# CITY OF SOUTH BEND PETE BUTTIGIEG, MAYOR DEPARTMENT OF ADMINISTRATION AND FINANCE 

October 12, 2016
The Honorable Pete Buttigieg, Mayor of the City of South Bend
Members of the City of South Bend Common Council
Residents of the City of South Bend:

## RE: 2016 Adopted Budget

Enclosed please find the adopted budget for the City of South Bend, Indiana (the "City") for the year beginning January 1, 2016. The 2016 Adopted Budget is a sound and responsible fiscal plan that will enable the City to serve the interests of residents and visitors by providing the resources necessary to provide essential services including police protection, fire protection, water \& sewer services, highway \& street maintenance, and general government. The City's General Fund budget is balanced for 2016 and there is strategic spending in certain capital funds to provide funding for infrastructure and economic development projects. Included in the 2016 Adopted Budget is funding for the second phase of the City's vacant and abandoned building initiative and its downtown two-way "smarts streets" program.

The City's budgeting process is an open and lengthy process and allows for significant input from the Common Council, residents and other interested stakeholders at multiple times during the year. The Budget Kickoff meeting occurred on May 28, 2015 with final adoption of the budget by the Common Council and Mayor on October 12, 2015. The City budget must be adopted by November 1st as per Indiana State law.

A summary of short-term organizational factors, strategic goals \& strategies, priorities and issues and budget overview is included following this transmittal letter.

## GENERAL INFORMATION

The City of South Bend is the county seat of St. Joseph County, Indiana, and is the fourth largest city in the state. The City of South Bend's 2010 U.S. Bureau of the Census population was 101,168. Accordingly, South Bend is classified as a "City of the Second Class" under Indiana statutes (cities with a population of 35,000 to 250,000 ). The City of South Bend operates with a mayor as chief executive and a nine-member City Common Council composed of six members elected from districts and three members elected at-large. The City of South Bend has a bond rating of AA with Standards \& Poors, one of the highest bond ratings for any city in the State of Indiana.

The City provides a full range of traditional general governmental services to its citizens. These services include police and fire protection; sanitation services; the construction and maintenance of highways, streets and infrastructure; recreational activities and cultural events. In addition to general governmental activities, the City exercises oversight over the South Bend Water Works, the South Bend Wastewater Treatment Facility, the Century Center Convention Center, the Morris Performing Arts Center, the Studebaker National Museum, the City of South Bend Redevelopment Commission and Authority, and several downtown parking facilities.

## Location

St. Joseph County lies within the heartland of the manufacturing belt and metropolitan regions of the Upper Midwest and Canada. The City of South Bend is located in the north central part of Indiana, ten miles south of the Michigan state line, and is commonly known to be within the "Michiana" area. The Michiana area is a vibrant and diverse area with a strong economy based on a mix of health care, agricultural, service, manufacturing, education and other commercial and tourism industries. This diverse economic mix creates varied employment opportunities for the area's residents while providing insulation via diversification from future economic downturns.

The city is approximately 90 miles east of Chicago and 140 miles north of Indianapolis. Accessibility to transportation, including Interstate 80/90, an international airport (which is the second busiest in the State of Indiana) and the South Shore Line has supported economic growth within the community. Proximity to Chicago, the largest rail and intermodal (rail/truck/ocean/inland waterway) transfer point in the country, is a significant advantage to the City of South Bend as is proximity to the University of Notre Dame with its scenic campus located adjacent to the city limits.

## St. Joseph County / South Bend - Economic Conditions and Outlook

St. Joseph County, with its 2010 U.S. Bureau of the Census population of 266,931, boasts a strong history of manufacturing which continues today. The service industry and retail trade have also flourished, creating a balance that serves the community well. The County experienced a net growth in population of $28,317(11.8 \%$ increase $)$ between 1960 and 2010. After experiencing a reduction of $2.6 \%$ during 1969 to 1983, at which time the entire Midwest was at the depth of its economic restructuring and recess, the County's population increased $4.0 \%$ between 1983 and 1990 and another $7.5 \%$ between 1990 and 2000 . The population of St. Joseph County has remained fairly flat during the past decade increasing by only 1,372 residents from 2000 to 2010.

The estimated labor force in St. Joseph County is 135,516 workers (US Census Bureau 2007-2011 Survey 5-Year Estimates). The workers are typical of the Midwest: well-trained with a strong work ethic. Approximately $87.5 \%$ of the area's adult population are high school graduates or higher (as compared to the national average of $75 \%$ ) with an estimated $26.2 \%$ with a Bachelor's Degree or higher. There are ten colleges, universities and technical schools within South Bend and the surrounding area including the University of Notre Dame; Indiana University South Bend; Bethel College; Saint Mary's College; Purdue University College of Technology at South Bend; Holy Cross College; Trine University South Bend; Brown Mackie College; American National University; ITT Technical Institute; and Ivy Tech Community College. As of April 2015, St. Joseph County is experiencing an unemployment rate of $4.9 \%$, which is lower than the State of Indiana unemployment rate of $5.4 \%$. The unemployment rate in St. Joseph County is somewhat similar than some of its surrounding counties-Elkhart (3.5\%), LaPorte $(5.9 \%)$, and Marshall (3.9\%) in Indiana and Cass (4.3\%) and Berrien (4.6\%) in Michigan (as of April 2015).

Health and education lead the employment statistics for St. Joseph County. The largest employers in St. Joseph County as of December 2014 were as follows: University of Notre Dame (5,590); Beacon Health Systems ( 3,400 ); South Bend Community School Corporation ( 2,880 ); AM General ( 2,738 ); Martin's Super Market ( 1,555 ); Meijer, Inc. ( 1,450 ); St. Joseph County ( 1,300 ); Indiana University - South Bend $(1,266) ; 1^{\text {st }}$ Source Corporation $(1,160)$; and The City of South Bend $(1,098)$.

The cost of living continues to be one of the greatest advantages of living in this community. The housing costs in South Bend are well below the national and regional averages. Per a report compiled by the

National Association of Realtors in the second quarter of 2015, the median sales price for a single family home in the South Bend-Mishawaka Statistical Area was $\$ 119,100$ as compared to a median sales price of $\$ 230,500$ in Chicago and $\$ 172,000$ in Indianapolis. The national median sales price is $\$ 229,400$.

## South Bend History and Amenities

In 1820, Pierre Navarre of the American Fur Trading Company was the first settler in the area to become later known as South Bend. South Bend has continued to progress in its growth since 1842 when Father Edward Sorin named his rustic log chapel "Notre Dame du Lac" and began to teach the local Indians. Today the chapel has grown into the University of Notre Dame. In 1852, H.C. Studebaker started the industry of making wagons and horse-drawn buggies that evolved into the manufacturing of the Studebaker automobile. It made the name Studebaker synonymous with the area of South Bend and its major employer until its closure in 1963.

Another industrial firm that would later become the area's largest began in 1923 when Vincent Bendix began manufacturing automotive brakes. In 1929, the company became the Bendix Aviation Corporation, and now, as Honeywell (formerly AlliedSignal Inc.), is a leading manufacturer of automotive and aerospace products. The Singer Sewing Company and the Oliver Chilled Plow Works were other important companies during the early history of South Bend.

Special attractions within the South Bend area include the Olympic-class East Race Waterway and the East Bank area; the renovated Morris Performing Arts Center, which provides for the Broadway Theater League, the South Bend Symphony Orchestra with the Chamber and Pops Orchestras, and the Southold Dance Theater and Patchwork Dance Company; the award-winning South Bend Civic Theater; the Studebaker National Museum; the South Bend Museum of Art; the Snite Museum of Art at Notre Dame; the Northern Indiana Center for History; Copshaholm/The Oliver Mansion; Century Center; Potawatomi Zoo; the Morris Conservatory/Muessel-Ellison Tropical Gardens; Healthworks! Kids Museum; the Farmers' Market; and the Belleville Softball Complex. The Four Winds Field Baseball Stadium is a 5,600 -seat facility which opened in 1987 and is rated among the best in minor league baseball. The stadium is home to the South Bend Cubs, a minor league team affiliated with the Chicago Cubs.

## FINANCIAL, BUDGETARY AND PROPERTY TAX CONTROLS

The City's management team is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Controls. In accordance with Indiana statutes, the City maintains budgetary controls integrated within the accounting system. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget (prepared on a cash basis) which is adopted by the City Common Council or Redevelopment Commission (depending on the fund) and then reviewed and approved by the State of Indiana Department of Local Government and Finance (DLGF). Activities of the general fund, special revenue funds, capital project funds, enterprise funds, internal service funds, pension trust funds and debt service funds are included in the annual budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated
amount) is established by major budget classification within funds. The Mayor and Common Council may transfer appropriations from one major budget classification to another within a department by ordinance as long as the total appropriations for that fund are not exceeded. Additional appropriations in excess of the original budget must be approved by the Mayor and Common Council and are also submitted to the DLGF for either approval or acknowledgement (depending on the fund). Additional appropriations for funds approved by the Redevelopment Commission do not require DLGF approval. Beginning in budget year 2009, the City must also submit its annual budget to the St. Joseph County Common Council for a non-binding review and recommendation. The deadline for adoption of the annual budget is November 1. The city's fiscal year begins on January 1.

Property Tax Controls. In addition to budgetary and other controls established by Indiana statute, the City must operate within specific and rigid controls governing the amount of property tax it may levy. The property tax control program, which began in 1973, limits the amount of property tax that may be levied by each unit of government in its legally budgeted funds. The total amount of property tax levied by the unit may increase by the six year average annual growth in Indiana personal non-farm income, as calculated by the U.S. Bureau of Economic Analysis, with a $6 \%$ maximum.

During March 2008, the State of Indiana General Assembly enacted property tax reform legislation which made significant changes in the property tax system by capping the amount of property taxes at $1 \%$ of grossed assessed value for residential homesteads, $2 \%$ for agricultural/rental properties and $3 \%$ for all other real and personal property. This legislation was phased in over a two year period beginning in 2009. The loss of revenue to the City due to this legislation has been significant but has been overcome by cost savings and the adoption of local option income taxes to in order to continue providing essential City services, including police and fire protection.

## Acknowledgments

The preparation of the 2016 Adopted Budget was made possible by the dedicated service of the departmental fiscal officers and the staff of the Department of Administration and Finance. Each departmental fiscal officer and member of Administration and Finance has our sincere appreciation for the contributions made towards the preparation of this report. We would especially like to acknowledge the efforts of the core 2016 budget team of Cecil Eastman, Rahman Johnson and Penny Price.

In closing, without the leadership and support of Mayor Pete Buttigieg, City Department Heads, and members of the City of South Bend Common Council, preparation of this budget would not have been possible.

Sincerely,

John H. Murphy, MPA
City Controller

Jennifer C. Hockenhull, CPA
Deputy City Controller

- Palais Royale
- Blackthorn Golf Course

Introduction and Overview

## Short-Term Organizational Factors

## Mayoral Leadership

Mayor Pete Buttigieg, a Harvard University graduate and Rhodes Scholar, assumed office on January 1, 2012, bringing with him a group of leaders with new ideas and energy to implement transformational reform to city government. Elected at age 29, Mayor Buttigieg is the youngest chief executive of a municipality exceeding 100,000 residents in the United States. During 2012, Mayor Buttigieg launched eight new initiatives to improve city government:

1. New Economic Partnerships - to lay out a new economic vision for our community as well as to agree on a smarter division of labor among various groups involved in economic development.
2. High Ethical Standards - on his first day in office, the Mayor issued an executive order introducing a new ethics code for City employees.
3. Customer Service Mentality - design ways that City employees can track and resolve citizens' issues efficiently by using more advanced technology. This effort led to the creation of a " 311 Call Center" for non-emergency municipal telephone calls during 2012.
4. Strong Partnership with Schools - the Mayor has improved dialogue with the South Bend Community School Corporation and other stakeholders to ensure a strong educational system in the City. The Mayor has begun programs to double the number of public school mentors and curb youth and gun violence.
5. Transparency and Accessibility - choosing not to serve from behind his desk, Mayor Buttigieg continues to conduct a series of monthly "Mayor's Night Out" and "Mayor's Night In" events around town to allow citizens to speak to him and his department heads directly about concerns and ideas. Also, efforts to implement a first-class performance management system has been initiated and departmental performance measures are being monitored on a monthly basis. The City website has been redesigned and additional financial and operational reports are being made available online.
6. Vacant and Abandoned Buildings - as with many large cities, the City of South Bend has an issue with vacant and abandoned buildings. The city has taken on this issue with the appointment of a blue-ribbon task force
that developed a strategy and initiated an aggressive three-year program 1,000 buildings in 1,000 days - to reduce the number of vacant and abandoned buildings. In October 2015, the $1,000^{\text {th }}$ building was addressed. The City is now working on phase II of the program - dealing with the now vacant lots created by the demolition of the buildings.
7. Smart Streets - an effort to improve the role of streets within South Bend. Projects within this initiative utilizes the "Complete Streets" philosophy which advocates for the design of streets to enable safe access for all users, including pedestrians, bicyclists, motorists and transit riders of all ages and abilities. In 2015, a $\$ 25$ million bond was issued to aide in the completion of this project in a timely fashion.
8. South Bend Group Violence Intervention (SBGVI) - unites community leaders around a common goal: to stop violence and keep South Bend's highest risk citizens alive and out of prison. SBGVI is a partnership among 30 community leaders from law enforcement, government, education, civil services, health-care and faith-based agencies.

## Administrative Vision

Our vision is for South Bend to be an open, connected community where everyone can thrive regardless of background, well known as a place where talent meets purpose in pursuit of our shared goals.

## Mission

We deliver services that empower everyone to thrive.
To accomplish our mission, we work every day to do the following.

1. Make the basics easy (BE): Provide residents high quality services at the greatest value to the taxpayer, maintaining widespread confidence that the fundamentals are managed well.
2. Deliver good government (GG): Put residents first always, leading by example, gathering input, and transparently communicating our intentions, decisions, and actions.
3. Invest in people and places through economic development (ED):

Support residents with design, policy, and programming for a strong and inclusive economy, vibrant culture, and great public spaces.

Values

|  | In the administration | In the community |
| :--- | :--- | :--- |
| EXCELLENCE | For each major area of service <br> delivery, establish South Bend as <br> the best in the state, and/or in the <br> top 25\% nationally, measuring <br> and reporting progress. | Establish a path for major <br> indicators of resident well-being <br> to reach the status of best-in- <br> state or top-25\% nationally, <br> including the means to measure <br> progress. |
| ACCOUNTABILITY | Put residents first always, offering <br> services at the greatest value to <br> the taxpayer, with clear and <br> transparent indications of how the <br> government is using public <br> resources. | Promote a culture of civic <br> engagement in which we hold <br> one another to a high standard of <br> respect, stewardship, and support <br> for our shared community. |
| INNOVATION | Deliver better services more <br> efficiently by introducing creative <br> approaches to government <br> operations, questioning habit and <br> using evidence to continually <br> improve. | Foster a culture of innovation in <br> South Bend's social and private <br> sectors, seeking and developing <br> the best ideas and practices from <br> within and beyond our city limits. |
| INCLUSION | Ensure the city administration, as <br> an employer and as a purchaser, <br> reflects the community it serves <br> and includes diverse voices in our <br> decision-making and actions. | Develop a community in which <br> everyone has an equal <br> opportunity to thrive by <br> expanding access and <br> participation to all, incorporating <br> diverse voices throughout the <br> city. |
| EmPOWERMENT | Establish a work environment <br> that enables employees to <br> contribute richly to the <br> administration and the <br> community, taking pride and <br> ownership in our work. | Support the ability of all residents <br> to live a safe, healthy, meaningful <br> life in South Bend, contributing <br> as they are able and benefiting <br> from all that our community <br> offers. |

## Strategic Goals and Strategies

## Citywide Goals and Objectives for 2016 and Beyond

The City has developed eight broad goals that focus on the following areas: economy, safety, quality of life, trust, responsiveness, infrastructure, finance and workforce. The City has identified various objectives that are tied directly to these goals which, if achieved, will result in the attainment of these goals. The eight goals are listed below:

## GOAL ONE: The Community's Economy

Improve South Bend's economy to ensure a vigorous local business climate; ample employment, business and investment opportunities for all our customers; and a tax base that is sufficient to meet the needs of the City, its residents and other customers.

## GOAL TWO: The Community's Public Safety and Civility

Improve South Bend's public safety and civility to ensure that every resident and other customers can live, work, play, run a business and raise a family in a humane, pleasant and safe environment; have adequate, affordable and timely access to all forms of emergency services; and can contribute and participate in a community where people of different backgrounds live in mutual respect and harmony.

## GOAL THREE: The Community's Quality of Life

Improve South Bend's quality of life to ensure that every resident and every family can earn an adequate income; secure adequate housing; live in a safe, pleasant and humane neighborhood; enjoy a wide range of social, cultural and recreational opportunities; and have access to quality educational and medical services within an excellent natural and manmade environment.

## GOAL FOUR: Trust in City Government

Improve residents' trust in City government to ensure that South Bend has a broad base of consensus and support on which to build the future, a strong
foundation for collaborative action and community partnerships; and an increase in resident and customer participation in the daily public life of the community.

## GOAL FIVE: The City's Responsiveness, Efficiency and Effectiveness

Improve the responsiveness, efficiency, and effectiveness of City government to ensure that the City's customers get the value they expect and deserve.

## GOAL SIX: The City's Infrastructure

Improve the City's infrastructure to ensure that South Bend can support physical growth and economic development; and offer an excellent quality of life to all of its residents and other customers.

## GOAL SEVEN: The City's Financial Condition

Improve the financial condition of City government to ensure that South Bend has the financial resources necessary to achieve all of its goals during the next five years, while maintaining its strong credit rating.

## GOAL EIGHT: The City's Workforce

Improve the City government's existing workforce, work environment and human development systems to ensure that South Bend has the human resources necessary to achieve all its goals during the next five years.

## Priorities and Issues

The City Administration's theme for the past several years has been "We're Building South Bend". That theme has had a major influence on the development of the 2016 budget. There are five areas of concentration that became or remained budget priorities for 2016.

