The Monthly Departmental Financial Report

The City of South Bend has developed the attached Monthly Departmental Financial Report to provide current year financial information for each City fund, as well as individual departments within the General Fund, in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 18th of the month following the reporting period. The staff of the Department of Administration & Finance then summarizes the data and publishes this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements—but does not replace—other financial reports that the City prepares such as the Monthly Financial Report, Controller's Cash Report, the Department of Local Government Finance's Annual Financial Report (AFR), or the Comprehensive Annual Financial Report (CAFR).

Summary Trends & Observations

As of November 30, 2016, total revenue for the year was \$240,833,316, 81% of estimated revenue. As of November 30, 2015, total revenue received was \$234,779,295 within the same funds. Property taxes are received in June and December each year and were budgeted at \$71,976,981 for 2016.

In June, the City received the first of its two property tax remittances from the county, totaling \$41.55 million. Normally the June payment is slightly larger than December by 53% to 47%. June's payment amounted to 56% of the expected annual budget, meaning that we're likely to do better than budget on property tax receipts for this year. Local income tax (LOIT, COIT and EDIT) receipts are budgeted to be \$25.8 million in 2016, to be received in monthly installments of \$2.15 million.

As of November 30, 2016, total expenditures were \$260,706,995 and outstanding encumbrances were \$27,809,165, a total of \$288,516,160 which represents 77% of the amended expenditure budget. Encumbrances are either holdovers from previous years or obligations for the remainder of the year. If encumbrances were excluded, expenditures were 70% of the amended expenditure budget at the end of the period. Total expenditures, excluding encumbrances, were \$254,054,980 as of November 30, 2015.

New for 2016, the 311 Call Center has now been placed in its own internal service fund, (Fund 279) and now appears as its own line item within the Internal Service sections of the summary reports.

In May the City received a one-time special distribution from the state for local option income tax (LOIT) totaling \$5.6 million dollars. The state stipulated that 75% was to be used for infrastructure improvements and 25% could be used for any governmental purpose. The state also instructed that cities set up Fund 257 – LOIT Special Distribution to account for the funds. The City has done so and Fund 257 was seeded with \$4,217,549 in May. The expenditure budget for this fund was set in July.

We hope that you find this Monthly Departmental Financial Report useful in better understanding the finances of the City of South Bend. If you have any questions regarding this report, please contact John Murphy, City Controller (574) 235-7678, or Jennifer Hockenhull, Deputy City Controller (574) 235-9822.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund includes the expenditures for 222 of the 260 budgeted Police officers and 46 full time civilian staff. Fund 249 contains the funding for 38 of the 260 Police officers that are funded by the LOIT. The 2016 Personnel Expenditures are less the prior year amount due to the the fact that there were twenty three payrolls paid through November 2016 compared to twenty four through November 2015. This decrease was offset by increases in Police salaries and transfer of five officer's salaries from the LOIT to the General Fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Prior to December 31, 2014, this fund captured the cost of 35 of the 38 civilians and equipment to maintain the 911 communication center. Effective January 1, 2015 the County PSAP has consolidated the 911 call centers and SBPD no longer maintains a call center. The 2015 Personnel costs are the 2014 salary costs for the Communications staff paid in 2015. There are no additional salaries to be paid. The Services budget is the annual amount that the County will charge SBPD as a participant in using the PSAP.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The South Bend Fire Department is budgeted to have 244 sworn firefighters, 8 recruits and 7 civilian full time employees. 32 firefighters are paid directly through the Public Safety LOIT. 47 Sworn and 4 civilian employees' costs are allocated to Fund 288 EMS Operations. We hold a lengthy recruitment process every 2 years and hire individuals in groups of 6-10 as needed while that list is in effect. We also employ civilian administrative staff that handle payroll, purchasing and billing for our ambulance service.

Explain Significant Spending on Capital Projects Below:

The Fire Department uses EMS Operating Fund 288 to capture revenue gererated by ambulance calls. All capital projects relating to the Fire Department operations are run through Fund 287. For that reason, you will not see expenses related to purchasing fire apparatus, or capital improvements to buildings in the General Fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Fund 201 accounts for the annual operation of the Parks and Recreation Department. There are six divisions within the department: Administration, Maintenance, Golf, Recreation, Greenhouse, and Graffiti. In 2014 the Potawatomi Zoo began operation by the Potawatomi Zoological Society. Part time staffing is individuals, not FTEs. Property tax and other tax revenues are received in June and December of the year.

Explain Significant Spending on Capital Projects Below:

Because of decreasing property tax revenues, there is nominal capital budget in fund 201. A \$5.6 million bond has been approved and funding was received in the second quarter of 2015 and will largely be spent throughout 2016.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

We received a grant from the State for BEP for the Vacant & Abondoned Initiative \$1,600,000 of this grant remains. An additional \$2,000,000 state grant has been awarded for the ND Turbo Project. We must spend money and then seek reimbursement from the State. Reimbursement requests have been submitted---\$944K received in early August. The State review process is long and arduous and due to staff changs at the State level they are taking even longer.

