

Guide: Police Data Trends

Summary

This tool provides trend-level data collected for Part I Crimes, Calls for Service, and Shooting Victims.

How to use the tool

Click here for more information about data sources and terms used in this tool

The screenshot shows the 'Police Data Categories' section on the left with three options: 'Part I Crimes' (selected), 'Calls for Service', and 'Shooting Victims'. The main area is titled 'Part I Crimes Over Time' and features a bar chart showing the number of crimes from 2020 to 2024. A 'Heat Map' is located above the 'Part I Crime Type Breakdown' pie chart. A red box highlights the 'More information on data sources and terms' link in the top right.

Police Data Categories

- Part I Crimes
- Calls for Service
- Shooting Victims
