Vision, Values and Strategy for the South Bend 2014 Budget

What South Bend Must Be

Our goal is to ensure South Bend is a **strong** and **open** city for **everyone**, where:

1: The basics are easy for citizens

2: Government services are first-rate

3: Everyone can thrive

1. The Basics Are Easy

"The basics are easy" means citizens do not have to worry about...

- Crime and safety
- Emergency medical services
- Clean water and air
- Safe and functional streets

...because we take care of it so well.

2. Services are First-Rate

"Services are first-rate" means that local government performs

- Communicating with citizens
- Fixing problems
- Providing answers
- Dealing with feedback
- Using resources wisely
- Attracting and retaining great employees

... beyond all reasonable expectations.

3. Everyone Can Thrive

"Everyone can thrive" means living in South Bend comes with...

- Good job opportunities
- A strong neighborhood
- A great quality of life
- Educational excellence
- Connections inside and outside

... for all residents.

The values that guide us

Values – ethical ideals and public policy guidance to our collective and individual actions:

- Integrity in our stewardship
- Unity through our diversity
- Accountability for our results
- Transparency in our purposes and activities
- Creativity in our approach
- Strength in our finances
- Belief in our co-workers
- Fairness for our customers

Our strategy to get there

Strategy – Key guide posts to frame long and short-term planning efforts:

- 1. Measure how well we deliver and make decisions based on good information
- 2. Streamline city processes for citizens/customers
- 3. Break down bureaucratic walls to deal with complex issues
- 4. Welcome innovation and question habit
- 5. Form connections and partnerships for economic growth, education, public safety and quality of life
- 6. Attract, grow, retain, and engage excellent employees in an excellent work environment

- Value of Jobs
- People, Place & Growth
- Collective Opportunity

Mayor Buttigieg's Top Priorities:

Basics are Easy/Good Government/Economic Development

I do not believe we can repair the basic fabric of society until people who are willing to work have work. Work organizes life. It gives structure and discipline to life.

- President Clinton

- Public Health
- Public Safety
- Volunteerism
- Tax base

Value of a Job:

1,000 new jobs by 2017 would generate:

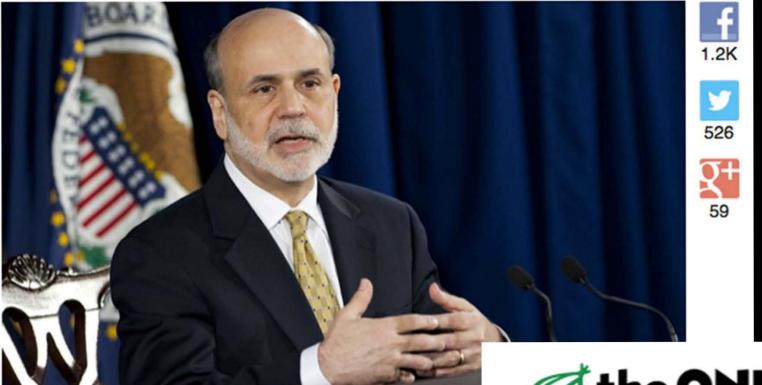

- 1,075
- \$122,400,960
- \$5,946,195
- \$5,005,128

WASHINGTON-Following a two-day meeting to discuss

People say they do not want to live near where they work, but that they would like to work near where they live. – Zev Cohen / Lecture 1995

Mayor Buttigieg's Vision Statement

- 1. Well-Coordinated and User-Friendly Economic Development
- 2. Investing in Human Capital and Quality of Life
- 3. Confronting Poverty
- 4. Helping Responsible Existing Employers Grow
- 5. Cultivating New Homegrown Businesses of Tomorrow
- 6. Competing for Investments Nationally and Globally

Mayor Buttigieg's Vision Statement

- 1. Well-Coordinated and User-Friendly Economic Development
 - Reorganized the Department for integrated approach to economic development
 - Ombudsman / Single Point of Contact
 - Business Toolkit / Developer's Handbook
 - Standard application for TIF funds
 - Incentive Score matrix
 - Plan driven agenda

- Framework for Community Investment
- 1. Growth:

Transformation and expansion of the business base to create jobs, attract investment, and generate economic opportunities for all.

