wildlife to be used towards the Northshore Bank Stabilization Project.

### Explanation of Expenditures and Significant Changes/Variances:

The 2022 budget for stormwater projects include \$200,000 for professional services and \$824,000 identified for storm sewer projects, drainage projects, downspout disconnection plan and misc. repairs. In 2021, projects included work on the South Bend Dam, Flood Mitigation, Western Avenue Phase III Storm Sewer, and the Michigan Street Separation.

It is dependent upon the processing and release of funds from the State for seized assets in drug activities. This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures and Significant Changes/Variances:

Expenditures are typically budgeted for law enforcement training and various Police Department expenses. In recent years, the Police Department has used this fund to purchase one to two vehicles each year. The Police Department has continued to spend down the cash balance in this fund in order to alleviate some of the burden on its operating budget in the General Fund (#101).

Fund Purpose:
This fund was established (ordinance 6974-81) to fund the continuing education for the officers of the South Bend Police Department.

Explanation of Revenue Sources:

This fund is funded by fees from accident reports and fines for false alarm and loud noise ordinance violations. Starting in 2022, this fund will receive the following revenue sources previously a feed of the police departments who pay a fee to at the police departments who pay a fee to at the police department who pay a fee to at accounted for in other police special revenue funds: state and federal grant revenue, charges for services from the enforcement courses offered to other police departments who pay a fee to attend the training (formerly in Fund #294), impound towing fees (formerly Fund #295), and donations for the Police K-9 unit (formerly in Fund #705). This fund also receives revenue from interest earned on the fund's cash balance. Previously, this fund received revenue from gun permit application fees; however, a change in State legislation eliminated this revenue source. Effective July 1, 2021, the City of South Bend and other municipalities can no longer charge a fee for processing gun permit applications. This change negatively impacts the South Bend Police Department as gun permit fees accounted for \$45k-\$60k in revenue in this fund annually.

## Explanation of Expenditures and Significant Changes/Variances:

Expenditures include educational materials and equipment, conference and training registration, and travel costs for conferences/trainings. Starting in 2022, this fund will also account for grant related activities or grant funded purchases previously accounted for in other police special revenue funds.

## Fund Purpose:

This fund was established in 2010 due to Indiana's property tax "circuit breaker" system that effectively limited property tax receipts. This fund can only be used to pay for Public Safety personnel wages and benefits. (Resolution 3980-09, Indiana Code IC 6-3.6-6-8)

This fund receives the Public Safety portion of the City's Local Income Tax (LIT) revenue distribution. The City adopted a special income tax of one quarter of one percent (0.25%) to be used solely for the salaries of public safety positions that were formerly paid by property taxes. Local income tax revenue distributions are determined annually by the Indiana Dept of Local Government Finance (DLGF). Local income tax revenue is distributed by St. Joseph County monthly.

Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Because this fund can only be used to pay for public safety personnel, the City budgets for the salaries and benefits for as many sworn police officers and firefighters as this fund's revenue can support. This reduces the public safety personnel expenses in the General Fund (#101). This fund's cash balance has grown in recent years due to unanticipated supplemental income tax distributions; therefore, the City plans to spend down the excess cash during 2022.

This fund was established (ordinance 9919-09) to receive monies collected from South Bend Police Department Officers participating in the City's Take Home Vehicle Program. The City shall use all monies deposited into this fund to pay the costs and expenses associated with claims arising from use of program vehicles occurring while officers are not on duty.

### Explanation of Revenue Sources:

This fund charges police officers for liability insurance for take home police vehicles. Deductions from officers are made in accordance with an agreement with the Fraternal Order of Police (FOP). The agreement calls for the suspension of the deduction based on the price of gas and the balance of cash in this fund. The decrease in revenue is the result of suspending the payroll deduction for sworn officers as outlined in the agreement between the Police Department and the FOP. This fund receives revenue from interest earned on the fund's cash balance. As the fund's cash balance dips below the reserve requirement set by the FOP, the City anticipate the deduction will be increased.

Explanation of Expenditures and Significant Changes/Variances:

Expenditures are driven by the number of off duty accident claims. Claims have been minimal in this fund since it was created.

## Fund Purpose:

This fund was established (ordinance 10339-14) to track capital expenditures of the South Bend Fire Department. Capital purchases include fire apparatuses, ambulances, and major construction projects. This fund is also used to repay debt issued for capital purchases and capital improvements, such as vehicle/equipment capital leases and bonds.

## Explanation of Revenue Sources:

In 2020, the interfund transfer from the EMS Operating Fund (#288) was replaced by payments from St Joseph County for the City providing EMS services. Revenue received from various grants for equipment or other capital is deposited here. This fund also receives revenue from interest earned on the fund's cash balance.

### Explanation of Expenditures and Significant Changes/Variances:

Capital spending includes Fire Department fleet needs as well as updates and repair & maintenance to Fire Department facilities. To keep the fleet within a serviceable life span, generally the City aims to purchase 2 pumper trucks every 3 years and an aerial apparatus every 5 years. The City also purchases or refurbishes an ambulance each year. The Fire Department also uses this fund to replace necessary equipment such as self contained briefing apparatus (SCBA), cardiac monitors, and turnout gear. | Debt Service - The principal and interest expense budgeted is for capital lease payments for vehicles and equipment purchased through 5-year capital leases. | Interfund Transfers Out includes transfers to debt service funds for principal and interest payments on two different bonds: 2013 EMS/Fire Station/Tower Bonds (final payment February 1, 2033, debt schedule #116) and 2018 General Obligation Bonds-Fire Station #9 (final payment January 15, 2038, debt schedule #168).

Fund Purpose:

This fund accounted for the expenditures of the Emergency Medical Services (EMS) program. This Fund captured personnel and operating expenses primarily for Emergency Medical Services division and reflected a portion of the cost associated with operating ambulances.

Revenue received from EMS services was not sufficient to cover expenses. Keeping EMS in its own fund would require interfund transfers. Starting in 2020, EMS activities were moved to the General Fund (#101). Moving EMS revenue and expenditures into the General Fund simplified accounting. The transfer included the wages and benefits for 47 firefighters and 4 EMS billing personnel. Keeping firefighter EMS personnel in a separate budget proved impractical due to frequently changing assignments. EMS expenditures related to billing are accounted for in separate division in the

This fund is used to account for the revenue from tuition fees for students attending the Indiana River Rescue School (IRRS) and the expenditures of that revenue. There are typically 2-4 schools a year, each a week in duration. The IRRS is administered by the South Bend Fire Department under the direction of the Special Operations Bureau. The majority of instructors are comprised of South Bend Firefighters and Conservation Officers from the IDNR. The 5 day school includes extensive field training on the St. Joseph River and its unique "L" shaped dam, and the East Race Waterway. The East Race Waterway is a 2000' run which winds through the heart of the city. It allows for realistic but controlled training in river rescue, what is now formally known as the premier training ground for "Swiftwater rescue." Class lectures will provide a background in theory and concepts that enables students to go directly to the water. Students become familiar with such equipment as inflatable boats, outboards, rescue ropes, rope rescue systems & necessary personal gear. Many of the teaching sites have actual accident histories.

### Explanation of Revenue Sources:

This fund collects tuition fees for students attending the Indiana River Rescue School. This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures and Significant Changes/Variances:

Fund Purpose:
This fund accounts for the 1925 & 1937 pension plans for retired South Bend firefighters and receives reimbursement from the State of Indiana.

Explanation of Revenue Sources:
"Pension relief" payments from the Indiana Public Retirement System (INPRS) are an actuarial estimate of the current budget year's payments and an adjustment of the prior budget year's estimate to the actual payments made during the prior year, including certain administrative costs. Payments are typically received in June and September. This fund can have a negative cash balance when it is waiting to be reimbursed by the State. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances:

Expenditures are for the pension payments to retired firefighters or surviving spouses and for death benefits paid out. Retiree health insurance payments are not paid through this fund; this cost is not reimbursed by the state. Retiree health payments are paid through the regular Fire Department budget in the General Fund (#101).