Explain Significant Spending on Capital Projects Below:

Capital expenditures shown here are for the ND Turbo Project.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund covers multiple federal grants--Community Development Block Grant; Emergency Solutions Grant; Shelter Plus Care; Neighborhood Stabilization Project, etc. There will likely be little predictable trend in revenue and expenditure from year to year because not all grants are on-going and the timing of funding varies widely. We can only draw revenue in response to funds expended so revenues will come in as funds are spent. The federal government does not allow us to hold too much cash. Expenditures in 2016, as in previous years, will be made by outside not-for-profits for eligible activities such as: Homeownership Assistance; Housing Acquisition/Rehab/Resale; Owner-Occupied Housing Rehab; Spot Blight Clearance; Technical Assistance; Public Services; Public Facility Improvements; Emergency Shelter Operations; Rapid Re-housing; Shelter Plus Supportive Services; and New Housing Construction. All services must either assist low/moderate income households or eliminate slum & blight and/or other requirements specific to the particular grants. The not-for-profits can generally apply for funding for 2017 in the summer of 2016.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund receives most of its revenue through the gas tax, budgeted at \$1.068 million for 2016. Other Income is reimbursement from the Indiana Department of Transportation (INDOT) as they pay the City back for their share of certain construction projects. An adjustment to the revenue budget will be made in April to cover the shortfall illustrated here. The fund is used predominantly for street capital projects but \$469,668 is used for material for street repairs and other maintenance items.

Explain Significant Spending on Capital Projects Below:

Projects in 2016 include the Safe Routes to School initiative for Coquillard and Harrison schools, Bendix Drive, and the Boland bicycle trail. The \$293K in encumbrance includes \$56K for Bendix Dr. (Lathrop to Toll Road), \$43K for the Boland Trail, \$68K for Safe Routes to School (Coquillard, Harrison, Perley and Lincoln schools), and \$127K for Olive St. at Sample design and construction.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is used to collect a separate property tax levy (distributions received in June and December) and is used to pay debt service on the former College Football Hall of Fame building (payments due in February and July). Because of the timing of revenue and expenditures this fund will typically have a negative cash balance until the property tax distributions are received. PILOT taxes paid by the utilities are received monthly in this fund. The Hall of Fame bond was refunded during 2011 resulting in lower debt service payments. The final payment is due February 1, 2018.

On 15 April 2015 the Mayor announced a possible sale of the Hall of Fame to a private company. If the sale proceeds as planned, this fund will receive \$240,000 per year for the next 5 years that will be used to offset debt service costs.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Revenue in this fund includes \$150,000 in hotel/motel taxes and \$247,000 in cigarette taxes from other units of government. The hotel/motel tax distribution is usually received in July or August and the cigarette tax allocation is usually received in June and December. In 2016, this fund is used to pay 75% of the 2011 Century Center Refunding bonds. Payments on the Century Center bond are due in February and July. Because of timing of revenue and expenditures, this fund will often have a negative cash balance during the year.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006, derived from the State lease of the I-80 toll road to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. In August the fund received the second of two semi-annual payments on these loans, totaling \$418,156 in principal and interest. Balances due as of Jun 30 are \$509,857 from Fund 435 (Douglas Rd.) and \$4,075,057 from Fund 436 (River East Residential). In 2016, the fund will expend up to \$750,000 on repairs for the City's parking garages. The amount will be repaid by the Parking Garage Fund (601) over the next few years. The same process will also take place in 2017.

Explain Significant Spending on Capital Projects Below:

The 2016 budget continues funding for the Smart Streets initiative and includes \$592K for Smart Streets, \$250K for the Boland Trail and \$80K for Bendix Drive (both projects moved from the LRSA Fund 251). The \$265K encumbered comprises \$68K for the downtown portion of the 2-way conversion of Main and Michigan/St. Joseph streets from Chippewa to LaSalle (the former IN-933), \$1K for the Olive-Sample overpass. There remains a \$173K encumbrance for utility relocation for the US 31 construction on the south side of town; this encumbrance may be closed out soon. Due to an error recording a change order, this fund paid \$65K in error toward the 2-way conversion. This amount was recovered from the TIF Bond in May.

Full Time Part-Time /Seasonal/Temporary Total

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Hall of Fame Capital fund covers maintenance and utilities expense on the building incurred by the City, including costs of the building after the Hall of Fame ceased operations in South Bend at the end of 2012. Deal struck to sell building in 2015---to close in 2016. Our expenses are utilities until August and a contingency for furnace units during first couple years under new ownership.