- We're Building Neighborhoods - The City continues with its strong commitment to neighborhoods. The City will make a significant investment to fund or leverage state and federal funding for housing assistance, development and home ownership programs, neighborhood public works and parks, neighborhood development for social services and organizations, and public safety initiatives. Committing these resources will help us maintain, improve and support strong neighborhood development. In the neighborhoods, though the recently completed Vacant and Abandoned blight elimination program, a substantial backlog of blight was eliminated through a concerted effort to address over a 1,000 houses that were addressed within 1,000 days. The robust activities of the City are reflected in economic indicators such as the unemployment rate, which at $4.9 \%$ in September 2015, is down nearly $60 \%$ from 2012 while the City's population was estimated to have increased in 2014, a reversal of over 20 years of decline.
- We're Building a Safe City - Public Safety is the foundation of all the City's efforts to build South Bend. Through the targeted and creative use of available resources, the City is working to provide quality police, fire and ambulance services for the community. The crime rate has decreased in several significant categories over the past year. The City's Fire Department is rated one of the best in the state. A key initiative will focus on community policing, group violence, and placing more emphasis on training and recruitment for the Police and Fire Departments.
- We're Building an Attractive City - We are working to enhance the natural and man-made beauty of our city through effective City programs. The City has taken steps through its Department of Coe Enforcement and a Mayoral Task Force to address the issue of vacant and abandoned properties. The City is funding major programs to renovate the former

Studebaker Corridor area and other parts of the City. The City has been recognized as a Bicycle Friendly Community by the League of American Bicyclists and has established over 72 miles of bicycle routes to date.

- We're Building Opportunity - A key issue for any city is education and opportunity for young people. The City is committed to keeping schools open in our neighborhoods and to maximizing their use by the community. We are building partnerships with the South Bend Community School Corporation and other key stakeholders that will create new strategies for enhancing our formal education systems. Working together with families, student groups, school officials, neighborhoods. The faith community and civic organizations, we can support our local schools and improve the level of individual student performance.
- We're Building a Strong Economy - Local government plays a key role in economic development. By providing adequate infrastructure and offering targeted assistance, the City can stimulate private investment, creating business opportunities and jobs. The City's policies encourage new start-up businesses, strengthen existing business, attract new jobs, increase assessed value and emphasize direct investment in hard-todevelop areas. Public-private partnerships executed over the past four years have announced over 2,600 new jobs and $\$ 440$ million in investment. To foster investment-ready places, the City's $\$ 42$ million Smart Streets initiative has transformed nearly 15 miles of principal arterials through road diets, streetscape enhancements, one-way to twoway conversations and the addition of bike lanes. This activity has spurred the regional economy, with over $\$ 330$ million construction underway in 2015 and more slated for the year ahead.

## Budget Overview

## Introduction

This summary has been prepared as a general overview to the 2016 Budget for the City of South Bend. It is hoped that it will provide City residents with a quick summary of the plans for the City for the fiscal year. The Common Council held fourteen (14) public budget work sessions to review the budget. The Common Council and the Administration had very similar priorities which the 2016 budget was centered around and are listed below. The 2016 budget was adopted on October 12, 2015. Indiana State law requires that budgets be passed no later than November 1st.

## 2016 Administrative Priorities

1. Economic Development, Jobs \& Workforce Development
2. Public Safety
3. Appropriate Compensation
4. Diversity, Inclusion and Opportunity
5. Better, More Efficient Services Through Innovation
6. Sustainable Fiscal Path
7. Investing in Neighborhoods (streets, sidewalks, vacant \& abandoned property)
8. Parks \& Recreation for Quality of Life

## 2016 Council Priorities

1. Economic Development \& Job Training
2. Public Safety \& Traffic Patrols
3. Investment in Parks
4. Neighborhood Infrastructure (Curbs, Sidewalks, Streets, CSO)
5. City Corridors
6. In-Fill of Lots for Vacant \& Abandoned Housing
7. Code Enforcement
8. Diversity in City Workforce at All Levels

## Total City Funds

The 2016 Budget for all City Funds total $\$ 306,602,739$. The city establishes a budget for 119 separate funds. The largest fund grouping are Utilities Funds, which provide $\$ 86$ million or $28 \%$ in funding for water and sewer operations. The second largest fund is the General Fund, which provides $\$ 53.8$ million or $17.5 \%$ in funding towards the majority of services available to the City residents. The General Fund and the Utility Funds will be discussed in greater detail later in this section.

## Special Revenue Funds

The Special Revenue Funds use a total of $\$ 64,805,111$ or $21.1 \%$ of the total City of South Bend budget. These Funds are used to account for the proceeds of earmarked revenue or financing activities requiring separate accounting because of legal or regulatory provisions. The City of South Bend has 34 Special Revenue Funds including Parks \& Recreation, County Option Income Tax, Economic Development Income Tax, Motor Vehicle Highway, Public Safety Local Option Income Tax and several other smaller funds; each accounted for separately.

## Parks \& Recreation Fund

The Parks \& Recreation Fund accounts for all costs associated with all park maintenance, three (3) public golf courses, an annual payment to the Potawatomi Zoo, the O'Brien Fitness Center, Charles Black Recreation Center and Martin Luther King Recreation Center and all other park and recreation costs. The O'Brien Fitness Center has seen increased membership over the past several years. The Department has also created a summer Job Corp Program for local youth at the Charles Black Center and the Martin Luther King Centers. The Parks \& Recreation Department completed 24 public meetings to complete a five year master plan for the future of the parks. Along with the new Master Plan, a bond was issued in 2015 for $\$ 5$ million to cover the capital costs of selected projects. Projects to be undertaken with the bond proceeds include a new multi-purpose ice rink at Howard Park and a new gymnasium at the Charles Black Recreation Center.

## County Option Income Tax (COIT) Fund

The County Option Income Tax (COIT) Fund is used to pay debt service, certain organization grants and operational subsidies, capital expenditures, information
technology and other uses as deemed by Mayor and Council. The 2016 budget includes the following to be paid from COIT:

- Infrastructure (curbs, sidewalks, corridors) $\$ 1,500,000$
- Information Technology and Innovation $\$ 3,271,390$
- Neighborhood Engagement \$845,000

## Economic Development Income Tax (EDIT) Fund

 The Economic Development Income Tax (EDIT) Fund is used to pay debt service, economic development, capital expenditures benefiting economic development, street department operations, grants/subsidies code enforcement and animal control and general infrastructure maintenance.
## Motor Vehicle Highway Fund

The Motor Vehicle Higbway Fund collects gasoline taxes and local wheel taxes and uses them for the repairs and maintenance of City streets, street lights and signals. This fund also provides for the removal of snow and ice, responds to emergencies and facilities recovery, provides the City with infrastructure asset management, and the administration of the ReLeaf program.

## Public Safety Local Option Income Tax (LOIT) Fund

The Public Safety Local Option Income Tax funds the salaries and benefits of several sworn police officers and firefighters. The number of police and firefighters covered through this fund varies year to year due to salary increases and increases in the cost of benefits.

## Capital Project Funds

The Capital Project Funds total $\$ 4,926,512$ million or $1.6 \%$ of the Total City Budget. Over half of the expenditures in the Capital Project Funds for 2016 are Debt Service related. The Capital Project Funds revenue are comprised mainly of levied property taxes, principal and interest repayment and other sources.

Below are notable projects for these funds:

- Parking Garage Maintenance
- Street and Overpass Improvements
- Various repairs to the Morris Performing Arts Center

## Redevelopment Commission Controlled Funds

The Redevelopment Commission Controlled Funds total $\$ 37,746,409$ or $12.3 \%$ of the total City budget, and consists mainly of various Tax Increment Financing (TIF) Districts and the Certified Technology Park. The Redevelopment Commission Controlled Funds pay for debt service as well as other TIF approved expenditures which help attract and retain business in the areas.

Several notable projects for the Redevelopment Commission Controlled Funds included in the 2016 budget include:

- Innovation Park and Ignition Park Infrastructure Improvements
- Street Improvements as required within the Districts
- Smart Street two-way conversion project
- Other projects relating to attracting and retaining new business as the need arises

## General Fund

Total General Fund revenue is estimated at $\$ 53,852,368$ for 2016. The General Fund derives its revenue from a variety of sources as the following graph illustrates. The largest source is from property taxes. The City's property tax revenues will provide nearly $\$ 37.29$ million or $69.3 \%$ of the General Fund budget. This is estimating that the property tax revenues will increase approximately 1.8\% over 2015 for FY 2016.

To lessen the burden and reliance on property taxes, the General Fund also realizes revenue from a variety of smaller sources: Payment In Lieu of Tax (PILOT) 9\%, Allocation of Administrative Expenses Paid by Enterprise Funds $7 \%$, Other Taxes 6\%, Franchise Fees 2\%, Rental and Other Income from Morris Performing Arts Center and Palais Royale Ballroom 2\%, and other Miscellaneous Revenues 5\%.

The budget is balanced with no surplus expected. Therefore, the General Fund fund balance is expected to be $\$ 28,139,839$ or $52.2 \%$ of operating expenditures at December 31, 2016.

The $\$ 53,852,368$ General Fund expenditure budget is broken down into 13 separate departments. Given the impact of the current economic downturn, the City continues to reduce expenditures wherever possible. The 2016 adopted budget is decreasing $1.53 \%$ from the 2015 year end projection and a decrease of $13.6 \%$ from 2014 actual. A majority of the decrease relates to the transfer of expenditures relating to moving EMS Operations from the Fire Department in the General Fund to the Enterprise Fund category as it is an enterprise functioning fund in 2015 and moving the 311 Call Center Operations from the General Fund to an Internal Services Fund in 2016.

## Utility Funds

The Utility Funds are Enterprise Funds used to account for all of the City's Water, Sewer and Solid Waste operations, including the acquisition of capital assets and any related debt service. The funds are financed primarily by a user charge for the provision of that service. The City of South Bend provides water, sewer and solid waste services to its residents and portions of several surrounding townships within St. Joseph County.

The 2016 Utility Funds revenue budget totals $\$ 85,705,062$ or $28 \%$ of the total City Budget. Planned revenue/contributions will decrease approximately $1.8 \%$ from 2015 projections. This decrease is due to lower transfers from the Sewer Operating to Sewer Capital fund due to completion of a plant upgrade in 2015. The fees for Water, Project ReLeaf and other funds are not budgeted to increase during 2016.

Expenses are decreasing by $27.9 \%$ due to lower expenditures expected on capital projects in 2016. The City is undergoing a review of its EPA-mandated longterm control plan.

## Financial Policies

The financial integrity of our City government is of utmost importance. To discuss, write, and adopt a set of financial policies is a key element to maintaining this integrity. These financial management policies are designed to ensure the fiscal stability of the City of South Bend and to guide the development and administration of the annual operating and capital budgets, as well as the debt program.

Written, adopted financial policies have many benefits, such as assisting the Mayor, Common Council and City Controller in the financial management of the City, saving time and energy when discussing financial matters, promoting public confidence, and providing continuity over time as the Mayor and Common Council and staff members change. While these policies will be amended periodically, they will provide the foundation and framework for many of the issues and decisions facing the City. They will promote wise and prudent financial management, provide the foundation for adequate funding of services desired by the public, and help make the City more financially stable, efficient and effective.

## Objectives

1. Assist the Mayor, Common Council and City management by providing accurate and timely information on financial conditions pertinent to City operations.
2. Provide sound financial principles with which to guide the important decisions of the Mayor and Common Council and management, which have significant fiscal impact.
3. Set forth operational principles that minimize the cost of government and financial risk, to the extent consistent with services desired by the public.
4. Enhance the policy-making ability of the Mayor and Common Council by providing accurate information on program costs.
5. Ensure the legal use of all City funds through a sound financial system and strong internal controls.
6. Employ revenue policies that diversify revenue sources, distribute the costs of municipal services fairly, and provide adequate funds to operate desired programs.

In order to meet these objectives, the City's policies are divided into seven general
categories for ease of reference. These categories include: 1) Operating and Budgeting Policies, 2) Capital Improvements Program (CIP), 3) Revenue and Expenditure Policies, 4) Reserve Policies, 5) Debt Management and Administration Policies, 6) Cash Management/Investment Policies, and 7) Accounting, Auditing, and Financial Reporting Policies. It is recommended that all policies included in this document be adhered to.

## Operating and Budgeting Policies

The City of South Bend will maintain a system of defined operating and budgeting practices, in compliance with Indiana statute, the Department of Local Government Finance (DLGF), and the Indiana State Board of Accounts (SBOA) to ensure adequate protection of city assets and resources, and to protect same in consideration of the taxpayers of the City of South Bend.

## Operating

1. The city will maintain compliance with all Federal, State, and local legal requirements.
2. The city will continuously pursue an active campaign to maintain existing and create new sources of revenue.
3. The city will continue to provide first priority funding to essential services as determined by the Mayor in conjunction with the Common Council.
4. The city will pursue an active campaign to create and maintain state of the art operating practices within infra-structure operations.
5. The city will maintain an ongoing program of capital asset replacement and modernization in order to maintain efficient city operations.
6. The city will maintain a structured revenue and expenditure forecasting process to enable effective financial planning on a current and multi-year basis.
7. A financial audit will be performed annually by the Indiana State Board of Accounts. Audit results will be presented to the Mayor, the Common Council President, and City Controller upon completion of the audit. The city will evaluate any audit recommendations, determine and implement remedial actions, as required.
8. The city will establish financial, purchasing, human resource and information technology policy statements and procedures, as required, to define standard operating practices and protocols, intended to protect city assets.

## Budgeting

At least one month before the preparation of the proposed annual budget, the City Controller will meet with the Mayor to review and deliberate all policy guidelines that may affect the proposed budget.

1. The budget it prepared using the cash basis of accounting.
2. The budget is approved in the form of an appropriations ordinance after the Mayor and Common Council have conducted at least one advertised public hearing.
3. The operating budget and CIP together shall serve as the annual financial plan for the City. They will serve as the policy documents for the Mayor and Common Council for implementing their visions, goals, and objectives. The budget shall provide staff with the resources necessary to accomplish the Mayor and Common Council's determined service levels.
4. The City Controller shall annually prepare and present a proposed operating budget to the Mayor and Common Council at least four months before the beginning of each fiscal year. The Common Council will adopt said budget no later than November 1 of each year. Funds may not be expended or encumbered for the following fiscal year until the budget has been adopted by the Common Council and the Mayor.
5. The City defines a balanced budget as a budget that has revenues plus cash reserves equal to expenditures. It is the City's policy to fund current year expenditures with current year revenues, whenever possible, without using cash reserves.
6. Each department and division prepares its own budget for review by the Mayor and City Controller. Budget accountability rests primarily with each department. The basic format of the budget shall identify programs within organizational structures. Programs are defined as specific services provided to the public, other departments, or other organizations.
7. The Budget is adopted at the department and cost category level. During the year, it is the responsibility of the Mayor, Department Heads, Fiscal Officers and the City Controller to administer the budget.
8. A five-year projection of revenues and expenditures for all funds is prepared each fiscal year to provide strategic perspective to each annual budget process.
9. All appropriations shall lapse at the end of the budget year if not expended or encumbered.
10. Any year-end operating surpluses will revert to fund balances for use in maintaining reserve levels set by policy (see policy on reserves) and the
balance will be available for pay-go capital projects and/or one time capital outlays.
11. The city will maintain an internal control system to ensure spending within approved budgetary expenditures.

## Fund Structure

1. The accounts of the City are organized into funds. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures (or expenses, as appropriate).
2. Government resources are allocated to and accounted for in individual funds based on the purposes for which they are to be expended and the means by which spending activities are controlled. The City uses governmental funds and proprietary funds. Governmental funds are those through which most governmental functions of the City are financed. The acquisition, uses and balance of the City's expendable financial resources and the related liabilities (except for those accounted for in the enterprise funds) are accounted for through governmental funds.
3. The City's governmental funds are the General Fund, the Special Revenue Funds, the Capital Projects Fund, the Debt Service Funds and Redevelopment Commission Funds.

- The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
- The Special Revenue Funds are used to account for the proceeds of a specific revenue source (other than major capital projects) that are restricted by legal and regulatory provisions or budgeting contributions for outside sources to finance specific activities. The major Special Revenue Funds include: County Option Income Tax (COIT), Economic Development Income Tax (EDIT), Parks \& Recreation, Local Road \& Streets, Motor Vehicle Highway, and the Rainy Day Fund.
- The Capital Project Funds are used to account for financial resources used for the acquisition or construction of major capital facilities and general capital construction, including: streets, parks, and public buildings (other than those financed by enterprise funds).
- The Debt Service Funds, which include special assessments, are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

4. The enterprise funds are the Water Works, Wastewater, Consolidated Building Department, Parking Garages, and Century Center Funds.
5. The Internal Service Funds are Central Services, Liability Insurance, Take Home Police Vehicle, Self-Funded Employee Benefits, Unemployment Comp and 311 Call Center Funds.
6. The Trust \& Agency Funds are primarily Firefighter and Police Pension Funds and the Morris/Palais Box Office Funds.
7. The Redevelopment Commission Funds are generally for TIF capital projects or for debt service.
8. Creation of new funds should be based on the following criteria:
i) The revenue source is ongoing; i.e., more than one fiscal year.
ii) The amounts to be recorded are material.
iii) Interest income is required to be allocated.
iv) The amounts are specifically designated.
v) There is not another fund that can be used to account for the revenue source.
vi) There are special circumstances that have led management to create the separate fund.
vii) If the State of Federal government requires a separate fund to account for a particular source of revenue than such a fund can and must be created.
viii)It is a requirement of GAAP to establish the fund.

## Capital Improvement Program (CIP) Policies

Assets will be capitalized where: (1) ownership title is held by the City of South Bend, (2) the acquisition cost of the item exceeds the capitalization threshold identified in the following table, and (1) the item has a useful life in excess of one year.

Asset Category
Land
Construction in Progress
Infrastructure
Buildings
Land \& Building Improvements
Intangibles
Machinery \& Equipment
Computer \& Office Equipment
Vehicles

Capitalization Threshold
All land is capitalized
All construction in progress is capitalized
\$250,000
\$100,000
\$100,000
\$100,000
\$ 10,000
\$ 10,000
\$ 10,000

The City prepare a five-year capital improvement plan, which is reviewed by the Mayor and approved by the Common Council during the budgeting process.

The City will maintain its physical assets at a level adequate to protect the City's capital investment and to reduce future maintenance and replacement costs. The budget will provide for the adequate maintenance and the orderly replacement of the capital plant and equipment from current revenues where possible.

## Revenue Policies

The City of South Bend will pursue measures to encourage economic development, intended to expand the tax base through real and personal property tax, employment income tax, and other tax and economic impact created by economic expansion.