2. Place:

Targeted investment to maximize the impact of improvements to the quality of life in South Bend.

3. People:

Development of South Bend's greatest resource.

I. <u>Growth:</u>

Strategies

- A simplified and user-friendly economic development department
- Investment-ready places (e.g. Ignition Park, Renaissance District)
- An improved process for permitting and City services
- Cultivating new homegrown businesses of tomorrow
- Leverage partnerships with economic development entities (St. Joseph Chamber, IEDC, Work One, US Dept of Commerce)
- Targeted efforts to growing industries / IBM study

II. <u>Place:</u>

Strategies

- Invest in a vibrant downtown core

- 2-way Street transformation
- Increase the residential population / LaSalle Hotel & Hill & Colfax Parcels
- Celebrate the St. Joe River as an asset / Riverlights
- Create attractive public spaces / Citizens' Bank Plaza
- Manage civic assets
- Address the City's Vacant and Abandoned Housing Challenge
 - 1,000 houses in 1,000 days
- Great Streets & Urban Villages
 - Improvements to commercial nodes along Lincolnway & Western Avenues
 - "Braided" funding streams to coordinate the application of community development

III. <u>People:</u>

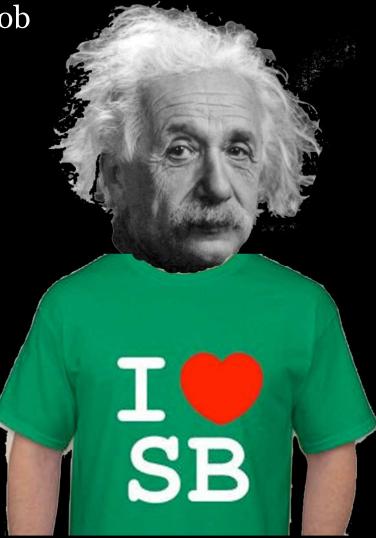

Strategies

- Coordinate workforce development programs to build capacity in the community and match the available training to the needs of growing businesses
- Counseling efforts to assist homebuyers
- Launch "Bank on South Bend" to provide services to lowincome residents

New Economic Direction City of South Bend – Unified Team

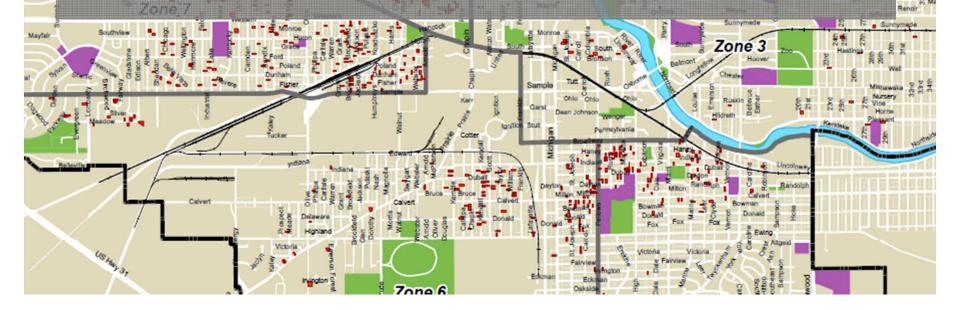

We all have a role to play to stimulate job growth:

South Bend Open for Business

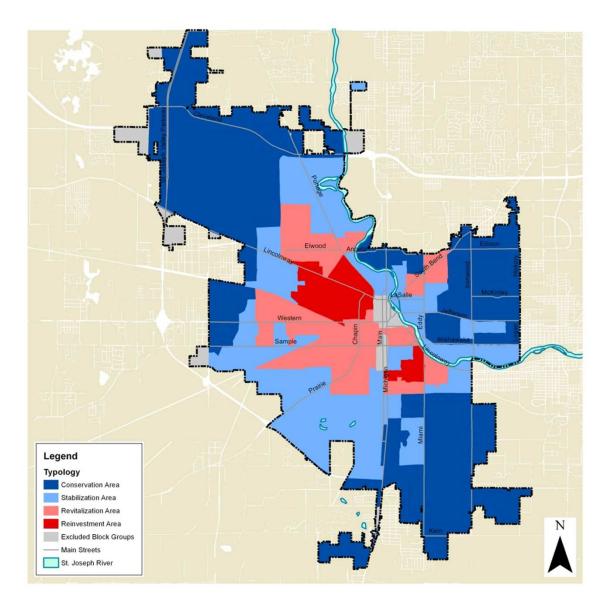

Why? Population Decline * Job Loss * Disappearance of Manufacturing * National Housing Crisis * Property Reassessment

Initial Assessment

Shortly after taking office in 2011, Mayor Pete Buttigieg convened a group of city and county officials, private sector practitioners, and neighborhood advocates to form a working group on this policy challenge. Co-chaired by academic expert Jim Kelly from the Law School of the University of Notre Dame, this group took on the dual challenge of analyzing the dimensions of South Bend's problem, and assessing the elements of a comprehensive solution.

Abandoned properties are defined as a home where no one has lived in at least 90 days AND has a code violation that has not been addressed for more than 30 days.

Current Activities

Summer 2013

Data. Backbone must be a clear and reliable system of information management and standardized decision making process.

Demolitions. First group of 46 houses went to bid in March; bids currently under advisement to determine course of action with respect to environmentally-responsible demolitions. Inspection staff will be certified (and re-certified) in building inspection and asbestos assessments.

Partnerships. Core efforts include engaging with stakeholders, determining levels of commitment and effort, developing a process for data relay and communication, establishing platforms for connection with key groups, identifying opportunities at the state level.

INFORMATION TECHNOLOGIES STRATEGIC PLANNING

Defining the Information Technology future for the City of South Bend

The Need for a Technology Strategy

Current

- Currently an Ad Hoc approach
- Prioritization
- Uncoordinated Efforts
- Systems are often not integrated
- Inconsistent Procedures
- Access to Data

• Realization that we are far from an Ideal State

The Process

 Formed a working group that represented most major departments within the city and outside independent resources

Information Technologies Public Safety Public Works Council and Clerk Mike Bieganski, Bosch

Controller Mayor's Office Parks Department Community Investment Dan Rousseve, TCU

Ideal State

- Holistic Approach
- Unified Effort
- Prioritization based on Business Need
- Reliable Delivery of Technology Services
- Standardization of Procedures and Policies
- Integrated Systems
- Easy Access to Data

Technology Strategy

Governance

- Organization Structure
 - Departmental Ownership
 - Departmental Technical Reps
 - Operational Administration
- Policies and Procedures
 - Technical Standards and Protocols
 - Training and Development
 - Information Technologies Services Catalog

- Data
 - Access to Relevant Systems
 - Reporting
- Training and Development
- Centralization of Certain Resources and Systems

INFORMATION TECHNOLOGIES STRATEGIC PLANNING

Defining the Information Technology future for the City of South Bend

Customer Service/Performance Management

OUR PART:

We are individually responsible and collectively accountable as public servants, to all the stakeholders of our community, to provide the essential services and infrastructure necessary to build thriving, sustainable communities. For all that to happen, an individual must be willing to take personal responsibility for their work.

