The undersigned Contractor, being duly sworn upon his/her/its oath, affirms under the penalties of perjury that:

1. Contractor has not, nor has any other member, representative, or agent of the firm, company, corporation or partnership represented by him, entered into any combination, collusion or agreement with any person relative to the price to be bid by anyone at such letting nor to prevent any person from bidding nor to induce anyone to refrain from bidding, and that this bid is made without reference to any other bid and without any agreement, understanding or combination with any other person in reference to such bidding. Contractor further says that no person or persons, firms, or corporation has, have or will receive directly or indirectly, any rebate, fee, gift, commission or thing of value on account of such sale; and
2. Contractor certifies by submission of this proposal that neither contractor nor any of its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency; and
3. Contractor has not, nor has any successor to, nor an affiliate of, Contractor, engaged in investment activities in Iran.
 - a. For purposes of this Certification, "Iran" means the government of Iran and any agency or instrumentality of Iran, or as otherwise defined at Ind. Code § 5-22-16.5-5, as amended from time-to-time.
 - b. As provided by Ind. Code § 5-22-16.5-8, as amended from time-to-time, a Contractor is engaged in investment activities in Iran if either:
 - i. Contractor, its successor or its affiliate, provides goods or services of twenty million dollars (\$20,000,000) or more in value in the energy sector of Iran; or
 - ii. 4. Contractor does not knowingly employ or contract with an unauthorized alien, nor retain any employee or contract with a person that the Contractor subsequently learns is an unauthorized alien.

Contractor's documentation of enrollment and participation in the E-Verify Program is included and attached as part of this bid/quote; and

5. Contractor shall require his/her/its subcontractors performing work under this public contract to certify that the subcontractors do not knowingly employ or contract with an unauthorized alien, nor retain any employee or contract with a person that the subcontractor subsequently learns is an unauthorized alien, and that the subcontractor has enrolled in and is participating in the E-Verify Program. The Contractor agrees to maintain this certification throughout the term of the contract with the City of South Bend, and understands that the City may terminate the contract for default if the Contractor fails to cure a breach of this provision no later than thirty (30) days after being notified by the City.

6. Persons, firms, partnerships, corporations, associations, or joint venturers awarded a contract by the City of South Bend through its agencies, boards, or commissions shall not discriminate against any employee or applicant for employment in the performance of a City contract with respect to hire, tenure, terms, conditions, or privileges of contract or employment, or any matter directly or indirectly related to contracting or employment because of race, sex, religion, color, national origin, ancestry, gender expression, gender identity, sexual orientation, or due to age or disability that does not affect that person's ability to perform the work.

In awarding contracts for the purchase of work, labor, services, supplies, equipment, materials, or any combination of the foregoing including, but not limited to, public works contracts awarded under public bidding laws or other contracts in which public bids are not required by law, the City, its agencies, boards, or commissions will consider the Contractor's good faith efforts to obtain participation by those subcontractors certified by the State of Indiana as a Minority Business ("MBE") or as a Women's Business Enterprise ("WBE") as a factor in determining the lowest, responsible, responsive bidder.

Contractors seeking the award of a City contract cannot be required to award a subcontract to an MWBE; however, they may not unlawfully discriminate against said MBE/WBE. On goal-eligible contracts, Contractors are required to either meet both MBE and WBE utilization goals or demonstrate that the Contractor has made good faith efforts to obtain participation from MBE and WBE subcontractors. A finding of noncompliance or a discriminatory practice shall prohibit that Contractor from being awarded a City contract for a period of one (1) year from the date of such determination, and such determination may also be grounds for terminating the contract to which the discriminatory practice or noncompliance pertains.

7. The undersigned Contractor agrees that the following nondiscrimination commitment shall be made a part of any contract which it may henceforth enter into with the City of South Bend, Indiana or any of its agencies, boards or commissions.

Contractor agrees not to discriminate against or intimidate any employee or applicant for employment in the performance of this contract with privileges of employment, or any matter directly or indirectly related to employment, because of race, religion, color, sex, gender expression, gender identity, sexual orientation, handicap, national origin or ancestry. Breach of this provision may be regarded as material breach of contract.

I, the undersigned bidder or agent as contractor on a public works project, understand my statutory obligations to the use of steel products or foundry products made in the United States (I.C. 5-16-8-1). I hereby certify that I and all subcontractors employed by me for this project will use steel products or foundry products made in the United States on this project if awarded. I understand I have an affirmative duty to notify the City in my bid that my proposal does not include the use of steel products or foundry products made in the United States. I understand it is my sole obligation and responsibility to provide a justification to the City, subject to review and approval, why the cost of United States made steel or foundry products is unreasonable. Prior to award and upon submission of bid which does not use steel products or foundry products made in the United States, the City, through its director of public works, shall make a determination if the price of United States made steel or foundry is unreasonable. I understand that violations hereunder

may result in forfeiture of contractual payments.

I hereby affirm under the penalties of perjury that the facts and information contained in the foregoing bid for public works are true and correct.