1. The city will pursue development and maintenance of a diversified economic environment portfolio of commercial, industrial and residential taxpayers, intended to produce a stable revenue stream.
2. The city will pursue efforts as required with St. Joseph County to maintain sound property appraisal procedures and practices in order to ensure a system of current and up-to-date property assessments.
3. The city will maintain the practice of establishing pricing for user charges and fees at market based levels.
4. The city will maintain the practice of establishing pricing for the Water and Wastewater Utility operations at levels supporting utility operational costs and in full compliance with State of Indiana Utility Regulatory requirements.
5. The city will maintain the practice of aggressive collection pursuit of all revenue due to the City of South Bend and will utilize the City's in-house legal department and outside collection agencies in this effort.
6. The city will maintain the practice to seek funding support from Federal, State of Indiana, and other entities for use by City operations, through higher level governmental grants, and other sources as may come available from time to time.

## Expenditure/Expense Policies

The City will review actual expenditures/expenses to budget on a monthly basis and amend the budget quarterly with the Common Council to bring budgets in balance with actual/year-end projected expenditures/expenses.

1. The City will strive to reduce major cost factors though operational efficiencies and competitive bidding.
2. The City will maintain a budgetary control monitoring system to ensure adherence to the budget.
3. The City will publish a budget to actual financial report on a monthly basis.

## Reserve Policies

The City utilizes a variety of funds for recording the revenue and expenditures/expenses of the City. At each fiscal year end, operating surpluses that revert to cash balance over time constitute available reserve of the City.

## General Fund:

Minimum Cash Reserve - The City will maintain General Fund cash reserves at a level not less than 25 percent of the annual adopted General Fund expenditures. The purpose of these reserves is to alleviate significant unanticipated budget shortfalls and to ensure the orderly provisions of services to residents. This is the minimum level necessary to maintain the City's creditworthiness and maintain adequate cash flows.

Unused Cash Reserves - To the extent that the General Fund cash exceeds the target, the City may draw upon the cash reserves to provide pay-go financing for capital projects, for other one-time capital items, or for other approved liability payments.

Rainy Day Fund - A "rainy day" account equal to a minimum of three percent of the City's total expenditures in the prior year will be maintained annually in separate funds. This account will be made available for unanticipated, unbudgeted expenditures of a non-recurring nature and/or unexpected cost increases that require the approval by the Common Council and the Mayor.

## Enterprise Funds:

Cash Reserves - The City will maintain cash reserves equal to $20 \%$ of annual expenditures for most Enterprise Funds, with the exception of the Water and

Wastewater Utilities. The Water and Wastewater Utility Funds require a reserve of $5 \%$ of annual operating expenditures.

O\&M Funds - The Water and Wastewater Funds will maintain Operations and Maintenance Funds at a level of $16.67 \%$ of annual operating expenses in the main operating funds, net of transfers.

## Other Funds:

Minimum Cash Reserve - The City will maintain a cash balance in the other funds equal to $20 \%-50 \%$ of annual budgeted expenditures, depending on the specific needs of the fund. Debt Reserve Funds are set up for most debt service obligations and are funded at $100 \%$.

## Reserve Deficiencies:

If reserves in any City fund fall below the prescribed minimums, the City will implement the following budgetary strategies to replenish funding deficiencies:

- Seek reductions in recurring expenditures
- Seek to increase current revenue streams or develop new revenue sources
- Seek the use of ongoing grant funding to alleviate operating expenditures

## Debt Policy

1. Debt management will provide for the protection and maintenance of the City's AA bond rating, the maintenance of adequate debt service reserves, compliance with debt covenant provisions, and appropriate disclosure to investors, underwriters, and rating agencies.
2. The City's compliance officer is the City Controller. Compliance monitoring will be performed annually.
3. The term of any City debt issue, including lease-purchases, shall not exceed the useful life of the assets being acquired by the debt issue.
4. All debt issuance shall comply with federal, State and City requirements. All IRS regulations in regards to post-issuance tax compliance will be followed.
5. The City shall maintain an ongoing performance monitoring system of the various outstanding bond indebtedness. This is particularly important as funds borrowed for a project today are not available to fund other projects tomorrow and funds committed for debt service payments today are not available to fund operations in the future.
6. The City shall maintain all spending records related to bond issuance until at least three years after the final maturity is redeemed.
7. The City will maintain good, ongoing communication with bond rating agencies about its financial condition. The City will follow a policy of full disclosure on every financial report and bond prospectus (Official Statement).
8. Accompanying each debt issue will be an assessment of the City's capacity to repay the debt. The assessment will address the effects on the current operating budget, as well as identify the resources that will be utilized to repay the debt.
9. Long-term borrowing will not be used to finance current operations or normal maintenance and will only be considered for significant capital and infrastructure improvements.
10. The City will try to keep the average maturity of general obligation bonds at or below twenty years.
11.The City will generally conduct financings on a competitive basis. However, negotiated financings may be used due to market volatility or the use of an unusual or complex financing or security structure.
11. The City will not issue tax or revenue anticipation notes.
12. The City will strive to maintain a reliance on pay-go financing for its capital improvements, whenever possible.
13. The City will follow the general debt limits as stated by Indiana law, which mandates a $2 \%$ debt limit on net assessed valuation for certain type of general obligation and other debt.
14. The City will report all debt to the Indiana Department of Local Government Finance (DLGF) using their Gateway Reporting Program.

## Refinancing

Periodic reviews of all outstanding debt will be undertaken to determine refinancing opportunities. Refinancing will be considered (within Federal tax law constraints) under the following conditions:

1. There is a net economic benefit.
a. In general, refinancing for economic savings will be undertaken whenever net present value savings of at least three ( $3 \%$ ) percent of the refunded debt can be achieved.
b. Refinancing that produces net present value savings of less than three ( $3 \%$ ) percent will be considered on a case-by-case basis.
2. It is needed to modernize covenants that are adversely affecting the City's financial position or operations.
3. The City wants to reduce the principal outstanding in order to achieve future debt service savings and it has available working capital to do so from other sources.

## Investment and Cash Management Policies

1. It is the policy of the City of South Bend to make all investments, in both Deposit and Investment Accounts, in accordance with the terms and limitations of IC 5-13-9, Deposit and Investment Powers, as amended from time to time.
2. Surplus monies of the City on deposit with financial institutions, as determined by the City, shall be invested with maturities scheduled to coincide with projected cash flow needs, taking into consideration large routine expenditures (payroll, accounts payable, bond payments) and sizable blocks of anticipated revenue (property taxes, state shared revenue).
3. The Investment Policy was revised on January 1, 2013 and is reviewed annually by the Finance Department and the Common Council during the annual investment meeting which is held after the $1^{\text {st }}$ Monday in January and before January 31.
4. The City has entered into a custodial investment agreement with its primary financial institution to invest City funds.

## Accounting, Auditing and Financial Reporting Policies

1. The accounting policies of the City of South Bend conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The diverse nature of governmental operations and the necessity of assuring legal compliance preclude recording and summarizing all governmental financial transactions and balances in a single accounting entity. Therefore, the City's accounting system is organized and operated on a "fund basis". Each fund is a distinct, self-balancing accounting entity.
2. Governmental funds utilize the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized
as soon as it is measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.
3. Property taxes are recognized as revenue in the year for which they are collected. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.
4. The State Board of Accounts requires an annual audit of all accounts of the City by the State Board of Accounts or by certified public accountants selected by the City and approved by the State Board of Accounts. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of South Bend are free of material misstatements. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.
5. The approval for allowance and write off of transactions related to uncollectible accounts is delegated to the City Controller and the Board of Public Works.
6. The City places continued emphasis on maintenance of an accounting system which provides strong internal budgetary and accounting controls designed to provide reasonable, but not absolute, assurances regarding both the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and reports, such as the budget and the Comprehensive Annual Financial Report (CAFR) as well as the maintenance of accountability of assets.
7. The City of South Bend issues a CAFR within six months of the close of the previous fiscal year. It will be distributed to the Mayor and Common Council within seven months of the fiscal year. The CAFR will be submitted annually to The Government Finance Officers Association (GFOA) for peer review as part of the Certificate of Acbievement for Excellence in Financial Reporting program. All reports prepared by the auditors and management's response to those reports will be presented to the Mayor, Common Council President, and City Controller at the audit exit conference.
8. The City offers its employees a defined benefit pension plan through the State of Indiana Public Retirement System (INPRS). The retirement plan issues separate financial statements through the State run program.

## Budgetary Process

The City's annual budget process for the subsequent year with a Budget Kickoff meeting which includes the Mayor, Department Heads, Fiscal Officers, Common Council Representatives and other City leaders. At the Budget Kickoff meeting, Administration priorities are discussed and the budget process is reviewed. Soon after the meeting, department heads and various staff members prepare a five year Capital Improvement Program (CIP) and a five year operating budget. The City Controller will submit a Proposed Budget to the Mayor in July. In August and September, the Mayor and City Controller present to the Common Council the recommended budget for the next year. The Common Council reviews the recommended budget, makes reductions at their discretion, holds several public hearings and ultimately adopts the City budget for the fiscal year prior to November 1. The budget is forwarded to the State of Indiana Department of Local Government Finance (DLGF) for their final approval. The City fiscal year begins January 1.

## Budget Calendar for FY 2016 Budget (All Dates 2015)

May 28 Budget Kickoff Meeting for all Department Heads and Fiscal Officers

July 10 Deadline to enter budget requests into NaviLine and update summary sheets

July 13-21 Mayor's Office review of budgets with Department Heads \& Fiscal Officers

July $20 \quad$ Preliminary Budget Discussion - Council Priorities
Aug 17- Sept 28 Various Budget Hearings with City Council \& Department Heads

August 19 Civil City \& Transpo budget ordinances filed with City Clerk for $1^{\text {st }}$ Reading

August 24 First Reading on 2016 City budget and Transpo budget

September 1 Submission of 2016 budget to County Council for nonbinding review

September 14 First publication of City and Transpo budgets \& Gateway Notice to Taxpayers and Submission of Form 3 Budget notice in Gateway

September 23 File 2016 Mayor, Clerk, Council, non-bargaining, and bargaining salary ordinance with City Clerk

September 28 First reading of 2016 Mayor, Clerk, Council, non-bargaining, and bargaining salary ordinance

September 28 Public hearings on 2016 City and Transpo budgets
October 12 Adoption of 2016 City and Transpo budgets and 2016 Mayor, Clerk, Council, non-bargaining, and bargaining salary ordinance

## Budget Amendment Policy

After the Budget is adopted, the primary responsibility for managing the appropriated funds falls to each respective Department Head, Fiscal Officer, City Controller and the Mayor. The Fiscal Officers are able to view a monthly budget to actual report of their respective activities. Management flexibility is given to each Department of exceeding a given expenditure/expense line item within a given cost category, if it can be compensated for within that same expenditure/expense classification. If a cost category must be adjusted, then a Budget Transfer Request Form is completed and submitted to the Finance Department by the affected Department. The Finance Department reviews the form and if deemed appropriate, the Finance Department processes the budget transfer request after approval by the Mayor and the Common Council. Budget amendments are generally approved by the Common Council and made on a quarterly basis.

The Finance Department and Department Fiscal Officers analyze their respective activity budgets on a monthly basis. If a review of year-to-date activity projects that any given activity budget will exceed the budget, then the Fiscal Officer is required to prepare an additional appropriation or budget transfer for review by the Mayor and consideration by the Common Council.

## Budgetary Information

The basis of budgeting is on a cash basis for all funds, which is not the same basis as used in the City's audited financial statements which are on a modified accrual basis for governmental funds and a full accrual basis for proprietary funds.

Expenditures are authorized via an annual budget passed by ordinance in which the Common Council authorizes the level of funding for City operations. The Common Council adopts a line item level budget, which is considered the maximum authorization to incur liabilities and not a mandate to spend. No obligation shall be incurred against, and no payment shall be made from, any appropriation account that lacks a sufficient balance available to meet the obligation. The legal level of control for all City funds (except Redevelopment Commission funds) is by cost category (i.e. personnel, supplies, services, capital). Spending cannot exceed these categories without Common Council approval. The legal level of control for Redevelopment Commission funds is at the fund level.

Encumbrance accounting is employed in most funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as designates of fund balances and do not constitute expenditures or liabilities because the goods or services have not been received as of year-end; the encumbrances will rollover and be re-appropriated and honored during the subsequent year.

In view of the importance of the budget as a planning and control instrument in the City, the accounting system provides the basis for appropriate budgetary control. Unlike accounting, budgeting is not essentially a financial procedure; it is primarily a policy-planning process. Therefore, it is much less amendable to standardization; however, the importance of GAAP, audit standards, the credit markets' need for more complete disclosure of the City's underlying condition, and the heightened sophistication of the public and press about the importance of the outcomes as well as projections, have combined to professionalize and conform budgeting terms and definitions to GAAP. As a result, common terminology, measurement, and classification are used consistently throughout the City's budget, accounting records and financial reports.

## Balanced Budget

A balanced budget is necessary for proper financial management in the City of South Bend. The City defines a balanced budget as a budget in which estimated
revenue and available cash balances are equal to or greater than estimated expenditures. After the budget is adopted, if increases in expenditures and/or decreases in revenue result in an imbalanced budget, then a budget amendment is required to bring the budget back in balance. All City funds are balanced for 2016.

Explain Significant Revenue and Expenditure Changes Below:

 positions have been budgeted for 2016 at a $2 \%$ increase. Fringe benefits increased due to a $20 \%$ increase in health care costs passed on to all departments. Refer to Redevelopment Summary for discussion on the changes in transfers in and out. Refer to individual departmental information pages for further information on various increases and decreases.

## Explain Significant Revenue and Expenditure Changes Below:

In general, property taxes are budgeted to increase by approximately $2 \%$ over 2015. Health insurance premiums paid by departments increased from $\$ 12,000$ per employee to $\$ 14,400$ per employee, therefore, increasing fringe benefits over $10 \%$ from 2015. Transfers out in 2015 related to a transfer from the Fire Department to the EMS fund. Refer to Fund 287 EMS Capital for further discussion on this. Professional services in 2015 was higher than normal due to the use of outside professionals for various projects including outside legal council. The 2016 professional services expenditures are budgeted to be more in line with prior years. Overall, all departments included in the General Fund were tasked with coming in with a $0 \%$ increase budget. Therefore, the various increases and decreases are due to departments making choices for the best use of each dollar available. Refer to individual departmental summaries for further discussion on individual funds.

General discussion on changes:
See individual departmental reports for a detailed discussion of fund balance changes
General Fund is budgeted for revenue to equal expenditures. Encumbrances carried forward are included in the 2015 amended expenditure budget.
Increased spending in redevelopment fund of cash reserves on key projects including Smart Streets, Ignition Park and Downtown residential growth.
Use of Loss Recovery and Economic Development Income Tax (EDIT) funds on the Vacant and Abandoned building initiatives.
Spending down of Sewer Bond proceeds on the EPA-mandated Long-Term Control Plan.
Spending on the Smart Streets program in the Major Moves fund and the Curb \& Sidewalk program in the County Option Income Tax (COIT) fund.

## Revenues

Total revenue for the City of South Bend is estimated at $\$ 276,257,594$ for 2016, which is a $4.4 \%$ decrease from total estimated revenue of $\$ 289,123,198$ for 2015. The following is a discussion of major revenue categories and trends:

## Property Taxes - $\$ 71,976,981,26.05 \%$

Property taxes are based on the net assessed valuation of real and personal property in the City multiplied by the tax rate as determined by the Indiana Department of Local Government Finance. Property taxes are an important source of revenue for the General Fund, Parks \& Recreation Fund, Cumulative Capital Development Fund, Hall of Fame Bond Fund and Tax Increment Financing (TIF) Funds. Property tax revenue is limited by "circuit breaker" property tax reform that limits the amount of property taxes paid to a fixed percentage of gross assessed valuation- $1 \%$ for homestead/residential, $2 \%$ for rental, $3 \%$ for commercial/personal property. The effect of circuit breaker property tax reform and lower net assessed values has reduced property tax revenue received by the City in recent years:
2015 Estimated - \$71,976,981
2015 Estimated - \$70,132,612
2014 Actual - \$72,037,669
2013 Actual - $\$ 69,980,289$
2012 Actual - \$72,904,531
2011 Actual - \$72,962,173
2010 Actual - \$77,288,804

## Local Option Income Taxes - $\$ 25,839,785,9.35 \%$

Local option income taxes are based on employee wages earned in Saint Joseph County multiplied by the tax rate and then allocated to the local governmental units in the county based on several factors including property tax levy amounts. Saint Joseph County has adopted three local option income taxes (LOIT) that result in direct revenue to the City-namely, the County Option Income Tax (. $6 \%$ of wages), the Economic Development Income Tax ( $.4 \%$ of wages) and the Public Safety Local Option Income Tax (. $25 \%$ of wages). In addition, the Saint Joseph County has adopted the Property Tax Replacement LOIT (. $5 \%$ of wages) that results in no direct revenue to the City but does reduce circuit breaker property tax losses. LOIT revenue has been strong in recent years as the local economy continues to improve. During 2012, the State of Indiana made a one-
time payment of additional LOIT to make up for some prior state accounting errors:

| 2016 Estimated | $-\$ 25,839,785$ |
| :--- | :--- |
| 2015 Estimated | $-\$ 24,307,979$ |
| 2014 Actual | $-\$ 23,822,661$ |
| 2013 Actual | $-\$ 21,916,677$ |
| 2012 Actual | $-\$ 24,285,128$ |
| 2011 Actual | $-\$ 19,691,947$ |
| 2010 Actual | $-\$ 22,817,693$ |

## Charges for Services - \$75,672,058, 27.39\%

Charges for services are fees charged by the City's enterprise funds (i.e. Wastewater, Water Works, Solid Waste, Century Center convention facility) and certain governmental funds (i.e. Parks \& Recreation) for services provided. Most fees charged have remained the fairly consistent in recent years with the exception of the fees charged by Wastewater that have increased each year in order to finance capital improvements to wastewater plant and collection system in response to an EPA-mandated consent decree agreed to by the City. The annual rate increases in Wastewater Fees are as follows:

$$
\begin{aligned}
& 2016-5 \% \\
& 2015-5 \% \\
& 2014-5 \% \\
& 2013-9 \% \\
& 2012-9 \% \\
& 2011-9 \%
\end{aligned}
$$

Total charges for services revenue for the major utility funds are as follows:

| 2016 Estimated | $-\$ 75,672,058$ |
| :--- | :--- |
| 2015 Estimated | $-\$ 73,126,615$ |
| 2014 Actual | $-\$ 71,622,687$ |
| 2013 Actual | $-\$ 67,363,085$ |
| 2012 Actual | $-\$ 66,262,435$ |
| 2011 Actual | $-\$ 62,364,971$ |
| 2010 Actual | $-\$ 59,549,775$ |

## Gasoline Taxes - \$4,118,000, 1.49\%

Distributions of gasoline tax revenue are made monthly by the Indiana Department of Revenue to the City for use in the construction, operation and maintenance of streets. Distributions are based on a formula that takes into account population, road and street mileage and other factors. Gas tax is declining as additional funding that was provided by the Indiana Legislature as relief in 2014 and 2015 is not expected to continue in 2017.