South Bend 311 Embraced Great Change

- Reduced wait time for callers
- Offered alternative ways to obtain information while maintaining live and personal customer service
- Reduced number of callers transferred to wrong parties
- Increased accountability for each issue
- Identified Service Level Agreements for expected resolution

System Functionality and Major Features

- Designed with the needs of the community in mind, providing citizens with an easy way to connect with their local government and offer a means to improve the effectiveness and efficiency of programs and services.
- The foundation of our 311 effort includes a strong desire on the part of leadership to make customer satisfaction a priority for our organization.
- First defined the goals and objectives of our 311 initiative and then determined the required features.
- We work in planned phases, with each phase building on work completed in earlier phases.
- 311 should be viewed as an enterprise undertaken by the whole local government organization, not a separate department unto itself.
- To maximize 311's effectiveness, we have to continue to self-evaluate and re-engineer our processes with an eye toward providing exceptional customer service.

System Functionality and Major Features (Cont'd)

- All persons responding to citizens must be courteous, concerned, pleasant, knowledgeable, helpful, and demonstrate a willingness to address citizens' issues.
- Diversity training will help to equip employees to understand and be better prepared for dealing with residents of different cultural backgrounds.
- Organizational and management support of employees and their work is crucial for the delivery of excellent customer service.
- Providing excellent customer service leads to happier citizens and enhances a community's overall reputation as a great place to live and work.

LEADERSHIP CHALLENGE

- We would like the opportunity to equip employees on how to lead with a positive attitude and demonstrate commitment to our citizens.
- Teach employees how to know and manage their dominant areas of influence.
- We need to understand and hold employees accountable for delivering the basics: Project a positive image and energy, be courteous and respectful to all, stay in character and play the part by smiling and looking approachable, use time and resources wisely, and go above and beyond.
- We would like to arm them with how to be authentic, work on purpose, begin with the right intention, do the right thing and **BE THE CHANGE**

What Will It Take?

- Invest in training for your employees
- CSI orientated training programs
- CSI can be instrumental and mobile by offering customized and more direct training by providing the tools necessary to produce uniform high levels of customer service
- By identifying service ailments and outlining best practices for expected outcomes

Four types of KPIs

- Financial
 - Revenue, sales, profitability
 - Expense, cost
 - Cash reserves
- Operational Quantity & Quality
 - Number of items produced, sold
 - Errors made

Four types of KPIs (cont.)

- Knowledge
 - Training
 - Employee turnover
- Customer Service
 - Timeliness deadlines met
 - Elapsed time how long did it take
 - Satisfaction (surveys)

KPIs

- Good KPIs Output measures
 - Number of tickets sold
 - Number of transactions processed
- Better KPIs cost, revenue or time per output
 - Cost per ticket sold
 - Sales per customer
 - Average time per license issued

2014 and beyond

- Look for Customer Service KPIs
- Look for KPIs that are Cost/Unit, Revenue/Unit, Elapsed Time/Unit not just Output measure
- Provide each component part of the above
- The best websites that I've seen graph the KPI, but also show the component parts so the user can see if there is a reason the KPI changed dramatically

2014 and beyond (cont.)

- Look to your professional associations for
 - Suggested KPIs
 - Best practices
 - Benchmarks

Downtown Two-Way Streets

May 29, 2013

Existing Downtown One-Ways

Focus on Traffic Move as much Traffic as possible as quickly as possible

Out of direction Routes

Traveled

Increased Turn Movements Increased Vehicle Miles

The Wisdom of Ricky Bobby

* If you ain't first, you're last!
* For the economic success of downtown - Faster is not always better!