This fund accounts for the operation of the Parks & Recreation side of the Department of Venues, Parks & Arts (VPA). Its purpose is to provide quality spaces, places, and experiences within the City. There are several operational divisions within the department: Administration, Maintenance, Golf Courses, Recreational Experiences, Community Programming, and Development &

### Explanation of Revenue Sources:

This fund's main source of revenue is property taxes. This fund also receives auto excise and commercial vehicle excise tax (intergovernmental shared revenues). Additional revenue is derived from charges for services such as pavilion rental, golf course fees, concessions, and fees for camps, leagues, fitness centers, and special events. In 2019, this fund received a donation of \$450,000 from the Pokagon Band of the Potawatomi. It will be received annually through 2023. The Regional Cities Grant of \$5 million dollars was completed in 2020. Interfund transfers from the Local Income Tax Certified Shares Fund (#404) help subsidize operations.

Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - From 2021 to 2022, several personnel accounting changes will be made to better assign personnel costs to the divisions for which the employees serve (see the Personnel Summary for more details). | Accounting Changes - Prior to 2022, the Recreation Division's budget accounted for the activities of recreational experiences and community programming. In 2022, the activities of community programming will be split out into a separate division budget. Community programming includes the costs for running the City-owned community centers managed by VPA. The Recreation Division will be renamed Recreational Experiences and its budget will include the costs for operating the O'Brien Fitness Center, Howard Park, along with VPA's athletics and aquatics activities. | Capital - In 2019 and 2020, capital expenditures reflect the use of the Regional Cities, Leighton Foundation, and Pokagon Band funds for the Howard Park renovation project. The decrease in capital expenditures reflects the substantial completion of the Howard Park renovation project and the use of the noted grants and donations.

### Fund Purpose:

This fund was established (ordinance 9768-07) as a separate, non-reverting fund to receive monies from solicitation of funds for commercial promotion sponsorships such as commercial ads on ticket envelopes and Morris Marquee sponsorships; and to accept donations to the Morris Performing Arts Center and Palais Royale. All sums so collected and deposited in this fund are to be used for the sole purpose of assisting with continued promotions of and within both the Morris Performing Arts Center and Palais Royale.

In 2022, the Morris Performing Arts Center's operations will be moved into an enterprise fund due to the nature of the Morris' activities. Fund Purpose:
This fund was established in 2021 (Resolution 4917-21) to account for the reinstatement of the Professional Sports Convention Development Area (PSCDA) in downtown South Bend. The PSCDA was originally established in 1997 (Resolution 2519-97) to fund debt service and improvements at the College Football Hall of Fame. The City received PSCDA tax revenue for the original area from January 1998 through December 2017. The original PSCDA included the College Football Hall of Fame, Century Center, Four Winds Field at Stanley Coveleski Stadium, Morris Performing Arts Center, Palais Royale Ballroom, and the Studebaker National Museum. The revised PSCDA expanded the tax area, adding the Aloft Hotel, the Courtyard by Marriott South Bend, Downtown, the Doubletree Hotel, Howard Park including its Community Center and the Howard Park Public House, and the campus of Indiana University South Bend.

### Explanation of Revenue Sources:

The Indiana Department of Revenue collects a portion of state sales tax and income taxes (covered taxes) generated in the professional sports convention development area (PSCDA). The taxes are remitted on a monthly basis to St. Joseph County which remits it to the City of South Bend. The maximum amount of covered taxes that may be captured in the PSCDA is \$2 million per year per IC 36-7-31.8-10(e). The allocation provisions shall expire July 1, 2041. Because this is a new source of tax revenue, the City is budgeting conservatively at \$1.5 million per year.

### Explanation of Expenditures and Significant Changes/Variances:

The PSCDA tax revenue shall be used for capital improvements or financing of capital improvements for any facility that is owned by the City and is used as one of the following: a professional sports franchise for practice or competitive sporting events, a facility used principally for convention or tourism related events, a museum, a facility used for public attractions of national significance, a performing arts venue (IC 36-7-31.38-8 (a)(2)).

Initially, the City plans to use the PSCDA to fund capital improvements at Four Winds Field at Coveleski Stadium in downtown South Bend, a baseball stadium for the South Bend Cubs minor league

This fund was established (ordinance 5089-69) to account for the maintenance and operation of off-street parking facilities. This fund accounts for the revenues and expenditures from the various parking garages owned by the City of South Bend. There are currently 1,484 stalls.

## Explanation of Revenue Sources:

This fund receives revenue from the collection of daily and monthly parking fees at several downtown parking garages. Revenue dropped in 2020 due to the COVID-19 pandemic and less monthly parkers as people worked from home. This fund also receives revenue from street parking fines. Effective January 2017, the Common Council approved an increase in parking garage rates and parking enforcement fines. It was the first increase in 13 years.

Explanation of Expenditures and Significant Changes/Variances:

Starting in 2021, parking garage operations are under outside contract with ASM Global. Wages and benefits for parking garage employees and supplies for the garages will be paid for by the City directly rather than through a management fee. | Personnel - Includes the wages and benefits for parking garage employees who are hired and managed by ASM Global. | Supplies - Includes building R&M supplies, uniforms, small tools & equipment, cleaning supplies, and office supplies. | Services - The professional services budget is for the management contract with ASM. The utilities budget includes the cost of electric and water for the parking garages. Other services & charges includes elevator permits and credit card processing fees. | Capital - There are many capital improvement needs. The forecast shows a smaller capital budget than in prior years due to revenue remaining fairly flat. | **Interfund Allocation** - This fund reimburses the Morris Performing Arts Center Division (Fund #602) for 100% of costs of wages and benefits for the Manager-Facility Operations position.

Fund Purpose:
This fund was established to account for the operating costs of Century Center, the City's convention center. The Century Center is a division of the Department of Venues, Parks & Arts. The Century Center is located along the St. Joseph River in Downtown South Bend. It plays host to conventions and trade shows, conferences and meetings, weddings and receptions, plays, and concerts.

### Explanation of Revenue Sources:

This fund receives Hotel/Motel tax, remitted to the City by St. Joseph County, and collects revenue for charges for services such as facility rent, catering, parking etc. Amount may change in years going forward. Due to the COVID-19 pandemic, the Century Center was shut down for a several months during 2020. Revenue is expected to drop significantly for the foreseeable future as a result of less events due to the pandemic.

### Explanation of Expenditures, Staffing, and Significant Changes/Variances:

The City has a contract with ASM Global (a company that specializes in venue management) for the food & beverage operations at the Century Center. The repair and maintenance operations are handled by the City. | Personnel - The City's portion of the personnel budget includes the wages and benefits for seven (7) full-time employees, and \$48k for part-time wages. These employees are hired and managed by the City. Other Personnel Costs represents the wages and benefits for ASM Global employees working for the Century Center. | Supplies - The City's portion of the budget includes supplies needed to maintain the Century Center such as cleaning supplies, repair & maintenance materials, office supplies, and other small operating supplies. ASM Global's portion of the supplies budget (\$1.1 million) includes supplies needed to operate the Century Center for events, such as food & beverage inventory. | Services - The repair & maintenance budget includes HVAC and elevator maintenance, along with other general building maintenance expenses. The utilities budget includes the costs of electric, natural gas, and water for the Century Center. | Interfund Transfers Out include transfers to the Century Center Energy Conservation Debt Service Fund (#672) to fund debt service payments. | Capital - See the Century Center Capital Fund (#671).

### Fund Purpose:

This fund was established (ordinance 9214-01) to account for various EPA grants relating to brownfields. Revenues and expenditures in this fund are grant and project specific and will vary from year to year.