Total gasoline tax revenue is as follows:

| 2016 Estimated | $-\$ 4,118,000$ |
| :--- | :--- |
| 2015 Estimated | $-\$ 4,692,000$ |
| 2014 Actual | $-\$ 4,699,712$ |
| 2013 Actual | $-\$ 4,007,993$ |
| 2012 Actual | $-\$ 3,809,100$ |
| 2011 Actual | $-\$ 3,982,030$ |
| 2010 Actual | $-\$ 3,986,314$ |

## Payment in Lieu of Taxes - \$5,711,801, 2.07\%

Payment in lieu of tax (PILOT) revenue is received as an internal charge to the City's Wastewater and Water Works utility funds. PILOT is computed as the net book value of the capital assets of the utilities multiplied by the property tax rate. PILOT revenue is received by the General Fund, Parks \& Recreation Fund, Hall of Fame Bond Fund and Cumulative Capital Development Fund. The City has elected not to charge the maximum amount of PILOT computed but did increase PILOT revenue by $20 \%$ from 2014 to 2015 to assist in balancing the budget. The 2016 increase was back to the normal 5\% increase over 2015.

Total payment in lieu of $\operatorname{tax}$ (PILOT) revenue is as follows:

| 2016 Estimated | $-\$ 5,711,801$ |
| :--- | :--- |
| 2015 Estimated | $-\$ 5,439,810$ |
| 2014 Actual | $-\$ 4,533,175$ |
| 2013 Actual | $-\$ 4,317,310$ |
| 2012 Actual | $-\$ 3,873,628$ |
| 2011 Actual | $-\$ 3,689,171$ |
| 2010 Actual | $-\$ 3,513,495$ |

## Investment Earnings - \$1,087,575, 0.40\%

Interest rates earned on City cash reserves and investments have been low in recent years and are less than $1 \%$ per year on average. The City has a custodial investment agreement with a local financial institution to manage its investments in a professional manner. One of the goals of the investment manager is to increase yields over what a normal certificate of deposit would pay. Investment earnings increased in 2012-2015 as the City has accumulated additional cash reserves and has authorized the investment manager to invest a certain percentage of the portfolio in 2-5 year maturities. The City is limited by state law to only invest in fixed income instruments. Investment earnings are budgeted to decrease during 2016; however, due to the recent increase in investment earnings, it is likely that the City will exceed budgeted investment earnings in 2016.

Total investment earnings revenue is as follows:

| 2016 Estimated | $-\$ 1,087,575$ |
| :--- | :--- |
| 2015 Estimated | $-\$ 1,425,644$ |
| 2014 Actual | $-\$ 1,025,058$ |
| 2013 Actual | $-\$ 1,119,139$ |
| 2012 Actual | $-\$ 1,474,283$ |
| 2011 Actual | $-\$ 643,643$ |
| 2010 Actual | $-\$ 809,279$ |

## Wheel Tax Revenue - $\$ 2,050,000, .74 \%$

Effective January 1, 2004, Saint Joseph County enacted a wheel tax of $\$ 25$ per year for most vehicles registered in the county. The wheel tax revenue is collected by the State of Indiana and distributed periodically to the local governmental units in the county based on a formula. Wheel tax revenue has remained fairly consistent from year to year.

Total wheel tax revenue is as follows:

| 2016 Estimated | $-\$ 2,050,000$ |
| :--- | :--- |
| 2015 Estimated | $-\$ 2,050,000$ |
| 2014 Actual | $-\$ 1,637,707$ |
| 2013 Actual | $-\$ 2,045,213$ |
| 2012 Actual | $-\$ 1,795,538$ |
| 2011 Actual | $-\$ 1,863,283$ |
| 2010 Actual | $-\$ 1,975,397$ |

City Administration/GIS Fee Allocation - \$3,824,557, 1.38\%
The General Fund charges a fee to other non-general fund departments to cover a portion of the general and administrative costs of the Mayor's Office, City Clerk's Office, Common Council, Administration \& Finance, Legal Department and GIS Department. The costs of these "overhead" departments are paid from the General Fund and charged back to other funds based on their respective adopted expenditure budgets(City Administration Fee) or based on services provided (GIS Fee). The allocations are charged back on a monthly basis. These fee allocations have increased in recent years to help balance the General Fund budget but still represent only approximately $70 \%$ of costs actually paid by the General Fund.

Total City Administration/GIS fee allocation revenue is as follows:

| 2016 Estimated | $-\$ 3,824,557$ |
| :--- | :--- |
| 2015 Estimated | $-\$ 3,642,953$ |
| 2014 Actual | $-\$ 3,470,989$ |
| 2013 Actual | $-\$ 3,228,996$ |
| 2012 Actual | $-\$ 2,868,204$ |
| 2011 Actual | $-\$ 2,379,984$ |
| 2010 Actual | $-\$ 1,335,091$ |

## Other Revenue - \$85,976,837, 31.13\%

The City collects a variety of other revenue including hotel/motel tax, professional sports development tax, certified technology park funding, internal charges to other City funds (i.e. health insurance premiums), commercial vehicle excise tax, auto excise tax, cable television franchise fees, community development block grants, community support from a local university and other revenue. The revenue collection is monitored on a monthly basis and a report of revenue and expenditures is prepared monthly by the Department of Administration \& Finance and distributed to the Mayor, Administration Officials, Department Heads, Fiscal Officers and the Common Council. The monthly financial report is also posted to the City website.

## 2015 Estimated Revenue by Category

## Capital and Debt

## Capital Expenditures

## Overview

The City budgets for capital assets using a 5 -year window, asking each department to consider their capital needs over this period. The most common capital requests are vehicle and operating equipment replaces, based upon the expected lives of the equipment.

Assets will be capitalized where: (1) ownership title is held by the City of South Bend, (2) the acquisition cost of the item exceeds the capitalization threshold identified in the following table, and (1) the item has a useful life in excess of one year.

Asset Category
Land
Construction in Progress
Infrastructure
Buildings
Land \& Building Improvements
Intangibles
Machinery \& Equipment
Computer \& Office Equipment
Vehicles

Capitalization Threshold
All land is capitalized
All construction in progress is capitalized
\$250,000
\$100,000
\$100,000
\$100,000
\$ 10,000
\$ 10,000
\$ 10,000

Budgeting for constructed items such as infrastructure projects generally follow the same guidelines, although there are extra challenges because there are so many factors that could change the shape of the cash flows the projects, not the least of which, in Northern Indiana, is weather. Further, projects for years 4-5 may not be developed yet.

All capital items are required to have a payment method assigned to them: either Cash for outright purchase or Lease for anything paid in installments such that cash is not impacted as heavily in any particular year. The worksheets for the budget include a template to aid fiscal officers in estimating annual lease payments and these amounts are expected to be part of the departments' Debt Service line in the body of the budget document. Capital acquired by cash has its own line in the document. These distinctions are necessary since our budget
documents are developed with an eye toward the cash balance is each fund.
Supplementary analysis is performed throughout the budget process to ensure that capital costs are properly incorporated into the budget, necessary because capital acquisition isn't directly related to cash flow and is set off in a separate portion of the budget document. Analysis is also performed in review capital acquisition trends by department, to alert the administration to any unexpected changes in capital acquisition requests and allow administration to address those changes as needed.

## Financial Impact of Capital Investment

Capital Leases are favored by enterprise funds and those funds with relatively steady revenue streams and are used for routine replacement for larger items such as vehicles.

Cash Purchases are used for one-time or infrequent acquisitions such as infrastructure improvement ("Smart Streets" and the City's Long-Term Control Plan for sewer control). These expenditures are usually made from funds with limited revenue streams and are not expected to require ongoing financial resources beyond basic maintenance. These purchases are considered carefully to ensure that a) the funding source can support these expenditures, b) there is an adequate Return on Investment (ROI) for the expenditures, and c) the ongoing maintenance of the project can be supported either by additional revenue streams created by the project o by other resources of the City.

None of the capital purchases or leases are expected to have a significant impact on the ongoing operating budget. The purchase of certain CNG vehicles for Public Works and Public Safety is expected to result in reduced fuel costs, but the actual benefit is difficult to quantify. There are no anticipated changes in City personnel due to these capital expenditures. Certain Information Technology purchases like the computer refresh program will lead to employee time savings and productivity improvement.

The following pages detail the capital outlays anticipated in detail by fund.

Five-Year Capital Improvement Plan Summary

| Fund/Department | Fund/Dept Number |  | $\begin{gathered} \hline 2016 \\ \text { Budget } \\ \hline \end{gathered}$ |  | $\begin{gathered} \hline 2017 \\ \text { Forecast } \end{gathered}$ |  | $\begin{gathered} 2018 \\ \text { Forecast } \end{gathered}$ |  | $\begin{gathered} \hline 2019 \\ \text { Forecast } \\ \hline \end{gathered}$ |  | $\begin{gathered} \hline 2020 \\ \text { Forecast } \end{gathered}$ |  | Total |

## Debt

## Debt Policy

1. Debt management will provide for the protection and maintenance of the City's AA bond rating, the maintenance of adequate debt service reserves, compliance with debt covenant provisions, and appropriate disclosure to investors, underwriters, and rating agencies.
2. The City's compliance officer is the City Controller. Compliance monitoring will be performed annually.
3. The term of any City debt issue, including lease-purchases, shall not exceed the useful life of the assets being acquired by the debt issue.
4. All debt issuance shall comply with federal, State and City requirements. All IRS regulations in regards to post-issuance tax compliance will be followed.
5. The City shall maintain an ongoing performance monitoring system of the various outstanding bond indebtedness. This is particularly important as funds borrowed for a project today are not available to fund other projects tomorrow and funds committed for debt service payments today are not available to fund operations in the future.
6. The City shall maintain all spending records related to bond issuance until at least three years after the final maturity is redeemed.
7. The City will maintain good, ongoing communication with bond rating agencies about its financial condition. The City will follow a policy of full disclosure on every financial report and bond prospectus (Official Statement).
8. Accompanying each debt issue will be an assessment of the City's capacity to repay the debt. The assessment will address the effects on the current operating budget, as well as identify the resources that will be utilized to repay the debt.
9. Long-term borrowing will not be used to finance current operations or normal maintenance and will only be considered for significant capital and infrastructure improvements.
10. The City will try to keep the average maturity of general obligation bonds at or below twenty years.
11. The City will generally conduct financings on a competitive basis. However, negotiated financings may be used due to market volatility or the use of an unusual or complex financing or security structure.
12. The City will not issue tax or revenue anticipation notes.
13. The City will strive to maintain a reliance on pay-go financing for its capital improvements, whenever possible.
14. The City will follow the general debt limits as stated by Indiana law, which mandates a $2 \%$ debt limit on net assessed valuation for certain type of general obligation and other debt.
15. The city will report all debt to the Indiana Department of Local Government Finance (DLGF) using its Gateway Reporting program.

## CITY OF SOUTH BEND, INDIANA <br> COMPUTATION OF LEGAL DEBT <br> MARGIN DECEMBER 31, 2014 (\$'s whole)

## Civil City

Net Assessed Valuation (2013 pay 2014) of Taxable Property in South Bend

Debt limit: $2 \%$ of one third thereof
\$2,209,726,672

Less Bonds subject to limitation:
County Economic Development Income Tax Refunding
Revenue Bonds, Series 2006 A

County Economic Development Income Tax Refunding
Revenue Bonds, Series 2006 B
$(995,000)$

Redevelopment District Taxable
Revenue Bonds, Series 2010
$(2,915,000)$

Issuance Margin
\$9,761,511

## Percentage of Debt to Debt Limit

33.74\%

## Redevelopment District

Net Assessed Valuation (2012 pay 2013) of Taxable Property in South Bend
Debt limit: $2 \%$ of one third thereof

Less Bonds subject to limitation:
Special Taxing District Bonds of 2014
$(3,010,000)$

Issuance Margin
$\$ 11,721,511$

Percentage of Debt to Debt Limit
$20.43 \%$

A $2 \%$ debt limit is established by the Constitution of the State of Indiana. This limit is established for general obligation bonds, Economic Development Income Tax revenue bonds, tax revenue notes and other types of indebtedness. This limitation does not include revenue bonds payable from governmental funds (excluding EDIT bonds) shown in the general long term debt account group. Indiana law allows the creation of separate municipal corporations to provide vital governmental functions. Each of these municipal corporations (including the Redevelopment Authority and Redevelopment Commission) has its own $2 \%$ debt limit, even if they have the same or similar boundaries.

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| To achieve $0 \%$ increase, department cut intern costs by $\$ 5,800$, travel by $\$ 2,000$ and promotions by $\$ 10,000$. This was done in order to offset the increased cost in health insurance and budgeted raises for employees. |  |  |  |  |  |  |  |  |  |  |  |

## Fund Description \& Purpose

Leading the community to become a model city through formulating policy, directing operations, and responding to customer concerns. The Mayor is the elected chief executive officer of the city.

Explain Significant Revenue and Expenditure Changes Below:

 costs to actual insurance costs.

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose
Make certain that City Council is always responsive to the needs of the residents and that the betterment of South Bend is always the highest priority.

2015 Accomplishments \& Outcomes
The addition of a Legislative Assistant to the Legal team for council. We have seen an increase in capacity to respond quickly to the needs of council members as well as assisting with in-depth research on various topics.
194 bills and resolutions came before the Common Council
Need to highlight the key legislative initiatives
The Common Council added electronic displays of meeting announcements to the outside offices
The Common Council added Spanish translations of meetings notices and agendas
The Common Council will have a total of 4 special budget meetings out in the community for better citizen participation
The Common Council had 91 Public hearing through committees, YTD in 2015

## 2016 Department Goals \& Objectives \& Linkage to City Goals

## Basics are Easy (BE)

Increase accessibilities of Common Council meetings, whether holding them off-site or at times more conducive to the citizens of South Bend
Improve technology to allow for more accessibility of council meetings via You Tube or other video means
Continue Spanish translations of Common Council information and meetings

## Good Government (GG)

With a potential 5 new members on council, the budget includes funding for IACT and other training for new and existing members
To carry out the mission of the South Bend Common Council, "To make certain that our city government is always responsive to the needs of our residents \& that the betterment of South Bend is always our highest priority."
To effectively carry out the duties and responsibilities set forth in Indiana Code 36-4-6 addressing the legislative powers of city government
To be transparent and to comply with Indiana Open Door Law and Indiana Public Records Act
Electronic filing of bills and ordinances and all documents to City Clerk and Common Council

## Economic Development (ED)

To enable proactive and positive working relationships with the Department of Community Investment and other city offices, in developing enhanced economic development through out the city

Key Performance Indicators (KPI's)

|  | 2017 |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Measure | City Goal | Type | Long Term Goal | $2014$ <br> Actual | $2015$ <br> Estimated | $2016$ <br> Target |

Conduct a City-wide online survey measuring the effectiveness of legislative services X

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)
2016 Significant changes will see at least 3 new council members and a possibility of as many of 5 new members. There is a need for training.

Upgrade the training and interaction with all city residents appointed by the Common Council to sit on various Boards and Committees

Refresh and keep a current calendar of all mandated reports from departments, commissions and committees, per City Code

Explain Significant Revenue and Expenditure Changes Below:
N/A

Fund Description \& Purpose
In 2012 the City, along with the City of Mishawaka and St. Joseph County, entered into an agreement with WNIT Public Television for the establishment and maintenance of a public access channel which is used to broadcast all public Common Council meetings, among other things. The contract calls for the City to pay WNIT $\$ 43,000$ each year for maintenance. The contract expires on February 1, 2017.

Explain Significant Revenue and Expenditure Changes Below:
Operating Expenses are offset by Revenue Earned

- 2012 earned - \$ 770,066.95
- 2013 earned - \$ 893,885.00
- 2014 earned - \$1,005,962.00
- 2015 projected: - \$ 950,000.00

 PAC Budget and $60 \%$ to the Palais Royale Budget.

## Fund Summary - Description, Accomplishments, Goals, KPI's

## Fund Description \& Purpose

Operating expenses of the Morris Performing Arts Center, the Premier Performing Arts Center in this region of the county.
Provides improved quality of life to the City citizens, serves as an economic catalyst in the City, and fosters historic preservation of landmark City venues.

2015 Accomplishments \& Outcomes
Ranked in Top 100 theatres in the United States by Pollstar Magazine for the 15th consecutive year
Awarded 2015 "Prime Site Award" by Facilities Magazine for the 10th consecutive year
Awarded 2015 TripAdvisor.com "Certificate of Excellence" (4 1/2 stars of 5 max ) for the 3rd consecutive year; because we received over 1200 excellent comments, we received the "Bravo! Award"
Awarded 2015 South Bend Tribune "Readers Choice Award" for "Favorite Entertainment/Live Performance Theater"
74 events booked - Warner Theater in Erie, PA (2200 seats)
52 events booked - Star Plaza in Merrillville, IN (3400 seats)
51 events booked - Rialto Theater in Joliet, IL (1900 seats)
-
The Morris Center was awarded the very Prestigious 2015 LHAT Outstanding Historic Theater Award presented at the National League of Historic American Theaters
2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
-

Good Government (GG)
To build upon successes and book a wide variety of events including national tours of Broadway musicals, Pop concerts, Country concerts, R\&B, Christian shows,
Comedians, Children's shows, Ballet events and to also use the stage and lobby for Wedding Receptions/Social events.
To be the Premier Performing Arts Center in this region and provide a safe and well-maintained historical facility
To be recognized as one of the best theater rental venues worldwide based on the number of gross tickets sold annually

Economic Development (ED)
To strive to increase the positive economic impact the Morris Center currently has on Downtown South Bend
It should be remembered that the Morris Complex has a yearly economic impact of over 10.5 million Dollars on the City of South Bend. Economic Impact has grown each time
Study impact was published: 2004: $\$ 3.12$ million
2007: $\$ 5.6$ million
2012: $\$ 6.8$ million
2013: $\$ 8.1$ million
Morris Center receives NO financial support from the Hotel/Motel Tax Board

## 2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

Booking major national acts at the Morris is a challenge because the number of similar competing venues across the country exceeds the number of major acts on the road to play them. Booking deals are even more complicated, and venues across the county are being asked to assume some financial risk of the show as well as guarantee money to the artist and split of the profits. Venues are being asked to do a lot more and take more financial risk than in years past.