Under the terms of a lease of the former Hall of Fame to a private developer, money will be received into this fund beginning in 2016 through 2020. Any cash balance remaining in the fund will then revert to the General Fund (101) to cover a portion of a \$1.75 million inter-fund loan.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This Enterprise Fund charges City residents a monthly fee to pick up and dispose of their trash at area landfills and recycling centers. The operations of Solid Waste are funded by these user fees. Transfers out to Fund 611 are made to pay debt service obligations. Encumbrances for landfill tipping fees contribute to service expenses appearing high.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The purpose of this fund is to account for all revenue and operational expense of the water utility. This fund provides the monies for debt service obligations, reserve requirements and revenue funded capital improvements through transfer of monies to other funds within the utility operations.

The upturn in the Charges For Services revenue compared to 2015 can be attributed to increased water pumpage year to date. Including sprinkler meters being billed six times per year versus the previous practice of 3 times per year.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Sewer Insurance program is funded by a monthly charge on city residents' sewer bills. The city is responsible for the main sewer line; from the main line to the house is the homeowner's responsibility. This program helps residents who have an issue with their lateral that cannot be resolved by a simple clean-out by a plumber, i.e., collapsed line, complete root infiltration, etc. that requires excavation work. The program is set up so that the homeowner pays a maximum \$500.00 deductible toward the cost of the repair and the city pays the rest. This program is fully staffed with the hiring of a new Sewer Manager.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This enterprise fund utilizes monthly fees received from residents and businesses to properly treat, transport, and dispose of generated sewage. Large encumbrances for engineering work and other contracted services contribute to the high percentage of the services budget used year to date. Debt service payments are made in accordance with City amortization schedules.

Explain Significant Spending on Capital Projects Below:

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

SMG has assumed management of Century Center effective July 1, 2013. One of their contractual duties is to reduce the operating deficit in the fund. Covered by hotel/motel tax revenue which is received twice per year. The first installment was received in February 2015. Other income includes charges to large conferences for electric costs.

In December 2016, the Common Council approved additional appropriations for the Century Center. This will cover the overages in the expense accounts.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

SMG contributed a one time amount of \$575,000 to cover capital expenses in August 2013. The remainder of these funds have been appropriated for spending during 2015. \$25,000 was appropriated to help pay for the Wall of Fame in conjunction with the South Bend Alumni Association. \$50,000 was transferred out to the new fund 672 for bond payments on the Energy Savings Contract.

Explain Significant Spending on Capital Projects Below:

A Qualified Energy Conservation Bond was taken out in May 2015. Approximately \$192,000 will be used as a down payment on the construction contract, thus reducing the amount necessary to be funded by bond issuance. The actual bond payments will be made with hotel/motel funds through a new fund, Century Center Energy Conservation Debt Service, that was seeded with a \$50,000 transfer from this fund in May.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund charges police officers for liability insurance and gasoline costs for take home police vehicles. The cash reserve in this fund has increased in recent years and is expected to increase during 2016. Claims have been minimal in this fund since it was created. This fund is classified as an Internal Service Fund for financial reporting. Revenue for 2016 is less than 2015 due to the timing of biweekly payroll. The revenue is the amount deducted from officer pay for the vehicle take home program. In 2015 there were twenty four payrolls paid through the end of November compared to twenty three in 2016.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This internal service fund is new in 2016. Expenses in previous years were charged to the General Fund. The fund is used to track operational revenues and expenditures of the 311 Call Center. Revenues are charges for services to the City departments that are served by the Call Center. The Call Center is still growing, so revenues will increase as more departments are served. Expenditures are predominantly related to salaries and benefits for the Call Center employees.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund handles expenses relating to insurance and claims relating to employees: medical, dental, life, flex spending, etc. For the last several years expenses have significantly exceeded revenues (charges to City Departments and employees) so our cash balance has been eroding. This is not sustainable in the long-term and we need to address this situation. For the 2015 Budget, we increased employer and employee contributions significantly, which has been helping, although we are falling short of our revenue targets. Fortunately, claims costs have been lower than expected. A new Employee Wellness Center was opened on January 18, 2016 which is set in place with the understanding that the City should see a drop in claims expenses over time.

In December, and additional appropriation for Supplies was approved by the Common Council. This will resolve the overage in Supplies. Form A's will be submitted in December to adjust the revenue budget lines to actual.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund charges an allocation of 0.25% of payroll to most departments to cover the cost of unemployment claims paid. For the 2015 budget, all outplacement services will be paid through this account. These were paid through the General Fund in previous years, however, due to the nature of outplacement claims, the Unemployment Fund is a more appropriate place from which to pay the costs. The Unemployment Compensation Fund is classified as an Internal Service Fund for financial reporting. Claims continue to be lower than anticipated.

Beginning in November 2016, the charge of 0.25% of payroll costs will be suspended due to the high cash reserves in the fund.