The EPA's Brownfields Program empowers states, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Past grant activity includes:

- Brownfields assessment grant: Hazardous substances grant funds and petroleum grant funds used to conduct Phase I and II environmental site assessments on a city-wide basis. Sites included a former foundry site that is now a city park, a former railroad site in the Studebaker/Oliver project area, and sites in wellhead protection areas.
- Brownfields revolving loan fund grant: Grant used to capitalize a revolving loan fund from which the City of South Bend will provide loans and subgrants to support cleanup activities for sites throughout the city that are contaminated with hazardous substances. Loans will be made based on an environmental prioritization process.
- Brownfields cleanup grant: Grant funds used to clean up the former Oliver Plow Works site. The site is part of the Studebaker/Oliver Plow Works Redevelopment Strategy, a phased approach for eventually redeveloping the entire Studebaker and Oliver factories into two light industrial parks. Grant funds also will be used for remediation and post-cleanup reporting, and community involvement activities.

### Explanation of Revenue Sources:

This fund received grant monies in the past and currently only receives revenue from interest earned on the fund's cash balance.

Other income was derived from repayment from the River West TIF Fund (#324), with the last payment received in 2020.

## Explanation of Expenditures and Significant Changes/Variances:

Professional services include ground water testing and other ongoing costs related to the study and planning for the various brownfields. The City also participates in the Indiana Department of Environmental Management's voluntary remediation program, and will continue using this fund in 2022 for those costs.

### Fund Purpose

This fund was established (ordinance 10060-10) to account for the activities of the Department of Community Investment (DCI). DCI's mission is to spur investment in a stronger South Bend by attracting & retaining growing businesses, connecting residents to economic opportunities, and planning for vibrant neighborhoods.

## Explanation of Revenue Sources:

This fund is mainly supported by interfund transfers from the Local Income Tax Economic Development Fund (#408). Therefore, there is no cash reserve requirement in this fund as it is supported by interfund transfers and does not need to carry a cash balance. This fund also receives revenue from federal grants and staff contracts. Starting in 2020, the wages and benefits for two Zoning staff are allocated back to the Building Department (Fund #600). This revenue is represented as an interfund allocation reimbursement transferred from Fund #600.

## Explanation of Expenditures and Significant Changes/Variances:

In 2021, two new positions were added to the Business Development team to support the newly awarded Revolving Loan Fund Grant as part of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). These positions will handle all loan applications and processing through closing. The positions are fully funded by grant revenue. Since 2019 there have been transition efforts to consolidate the Building and Code Enforcement departments, as well as the division of Sustainability, into DCI. In 2022, those consolidation efforts will be finalized and result in a reorganization of staff and reporting structures. In addition, several new or expanded initiatives will be added to DCI to facilitate the goals of the American Rescue Plan. Within the new structure there are five teams: (1) Engagement and Economic Empowerment; (2) Growth and Opportunity: formerly Business Development; (3) Neighborhoods: includes South Bend Animal Resource Center, Neighborhood Services & Enforcement (formerly the Department of Code Enforcement), Neighborhood Grants, and Neighborhood Health and Housing; (4) Planning: includes Building, Historic Preservation, Planning, and Zoning; (5) Sustainability. | Note: In 2022, the Sustainability Division will be moved from the General Fund (#101) into this fund as it will now be part of the Department of Community Investment.

### Fund Purpose:

This fund accounts for the receipt and subsequent expenditure of grants received from the U.S. Department of Housing and Urban Development related to community improvement projects. This fund accounts for various grants including:

Community Development Block Grant (CDBG) - CDBG funds can be used for a variety of community development opportunities such as providing affordable housing, a suitable living environment, and economic opportunities for individuals and families with incomes below 80 percent of the area median income. CDBG funds can also be used for the elimination of slum and blight. Emergency Solutions Grant (ESG) - The ESG Program provides homeless persons with basic shelter and essential supportive services. It can assist with operational costs of the shelter facility, and for the administration of the grant.

Neighborhood Stabilization Project (NSP) - Congress created the Neighborhood Stabilization Program to help cities, counties and states deal with community problems that are the result of the mortgage foreclosure crisis in the nation. HUD provides money to local governments (cities and counties), nonprofits, and all 50 states. Generally, the money must be used to buy, fix up, and resell foreclosed and abandoned homes. NSP grantees develop their own programs and funding priorities. However, NSP grantees must use at least 25 percent of the funds appropriated for the purchase and redevelopment of abandoned or foreclosed homes or residential properties that will be used to house individuals or families whose incomes do not exceed 50 percent of the area median income. In addition, all activities funded by NSP must benefit low- and moderate-income persons whose income does not exceed 120 percent of area median income. Activities may not qualify under NSP using the "prevent or eliminate slums and blight" or "address urgent community development needs" objectives.

## Explanation of Revenue Sources, Expenditures, and Significant Changes/Variances:

Special allocations of CDBG and ESG awarded under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) are separate from regular allocations and are accounted for in the COVID-19 Response Fund (#264).

### Fund Purpose

The Unsafe Building Fund was established in 2016 (ordinance 10416-16) to receive fines and fees related to Indiana's Unsafe Building law (IC 36-7-9). The expenses incurred for board-ups, demolitions, ordinance violation abatements, and other related services are recorded here. The Unsafe Building Fund is an extension of the Neighborhoods Division and shares the same mission to ensure a safe and clean community by upholding and enforcing the ordinances of the City of South Bend, the Indiana Unsafe Building Law, and the 2000 International Property Maintenance Code. Code Enforcement not only cites neglected properties through its team of inspectors, it also pursues citizens' complaints, partners with volunteer neighborhood associations for neighborhood cleanups, and works directly through community outreach programs to enrich the City of South Bend's neighborhoods.

Note: In 2021, the Department of Code Enforcement was brought under the Department of Community Investment (DCI) and was renamed the Neighborhoods Division. The Unsafe Building Fund is managed by the Neighborhoods Division which facilitates code enforcement activities.

## Explanation of Revenue Sources:

This fund receives revenue from fines and fees relating to Unsafe Building laws including the following sources: vacant and abandoned registrations, board-ups, demolitions, forfeited performance bonds, special assessments, and civil penalties.

## Explanation of Expenditures and Significant Changes/Variances:

Budgeted expenditures includes emergency demolitions and expenses associated with monitoring unsafe building concerns.

### Fund Purpose:

This fund accounts for the revenues and expenditures related to the Landlord Registration ordinance (10427-16) and the Rental Safety Verification Program (RSVP) ordinance (10644-19). Both of these programs are managed by the Neighborhoods Division of the Department of Community Investment (DCI).

### RSVP Program

The Rental Safety Verification Program (RSVP) requires an occupancy inspection of all real property or rental units that are intended to be occupied or are occupied by anyone other than the owner. This program is designed to ensure all City of South Bend rental units meet the minimum property standards of the International Property Maintenance Code, which are incorporated into Chapter 6-Article 14 of the City's municipal code. Once the rental unit has been inspected with an Inspection Report and approved for occupancy, an Inspection Certificate shall be issued by the Department authorizing the rental unit to be occupied. The purpose of the Inspection Report and Inspection Certificate issued to the owner or the property manager (if applicable) is to verify that the rental unit is safe and habitable for occupancy with respect to: electrical systems, plumbing systems, water and sanitary system, including hot water, heating and ventilation systems, bathroom, toilet facilities, doors, windows, stairways, hallways, functioning smoke detectors, lead hazards, indoor air quality, and the overall structure in which a rental unit is established.

Note: In 2021, the Department of Code Enforcement was brought under the Department of Community Investment (DCI) and was renamed the Neighborhoods Division. The Rental Units Regulation Fund is managed by the Neighborhoods Division which facilitates code enforcement activities.

### **Explanation of Revenue Sources:**

Revenue generation for the Rental Safety Verification Program (RSVP) is derived from follow up re-inspection fees and assessments for noncompliance. First and second inspections will have no charges; however, if not compliant after the second inspection, there will be charges requiring follow up inspections to validate compliance. Because this program is new, revenue could vary greatly from current estimates. A transfer from the Local Income Tax Economic Development Fund (#408) will make up the difference.