Morris staff are even more proactive in soliciting events by attending national and regional conferences to meet with promoters and by phone and email contact with promoters, and tour managers. A 3-minute video was professionally produced which highlights the Morris Center. Morris staff are handing out fold-over business cards highlighting Morris event marketing support which is included in venue rental such as show messages on electronic marquee and lobby monitors, posters and signage designed and printed, website, fan club email blasts, social media/FaceBook and Twitter promo, event fliers designed and printed, and strip ads in various publications.

By years end, we expect to install 4 new $3^{\prime}$ x6' digital display boards replacing existing paper posters to better promote the multiple events available to our patrons. Morris Entertainment Inc is underwriting this project $100 \%$.

We joined the Theater Network Organization whose purpose is to provide greater representation to agents and information to its members with the goal of increasing venue bookings. This membership has already aided us in securing/booking two events AND strong leads on several future events.

Explain Significant Revenue and Expenditure Changes Below:
Saved $\$ 5,388$ by relocating all employees to a city-owned parking lot a few blocks from the County-City Building
Saved $\$ 6000$ by finding more cost-effective training options (webinars)
Saved $\$ 2,000$ by eliminating the Legal Services line item
Saved $\$ 800$ by reducing software update cost from $\$ 2,000$ to $\$ 1,200$
Saved $\$ 1,288$ by reducing office supply budget from $\$ 2,788$ to $\$ 1,500$
Saved $\$ 600$ by reducing postage budget from $\$ 4200$ to $\$ 3600$
Saved $\$ 1100$ by reducing two travel budget items from $\$ 1500$ to $\$ 400$
Requested personnel change: Convert the sole 32 -hour assistant city attorney position to a 40 -hour assistant city attorney position
-- Larger return on health/benefit expenditure
-- Greater opportunity to retain qualified, committed staff
-- The 32-hour-per-week attorneys have routinely worked more than 32 hours per week.

Explain Significant Revenue and Expenditure Changes Below:
Personnel costs are down somewhat due to a change in allocation of Engineering personnel out to Streets, Water and Wastewater departments.

Engineering - 101-0602
Fund Summary - Description, Accomplishments, Goals, KPI's

```
Fund Description & Purpose
The Engineering Department, part of the General Fund, is responsible for design and implementation of most of the City's infrastructure construction projects. With a full-time
staff of 16 people, the Department oversees the activities of most services, including Traffic & Lighting, Water Works, Wastewater, and Solid Waste.
2015 Accomplishments \& Outcomes
Filed the annual operational report for Local Roads and Streets with the State Board of Accounts by the due date.
Filled retiring staff positions by hiring Director of CSO Project Management and Project Inspector II and new position TIF Engineer I
Completed several Smart Streets Projects (of note: Lincoln Way West Improvements, Bartlett Phase I, Marion/Madison 2way, Western Ave)
Long-Term Control Plan: Initiated re-examination of LTCP and filed reports per Consent Decree requirements.
Completed Design of Downtown 2-Way
Completed Sidewalk Assessment
Evaluated and requested ordinance revisions for permitting, utilities, truck routes, and subdivisions
```

2016 Department Goals \& Objectives \& Linkage to City Goals

## Basics are Easy (BE)

Coordinate and assist other departments with engineering and project management services

- Coordinate and assist other departments to ensure that basic and emergency services are met: water, sewer, electricity, traffic safety, flood reduction, etc.

Good Government (GG)

- Develop and Implement a program to deal with traffic service and drainage requests
- Continue implementation and evaluation of ADA compliance plan, and appropriate conformance to Title VI

Develop a plan for improving the traffic calming request process
Complete asset inventory
Implementation of a grading schedule for Project Management, Consultants, and Contractors to track and target quality assurance

## Economic Development (ED)

Improve business accessibility and attractiveness through the development of Complete Streets Design Guidelines

Key Performance Indicators (KPI's)

| Measure | 2017 |  |  |  |  |  |

| - |  |  |  |  |  |  |
| - |  |  |  |  |  |  |
| - |  |  |  |  |  |  |

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- Asset inventories and downspout disconnect programs required additional seasonal staff in 2015 and will need more in 2016.

In order to keep up with the volume of traffic service requests we receive, we need a dedicated staff member to handle them.

Our permitting fees and efforts do not balance. We need a full-time employee to keep up with permitting and the fees to be raised.

Explain Significant Revenue and Expenditure Changes Below:
The increase in Salaries \& Wages is due to the Police Salary increases under the current agreement with the FOP, an estimated $2 \%$ increase in civilian salaries and the transfer of the salaries of five Police Officers from the LOIT to the General Fund. Fringe Benefits increased due to a $20 \%$ increase in Health Insurance costs. The increase in Repairs \& Maintenance is due to the transfer of computer software maintenance cost of approximately $\$ 250,000$ reported in the Interfund Allocation in 2015 to Repairs and Maintenance in 2016. Interfund Allocations increased due to the provision for Liability Insurance in 2016, not provided in 2015. The Liability Insurance increase was partially reduced by the transfer of computer maintenance costs as described in the prior sentence. The decrease in Other Services \& Charges is the result of the
 vehicles.

## Fund Description \& Purpose

Police Department operating costs are accounted for in this department. Other Police Department personnel costs are paid for in the Public Safety LOIT fund.

## 2015 Accomplishments \& Outcomes

- PSAP Consolidation
- Domestic Violence (Lethality Assessment)
- Upgraded Website

2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- Body Cameras-cost $\$ 180,000$. (Use Non Reverting to Fund)
- Laptops computers for police vehicles-110 existing computers will be out of warranty and are breaking down. (Use Non Reverting to fund)
- Police Duty Manual rewrite and upgrade (Lexipol service) (Use Non Reverting to Fund)
- Special Events Policy

## Explain Significant Staffing Changes Below:

Increase from 217 Sworn Officers in the 2015 Amended Budget to 222 in the 2016 Budget is due to the transfer of five Officers from the LOIT which decreased from 43 officers in 2015 to 38 in the 2016 Budget. The combined total of Sworn Officers Budgeted in the General Fund and the LOIT has remained at 260 for 2014, 2015 and 2016. The increase in Non Bargaining staff from 34 in 2014 Actual to 43 in the 2015 Amended Budget resulted from the transfer of 8 Public Assistant Clerk II positions from the Communications Department plus the addition of a Digital (Forensic) Lab Tech. The Communication department was consolidated to the St Joseph County PSAP while Public Assistant Clerk II staff remained with the Police Department.

## Police Communications - 101-0802

Fund Summary - Operating and Capital Budget

Fund Description \& Purpose
This Fund receives the South Bend allocation of the Saint Joseph County PSAP. The PSAP is managed by the County.

Explain Significant Revenue and Expenditure Changes Below:
(1) Reduced building expenditures by $\$ 4,000$ in 2016. (2) Purchased copier in 2015 for $\$ 10,242$; not in budget for 2016. (3) Added $\$ 2,500$ for training for staff for supervisory skills and writing skills.

## Fund Summary - Description, Accomplishments, Goals, KPI's

## Fund Description \& Purpose

The purpose of the Human Rights Commission is to provide all of the city's citizens equal opportunity for education, employment, access to public conveniences and accommodations and acquisition through purchase or rental of real property including, but not limited to, housing and to eliminate segregation or separation base on race, religion, color, sex, disability, national origin, ancestry, sexual orientation or gender identity and familial status in housing, since such segregation is an impediment to equal opportunity. To provide trainings in the commission's jurisdiction to all .

## 2015 Accomplishments \& Outcomes

Successfully maintained an education and outreach grant from the U.S. Department of Housing and Urban Development.
Performed Diversity trainings for the new police recruits as well as the new fire fighters as they were about to become members of their respective departments.
Set up informational booths at the Martin Luther King celebration, policemen's night out, Cinco De Mayo celebration and career services at Bethel College.
Hosted the Annual Fair Housing Awards, Scholarship and Training again this year. We gave away $\$ 3,500$ in scholarships.
The HRC will continue to work toward producing every case that we take within 180 days.
Maintained the two federal contracts that the Commission has with the EEOC and the U.S. Department of Housing and Urban Development.
The Director was reappointed to the EEOC - Fepa Committee.
Successfully hosted a joint training with EEOC and HUD in the city of South Bend for employees and the community.
The Commission held a regional Diversity Training for police departments from South Bend, Mishawaka, Elkhart, Lakeville, Notre Dame and Plymouth, Indiana and Niles, Berrien Springs and Benton Harbor, Michigan.

2016 Department Goals \& Objectives \& Linkage to City Goals

## Basics are Easy (BE)

Continued to work with all entities within St. Joseph County to ensure that all of the citizens of South Bend and the rest of the county have an avenue to register their complaints.
Stay in a contractual relationship with EEOC and HUD to be able to receive federal monies and trainings in our field.
Maintain a policy that requires all cases filed with the Commission be completed within 180 days.
Work with IT to make the SBHRC website more accessible and user friendly for our citizens to be able to file complaints on line as well as being able to reach other websites from our website.
Continue to work with Respondent and Charging Parties by educating both concerning how the Commission works. Make it easy for all of our citizens to understand their rights under the South Bend Human Rights Ordinance.
Good Government (GG)
Maintain working relationships with other organizations and groups in our community to ensure that the Commission is known .
Get cases investigated in 180 days or less.
Make a concentrated effort to resolve disputes through mediation and settlement discussions before they become formal charges.
Hold as many public trainings and speaking engagements as possible to keep the community informed concerning human rights. Send Staff to as many trainings as possible to keep them up to date on the latest court rulings.

Economic Development (ED)
Continue to seek grants and other sources of funding in an effort to stay viable and efficient.
-

Key Performance Indicators (KPI's)

| - Number of inquiries handled. |  | GG | Effectiveness | 107 | 137 | 105 | 100 |
| - Number of trainings performed |  | GG | Output | 6 | 10 | 10 | 10 |
| - Number of cases investigated |  | GG | Output | 106 | 100 | 98 | 100 |
| - Number of no causes |  | GG | Output | 77 | 73 | 80 | 78 |
| - Number of open cases |  | GG | Output | 60 | 64 | 58 | 58 |
| - Number of cases over 180 days |  | GG | Effectiveness | 0 | 10 | 12 | 6 |
| - Number of probable causes |  | GG | Effectiveness | 8 | 8 | 8 | 6 |

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)
Eliminating discrimination while continually maintaining enough resources the Commission effective and a valued part of this community.

Valuing Diversity in our community and teaching others the benefits of a diverse community. Getting others to realize that diversity strengthens our community through inclusion of all people of all races, colors, sexes, sexual orientations, national origins, differently abled as well as all religions and political affiliations.

Maintaining contract numbers with EEOC and HUD when the number of actual charges filed is decreasing.

Explain Significant Revenue and Expenditure Changes Below:
Interest rates are slightly higher than in prior year. Increase is expected based on improvement in economy and interest rates. Used assumption of $0.5 \%$ return based on May 2014 results on investment holdings. Note: The Cash Reserves Target for the Rainy Day Fund is equal to 3\% of total expenditures for the year.

## Rainy Day Fund - 102

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose
Fund is used to accumulate cash reserves for unforeseen purposes. The fund receives from time to time certain "catch up" distributions of COIT and EDIT monies from the State that are required to be deposited into this fund. The fund is used for mid-year or year-end advances to other funds that have cash shortages and the advances must be paid back within six months.

## 2015 Accomplishments \& Outcomes

- Continue to accumulate fund reserves for future emergency or unforeseen circumstances.
- Continue to accumulate fund reserves for short-term advances to other city funds.
- Investment fund reserves in the investment program at 1 st Source Bank to realize interest earnings.

Emphasize Rainy Day Fund reserves during bond credit rating discussions to emphasize the fiscal health of the City. Fund reserves are an important factor in determining a credit rating.

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
Be
-
-
-
-
-
-
Good Government (GG)

- Continue to attend quarterly investment meetings with 1 st Source to ensure the money in the fund are properly invested.

2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- Continue to maintain cash reserves in this fund for future needs and bond ratings.

## Excess Levy - 103

Fund Summary - Operating and Capital Budget

This fund received a small payment in 2014 for excess property tax revenues from the County. No activity is expected within this fund aside from interest for the foreseeable future.

Explain Significant Revenue and Expenditure Changes Below:
The property tax allocation rose by $2 \%$. Two capital leases expire in 2016 with only one payment due during the year. A new capital lease for heavy equipment will need to be explored for 2017. Health insurance rose $20 \%$. Property tax circuit breaker impact will become a financial burden in 2020 .

## Fund Summary - Description, Accomplishments, Goals, KPI's

Fund Description \& Purpose
Fund 201 is the general operating fund for Parks and Recreation. It is funded through property tax and user fees. It consists of seven divisions, Administration, Maintenance, Golf, Recreation, Conservatory, Potawatomi Zoo and Graffiti Abatement.

## 2015 Accomplishments \& Outcomes

- We hosted the 2015 International Softball Congress World Fast Pitch Tournament at Belleville Park in August
- The second annual South Bend Country Fest was held in June at Four Winds Field
- A $\$ 5.5$ million bond was approved for improvements for park facilities

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)

- Continued development of Park Web Site applications to improve customer service
- Improved response time for cited mowing on designated properties
- Graffiti cleanup with 24 hours of notification
- Continue investing in local youth mentoring programs
- Maintain safe and clean parks and facilities
- Sustainable recreational programs
- Accessibility to park facilities and programs

Good Government (GG)

- Continue active involvement with Healthy Communities Surveillance and Management Project
- Continue to improve and expand City Wellness Program
- More emphasis to detail in daily park maintenance program
- Continue employee development programs
- Develop stronger partnerships with Park Foundation, outside agencies, and volunteer organizations
- Maintain CAPRA Accreditation
- Invest in Park facilities

Economic Development (ED)

- Hosted the International Softball Congress World Championship Tournament August 13-22
- 
-

Explain Significant Revenue and Expenditure Changes Below:

 on current vehicle/equipment age, is projected to increase by $50 \%$ from 2015 to 2016 , by $28 \%$ in 2017 , by $19 \%$ in 2018 , by $11 \%$ in 2019 and by $8 \%$ in 2020 . It might be time to look at another approach to vehicle/equipment replacement. Maybe the cost of maintaining the vehicle should be taken into account when considering replacement rather than just the age of the vehicle.

## Motor Vehicle Highway - 202

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose
Fund collects state gasoline taxes and local wheel taxes and uses them for the repairs and maintenance of City streets, street lights, and signals. The Bureau of Streets and the Bureau of Traffic and Lighting also provides for the removal of snow and ice, responds to emergencies and facilitates recovery, provides the City with infrastructure asset management, and the administration of the ReLeaf program.

2015 Accomplishments \& Outcomes
Street:
Responded and maintained trafficable streets despite record cold \& snowfall amounts in January and February.

Traffic \& Lighting:
Upgraded Moreau Court, Sample Street in front of PD, Cleveland Road street lights to LED based lighting.
In the process of painting the entire city lane lines, crosswalks, stop bars.
Completed City, State and County signal inspections on time.

2016 Department Goals \& Objectives \& Linkage to City Goals

## Basics are Easy (BE)

Streets: Continually review snow removal routes to refine efficiencies.
Streets: Improve anti-icing technologies (materials, application methods) to reduce dependencies on non-soluble materials (sand/slag).
Streets: Continue implementing alley surface improvement program to upgrade alley surfaces to materials that meet alley traffic requirements for a solid trafficable surface. T\&L: Continue to address street light and traffic signal concerns to reduce public reporting of possible safety issues.

## Good Government (GG)

- Streets: Balance pavement maintenance with a mix of fixes to better invest for future pavement needs.

## Economic Development (ED)

T\&L: Continue program to upgrade existing City-owned street lights to LED based lamps, improving the lighting quality and energy efficiency of the street lights.
C\&S: Increase amount of public curb rehabilitated.
C\&S: Continue to address ADA curb ramps to facilitate action on City's ADA Transition Plan
C\&S: Address trip hazards on critical pedestrian corridors to improve the walkability for business development needs.

Key Performance Indicators (KPI's)

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)
Streets: Investigate alternate pavement rehabilitation techniques to improve use of resources (different materials to meet traffic demands, other preservation methods). Investigate new anti-icing products.

Traffic \& Lighting: Internal goal to modernize existing signals to more efficient detection systems

Explain Significant Revenue and Expenditure Changes Below:
 Bend Cubs. They have agreed to handle this expense.

## Recreation - Nonreverting - 203

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose
Fund accounts for recreation programs and events that are self supporting through user fees or sponsorships and donations.
2015 Accomplishments \& Outcomes

| - The second Country Music Fest was held at Coveleski Stadium. Weather was perfect this year, unlike 2014 . |
| :--- |
| - Implementation of the "Job Corps" program at Martin Luther Jr. Center and Charles Black Center began its second year in June. 25 teens are employed. |
| - |
| Two part time employees that were hired for the "Made Men" Program at Martin Luther King Jr. Center became full time in January. This allowed the programs hours to expand. |
| - The 2015 International Softball Conference Fastball tournament will be held at Bellville Softball Complex in early August. |
| - The design phase of improvements at the Charles Black Center have begun. |
| - |
| - |

2016 Department Goals \& Objectives \& Linkage to City Goals

## Basics are Easy (BE)

Diverse programming offered to local residents
Sustainable recreation programs

| - |
| :--- |
| - |
| - |
| - |
| - |

Good Government (GG)
Community Outreach programming
Job Corps training and youth mentoring programs
Pursue sponsors and grants to assist with programs, events and leagues

Key Performance Indicators (KPI's)

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- The significant challenge with this fund is always to maintain its sustainability as a user fee based enterprise.

The surplus revenues allow staff training and education that would otherwise be unaffordable. In order to maintain profitability, staff need to be more efficient in their programs.