CITY OF SOUTH BEND, INDIANA
CONTRACTOR'S BID FOR PUBLIC WORK
RESPONSIBLE BIDDER CHECKLIST

Project Name 2026 Curb and Sidewalk
Project No. 126-005
For Bids Due June 9th, 2026 at 9:00am to bpwbids@southbendin.gov
Contractor Name: PREMIUM CONCRETE SERVICES

The City seeks to enhance its ability to identify responsive and responsible bidders on all City public works projects by institution of comprehensive submission requirements in compliance with State law. Quality workmanship, efficient operation, safety, and timely completion of projects requires that all bidders meet certain minimum requirements to be responsive and responsible bidders.

THIS FORM MUST BE SUBMITTED WITH YOUR BID.

****THIS FORM ONLY APPLIES TO BIDS GREATER THAN \$250,000. ****

INSTRUCTIONS:

If you are a pre-qualified bidder, complete Section I only.

If you are not a pre-qualified bidder, complete Section II only.

Section II acts as an application for pre-qualification. Submission of Section II will allow the bidder to be considered for pre-qualification for bids with the City of South Bend Department of Public Works. Pre-qualified bidders will then be exempt from a portion of the submission requirements outlined in Section 6-71 of The Responsible Bidding **Ordinance No. 10975-23** (hereinafter, "Responsible Bidding Ordinance") for a period of twelve (12) months.

Thereafter, contractors who are pre-qualified must submit a complete application for continuation of "pre-qualified" standing, on a form provided by the City ("Responsible Bidder Checklist (1) Pre-Qualified Bidders") within twelve (12) months of obtaining pre-qualified standing. If the status of any item changes within the twelve (12) months, it is the responsibility of the contractor to notify the City. Failure by any pre-qualified contractor to submit its complete application for continuation of "pre-qualified" standing within the time prescribed above shall result in automatic removal of the designation, effective immediately following the twelve (12) months of pre-qualified standing.

However, the "removed" contractor or subcontractor shall still be permitted to bid on City public works projects, though the contractor must submit all required documents under 6-71 until "pre-qualified" status is re-established.

Please Note: The City reserves the right to request supplemental information from the bidder, additional verification of any information provided by the bidder, and may also conduct random inquiries of the bidder's current and previous customers regardless of pre-qualified standing.

It is the sole responsibility of the potential bidder to comply with all submission requirements applicable to the bidder in Section 6-71 of the Responsible Bidding Ordinance no later than the date of the public bid opening.

POST BID SUBMISSIONS:

Post-bid submissions must be submitted in accordance with Section 6-72 of the Responsible Bidding Ordinance. The post-bid submission requirements are as follows:

1. All bidders shall collect, maintain, and provide upon request, a current written list that discloses the name, address, licensing status, and type of work for any subcontractor from whom the bidder has accepted a bid and/or intends to hire on any part of the public work project, including individuals performing work as independent contractors.
2. Each subcontractor, whose portion of the project is estimated to be at least two-hundred fifty thousand dollars (\$250,000.00), shall be required to adhere to the requirements of Section I of the Responsible Bidder Ordinance as though it were bidding directly to the City, except that the subcontractor shall submit the required information (including the name, address, and type of work) to the successful bidder prior to the commencement of work.
3. Failure of a subcontractor to submit the required information shall not disqualify the successful bidder from performing work on the project and shall not constitute a contractual default and/or breach by the successful bidder. However, the City may withhold all payment otherwise due for work performed by a subcontractor, until the subcontractor submits the required information and the City approves such information.
4. The disclosure of a subcontractor list ("Disclosed Subcontractor(s)") to the City by a bidder shall not create any rights in the Disclosed Subcontractor(s). Thus, a bidder may substitute another subcontractor for a Disclosed Subcontractor by giving the City, upon request, written notice of the name, address, licensing status, and type of work of the substitute subcontractor.
5. The successful bidder for projects greater than \$250,000 and all subcontractors performing work greater than \$250,000 on a public works project are required to submit certified payroll utilizing the federal form known as WH-347 or a similar form on a bi-weekly basis, submitted within 10 days after the end of each bi-weekly payroll period. Certified payrolls shall identify the job title and craft for each employee. **Certified payrolls shall be submitted electronically.**

Please Note: Submissions deemed inadequate, incomplete, or untimely by the City may result in the automatic disqualification of the bid.

The City, after review of complete and timely submissions, shall, in its sole discretion, after taking into account all information in the submission requirements, determine whether a bidder is responsive and responsible, and provide a Pre-Qualification Verification Letter. The City specifically reserves the right to utilize all information provided in the contractor's submission and any information obtained by the City through its own independent verification of the information provided by the contractor.

Dear Jeremy Brewer,

The Indiana State Approving Agency conducted a supervisory visit on 01/8/2019 at Indiana Laborers Training Trust Fund-Apprenticeship. The purpose of the visit was to provide training to the Certifying Officials and review enrollment certifications, record retention and reporting procedures.

The organization demonstrated proper record maintenance and record maintenance and reporting procedures: During the visit, we discussed the importance of reporting hours on a monthly basis, good record keeping techniques, and how to report a leave of absence or completion via VA Form 22-1999b. We also updated the Certifying Officials via VA Form 22-8794, work processes, and wage scale.

If you need any assistance or have any questions regarding this technical visit please contact me directly at tgriffin@dva.in.gov or (317) 232-3916. Thank you for the courtesy extended during my visit. The education and training opportunities that your organization continues to provide veterans and their dependents are appreciated.

Sincerely,