Prior to the Rental Safety Verification Program (RSVP), proceeds from the landlord registration (\$5 registration fee per year) were intended to fund Neighborhood Code Enforcement's costs of the program. However, previous guidelines for landlord registrations will be integrated into RSVP while working with landlords.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

This budget accounts for the operating costs of the Rental Safety Verification Program (RSVP) | Personnel - The personnel budget includes the wages and benefits for four (4) full-time Code Inspectors assigned to the program. From 2019 to 2020, two additional Code Inspectors were added to expand the program for a total of four Code Inspectors. | Supplies - The supplies needed for the RSVP program are minimal and will be paid out of the Code Enforcement Fund (#230) starting in 2022 since many of the supplies are shared within the Neighborhoods Division. | Services - \$54,000 is budgeted for a professional services agreement for temporary housing and security deposits to move tenants if their unit is condemned and the owner doesn't have another unit for the tenant.

### Fund Purpose

This fund was established in 2020 to account for the activity of the Neighborhoods Division of the Department of Community Investment (DCI). Operating under the Neighborhoods Division is Neighborhood Code Enforcement (NCE), the South Bend Animal Resource Center (SBARC), and Neighborhood Enforcement Action Team (NEAT). NCE upholds and enforces the ordinances of the City of South Bend, the Indiana Unsafe Building Law, and the 2000 International Property Maintenance Code. SBARC runs the animal resource center (aka animal shelter) and enforces animal welfare laws regarding animal cruelty and neglect per City, State, and Federal regulations. NEAT works in tandem with NCE to provide services for environmental clean-ups to homeowners and/or businesses. These clean-ups consist of illegal dumping of household items, tires, building materials, appliances, and any other form of litter and debris. Additional fines may be assessed for failure to comply upon notification.

Note: In 2021, the Department of Code Enforcement was brought under the Department of Community Investment (DCI) and was renamed the Neighborhoods Division.

### Explanation of Revenue Sources:

Neighborhood Code Enforcement collects revenues from fees for environmental clean-ups, processing abandoned vehicles, and ordinance violations. The South Bend Animal Resource Center (SBARC) collects revenues from fees for animal shelter activities such as adoption fees, pet licenses, pet microchipping, and animal surrender fee. SBARC also collects fines it assesses for animal welfare ordinance violations. These revenues do not cover the expenditures of these activities. The difference is covered by an interfund transfer from the Local Income Tax Economic Development Fund (#408).

### Fund Purpose:

This fund was originally established to account for economic development expenditures which are financed by federal grants and loan repayments.

### Explanation of Revenue Sources:

Revenue comes from Business Development Corporation (BDC) repayment of Fund 410 miscellaneous revenue used to capitalize BDC loan pool. This fund also receives revenue from interest earned on the fund's cash balance.

### Explanation of Expenditures and Significant Changes/Variances:

Currently, this fund is used for the repayment of an interfund loan from the Local Income Tax-Certified Shares Fund (#404) in connection with a downtown hotel/parking garage project. The final payment is due in 2022 (debt schedule #82). When the final revenue payment is due from BDC, it may be prudent to payoff the debt to Fund #404 and potentially close this fund rather than following current amortization schedule which goes out to 2046. Payments in future years will be made as BDC loan collections are received. The BDC loan collections have been remitted at rates less than the current amortization schedule depicts due to poor portfolio performance and as such may require an amendment to the debt schedule.

## Fund Purpose:

This fund was established (ordinance 8412-93) to receive monies and fees to pay expenses related to the operation of the St Joseph County/South Bend Building Department. The fund is operated in accordance with the interlocal agreement between St Joseph County and the City of South Bend executed December 31, 1991 as amended. | The Building Department regulates the "built environment" through enforcement of current building codes and zoning ordinances. The Building Department's purpose is to promote safe occupancy for all residents of the jurisdiction, serving all properties within the City of South Bend and all properties with a 5-digit address within St. Joseph County. | Note: From 2019 through 2021, the Building Department has transitioned to a team within the Department of Community Investment (DCI). In 2022, that transition is complete and Building is now part of the DCI Planning team.

## Explanation of Revenue Sources:

Revenue for the Building Department is primarily generated through issuing permits for construction, demolition, or occupancy. In addition, contractor registrations and licenses are also issued and monitored. Prior to the COVID-19 pandemic, revenue was anticipated to increase based on trends. Due to the unknown nature of economic impacts of COVID-19, permit revenue is budgeted at 2021 anticipated actual levels.

## Explanation of Expenditures and Significant Changes/Variances:

This fund accounts for the operational costs of running the Building Department. | **Personnel** - The personnel budget includes the wages and benefits for sixteen (16) full-time employees. | **Supplies**-Includes fuel for inspectors' vehicles and office supplies. | **Services** - Repair & maintenance includes vehicle R&M for inspectors' vehicles. | **Debt Service** - The principal and interest expense budgeted is for capital lease payments for vehicles. | **Capital** - Forecasted to purchase one new vehicle per year starting in 2023 in order to replace aging fleet. | **Interfund Allocations** - In 2022, it is anticipated that a new permitting system will be sourced and implemented, resulting in a planned spend down of cash reserves. The implementation and software costs for the new permitting system are budgeted in the IT Department's budget (Fund #279) and allocated back to this fund through the IT interfund allocation.

### Fund Purpose:

This fund accounts for the expenditures of the bond proceeds from the 2017 Eddy Street Commons Phase II Bond. The funds will be spent on Phase II of the Eddy Street Commons, a mixed-use development area just south of the University of Notre Dame.

### Explanation of Revenue Sources:

Initial revenues were bond proceeds from the \$25 million Eddy Street Commons Bond issued in 2017 (closing date 8/14/17, debt schedule #163). Currently, this fund only receives revenue from interest earned on the cash balance at the trustee bank.

In July 2007, the South Bend Common Council unanimously approved the rezoning of 25 acres of vacant land south of Notre Dame for the nearly \$200 million Eddy Street Commons project. Phase I — As part of the Phase I development deal, Kite Realty Group agreed to invest \$161.9 million while South Bend city officials agreed to invest \$36.7 million to help with, among other costs, a parking garage and street and utility upgrades. Phase I included retail/restaurant/office space, apartment units, condo units, townhomes, a 1,276-vehicle multi-level parking garage, a Fairfield Inn & Suites and an Embassy Suites. Phase II - Designed with input from the University, City of South Bend and nearby home and business owners, Phase II consists of five main buildings: two graduate-style apartment buildings and a new Robinson Community Learning Center on the east side of Eddy Street and two market-rate apartment buildings on the west side of Eddy Street. A stand-alone grocery store is proposed for the southwest corner of Howard and Indiana 23, where the Robinson Center now sits. The Robinson Center, an off-campus educational initiative of the University, will move to a new one-story, 13,000-square-foot building across the street. Phase II is a joint effort between the university and Kite Realty.

## Fund Purpose:

This fund was established to track the operating costs of the Central Services Division. The Division provides a variety of services to other city departments, along with several local county, state and federal agencies. Central Services consists of 4 cost centers: Equipment Services, Building Maintenance, Radio Shop, and Facilities Management. The Department of Administration & Finance oversees the Central Services Division.

### Explanation of Revenue Sources:

Equipment Services and Radio Shop provide repair and maintenance services for the City's fleet and some external customers (governmental units such as St Joseph County and local township fire departments). Parts and labor for each work order are charged back to City departments or billed to the external customers. | Building Maintenance provides repair and maintenance services to the City's facilities. This cost center is partially funded through internal labor rates. | Equipment Services also receives business licensing revenue from performing inspections of taxi cabs. This revenue has declined dramatically in the past two years due to the popularity of ride sharing services such as Uber and Lyft. | Facilities Management is funded by an interfund allocation. | This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Operational expenditures include those incurred in operating the wastewater treatment plant, maintaining the City's sewer system, and operating the Organic Resources facility which processes leaves, brush, wood and other yard waste. | Personnel - The personnel budget includes the wages and benefits for 38 full-time employees, and \$26k for part-time and seasonal wages. | Supplies - Includes the costs of inventory parts that are used for the repair and maintenance of vehicles and equipment for City departments and external customers. Inventory also includes gasoline purchased for use by City departments, which is then charged back to the departments based on usage. General supplies for Central Services includes cleaning supplies, small tools & equipment, building maintenance supplies, uniforms, safety supplies, and office supplies. | Services - The repair & maintenance budget includes the cost of R&M for equipment, such as fuel pumps, and general building maintenance for the Central Services' garages. The utilities budget includes the costs of electric, natural gas, and water for the garages. | Debt Service - The principal and interest expense budgeted is for capital lease payments for a forklift purchased in 2019, be fully paid off in 2024. | Capital - Prior to 2022, Central Services' capital expenditures were tracked in the Central Services Capital Fund (#224). However, the capital fund did not have any source of revenue other than the interfund transfers it received from this fund. Therefore, Central Services' capital expenditures will be accounted for in this fund starting in 2022.