The pursuit of grants, donors, and sponsors of events and programs is important to the overall sustainability of this fund.

```

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
Facilitate a streamlined planning, permitting and entitlement process in coordination with APC. Engineering, SBFD, and other departments.
Improve and align incentive evaluations to reflect updated economic development goals.
Good Government (GG)
Create "community investment" plans at the neighborhood scale to outline various capital activities, land-use plans and development opportunities.
Update economic development goals and targets to reflect community and economic development priorities
-

Economic Development (ED)
Continued focus on creating investment-ready places, such as Ignition Park, through the completion of infrastructure and predevelopment activities.
Target business recruitment activities for specific industries as well as in support of small businesses along the corridors.
In partnership with local agencies, continue support for workforce training initiatives as well as piloting new skills training activities to assist individuals in qualifying for available Continue implementation of "smart streets" program to improve public safety, network connectivity and economic vitality.
Attract residents to South Bend through support of mixed-use projects downtown and along the corridors.
Support and stabilize neighborhoods through application of various targeted housing options throughout the City

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| 2015 Included $\$ 216,000$ donation from Urban Enterprise Association for the City's Vacant \& Abandoned Initiative. Hope to purchase a freezer for use by Animal Care and Control. In 2016, expect to introduce public art funded by community donations as community leaders are interested in funding for the local landscape. Appropriating $\$ 350,000$ for that project in 2016. |  |  |  |  |  |  |  |  |  |  |  |

## Fund Description \& Purpose

This fund is used as a collection point for miscellaneous contributions to the City for specific projects such as: Animal Control; Bicycle Paths; and Vacant \& Abandoned Properties. Since revenues are not constant, the expenditures are usually small, one-time purchases/expenditures.

Explain Significant Revenue and Expenditure Changes Below:
The capital expenses for 2016 are in Fund 224. We are transferring monies out of our cash reserve over to fund 224 to cover our 2016 capital expenses.

Fund Summary - Description, Accomplishments, Goals, KPI's

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)

- We purchase and maintain City Assets keeping them available to our user departments, making the basics easy

## Good Government (GG)

Radio Shop - Complete Fire Ground 4 system installation. Tower Safety improvements. 40 hr per employee education in two-way radio equipment or related field.
Central Stores - Training on new Office Depot website, on- site user departmental classes/training
Printshop - Continue training-online classes, 40 hrs . Meet with user departments to determine additional printing needs.
Building Maintenance - Education-supervision, seminars on HVAC systems, certificates in HVAC \& supervision. Centralized Business Plan completed.
Equipment Services - Continue to work on transitioning the fleet to CNG with the goal of $85 \%$ by 2020. Purchase dedicated CNG powered cars and light duty trucks. Obtain an ASE Blue Seal Certification, Add one new external customer to increase revenues

- Sustainability Office - Reduce wasted resources (energy, materials) across City departments. Provide additional route to transparency between City and community. Educate City staff.

## Economic Development (ED)

- Sustainability Office - Work across departments for maximum value of city-funded public projects. Educate public, coordinate w/ community groups to improve quality of lif

Key Performance Indicators (KPI's)

|  | Measure |  |  | 2017 |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | City <br> Goal | Type | Long Term Goal | 2014 <br> Actual | $2015$ <br> Estimated | $2016$ <br> Target |
| - Radio Shop - | Operating expense/cost per hour | GG | Efficiency | \$62 | 75.82 | \$57 | \$60 |
| - Printshop- | Technician Productivity | GG | Quality | 91.5\% | n/a | 90\% | 91\% |
| - Building Maintenance | In-house Labor Savings | GG | Efficiency | \$69,800 | \$71,137 | \$68,000 | \$69,200 |
| - Equipment Services | Scheduled versus Non-scheduled repairs | GG | Efficiency | 70\% | n/a | n/a | 70\% |
| - Equipment Services | Technician Productivity | GG | Quality | 86.7\% | 88.58\% | 86\% | 86.5\% |
| - Sustainability Office | Reduction in Energy Use Intensity | GG | Efficiency | 10\% | n/a | 0.5\% | 2\% |
| - |  |  |  |  |  |  |  |
| - |  |  |  |  |  |  |  |
| - |  |  |  |  |  |  |  |
| - |  |  |  |  |  |  |  |
| - |  |  |  |  |  |  |  |
| - |  |  |  |  |  |  |  |

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- Budgeting all vehicles to include compressed natural gas option.

Building Maintenance Department - new contract for our facilities security system savings is $\$ 2,232$ yearly, $43 \%$ lower

Upgrade NaviLine inventory/fleet software with bar coding system

Sustainability Office - improve systems for monitoring energy consumption, provide technical support for efficiency in all departments

Fund Summary - Full-Time Employees

Explain Significant Revenue and Expenditure Changes Below:

 given the recent increase in claims filed. For the forecast, we have budgeted a slight decrease in this account

## Liability Insurance - 226

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose

| Fund is used for expenditures of the City insurance program, including safety and risk management dep |
| :--- |
| coverage. |

2015 Accomplishments \& Outcomes

| - Reduction in Workers Compensation cost for Police Department of $43 \%$ |
| :--- |
| - Reduction of claims reported from Police and Public Works / Police $=37 \%$ Public works $=41 \%$ |

$\qquad$

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
Keep workplace injury and illnesses below the industry standards for municipalities

## Good Government (GG)

Reduction of Workers Compensation cost by 20\% over 2015 cost
Reduction if claim occurrence by $30 \%$ over 2015 incidents
Implement the city wide training matrix that would include required and elective subjects. This would include a city certification program for OSHA, EPA and DOT training topics as well as a CEU program.
Implementation of a city vehicle inventory inspection audit to be conducted no less than on a quarterly basis
Implement an incident review process for all auto and injury incidents; to be held with involved employee and supervisor. The outcome will result in training, updated
procedures and establishment of best practices
Introduce incentive programs for departments with challenges or increased injuries
Economic Development (ED)
-

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- Reduction of WC claims reported and the cost of treatment for injuries. This will be done with education, audits and incentive programs for the targeted areas which have high

Lead the Safety and Risk department to achieve recognitions from peers for outstanding programs and below industry workers compensation claims and cost. This will be archived by continuing education for the $S \& R$ staff as well as education for all city employees. Another key to achieving this recognition will be through incentive programs that will be low to no cost to the budget.
Move all Safety and Risk functions to a department webpage. This will be a page that all departments will utilize for policies and procedures, limited training, best practice education, regulatory updates and guides for departments to see their status in areas such as workers compensation, claims, training compliance and audit results.

| Explain Significant Staffing Changes Below: |  |  |  |  |  |  |  |  |
| Claims adjuster was paid out of the legal department budget prior to 2015. Due to the job duties, it is more appropriate to pay this position from the liability insurance fund as this person is responsible for adjusting claims which are eventually paid from this fund. In addition, the Public Works Safety Coordinator position was eliminted from the 2016 budget. The position is currently vacant. |  |  |  |  |  |  |  |  |

Explain Significant Revenue and Expenditure Changes Below:
2015 budget included funds for vacant \& abandoned housing and corridor projects. These projects used a majority of the funds. 2016 budget includes funds for land remediation at Ignition Park.

## Fund Description \& Purpose

## 2015 Accomplishments \& Outcomes

- $\$ 2.8$ million budgeted to address vacant \& abandoned housing - over $\$ 1.1$ million spent by 30 April
- $\$ 1.8$ million carried over from 2014 for the Corridors projects (Western and Lincoln Way West). Nearly $\$ 450 \mathrm{~K}$ has been spent to date in 2015.

## Public Safety Local Option Income Tax (LOIT) - 249

Explain Significant Revenue and Expenditure Changes Below:
The PS LOIT was able to fund (38) police officers wages and benefits ( $\$ 3,696,821$ ) and ( 32 ) Firefighters wages and benefits ( $\$ 2,903,805$ ) for 2016. This fund will continue to fewer officer/firefighter wages due to wage and benefit costs increasing as a greater rate year over year than the PS LOIT revenues. Therefore, these individuals will be paid from the general fund in the future.

Explain Significant Revenue and Expenditure Changes Below:
2015 included several one time projects including Safe Routes to School. Therefore, the capital outflows are expected to be less in 2016. Refer to the Capital page for further detail on future spending.

Fund Description \& Purpose
Fund receives various grants originating from the State of Indiana

Excess Welfare Distribution - 252
Fund Summary - Operating and Capital Budget

Fund Description \& Purpose
This fund was set up in 2009 for the purchase of radios with a one-time state revenue distribution of $\$ 2.9$ million dollars. The fund will be closed in 2015 .

## Human Rights Federal Grants - 258

Explain Significant Revenue and Expenditure Changes Below:
To keep the budget at $0 \%$, we cut travel by $\$ 2,600$ and other legal services by $\$ 2,000$ based on prior year trends. Expenditures relating to a grant that expired in 2015 were also eliminated for 2016 . Fund will continue to operate at a deficit until more grants are received.

## Human Rights Federal Grants - 258

## Fund Summary - Description, Accomplishments, Goals, KPI's

## Fund Description \& Purpose

The purpose of the Human Rights Commission is to provide all of the city's citizens equal opportunity for education, employment, access to public conveniences and accommodations and acquisition through purchase or rental of real property including, but not limited to, housing and to eliminate segregation or separation base on race, religion, color, sex, disability, national origin, ancestry, sexual orientation or gender identity and familial status in housing, since such segregation is an impediment to equal opportunity. To provide trainings in the commission's jurisdiction to all.

## 2015 Accomplishments \& Outcomes

Successfully maintained an education and outreach grant from the U.S. Department of Housing and Urban Development.
Performed Diversity trainings for the new police recruits as well as the new fire fighters as they were about to become members of their respective departments.
Set up informational booths at the Martin Luther King celebration, policemen's night out, Cinco De Mayo celebration and career services at Bethel College.
Hosted the Annual Fair Housing Awards, Scholarship and Training again this year. We gave away $\$ 3,500$ in scholarships.
The HRC will continue to work toward producing every case that we take within 180 days.
Maintained the two federal contracts that the Commission has with the EEOC and the U.S. Department of Housing and Urban Development.
The Director was reappointed to the EEOC - Fepa Committee.
Successfully hosted a joint training with EEOC and HUD in the city of South Bend for employees and the community.
The Commission held a regional Diversity Training for police departments from South Bend, Mishawaka, Elkhart, Lakeville, Notre Dame and Plymouth, Indiana and Niles, Berrien Springs and Benton Harbor, Michigan.

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
Continued to work with all entities within St. Joseph County to ensure that all of the citizens of South Bend and the rest of the county have an avenue to register their complaints.
Stay in a contractual relationship with EEOC and HUD to be able to receive federal monies and trainings in our field.
Maintain a policy that requires all cases filed with the Commission be completed within 180 days.
Work with IT to make the SBHRC website more accessible and user friendly for our citizens to be able to file complaints on line as well as being able to reach other websites from our website.
Continue to work with Respondent and Charging Parties by educating both concerning how the Commission works. Make it easy for all of our citizens to understand their rights under the South Bend Human Rights Ordinance.
Good Government (GG)
Maintain working relationships with other organizations and groups in our community to ensure that the Commission is known .
Get cases investigated in 180 days or less.
Make a concentrated effort to resolve disputes through mediation and settlement discussions before they become formal charges.
Hold as many public trainings and speaking engagements as possible to keep the community informed concerning human rights. Send Staff to as many trainings as possible to keep them up to date on the latest court rulings.

Economic Development (ED)
Continue to seek grants and other sources of funding in an effort to stay viable and efficient.
-

| Key Performance Indicators (KPI's) |
| :--- |

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)
Eliminating discrimination while continually maintaining enough resources the Commission effective and a valued part of this community.

Valuing Diversity in our community and teaching others the benefits of a diverse community. Getting others to realize that diversity strengthens our community through inclusion of all people of all races, colors, sexes, sexual orientations, national origins, differently abled as well as all religions and political affiliations.

Maintaining contract numbers with EEOC and HUD when the number of actual charges filed is decreasing.

Explain Significant Revenue and Expenditure Changes Below:

- Revenue for this fund is collected through donations and sponsorships and used to assist with continued promotions of and within the Morris Complex. Starting 2013, we were able to not only advertise on the Electronic Billboard at the Linebacker, but to secure sponsorships to help fund the advertising for it. No signficifant changes expected for 2016.

## Morris \& Palais Marketing - 273

Fund Summary - Description, Accomplishments, Goals, KPI's