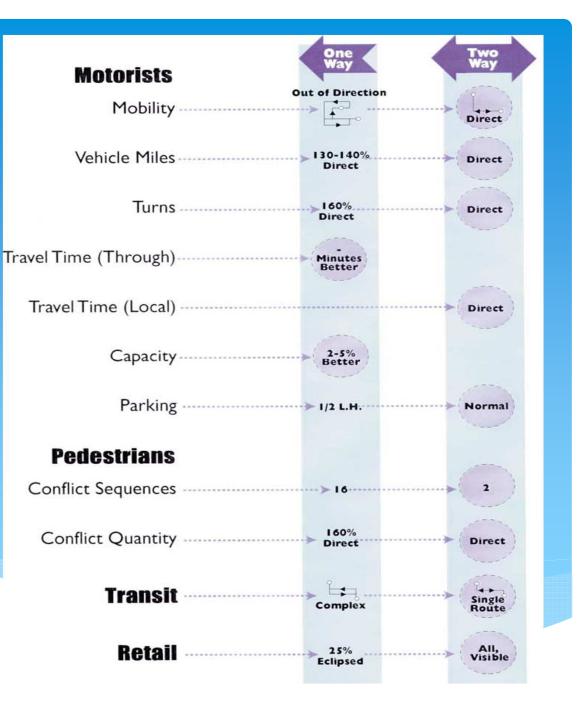

Change in Focus

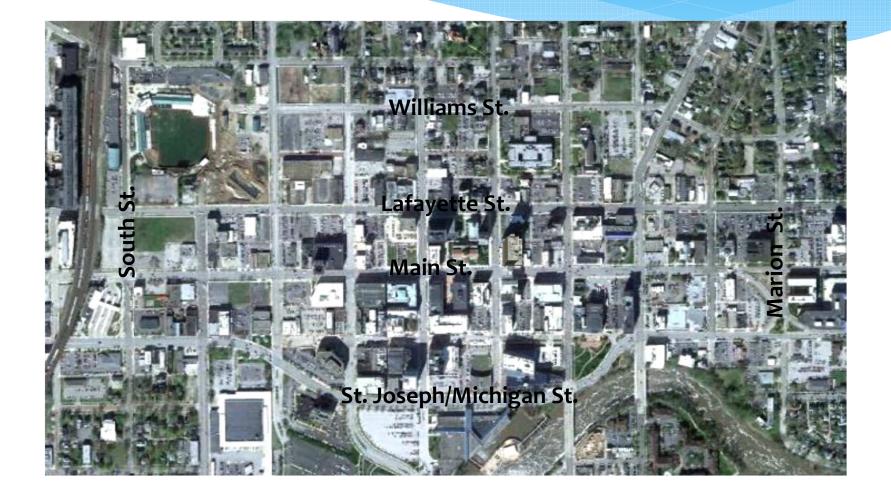

Change focus from moving traffic to creating a vibrant downtown
Create a more livable downtown
Create a more economically successful downtown

* Encourages retail & residential uses

One-Way to Two-Way Comparison

Project Focus Area

Project Phasing

* Phase 1A

* S-Curve Removal & 6 Intersection Modifications – Michigan & Main from Marion to LaSalle

* Phase 1B

 * 14 Intersection Modifications – Michigan/St. Joseph & Main from LaSalle to South

* Phase 2A

 * 11 Intersection Modifications – Lafayette from Madison to Western & Williams from Washington to Western

Benefits of Two-Way Streets

- * Switches focus to optimize downtown not traffic
- * More Pedestrian Friendly
- * Fewer Conflicts & Slower Speeds = Safer Environment
- * More Direct Access Easier Accessibility
- * Improved Livability
- Improved Business Exposure Fewer eclipsed Businesses
- * Drives overall downtown development

Key Budget Challenges

- Circuit breaker property tax cap loss of revenue impacts the "civil city" funds the most (i.e. General Fund and Parks & Recreation):
 - > \$16.4 million loss of revenue from 2007/2008 to 2011/2012
 - Losses partially offset by local income tax increases in 2009

Circuit breaker: 1% homesteads, 2% rental & agricultural,
 3% business & personal property

- Stagnant or declining gasoline, wheel and auto excise taxes
- Increasing health and pension costs
- Doing More with Less (or the same resources)

Budget Calendar Highlights

- February 11, 2013 Mayor's Annual Financial Address to the South Bend Common Council
- May 13, 2013 2014 Budget level, worksheet and summary sheets set up. Fiscal officers permitted to enter preliminary estimates.
- May 21, 2013 Deadline for departments to enter preliminary 2014 revenue estimates.