This fund was established (ordinance 10339-14) to account for the capital expenditures of the Central Services Division.

Explanation of Revenue Sources:
This fund received transfers from the Central Services Operating Fund (#222) to cover expenditures as needed.

Explanation of Expenditures and Significant Changes/Variances:

Historically, this fund accounted for the annual maintenance of the CNG stations and radio tower inspections and the debt service principal and interest budget is for the capital lease payments. However, this fund did not have any source of revenue other than the interfund transfers. Therefore, Central Services' capital expenditures will be accounted for in the Central Services Operating Fund (#222) starting in 2022 and this fund will be discontinued.

### Fund Purpose

This fund was established in 1979 when the Common Council determined that the City should become self-insured for liability insurance (ordinance 6657-79). The purpose of this fund is to set aside monies, assessed on all operations and departments of the City, for the payment of any premium for outside coverage, claims arising from retained risk and all incidental costs associated with any claims including, but not limited to, investigative and legal fees. Currently, this fund handles operations relating to business insurance and claims--property, liability, workers compensation, etc. This fund is managed by the Department of Administration & Finance.

### Explanation of Revenue Sources:

This fund receives revenue from a fixed cost interfund allocation charged to other City funds. The amount charged to each fund is determined during the annual budget process. Various methodologies are used to effectively and fairly allocate costs. Liability and worker's compensation costs are allocated based on two-year claims history for each department. Business insurance costs are allocated based on net book value of departments' capital assets (per the City's Annual Comprehensive Financial Report). When this fund has sufficient reserves, allocations to departments may decrease. Reimbursements from insurance claims are also received in this fund.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Workers' Compensation expenses have increased in the past 18 months due to several large, unrelated injuries. The City continues to monitor the workers' compensation related accidents and provides training once an issue has been identified. There is also a considerable amount of proactive training which happens throughout the City in an effort to stop any workplace injuries. Capital expenditures in 2019 and 2020 were for repairs to City facilities and replacement of equipment related to 2018 flood damage.

In 2021, all personnel costs previously budgeted in this fund were moved to the General Fund (#101).

- -- One full-time Paralegal position was transferred to the Legal Department's budget. This position is under the Legal Department but was historically budgeted in this fund because the position focuses on liability and workers' comp related matters.
- -- In 2020, there were two full-time positions budgeted for the Safety & Risk division. During 2020, one position was eliminated due to attrition. In 2021, the remaining position was transferred to Human Resources. The Safety & Risk division's supplies and services budget will be fully transferred to Human Resources in 2022.

The Department of Innovation & Technology's goal is to empower an innovative workforce and a thriving community through technology, data, and strategic partnerships. The functions within the department include: The 311 Call Center handles resident telephone calls in an efficient and effective manner. It provides residents with a "one-stop" shop to contact city departments with inquiries and service requests. | Services focuses on internal technology-related services for the employees of the City of South Bend. Daily general operations and user experience fall under this division. | Applications oversees architecting, implementing, configuring, integrating, and supporting all software applications and platforms. This includes the employee intranet, the 311 Service Portal, our CRM solution, GIS mapping, and many applications specialized for departments and divisions. | Infrastructure oversees the Network Infrastructure within the City of South Bend, which is comprised of the hardware, software and security resources of an entire network. The infrastructure team plans new deployments, maintains all technology infrastructure inclusive of servers, network devices, wireless network devices, cloud environments, data center, and security; ensuring availability, capacity, and continuity. | Business Analytics acts as liaisons between City departments and the rest of the Dept of Innovation and Technology team and provides additional resources to City departments for selected projects. Business Analytics team members provide services including business needs assessments, process mapping and improvement, performance management, data and technology training, data analytics, and project management. | Civic Innovation works with City and connections both internal and external connections.

### Explanation of Revenue Sources:

This fund receives revenue in the form of a fixed cost interfund allocation. The annual budget for this fund is allocated between the City departments based on various criteria including number of 311 calls, number of devices, number of user licenses, departmental specific software renewal, and more. This fund does not need to carry high cash reserves because its budget is fully allocated each year.

## Explanation of Expenditures, Staffing, and Significant Changes/Variances:

Personnel - The personnel budget in this fund includes the wages and benefits of 24 full-time employees for Information Technology and 8 full-time employees for the 311 Call Center, along with a budget for part-time help at the 311 Call Center. In 2022, two positions will be added: one additional Applications Developer and one additional 311 Customer Service Liaison. See the personnel budget summary for details. | Supplies - The supplies budget includes miscellaneous computer supplies and accessories, along with devices that are not part of the hardware refresh plan. | Services - The repairs & maintenance budget includes annual software subscription and renewal costs. The professional services budget includes software support and special projects like the SBAcademy, SBAcademy, the City's training program, has trained employees in novel techniques that enable process improvements and other innovations that will continue to make government more efficient. | Debt Service - The principal and interest expense budget is for lease payments for various hardware refresh plans. A hardware refresh means replacing current hardware with the newest version of the equipment to combat performance and capacity issues. The City leases equipment, such as computers and printers, over a period of 3-5 years. At the end of the lease, the City has the option to return the equipment to the vendor and get new equipment. The refresh program ensures that City employees are equipped with the most current technology to better serve the City and its residents.

This fund was established in 1983 when the Common Council determined that the City should become self-insured for employee health insurance (ordinance 7161-83). The purpose of this fund is to set aside monies assessed from City departments and monies collected from employees to be expended on insurance and claims relating to employees, including medical, dental, life, flex spending, etc. The City of South Bend is self-insured - it pays medical, dental, and vision claims directly, as opposed to paying an insurance company to pay the claims.

## Explanation of Revenue Sources:

Revenues for this fund come from individual departments based on the number of employees taking health insurance based on a per employee rate as set by the Controller's Office on an annual basis, as well as from employee and public safety retiree health insurance premiums.

Explanation of Expenditures and Significant Changes/Variances:

An Employee Wellness Center was opened on January 18, 2016, which was set in place with the understanding that the City should see a drop in claims expenses over time. During the 2019 budget process, it was determined that this fund was overfunded from prior years due to lower than anticipated costs. Therefore, in 2019, the City gave a one-time break in the health insurance cost per employee charged to departments. Claims are forecasted to increase 5% year over year. The City will continue to closely monitor this fund to ensure the premiums charged to employees and departments remains affordable while allowing the City to maintain excellent benefits for employees.

This fund was established in 2011 (ordinance 10059-10) to account for the City's payment of unemployment claims and outplacement services on behalf of all departments. Prior to the establishment of this fund, claims were accounted for under individual departments' operations.

Explanation of Revenue Sources:

This fund receives revenue from an allocation charged to departments through payroll as a percent of full-time wages. During the annual budget process, the Department of Administration & Finance reviews the allocation percentage. When this fund's cash reserves increase due to lower than anticipated claims, the allocation percentage will be decreased. As cash reserves fall below levels sufficient to support anticipated claims, the allocation percentage will be increased. In November 2016, the charge was suspended due to the fund's high cash reserves. In 2020, the allocation to departments was

## Explanation of Expenditures and Significant Changes/Variances:

All unemployment claims and outplacement services for all departments are paid through this fund. Claims had remained fairly low in recent years, but in 2020 claims increased substantially due to the COVID-19 pandemic.

Beginning in 2018, the City offers a Parental Leave Program to its employees to provide additional paid time off for employees for the birth or adoption of a child. The Parental Leave Program was developed based on the models of other progressive, best-in-class employers.