```
Fund Description & Purpose
The Morris Performing Arts Center and Palais Royale Marketing Fund was established as a separate, non-reverting fund to receive monies from the selling of commercial
promotions and advertising on the marquee attached to The Morris Performing Arts Center; to receive monies from marketing sponsorships such as commercial ads on the ticket
envelopes; and to accept donations to the Morris Performing Arts Center and Palais Royale (Morris Complex). All sums collected are used for the sole purpose of assisting with
continued promotions for both the Morris PAC and the Palais Royale (Morris Complex).
```

2015 Accomplishments \& Outcomes

- Secured sponsors for Ticket Stock
Secured sponsors for Ticket Envelopes
Secured 5 sponsors for the TV Monitors in the Lobby
Gave approximately 33 tours which included over 450 people
Secured sponsors for the DTSB Electronic Billboard message Co-Op
2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
- 

Good Government (GG)
Continuously secure sponsorships for Ticket stock and Ticket envelopes
Continuously secure sponsorships for the DTSB Electronic Billboard Co-Op
Continuously secure sponsorships for the TV Monitors in the Grand Lobby

Explain Significant Revenue and Expenditure Changes Below:
Budgeting revenues to assume the decrease in revenue from officers' for fuel based on discussions with the FOP. This fund continues to hold a healthy cash balance to insure adequate coverage in case of an accident while an officer is off duty. Fund used to collected money from officers to pay of off-duty fuel used; however, this will not continue in 2016 due to the price of fuel decreasing.

Explain Significant Revenue and Expenditure Changes Below:
2015 Included a $\$ 500,000$ transfer in from the general fund in order to help with expected capital costs. Due to Medicaid reimbursements expected in 2015 and 2016, no transfers in from the general fund were budgeted for 2016 and beyond. Transfers will likely take place between the Capital Fund and the Operating Fund in future years to cover the shortfalls.

Fund Description \& Purpose
This Fund covers captures revenues and expenditures for the EMS Division of the South Bend Fire Department, to include coverage of area events, ambulance services, and EMS billing.
2015 Accomplishments \& Outcomes

- Answered approximately 15,000 calls for ambulance service
- Provided ambulance coverage for the University of Notre Dame sporting and extracurricular events.

## Emergency Medical Service Operating - 288

Fund Description \& Purpose
Captures revenue and expenditures for the Indiana River Rescue School. The school is administered by the South Bend Fire Department and is a collaboration with Indiana DNR and other agencies.
2015 Accomplishments \& Outcomes

- Conducted 3 IRRS schools

2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)
-The school is looking to enhance curriculum and add additional modules, to include, but not limited to, Personal Water Craft usage by responders.

## Police Grants - 292

Explain Significant Revenue and Expenditure Changes Below:
Transfers in for 2015 relate to TIF realignment and merging funds from old South Bend Central Development Area and Central Medical District. All of the Central Medical cash was transferred into River West. Portion of South Bend Central Development Area was transferred into River East and remainder in River West. This caused significant cash build up in River West. At mid-June 2015, DCI has projects in the works which would commit $99 \%$ of the available funds, if all were to come to fruition.

## Fund Description \& Purpose

To account for expenditures for improvements in the River West Development Tax Incremental Financing (TIF) areas. TIF revenue is derived from property tax proceeds in excess of those attributable to the assessed valuation of the properties in the district before declaration of the TIF.

Economic Development (ED)

- Increased attendance, bringing people to downtown South Bend

Key Performance Indicators (KPI's)

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- This fund's revenues are derived through payments by the Team's owner as proscribed in the Stadium Lease Agreement. For several years, the amount has been reduced to
$\$ 75,000$ per year plus attendance incentives.

Traditionally, $\$ 75,000$ has been deposited in fund 201, Parks Special Revenue. Revenues in excess of $\$ 75,000$ were deposited in this fund. Revenues in excess of $\$ 75,000$ were deposited in this fund.

No expenditures are budgeted in this fund for 2016.

Explain Significant Revenue and Expenditure Changes Below:
This fund's revenue was derived from donations from trust funds that have dissolved. Because the Potawatomi Zoological Society has taken over operation of the Zoo, it is unlikely there will be additional donations made to this fund in the foreseeable future. The budgeted appropriation for 2015 was to cover unplanned capital expense and will probably not be utilized. It is possible this fund will be used to fulfill Park's obligation for additional Zoo capital in 2016 as stated in the memorandum of understanding, and/or be closed.

Fund Description \& Purpose
This fund is intended for donations specifically restricted to Potawatomi Zoo. The Potawatomi Zoological Society took operation of the Zoo through a public-private partnership beginning in January of 2014.

Explain Significant Revenue and Expenditure Changes Below:
Overall decrease in spending in 2016 over 2015 due to the end of the Vacant \& Abandoned Housing program in 2015. This decreased expenses by approx. $\$ 2$ million. Also, 2015 included equipment expenses of approx. $\$ 900,000$ which was not required in the 2016 budget. Increases to the expenditures included Façade grants of $\$ 200,000$, Bus Shelters of $\$ 180,000$ and the LWW Ambassador program of $\$ 150,000$. This fund is also used for various vehicle and other leases. Curb \& Sidewalk program remains at 2015 level of $\$ 1,500,000$.

## County Option Income Tax (COIT) - 404

Fund Summary - Description, Accomplishments, Goals, KPI's

| Fund Description \& Purpose |
| :--- |
| Fund is used to account for $0.6 \%$ local option income tax charged in St. Joseph County. Distributions are made monthly by State of Indiana based on certified tax levies. Fund used <br> for debt service, certain organization grants and operational subsidies, capital expenditures, information technology and other uses as deemed by the Mayor and Council. |
| 2015 Accomplishments \& Outcomes |
| - Funds used to ensure completion of projects in a timely manner (i.e. Vacant \& Abandoned Housing program). <br> - Continue to earn interest on available cash balance. <br> - Adequate cash reserves maintained. <br> - Continued to replace employee computers and equipment. <br> - <br> - <br> - |

## 2016 Department Goals \& Objectives \& Linkage to City Goals

## Basics are Easy (BE)

- 

## Good Government (GG)

Maintain fund reserves as the reserves are important for preserving the City credit rating.
Fund performs within budgetary guidelines.
Properly account for Local Option Inform Tax received from State.

In recent years, General Fund costs have been transferred to COIT because of limited property tax revenue due to circuit breaker caps.

Explain Significant Revenue and Expenditure Changes Below:
Funding for this fund is through a portion of user fees from various venues and must be dedicated to that particular venue. These are picnic sites at Potawatomi and Rum Village Parks, Forestry, Central Mowing, the East Race Waterway, Howard Park Ice Rink, and the golf courses. Potawatomi Zoo revenues are now retained by the Potawatomi Zoological Society per the memorandum of understanding. Revenues are dependent on attendance at the various locations.

## 2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- The additional revenue provided by this fund is increasingly more significant due to the dwindling capital provided from the Parks Special Revenue fund due to decreased property tax revenues. Because the revenues in this fund are based on attendance, it is important to offer the public a quality entertainment choice for their dollar.

| N/A |  |  |  |  |  |  |  |  |  |  |  |

Fund Description \& Purpose
The Cumulative Capital Development Fund receives property taxes and is used to finance the lease/purchase of police vehicles and related equipment. The property tax rate in the fund is a fixed rate so the property tax revenue received has been declining due to circuit breaker property tax caps. The fund also receives auto excise taxes, commercial vehicle excise taxes and payment in lieu of taxes revenue.

## 2015 Accomplishments \& Outcomes

- Continue to secure competitive lease financing for city vehicles and equipment for local and national leasing companies.
- Minimize the interest rate paid on lease financing.

## Cumulative Capital Improvement - 407

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| No significant changes are anticipated for 2016. |  |  |  |  |  |  |  |  |  |  |  |

Fund Description \& Purpose
This fund is used to account for state cigarette tax distribution revenue, hotel/motel tax and South Bend School Corporation contractual revenue used for Century Center related debt service. The Century Center Bond will be paid off in 2018. The Hotel/Motel tax dollars will then be used to pay for the Century Center Energy Savings Bond that was issued in 2015.

Explain Significant Revenue and Expenditure Changes Below:
Major changes for 2016 include the addition of the Parks Bond which are funded through EDIT. In 2017, the current CEDIT Bond with annual debt service payments of approx. $\$ 880,000$ per year will be paid off, therefore, a large decrease in the debt service expenditures is expected. In 2016, increases were made for Vacant \& Abandoned upkeep/land purchases/grants ( $\$ 1,088,000$ ). EDIT is used to assist in the funding of Department of Community Investment operating expenses (\$1,967,638), Department of Code Enforcement operating expenses (\$2,033,776), Animal Care and Control operating expenses (\$629,368), and Street Department operating expenses and paving costs $(\$ 1,853,000)$. None of these operating expense items changed significantly from 2015 to 2016.

## Economic Development Income Tax (EDIT) - 408

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose
Fund is used to account for $0.4 \%$ local option income tax revenue. Distributions are made monthly from the State of Indiana based on certified tax levies. Fund used for debt service, economic development, capital expenditures benefitting economic development, street department operations, grants/subsidies and general infrastructure maintenance.

2015 Accomplishments \& Outcomes

- Continue to earn interest on invested cash balance.
- Funds used for debt service payments made in timely manner.

Adequate cash reserves maintained.

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
-

| - |
| :--- |
| - |
| - |
| - |
| Good Government (GG) |
| Successfully collect and |

- Successfully collect and account for local option income tax distributed by the County on a monthly basis.

Fund performs within budgetary guidelines.
Maintain cash reserves in excess of City target reserve policy of $50 \%$ of annual expenditures (fund reserves reviewed by bond rating agencies and the source of repayment for certain bonds).

Economic Development (ED)

Key Performance Indicators (KPI's)

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

Explain Significant Revenue and Expenditure Changes Below:
This fund is used to account for economic development expenditures which are financed by federal grants and loan repayments. BDC payback was deferred until April 2015. Due to deferral, investment interest income was reduced. Revenues come from BDC's payback of initial loan fund capitalization. Expenditures are made to reimburse COIT for costs in renovation of the Doubletree garage.

Explain Significant Revenue and Expenditure Changes Below:
2015 included several roundabout projects which were not included for 2016. Refer to Capital page for detail on the expected projects for 2016. This fund will also be used to pay for repairs \& maintenance of the city's parking garages--\$750,000 each in years 2016 and 2017. These expenditures will be repaid to the fund from the Garages fund (Fund 601) through 2022.

Fund Description \& Purpose
Fund accounts for proceeds of one-time State of Indiana Toll Road Lease distribution of $\$ 12,823,151$ received in 2006. The City has utilized this money to make loans to certain economic development projects to be repaid from tax increment financing revenue and other important infrastructure projects.

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| During the 2016 calendar year, we expect an increased number of events due to the 2016-2017 Broadway Theater League season (Wicked with 16 performances). |  |  |  |  |  |  |  |  |  |  |  |

## Morris PAC Improvement - 416

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose

| This fund was established for the purpose of renovating, remodeling, or, otherwise improving the facilities and / or services to the patrons of the Morris Performing Arts Center. |
| :--- |
| Funds are received from a per ticket surcharge included on every sold ticket. |

2015 Accomplishments \& Outcomes
Audio upgrades were completed
Stage Curtain track replaced
Stage Fire Curtain upgraded

Key Performance Indicators (KPI's)

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- One of the challenges of attracting more acts / performances depends on our marketability and availability of house equipment to be up to date.

| Accelerating reimbursements to Major Moves (Fund 412) to facilitate payoff in 2017. After that time, fund can be closed unless additional needs are identified. |  |  |  |  |  |  |  |  |  |  |  |

Fund Description \& Purpose
To account for expenditures for improvements in the Douglas Road Tax Incremental Financing (TIF) area. TIF revenue is derived from property tax proceeds in excess of those attributable to the assessed valuation of the properties in the area before declaration of the TIF.

Explain Significant Revenue and Expenditure Changes Below:
Funding came from State program with cap of $\$ 5 \mathrm{M}$. Once all cash is used, fund can be closed. Expect funds collected will be substantially used in 2015. Remaining cash to be used in 2016 and fund can be closed.

Fund Description \& Purpose
To account for funds derived under State program which collects sales and use taxes and distributes to local government. Funds can be used for activities in Innovation Park and Ignition Park.

| We are not projecting any unexpected Historic Preservation repairs in the near future. |  |  |  |  |  |  |  |  |  |  |  |

The Palais Royale Historic Preservation Fund was established as a separate non-reverting fund to receive monies from a $2 \%$ charge assessed on all services provided in connection with the use and rental of the Palais Royale facilities, and to receive monies from donations to the Palais Royale. All sums so collected and deposited in this fund are to be used for the sole purpose of assisting with the continued historic preservation, maintenance and repair of the Palais Royale and related facilities.

Explain Significant Revenue and Expenditure Changes Below:
Unclear if this fund will receive any additional revenue (other than interest) as it was tied to personal property of former AJ Wright Building.

Fund Description \& Purpose
To account for expenditures for improvements in the Zone area, financed by property taxes on qualifying properties in the Zone.

Explain Significant Revenue and Expenditure Changes Below:
Prior to 2014, Code Enforcement was part of the General Fund and thus does not appear in this fund. During 2014, part of Code's personnel cost was paid from the EDIT fund (Fund 408) due to a timing issue between budget publication and budget approval.

## Consolidated Building Department - 600

Fund Summary - Description, Accomplishments, Goals, KPI's

## Fund Description \& Purpose

The Mission of the Department of Code Enforcement is to ensure a safe and clean environment by upholding and enforcing the ordinances of the City of South Bend through education and communication.

## 2015 Accomplishments \& Outcomes

## Code/Animal Control

(Code) Department participated, with $100 \%$ of the employees, in a two day Strategic Planning Seminar conducted by Leadership South Bend/Mishawaka. Everyone accepted the challenge to help lead the department into the future.
(Code)The new case management software, Accela, was implemented. Improvements in citation processing time, process transparency and improved accuracy are a direct result.
(ACC) In June, ACC successfully integrated with 311 on a hybrid telephone answering system to answer calls coming to ACC. 311 now handles roughly $60 \%$ of calls to ACC.
(ACC) Full implementation of the new Chapter 5 ordinance now includes a 5 person Animal Control Commission that conducts hearings regarding animal violations. To date, we
(ACC) Our non-profit partner, CARE of South Bend, has successfully implemented fundraising strategies to supplement our veterinary expense fund to treat cases that would otherwise have to be euthanized
(ACC) Secured over $\$ 32 \mathrm{k}$ of donated spay/neuter surgeries through local private sources to provide every animal leaving through our adoption center, a spay or neuter surgery. Building Department
Through strict monitoring of all expenses and incorporation of crossover inspection duties, we were able to go from a projected balanced budget to an estimated profit of \$344,000
We recently filed a Memorandum of Understanding with the State of Indiana with the intent of issuing a State recognized Construction Design Release (CDR). This will create additional revenue by utilizing highly specialized talent we currently have available on staff. We are also planning to add a backup certification to this position in order to cover during vacation and sick time. Additional certification is required in order for this program to work efficiently.

We have been working without a designated Fiscal Officer. We added additional duties to several positions in order to divide and conquer this task. The funding normally set aside for this position will go toward the funding of the two new positions. The benefit is an actual savings of approximately $\$ 12,000$ normally spent to fill a position no longer required.
We plan to replace our aging fleet of vehicles over the next few years. Better fuel efficiency in combination with an appealing price point make this an attractive alternative to our current vehicles. We anticipate approximately $50 \%$ better gas mileage.

## 2016 Department Goals \& Objectives \& Linkage to City Goals

## Basics are Easy (BE)

## Code/Animal Contro

(Code) We are focused on improving our operational efficiency utilizing our new Accela software. From increasing our response time to complaints received, to improved tracking of resolutions and transparency of workflows, we are aiming to achieve our goal of ensuring a safe and clean environment and enforcing the ordinances of the City of (ACC) We've noticed a high level of animal bites in the city. ACC is implementing a data tracking system with IT for bite cases, to determine where there are hot spots. A school program will be developed to reduce numbers.
(ACC) In South Bend, we have a high number of vacant houses with pest animals. ACC plans to add a humane wildlife abatement program, with the addition of a FT Humane W

## Building Department

We are creating a tiered hiring structure for our Inspectors based on certain qualifications. This does not add any new positions, but rather is a tool that will allow us to hire at predetermined pay grades while using further qualification and education as incentive for steps up in advancement and pay.

## Good Government (GG)

## Code/Animal Control

(Code) Our presence at neighborhood meeting around the city, and with the Mayor, at Mayor's Night Outs, have increased our participation in community events.
(ACC) Accela has been implemented in Code Enforcement. We plan to extend this further to field operations in 2016 to significantly increase efficiencies and transparency. (ACC) As in 2014 and 2015, 2016 will be another target year for implementing free vaccination clinics and microchip clinics for the unreserved of South Bend. These programs are supplemented by grant dollars.

## Building Department

We plan to continue community outreach whenever possible. We will be available for community groups and organizations in order to promote good building practices and stand
We plan to make our website even more user friendly with the possibility of drop-down menu categories and a department specific search tool.
Economic Development (ED)

## Code/Animal Control

(Code) Any physical improvement of neighborhoods can be tied to Economic Development of that area. Code Enforcement has directly impacted neighborhoods with demolition work which improves market values for the remaining properties.
(ACC) We continue to acknowledge that Animal Control needs to increase revenue. This will be a goal through online licensing and field enforcement.
(ACC) Targeted adoption specials increase lives being saved, but also increase revenue through adoptions. We intend to continue building this program.

## Building Department

Our plan to offer Construction Design Release review for commercial projects will aid in the efficient turnover of projects in the community. One of the biggest complaints is the time it takes the State to do a commercial review. We hope to offer a 48 hour response time after initial review. This will help keep economic development projects ahead of crucial deadlines. Based on CDR's issued by the State in 2014 and based on the first 6 months of 2015 , this would bring in a minimum of $\$ 170,000$.

## Consolidated Building Department - 600

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- (Code) An important challenge/opportunity is increasing our collections percentage for the Department of Code Enforcement.
- (Code) A challenge/opportunity for Code Enforcement is updating our aging car fleet with mid-size pickup trucks which will be more functional for the inspectors. Also, removed $\$ 90 \mathrm{k}$ from the project cost for a new dump truck, then added $\$ 15 \mathrm{k}$ for a replacement engine instead.
(ACC) A challenge/opportunity for Animal Control is to implement a Humane Wildlife Abatement Program for City residents that will offer the opportunity to create additional revenue.
(ACC) A challenge/opportunity for Animal Control is to increase our "Return to Owner" rates in 2016. There is a new, free program, that will allow us to live "Tweet" incoming animals onto social media, which already has a huge Lost/Found presence in South Bend.

## Building Department

There is a good possibility that within the next two years at least five staff will retire. The new Inspector III position will help alleviate that transition by giving a new inspector field experience while simultaneously obtaining certifications in order to meet Ordinance requirements for qualification.
Local Commercial Plan Review will generate additional revenue to help fund these new positions.
The long range goal is to have all inspectors certified as Combination Inspectors. This will improve efficiency by allowing a single inspector to make one trip rather than a trip by four different inspectors.

Explain Significant Revenue and Expenditure Changes Below:
 to discontinuing Code clean-up crew activities in this fund. No rate increase is budgeted for 2016 or in the five year forecast. Budged decreases from 2015 to 2016 are from moving the Code clean-up crew expenses to another fund. Fringe benefits are expected to increase due to continually rising health insurance costs. Travel budget increase is to allow managers to attend relevant trade show and conference.

## Solid Waste Operations \& Maintenance (O\&M) - 610

Fund Summary - Description, Accomplishments, Goals, KPI's

Fund Description \& Purpose
Trash and yard waste collection and disposal for City residents.

2015 Accomplishments \& Outcomes

- By the end of $2015,40 \%$ of the fleet will be run by CNG fuel.
- Implemented ELEMOS, a RFID tracking software.

Optimized routes, which eliminated 2 routes.
Reduced complaints by $30 \%$.

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
Optimize our yard waste routes.
Reduce number of missed collections.
-
-
-
-
Good Government (GG)

- Improve customer service.

Educate proper collection practices

Economic Development (ED)

- Continue with ELEMOS RFID software to track down inefficiencies.

## Explain Significant Staffing Changes Below:

Adding 5 full time Pickers instead of utilizing multiple temp workers throughout the year. Due to the Affordable Care Act, temp workers are not allowed to work over a certain amount, preventing temps from working year round. Code Crew employees will be employees of Code Enforcement in 2016 (Consolidate Building Fund 600).

## Explain Significant Revenue and Expenditure Changes Below:

 Wastewater and the rise in health care costs. Education/Training and Travel budget increase will allow for more training opportunities across all departments. Increase in debt service is due to the general
 \& M Cash Reserve requirement. A reduction in plumbing contractor expense for the Water Leak Insurance Program is attributing to the decrease in Other Services \& Charges expenditures.

## Water Works Operations \& Maintenance (O\&M) - 620

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose
Fund is used to account for all revenue and operational expense of the water utility. This fund provides the monies for debt service obligations, reserve requirement and revenue funded capital improvements through transfer of monies to other funds within the water utility operations.

2015 Accomplishments \& Outcomes

| - | Reduced repair costs related to the Water Leak Insurance Program. |
| :--- | :--- |
| - | Used KPI to improve field service productivity. |

- Partnered with Unity Gardens.

016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
$100 \%$ Compliance with Drinking Water Standards

- Continue to improve field service efficiency

Good Government (GG)

- Evaluate utility Rules and Regulations to encourage excellent utility practices

Economic Development (ED)
-

Key Performance Indicators (KPI's)

| Measure | 2017 |  |  |  |  |  |

Explain Significant Staffing Changes Below:
Proposal includes additional non-bargaining workforce sharing between Wastewater and Water for better effectivenes and efficiency within the organization. Change in the bargaining group includes the elimination of two Field Repairman/Inspector I positions that were open as a result of retiring employees. Two additional Maintenance Tech positions were then added to the Water Treatment Department. Eliminated one Field Repairman
/Inspector II position.

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| Refer to Capital Section for changes in capital spending year over year. |  |  |  |  |  |  |  |  |  |  |  |

Fund Description \& Purpose
Fund is used to pay for capital expenditures of the water utility operations including supply and treatment, water distribution operations, and back office customer service operations. Monies are transferred as required from the water utility operating fund to provide necessary cash for the asset acquisitions.

Explain Significant Revenue and Expenditure Changes Below:
Proceeds from the 2012 Revenue Bonds were expected to be depleted by the end of 2014 which resulted in no 2015 appropriation. The Pinhook Water Treatment Efficiency Improvement Project is complete with all final monies owed being disbursed. A Budget Transfer/Appropriation Form B will be submitted in 2015 to appropriate a budget for final use of the bond proceeds. Remaining unused monies will be transferred out to the sinking fund for formal closure.

Fund Description \& Purpose
The Water Works O \& M Debt Service Reserve fund is for the purpose of holding funds in the reserve for fiscal protection against the risk of revenue shortfalls. Annual reserve requirement is equal to two months of operating expenditures $(16.7 \%)$. Interest earnings on investments are transferred out to the operating fund.

The Sewer Insurance program is funded by a monthly charge on city residents' sewer bills. The city is responsible for the main sewer line; from the main line to the house is the homeowner's responsibility. This program helps residents who have an issue with their lateral that cannot be resolved by a simple clean-out by a plumber, i.e., collapsed line, complete root infiltration, etc. that requires excavation work. The program is set up so that the homeowner pays a $\$ 500$ deductible toward the cost of the repair and the city pays the rest.

Explain Significant Revenue and Expenditure Changes Below:
Revenue is expected to increase in 2016 per the sewage rate ordinance. Wages and salaries are budgeted to increase in 2016; some positions will be partially allocated to another department, resulting in no apparent budget increase. Expected increasing Legal and Engineering fees are related to Long Term Control Plan projects and Consent Decreee matters. The increase in interfund allocations are fixed amounts Wastewater has no control over.

## Explain Significant Staffing Changes Below:

Proposal includes additional non-bargaining workforce sharing between Wastewater and Water for better effectivenes and efficiency within the organization. Change in the bargaining group includes the elimination of two Field Repairman/Inspector I positions that were open as a result of retiring employees. Two additional Maintenance Tech positions were then added to the Water Treatment Department. Eliminated one Field
Repairman /Inspector II position.

## Project ReLeaf - 655

Fund Summary - Operating and Capital Budget

| Fund Description \& Purpose <br> Fund used to account for the fall seasonal leaf pickup collections in the City. Funding provided through a user fee charged on the monthly water bills. The Street department provides supervision and equipment <br> for the releaf program and a transfer is made to MVH fund 202 to cover these costs. <br> 2015 Accomplishments \& Outcomes <br> - Conducted Spring and Fall ReLeaf sweeps <br> 2016 Department Goals \& Objectives \& Linkage to City Goals <br> Basics are East (BE) <br> - Conduct Fall \& Spring leaf collection activities. Sweep City twice in the Fall and once in the Spring. <br> - Develop fall schedule map early, and aggressively communicate schedule with stakeholders. <br> - Ensure that Fall and Spring sweeps have call-in opportunities for early call-in leaf pick-up. |

Explain Significant Revenue and Expenditure Changes Below:
A minimal amount of interest income is budgeted in 2016 for the unspent bond balance. The current unencumbered cash balance is expected to be spent or encumbered by the end of 2015 .

[^19]Fund Summary - Operating and Capital Budget

Explain Significant Revenue and Expenditure Changes Below:
This 2012 bond should have been spent by the end of 2015. It is planned to be fully spent/encumbered by the end of 2016 .

Explain Significant Revenue and Expenditure Changes Below:
Charges for Services - SMG having history is better able to determine rental and food and beverage revenue. Sponsorship - Although SMG has been trying to receive sponsorship revenue, it has not occurred. Total Personnel - With sales being down so is the usage of part time food and beverage. Also 3 positions that were replaced with new employees where less than the employees who original held the position. Services and Charges - Professional is down determining that SMG will be able to reach Criteria 2 and 3 but not Criteria 1 of the contract. Printing \& Advertising - increased to support giveaways while at conventions. Utilities - Century Center is in an Energy Savings contract with Ameresco. Education \& Training - this account includes not only training but also conventions that the sales department attends. The account has been increased to allow Century Center sales to attend additional conventions with CVB. Travel - Increased for the same as Education \& Training. Repairs and Maintenance - decreased because the Ameresco project included major equipment that will be replaced by the end of the project. The Hotel/Motel Tax Board operating contribution of $\$ 1,313,436$ has not increased since 2006.

## Century Center Operating - 670

Fund Summary - Description, Accomplishments, Goals, KPI's