Explanation of Revenue Sources:

The program is funded by an allocation to departments charged through payroll as a percent of full-time wages. During the annual budget process, the Department of Administration & Finance reviews the allocation percentage. This allocation will be increased or decreased based on the financial needs of the program and the performance of the fund. In 2022, the allocation will be 0.35% of full-time

The program was well-received and continues to grow. Based on historical program participation, expenditures are budgeted at 40 births x 240 hours off of work x the average hourly wage.

### Fund Purpose:

This fund was established (ordinance 9509-04) in order to set aside monies which can be used to meet unanticipated expenses that cannot be funded from existing appropriations, to meet cash flow needs between biannual distribution of property tax receipts and other periodic distributions, for bridging a gap caused by an unexpected revenue shortfall or significant delay in receiving revenue, and for any other City purpose or need consistent with or permitted by state law. This fund can be used for mid-year or year-end advances to other funds that have cash shortages and the advances must be paid back within six months. The establishment of a Rainy Day Fund is looked upon favorably by bond rating agencies and is one of the factors resulting in South Bend's good AA bond rating with Standard & Poor's.

The cash reserve requirement for this fund is 3% of prior year operational expenditures in Civil City funds, excluding interfund transfers.

### Explanation of Revenue Sources:

The City can elect to transfer unused or unencumbered funds to this fund per IC 36-1-8-5.1. Every so often, this fund receives certain "catch up" distributions of local income tax monies from the State of Indiana that are required to be deposited into this fund. During 2016, a total of 25% of the special local income tax distribution approved by the Indiana General Assembly, or \$1,405,850, was deposited into the Rainy Day Fund as allowed under the statute. On an ongoing basis, this fund receives revenue from interest earned on the fund's cash balance.

### Fund Purpose

This fund was established (ordinance 9870-08) to receive monies donated, given, and/or bequeathed to the City by private, non-governmental persons. Most donations, gifts, or bequests have a specific purpose designated by the donor. By accounting for the monies in this separate fund, the City can better track the expense of the monies and ensure that they are spent according to the designated purpose.

## Explanation of Donation Sources and Uses:

Judith Westfall Irrevocable Trust - In 2017, the South Bend Animal Resource Center (SBARC) started receiving an annual donation of approximately \$22,300 from the Judith Westfall Irrevocable Trust. They anticipate receiving annual contributions through 2/24/2023.

Pokagon Band (2019-2022) - the City received a \$100,000 annual donation from the Pokagon Band of the Potawatomi to be used towards the Bowman Creek Project
Home Energy Improvements - From 2019 through 2022, the City has received private grants from the Robert & Clara Milton Charitable Trust Foundation. This private grant is to be used for the South Bend Green Corps Senior Home Energy Improvements program assists seniors 65 years and older with home repairs. The City also received \$20,000 from the Florence V. Carroll Charitable Trust to be used for Home Energy Improvements, not restricted to seniors.
Bloomberg Mayor's Challenge Award (2019-2022) - The City of South Bend is developing a transportation-as-a-benefit program, partnering with local employers to provide free or subsidized transportation to/from work for low-wage shift workers who are transport insecure. Goals include reducing employee turnover, increasing productivity, and increasing resident access to employment, all of which will in turn strengthen the local economy. Of this grant, 62% of funds are allocated to personnel who will design, implement and manage the program and develop a self-sustaining model. 17% of funds are allocated to covering costs of participant transportation; the 3-year period we will transition from program-funded transportation to employer/employee-funded transportation. 18% of costs are allocated to operational/technical partners to develop and manage infrastructure (data management, participant enrollment, etc.). 3% of costs are allocated to media/communications to support employer recruitment, participant enrollment, and public messaging. 1% of costs are allocated to travel/events; it's estimated that key program personnel will travel 1x for program research and 2x to relevant industry conferences and that the program will host 3 major events to recruit new partners/participants for the program. At the end of the 3-year period, it is expected the city will have developed a sustainable, replicable model for a transportation

### Fund Purpose:

This fund was established in 2021 to track the receipt and expenditure of the funds from the American Rescue Plan Act.

On March 18, 2021, the Indiana State Board of Accounts issued State Examiner Directive 2021-1, which prescribes the accounting procedures for federal assistance received through the ARP Act, and on May 17, 2021, the United States Department of the Treasury published an interim final rule to describe the requirements on implementing the Coronavirus State Fiscal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund established under the ARP Act. Both the state and the federal directives recommend the creation of a formal spending plan for the ARP Funds.

In its guidance, the Department of the Treasury outlined four funding objectives for the ARP Funds. In developing its own plan for spending, the City of South Bend further grouped these four objectives into two main categories of spending:

### Response & Relief

- Support urgent COVID-19 response efforts
- Support immediate economic stabilization for households and businesses

### Equitable Recovery

- Replace lost revenue for eligible state, local, territorial, and Tribal governments
- Address systemic public health and economic challenges that have contributed to the inequal impact of the pandemic

Spending allocated for "Response and Relief" is intended to provide direct, rapid relief to residents and businesses who have experienced economic or health-related harms related to the pandemic. Spending allocated for "Equitable Recovery" is intended to rebuild a more equitable economy and community by addressing systemic challenges that have been present in our community for decades.

In Sections 602(c)(1) and 603(c)(1) of ARPA, Congress provided four eligible uses of funds:

- a) To respond to the public health emergency or its negative economic impacts including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality;
- b) To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers;
- c) For the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency; and
- d) To make necessary investments in water, sewer, or broadband infrastructure

### Explanation of Revenue Sources:

The City's total award amount is \$58,910,047, with half of it received in 2021 and the other half to be received in 2022. This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures and Significant Changes/Variances:

ARP Premium Pay: In 2022, the Common Council appropriated \$1.91 million for COVID premium pay to essential employees including police officers, firefighters, teamsters, and certain non-bargainging employees for qualify for premium pay under the rules and regulations of the ARP Act. | Vacant Building Development Financing: \$500,000 is budgeted in this fund and \$1.5 million in the General Fund #101 to support small-scale and mission-based developers enter into areas of the City where it is difficult to obtain traditional financing. This fund will act as a credit enhancement ("loan loss reserve fund") for these developers for targeted projects that revitalize large, vacant buildings and/or make a commercial investment in the corridors. | Dream Center: The City is proposing to fund an \$11.1 million renovation and upgrade to the Martin Luther King Jr. Center. The new facility will be called the Dream Center at Martin Luther King Jr. Park. This new, world-class, intergenerational community center will be developed in conjunction with the community, and community feedback will play a large role in deciding what facilities and programming are built at the Dream Center.

## American Rescue Plan:

Signed into law on March 11, 2021, the American Rescue Plan Act of 2021 ("ARP Act") is a \$1.9 trillion economic stimulus bill designed to facilitate recovery from the economic and health effects of the COVID-19 pandemic and the resulting, ongoing recession. As a part of this legislation, Congress allocated \$350 billion to state, local, territorial and Tribal governments to respond to the pandemic, provide economic relief, and lay the foundation for a strong and equitable recovery.

The City of South Bend was one of almost 1,200 Metropolitan Cities across the country that received a direct infusion of resources as a result of this Act. The City's allocation totaled \$58,910,047 (the "ARP Funds").

### Fund Purpose

This fund was established in 2020 to track the costs associated with the City's response to the COVID-19 coronavirus pandemic.

## Explanation of Revenue Sources:

This fund will receive grants including funds from the Federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Housing and Urban Development (HUD), Community Development Block Grant (CDBG), and Emergency Solutions Grant (ESG).

## Explanation of Expenditures and Significant Changes/Variances:

Expenditures are related to various activities such as funding for quarantine sites, public health communications, personal protective equipment (PPE), cleaning/sanitizing supplies, and lost wages.