```
Fund Description & Purpose
Century Center is a Convention Center aimed at attracting local and regional meetings, special events, trade shows, conventions, and banquets. Century Center received funding
from charges for service, rental income, hotel/motel taxes and other sources.
```

## 2015 Accomplishments \& Outcomes

- Continue to create partnership opportunities for self promoted events. Created three self promoted events in 2015. Brewfest, Best of the Bend and Tab Benoit

Have improved client/customer relations - Net Promoter Score 2014 70\% and 2015 78\% as of June 2015
Increase booking in the year for future years
Continue focus on yield management assessment opportunities
Increase convention business potential with current and future improvements. Ameresco Energy Savings Program. In 2014 had 38 events with 20 or more room nights. In 2015, estimating 39 events with 20 or more room nights.
Significant Capital Improvements

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
Continue to create partnership opportunities for self promoted events
Meeting Express Coordinator

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| In 2015, the fund was used for bond issuance costs ( $\$ 62,735$ ), initial payment to Ameresco ( $\$ 130,000$ ) and a transfer to establish a debt service fund ( $\$ 50,000$ ) in connection with the Century Center Energy Conservation Bond. The Century Center Board of Managers has no current plans to spend money from the fund in 2016 and beyond. |  |  |  |  |  |  |  |  |  |  |  |

## Fund Description \& Purpose

The Century Center Capital Fund 671 was established pursuant to Common Council Ordinance No. 8041-89 adopted in 1989. The Century Center maintains a separate capital bank account which is reconciled by city personnel. In 2013, a separate Century Center Capital Fund 671 was established. The fund receives catering commissions and formerly received an allocation from the Professional Sports Development Fund. In 2013, SMG contributed $\$ 575,000$ to the fund. The fund is used for repairs and capital at the Century Center and expenditures.

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| The fund was established with an initial transfer of $\$ 50,000$ during 2015 from the Century Center Capital Fund 671 . Other Income is for interest rebates from the Qualified Energy Conservation (QECB) program. Transfers In is for energy operating savings transferred from Century Center Fund 670 to pay a portion of the debt service. Other Taxes are for contributions from the Saint Joseph County Hotel/Motel Tax Fund. |  |  |  |  |  |  |  |  |  |  |  |

Explain Significant Revenue and Expenditure Changes Below:
We have worked out a deal for development of a new hotel using the site. We expect to sell/lease the property in early January 2016. Deal requires City to be responsible for air conditioning unit repairs for the first 3 years after opening of the hotel. 2016 expenditures allow for final utilities and potential $\mathrm{A} / \mathrm{C}$ repairs if they should be necessary.

Explain Significant Revenue and Expenditure Changes Below:
Transferred Health Insurance to Fire Operations Budget - $\$ 272,808$. Planning for two firefighters under 37 act planning to DROP in 2016. Any shortfalls in this fund will likely be covered by General Fund dollars in the future. However, due to small number of active firefighters remaining to enter the plan and the age of the current participants in the plan, the costs of the plan will likely decrease over time. But at this time, it is unknown what the actual costs in the future will be. State pension relief is designed to reimburse the city for costs incurred except for administrative costs (which are small) and retiree health insurance costs (which have been transferred to the regular fire department budget).

Fire Pension - 701

## Fund Summary - Description, Accomplishments, Goals, KPI's

| Fund Description \& Purpose |
| :--- |
| Paying retired Firefighter Pensions and securing funding through pension relief. |
|  |

2015 Accomplishments \& Outcomes
Processed 3 new pensions to date, including 2 disability pensions
Published and mailed 2 newsletters to 274 Retirees and Widows
Serviced and counseled prospective retirees
Processed 6 Retiree/Dependent Deaths
Held first annual pension information symposium for current Firefighters
Prepared and submitted the 2014 Pension relief report

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)
Continuing to improve communication with fund members
-
-
-
Good Government (GG)
Fulfill all statutory obligations

Explain Significant Revenue and Expenditure Changes Below:
 police budget.

## Police Pension - 702

Fund Summary - Description, Accomplishments, Goals, KPI's
Fund Description \& Purpose
Account for post employment retirement benefits paid to retired 1925 plan member police officers and surviving dependents. Financing is provided by state pension relief distribution.

## 2015 Accomplishments \& Outcomes

- Prepared pension relief request with INPRS and will receive approximately $\$ 6,350,000$ for the year 2014.
- Conducted 12 monthly pension board meetings.
- Processed retirements, death benefits and DROP payments.
- No audit exceptions for the Pension Fund by the State Board of Accounts for the year 2014.

2016 Department Goals \& Objectives \& Linkage to City Goals
Basics are Easy (BE)

- To maintain pension benefits to retirees, dependents and widows.
- To serve the membership of the Pension Fund in a courteous, timely and proper manner.
- To counsel and provide information regarding benefits to members of the Pension Fund. (Active \& Retired)

## Good Government (GG)

- To apply for pension relief funding from INPRS.
- To provide complete and concise records of the Pension Fund.

Economic Development (ED)

Types: output, efficiency, effectiveness, quality, outcome, technology
2016 Significant Changes/Challenges/Opportunities (with a focus on solutions)

- Pension budget increased $\$ 175,947$.

One DROP payment to be made for $\$ 118,600$.

Sixteen officers are currently enrolled in the DROP program with four scheduled to retire.

Number of members is currently at 214 . The members will continue to decrease due to deaths and having fewer remaining eligible officers still active.

Explain Significant Revenue and Expenditure Changes Below:
The 2016 budget includes costs for a new Employee Clinic. This decision was made with the intent to improve employees' health and to slow down the increase in health care costs. For the forecast, we have assumed that employee and employer contributions will increase $10 \%$ and $5 \%$, respectively and that medical claims and clinic costs will increase $5 \%$ and $2 \%$, respectively, each year.

Fund Description \& Purpose
 life insurance, and short and long term disability.

## 2016 Department Goals \& Objectives \& Linkage to City Goals

Good Government (GG)
Improve employee health due to an emphasis placed on wellness and prevention.
Reduce employee health claim costs due to emphasis placed on wellness.
Reduce certain medical and RX claim costs by implementing an on-site or near-site clinic.
Reduce dental and vision premium costs.

## Unemployment Compensation - 713

| Explain Significant Revenue and Expenditure Changes Below: |  |  |  |  |  |  |  |  |  |  |  |
| Trends continue to improve in this fund; therefore, the charges to departments have remained at $0.25 \%$ of salaries for 2015 and will be budgeted at $0.25 \%$ for 2016 . Employee termination practices have improved therefore, there have been fewer unemployment claims against the City. This trend should continue in the future. This fund is also used for outplacement services for employees when jobs are eliminated within the City. These services are budgeted at $\$ 2,200$ per terminated employee. |  |  |  |  |  |  |  |  |  |  |  |

Fund Description \& Purpose
Established effective January 1, 2012, the fund is used to account for the payment of City unemployment claims. Revenue source is an unemployment fee charged to operating units of City operations. The fund is an Internal Service fund that is used to benefit other city funds and departments and is designed to recover costs.

City Cemetery - 730
Fund Summary - Operating and Capital Budget

Explain Significant Revenue and Expenditure Changes Below:
Revenue for this fund was originally derived from the sale of burial plots. Very few plots remain and the revenues have decreased as a result. This fund is no longer self sustaining. Funds are budgeted as a contingency for unexpected repairs.

Fund Description \& Purpose
The purpose of this fund is to provide capital spending for the City Cemetery.

## Glossary

Activity Budget(s): Cost centers or specific and commonly recognized service functions within a fund or department to which specific expenses are to be allocated.

Ad Valorem: Imposed at a rate percent of the value as stated in determining property taxes.
Appropriation: An expenditure authorization made by the Common Council, which permits charges against specified funding sources. Appropriations are usually made for fixed amounts and are typically approved for the entire fiscal year unless otherwise amended by the City Council.

Approved/ Adopted Budget: The City's budget \& expenditure authority as adopted by the Common Council in a vote conducted after a City Charter-required public hearing to collect public input on the Proposed Budget.

Assessed Valuation: The estimated value placed upon real and personal property by the County Assessor.

Assets: Property owned by the City, which has monetary value.
Audit: A systematic examination of resource utilization concluding in a written report. It is a test of management's internal controls and is intended to:

- Ascertain whether financial statements fairly present financial positions and results of operations;
- Test whether transactions have been legally performed;
- Identify areas for possible improvements in accounting practices and procedures;
- Ascertain whether transactions have been recorded accurately and consistently;
- Ascertain the stewardship of officials responsible for governmental resources.
- Certain audited funds related to trustee accounts, bonding and capital leases are not budgeted or included in this document.

Balanced Budget: The budgeted revenues (plus available cash reserves) are equal or more than the budgeted expenditures.

Base Budget: The budget predicated on maintaining the existing level of service.
Bond (Debt Instrument): A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital improvements.

Budget Amendment: Adjustments made to the budget or approved expenditure authority during the fiscal year by the Common Council to properly account for unanticipated
changes, which occur either in revenues or expenditures or for programs or policy objectives initially approved for the fiscal year.

Budget (Operating): A plan of financial operations embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceiling under which the City and its departments operate.

Budget Basis: The basis by which a City determines its budget. The budget basis may be cash, accrual, modified accrual or some other basis. The City of South Bend uses the cash basis for budgeting.

Budget Calendar: The schedule of key dates or milestones that the City follows in the preparation and adoption of the budget.

Budgetary Control: The level at which expenditures cannot legally exceed the appropriated amounts.

Budgeted Funds: Funds that are planned for certain uses. The budget document that is submitted for Common Council approval is composed of budgeted funds.

Budget Message: Initially, a general discussion of the proposed budget document presented in writing as a supplement to the budget document. The budget message explains principle budget issues against the background of financial experience in recent years and presents recommendations.

Capital Expenditures: The expenditures for the acquisition of capital assets; whether major assets with long-term useful life spans or shorter-term operational capital needs such as office equipment, small tools \& machinery. The expenditures are financed by either capital debt or cash-pay-as-you-go. Generally, equipment with a cost of $\$ 10,000$ or more and a useful life of at least one year is considered a capital expenditure.

Cash Management: The management of cash necessary to pay for government services while investing temporarily idle cash in order to earn interest. Cash management refers to the activities of forecasting the inflows and outflows of cash, mobilizing cash to improve its availability for investment, establishing and maintaining banking relationships, and investing funds safely in order to achieve the highest interest on temporary cash balances.

CIP: Abbreviation for Capital Improvement Program.

COIT: Abbreviation for County Option Income Tax. COIT is based on wages paid in the County.

Contingency: An estimated amount of funds needed for deficiency or emergency purposes. An annual appropriation to cover short falls in revenue and/or underestimation of expenditures.

Contractual Services: Items of expenditure from services that the City receives from an outside company. HVAC, maintenance, custodial services, Building, Mechanical, and Plumbing Inspectors are examples of contractual services.

CPI: Abbreviation for Consumer Price Index.

Debt Service: The City's obligation to pay the principal and interest of all bonds and other debt instruments according to a pre-determined payment schedule.

Department: A major activity of the City, which indicates overall management responsibility for an operation of a group of related operations within a functional area.

Depreciation: That portion of the cost of a capital asset, used during the year to provide service.

DLGF: Abbreviation for the Indiana Department of Local Government Finance. The DLGF is a state agency that approves the budgets and property tax rates.

EDIT: Abbreviation for Economic Development Income Tax. EDIT is based on wages paid in the County.

Enterprise Fund: A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to ensure that revenues are adequate to meet all necessary expenses. Enterprise funds are established for services such as water and sewer utilities.

Estimated Revenue: The amount of projected revenue to be collected during the fiscal year.

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts for the purpose of carrying on specific activities or attaining certain objectives.

Expenditure: The cost of Governmental Fund goods delivered and services rendered, whether paid or unpaid.

Fund Balance: For financial reporting, fund balance is the difference between assets and liabilities in a governmental fund. Fund balance is required to be reported in two components-reserved and unreserved. When fund balance is reserved, it either means that
the resources are in a form that cannot be appropriated and spent or that the resources are legally limited to being used for a particular purpose. For instance, grant monies from the federal government that may be used only for a road project would be reported as reserved fund balance in a street fund. Likewise, the City's cemetery trust funds in the General Fund are nonexpendable resources that can be invested but not spent-as reserved fund balance. The portion of fund balance that is not reserved is fittingly called unreserved fund balance. For budgeting, fund balance is equal to cash balance as the City utilizes the cash basis of budgeting.

GAAP: Abbreviation for Generally Accepted Accounting Principles.

GASB: The Governmental Accounting Standards Board, which provides direction in accounting and reporting requirements for units of government.

Gateway: The State of Indiana budget and financial reporting program that local units of government are required to use.

General Fund: The largest fund within the City, the General Fund accounts for most of the financial resources of the government that may be used for any lawful purpose. General Fund revenues include property taxes, licenses and permits, service charges, and other types of revenue. This fund usually includes most of the basic operating services, such as police protection, finance, public services and general administration.

General Obligation Bonds: When the City pledges its full faith and credit to the repayment of the bonds it issues, those bonds are General Obligation (G.O.) bonds.

GFOA: Abbreviation for Government Finance Officers Association.

Investment: Securities purchased and held for the production of income in the form of interest.

KPI: Abbreviation for Key Performance Indicator. Also known as Performance Measure.
Liabilities: Debt or other legal obligations arising out of transactions in the past, which must be liquidated, renewed or refunded at some future date. The term does not include encumbrances.

Long Term Debt: Debt with a maturity of more than one year.

Maturities: The date on which the principal or stated values of investments or debt obligation mature and may be reclaimed.

Net Assessed Value: Total value of property less certain deductions like homestead deductions, tax abatements, exempt property, and TIF property.

Net Debt: All City Debt net of special assessment, transportation fund and revenue bond debt.

Per Capita Basis: Per unit of population.
Revenue: An addition to the assets of a fund, which does not increase a liability, does not represent the recovery of an expenditure, does not represent the cancellation of a liability without a corresponding increase in any other liability or a decrease in assets, and does not represent a contribution of fund capital in an enterprise.

SBOA: Abbreviation for the Indiana State Board of Accounts. The SBOA is a state agency that performance the function of private accounting firms in other states.

Surplus Funds: Liquid or Non-Liquid Funds not immediately needed to pay demands against vendors and other claimants as determined by management.

Structurally Balanced Budget: A budget that is sustainable for multiple years into the future.

Tax Base: The total value of taxable property in the City.

TIF: Abbreviation for Tax Increment Financing. A fund that captures the increase in net assessed value on properties in an area to provide property tax revenue for economic development projects.

Transfers- In/Out: A legally authorized funding transfer between funds in which one fund is responsible for the initial receipt and the other fund is responsible for the actual disbursement.

Trust and Agency Fund: Trust and Agency funds are used to account for assets held by the city in a trustee capacity or as an agent for individuals, organizations, other governments, or other funds.

Utilities Fund: This enterprise fund is used to account for the provision of water, sewer and solid waste services to the customer financed primarily by user charges.

Working Capital: Working Capital is generally defined as current assets less current liabilities; however, this is to some extent, an abstract concept. If all of the current assets were converted to cash at their book value and all the current liabilities paid, then working capital
would be the amount of cash remaining. For the City's Utilities Fund, current assets are comprised of cash and cash equivalents, receivables and inventory; and current liabilities are comprised of accounts payables, accrued liabilities and the current portion of next fiscal year's long-term debt.

[^0]:    Fund Description \& Purpose
     homeless shelters, etc.) are generally recurring. Other grants which we may be awarded, from time to time, are usually temporary.

    ## 2015 Accomplishments \& Outcomes

    - 31 vacant \& abandoned structures demolished

    6 acquisitions/rehabs completed
    -3 properties sold which were rehabbed with federal dollars
    2 new houses constructed
    26 homeowner occupied units rehabilitated
    36 housing counseling clients who maintained residency
    42 mortgage delinquency cases closed
    182 mortgage and pre/post purchase clients counseled
    2 homeowners assisted in purchasing new home; 22 applications in process

    - All above information is as of $6 / 30 / 15$

[^1]:    Fund Description \& Purpose
    Account for police fees and fines collected to finance police officer's continuing education, training, supplies and equipment.

[^2]:    Fund Description \& Purpose
    Statutory fund required by State Board of Accounts to account for collections of $0.25 \%$ public safety local option income tax implementation effective October 1, 2009. Fund is a "pass through" account with proceeds transferred to the General Fund for police and fire operating costs. Funds transfers will occur as required to fund operations. Beginning in 2014, expenditures for police and fire personnel will be paid directly from this fund.