In 2020 the U.S. Department of Housing and Urban Development (HUD) awarded special allocations of Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) program funds to be used to prevent, prepare for, and respond to the coronavirus pandemic (COVID-19) as part of the CARES Act. The CDBG funds are aimed at community and economic development, and ESG funds are aimed at aiding individuals and families who are homeless or receiving homeless assistance and to support additional homeless assistance and homelessness prevention activities. The 2020 awards include \$1,491,174 CDBG-CV1, \$759,783 ESG-CV1, and \$787,585 ESG-CV2. These funds are required to be spent by July 2022. If any additional special allocations are awarded to the City, they will be accounted for in this fund.

### Fund Purpose

This fund was established to account for the receipt of the certified shares component of the local income tax. Funds are used to items such as debt service payments, certain organizations' grants and operational subsidies, capital expenditures and other uses as deemed by the Mayor and Council.

### Explanation of Revenue Sources:

This fund receives the Certified Shares portion of the City's Local Income Tax (LIT) revenue distribution. Local income tax revenue is determined annually by the Indiana Dept of Local Government Finance (DLGF). In 2021, the St. Joseph County Council passed a resolution to amend the local income tax rate and dedicate a portion of the certified shares income tax to fund the consolidated county-wide 911 call center called PSAP (Public Safety Answering Point). As a result, the City's certified shares distribution will be reduced going forward, starting in 2022. Previously, the City paid for its portion of the operating costs for PSAP out of the Local Income Tax Economic Development Fund (#408). Other Income is principal from an interfund loan (debt schedule #82) being repaid by the UDAG Fund (#410). This fund also receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures and Significant Changes/Variances:

Funds are used for debt service payments for police cars & equipment, certain organizations' grants and operational subsidies, capital expenditures, and other uses as deemed by the Mayor and Council. | In 2022, the interfund transfer to the Motor Vehicle Highway Fund (#202) is \$3.75 million for street paying & patching and \$1.5 million for the curb & sidewalk program. | The City replaced its 20+ year-old accounting software system. The implementation lasted 18 months, cost about \$3 million, and went live on May 1, 2020. An ongoing software support contract is budgeted at \$80k a year. | In 2021, Dept of Community Investment (DCI) activities formerly paid out of this fund were moved into Fund #408 in order to consolidate DCI sependitures. | The City continues to budget funding for the demolition of vacant & abandoned houses, budgeted in Fund #101 for 2022. | The Dept of Public Works manages the Light Up South Bend program - a partnership with Indiana/Michigan Power Co. to install additional street lights in neighborhoods throughout South Bend. The Lamppost Lighting Program is meant to improve safety by adding more street lighting throughout South Bend. The City selected two areas where residents pay less for a lamppost. They were chosen based on income, number of vacant lots, and need for lighting in the neighborhood. | This fund also provides operating subsidies to the Studebaker Museum and the South Bend Museum of Art. | Police patrol cars are purchased through 5-year capital leases. The debt service principal and interest payments are paid by this fund.

This fund is used to account for expenditures relating to the purchase or lease of capital improvements in the City. A cumulative capital development fund is defined under Indiana Code (I.C. 36-9-16) and was established by the Common Council in 1985 (ordinance no. 7486-85).

## Explanation of Revenue Sources:

This fund receives revenue from a property tax levy. Distributions are received from St. Joseph County in June and December. The Cumulative Capital Development (CCD) property tax is a special tax rate that is reduced by circuit breaker property tax caps and will likely result in less revenue in future years unless the rate is re-established. This fund also receives auto excise and commercial vehicle excise tax.

## Explanation of Expenditures and Significant Changes/Variances:

Currently, this fund pays the debt service payments for several police vehicle capital lease-purchases. About 34 patrol cars need to be replaced every year to maintain the fleet. Cars are kept for at least five years, up to 10, depending on wear and tear. The cost is about \$43,000 per vehicle, including the cost of outfitting the vehicle with the necessary equipment. Due to declining cash reserves in this fund, the police vehicle capital lease-purchases for 2020 through 2023 will be funded by the Local Income Tax Certified Shares Fund (#404). This fund will continue to pay off current leases over that time and will not take on any new debt until cash reserves can support it in 2024. In 2022, this fund will transfer \$143,687 to Fund #404 to help offset the debt service payments paid out of that fund. 2019-2020 included a one-time capital expenditure of \$285,500 to help fund the My SB Parks & Trails project at Howard Park.

This fund was established (ordinance 4832-66) in 1966 to account for the receipt of cigarette tax revenue designated to be used solely for capital improvements.

## Explanation of Revenue Sources:

This fund receives cigarette tax revenue. Other Income is \$25,000 from the South Bend School Corporation for rental of property. In 2020, the revenue was only \$18,750 as the City gave a discount due to COVID-19. This fund also receives revenue from interest earned on the fund's cash balance.

Explanation of Expenditures and Significant Changes/Variances:

In 2019, \$28,000 was used to purchase furniture for the Howard Park Renovation Project, part of the greater My SB Parks & Trails Project managed by the Department of Venues, Parks & Arts. | In 2020, \$250,000 was transferred to the Motor Vehicle Highway Fund (#202) to support vehicle and equipment capital purchases for the Streets Division. | In 2021, \$262,145 was budgeted for an interfund transfer to the Parks & Recreation Fund (#201) to support vehicle and equipment capital purchases for the Park Maintenance Division of the Department of Venues, Parks & Arts. | In 2022, \$250,000 is budgeted for the Studebaker Museum roof project managed by the Department of Venues, Parks & Arts. Also budgeted in 2022, \$239,341 interfund transfer to the Local Income Tax Certified Shares Fund (#404) to help offset the debt service payments for police vehicle capital leases paid out of that fund.

Fund Purpose:

This fund was established to account for the receipt of the economic development component of the local income tax. Funds are used to items such as debt service payments, economic development, capital expenditures benefiting economic development street operations and other uses as deemed by the Mayor and Council.

### Explanation of Revenue Sources:

This fund receives the Economic Development portion of the City's Local Income Tax (LIT) revenue distribution. The City of South Bend receives an allocated share of the 0.4% income tax on wages within St. Joseph County. Local income tax revenue is determined annually by the Indiana Dept of Local Government Finance (DLGF). Income tax revenue is expected to decrease over the next couple years as a result of the COVID-19 pandemic. Other Income is from the sale of properties held for resale by the Department of Community Investment. This fund also receives revenue from interest earned on the fund's cash balance. The final payment of the TJX job penalty amount of \$354,660 was received in 2020. The job penalty fines were assessed because the company A.J. Wright violated its development agreement with the city, under which it benefited from a taxpayer-funded incentive package worth more than \$10 million. TJX, the parent company of A.J. Wright, has been paying the job penalty fines since 2011.

## Explanation of Expenditures and Significant Changes/Variances:

PSAP - Prior to 2022, this fund paid for the City's portion of the operating costs for the consolidated county-wide 911 call center called PSAP (Public Safety Answering Point). In 2021, the St. Joseph County Council passed a resolution to amend the local income tax rate and dedicate a portion of the certified shares income tax to fund PSAP. As a result, the City's certified shares distribution (received in Fund #404) will be reduced going forward, starting in 2022, and the budget for PSAP in this fund will be reduced to cover only the debt service payments for the 2014 PSAP Bonds. | New Admin Building - In March 2022, the Common Council approved an additional appropriation for \$7.8 million for the purchase and renovation of South Bend Community School Corporation admininstration building. If the sale proceeds, the City of South Bend will move its offices from the County-City Building to the newly acquired building. | Interfund Transfers - This fund provides operating subsidies for the Department of Community Investment (DCI). Subsidies are provided to the Community Investment Division (Fund #211) and the Neighborhoods Division (Fund #221 & #230). DCI does not collect enough revenue to support its operations so the City makes up the difference with income tax dollars. | Community Investment - Various community and economic development initiatives administered by DCI are accounted for in this fund. 2022 DCI budgeted expenditures include: Business Development - \$480k for workforce development, \$250k for small business assistance, \$100k for the South Bend Chamber of Commerce | Neighborhoods - \$550k for vacant & abandoned demolitions, \$450k for the Homeless Strategy (\$75k contract position, \$275k weather amnesty, \$25k Country coordinator support, \$100k PSH leasing, \$175k project support), \$350k for the Home Repair Program, \$50k for eviction prevention | Engagement - \$255k for neighborhood organization support, \$40k for consulting fees to support development of Civic Engagement Toolkit and Public Engagement Plan | Planning - \$150k for development of two neighborhood plans, \$35k for West Side Main Streets, \$5k for public art - SB Mural Festival support, \$10k for place making art grant | Property - \$50k for appraisals, \$100k for surveys, \$226k for expenses related to Redevelopment owned properties, \$50k for an alley stabilization pilot program, \$107k for mowing of vacant lots. | Debt Service - The fund is used to pay for debt service for the following bonds: • 2015 Economic Development Income Tax Bonds (Park Projects), (Interfund Transfer to Fund #757) - final payment 8/1/35, (debt schedule #141) • 2018 Economic Development Revenue Bonds (Potawatomi Zoo Project) - final payment 2/1/34, (debt schedule #175) • 2021 South Bend Building Corporation LIT Lease Rental Revenue Bonds (Infrastructure Projects), (Interfund Transfer to Fund #755) - final payment 8/1/36, (debt schedule #215)

Fund Purpose:

This fund was used to track the expenditures of capital lease proceeds used to purchase vehicles and equipment for City departments. The funds are held by an escrow agent and expended upon the provision by the City of a proper claim form and invoice. Historically, the City has used 5-year capital leases and received an interest rate around 2%. Debt service principal and interest payments are budgeted in individual departments.

Starting in 2020, the City changed its accounting for capital leases. The balance of the lease proceeds held in escrow are now accounted for in the fund that is repaying the debt instead of a single leasing

## Explanation of Revenue Sources:

Historically, this fund received revenue in the form of capital lease proceeds and interest earned on those proceeds while they were held in an escrow account.

Explanation of Expenditures and Significant Changes/Variances:
The 2017 Vehicle/Equip Lease #2 is the only remaining lease still being accounted for in this fund. The remaining balance in the escrow will be used towards repayment of the debt and therefore the balance of the escrow should be accounted for in the fund that is repaying the lease: Local Income Tax Certified Shares Fund (#404). In 2022, the remaining cash in this fund was transferred to Fund #404 and this fund was discontinued.

This fund accounts for the trustee bank's receipt of debt service payments from the City, recorded as interfund transfers from the City funds that are funding the repayment of the debt. This fund also receives revenue from interest earned on the cash balance at the trustee bank.

In 2020, bond proceeds were receipted into the fund. See explanation of bond below.

In 2021, the final payment for the 2010 Public Works Service Center Refunding Bonds (Refunding 2001) was made on 2/1/21, (debt schedule #36). The debt service reserve balance of \$647,148 was disbursed by the trustee bank when the bonds were paid off. 87.7% was transferred to the River West TIF Fund (#324) and 12.3% was transferred to the Sewage Works Operating Fund (#641), the funds that repaid the debt.

## Explanation of Revenue Sources:

Financing is provided by property tax proceeds in excess of those attributable to the assessed value of the property in the district before redevelopment. This fund receives revenue from interest earned on the fund's cash balance.

Prior to pay year 2021, the Redevelopment Commission did not collect the excess tax increment for use in projects. For pay year 2021 and after, the Redevelopment Commission has determined it will

Explanation of Expenditures and Significant Changes/Variances:

This fund accounts for the collection of Tax Increment Financing (ITF) revenues for the River East Residential Development Area and expenses of those funds on eligible development projects for this TIF area. The boundaries for this TIF district were changed as part of the TIF re-alignment during 2015. The fund was formerly known as the Northeast Residential TIF.

## Explanation of Revenue Sources:

Financing is provided by property tax proceeds in excess of those attributable to the assessed value of the property in the district before redevelopment. This fund receives revenue from interest earned on the fund's cash balance.

## Explanation of Expenditures and Significant Changes/Variances:

Professional Services will cover mandatory administrative costs related to TIF neutralization calculations. In 2021, in addition to debt service requirements, the fund was used for the first time to fund various projects within or abutting and serving the TIF area. Those projects are anticipated to be ongoing in 2022. The development in the area has resulted in higher net assessed values and therefore higher than anticipated TIF revenue collections.

This fund is used to repay bonds related to capital projects in the community. The repayment of the bonds is accounted for in separate debt service funds with the repayment being funded by interfund transfers from this fund to the debt service funds (see Interfund Transfers Out). Also, this fund is repaying two interfund loans (see Debt Service Principal & Interest expense). Principal and interest payments are made to the Major Moves Fund (#412). The loans will be paid off in 2024 and 2029.

### Current debt includes:

- 2011/2013 Major Moves-Triangle Development Interfund Loan, (Repay Fund #412) final payment 2/15/29, (debt schedule #84)

The Redevelopment Commission was established to address conditions associated with blight and the underutilization of land and/or barriers to development. The Commission operates within the city limits. They study areas of the city, identify problem areas and develop a strategic plan for eliminating blight and bringing about new development within those areas. A primary focus is on the expansion of tax base and the creation of new jobs within South Bend.

There are five voting members of the South Bend Redevelopment Commission. Three are appointed by the Mayor; two are appointed by the South Bend Common Council. Starting in 2021, one of the Mayoral appointees is required to be a South Bend Community School Corporation Board of Trustees voting member. Prior to 2021, there was one additional member from the South Bend Community School Corporation Board of School Trustees, appointed by the Mayor as a non-voting adviser to the Commission.

## Explanation of Revenue Sources:

Starting in 2022, this fund will begin receiving hotel/motel tax revenue, remitted to the City by St. Joseph County. --- In 2022, the City issued revenue bonds, backed by the Hotel/Motel tax revenue, to fund capital improvements to the Morris Performing Arts Center and Potawatomi Zoo. The Morris bonds debt service payments are tracked in the South Bend Redevelopment Authority Debt Service Fund (#752) and the Zoo bonds debt service payments are tracked in the South Bend Building Corporation Fund (#755). The hotel/motel taxes received in this fund will be transferred to debt service funds for the repayment of the bonds.

Starting in 2019, this fund receives the South Bend Redevelopment Commission's portion of the Local Income Tax (LIT) distribution from the State.

Starting in 2018, the City of South Bend will receive donations from the Pokagon Band of the Potawatomi, a Native American tribe, as "payment in lieu of taxes" for the Four Winds Casino built on tribal land adjacent to the City. This is to be split between the General Fund (#101) and the Redevelopment General Fund (#433).

This fund also receives revenue from interest earned on the fund's cash balance.

### Explanation of Expenditures and Significant Changes/Variances:

Prior to 2019, this fund's sole expenditure was for general legal fees for the Redevelopment Commission. Starting in 2019, this fund will also be used for economic empowerment activities determined by the Redevelopment Commission and the Department of Community Investment.

As outlined in the agreement with the Pokagon Band, the donations will fund initiatives broadly aimed at contributing to the improvement of educational opportunities in the City and to address poverty and unemployment in the City. In 2022, projects will be aimed at addressing: Non-traditional financial capital and education, responsive neighborhood based amenities, and supporting the creation and growth of small businesses.

## Fund Purpose:

This fund was established (ordinance 10148-12) to account for the collection of a special state tax distribution received at the end of 2011 and the use of those funds for improvements at Innovation Park and Ignition Park, the city's dual-campus technology park.

From 2011 to 2014, this fund received \$4,399,838 from a special state tax distribution for certified technology parks. Since then, this fund's only source of revenue is interest earned on the fund's cash

Explanation of Expenditures and Significant Changes/Variances:

2019 funds were budgeted for the new Technology Resource Center (opened during 2019). The Technology Resource Center (TRC) in South Bend's Ignition Park was built to democratize technology in our region. All will be welcome to the TRC to learn about technology and data, gain skills, and co-build an inclusive tech future for South Bend. A co-location between South Bend Code School, the City's Civic Innovation & Analytics Divisions, and Bloomberg-funded Commuters Trust, the space will be home to technology and data training, cross-sector "Beta City" collaborations, and public programming about regional innovation.
