The Monthly Departmental Financial Report

The City of South Bend has developed the attached Monthly Departmental Financial Report to provide current year financial information for each City fund, as well as individual departments within the General Fund, in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 18th of the month following the reporting period. The staff of the Department of Administration & Finance then summarizes the data and publishes this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements—but does not replace—other financial reports that the City prepares such as the Monthly Financial Report, Controller's Cash Report, the Department of Local Government Finance's Annual Financial Report (AFR), or the Comprehensive Annual Financial Report (CAFR).

Summary Trends & Observations

As of September 30, 2016, total revenue for the year was \$207,779,897, 71% of estimated revenue. As of September 30, 2015 total revenue received was \$203,293,559 within the same funds. Property taxes are received in June and December each year and were budgeted at \$71,976,981 for 2016.

In June, the City received the first of its two property tax remittances from the county, totaling \$41.55 million. Normally the June payment is slightly larger than December by 53% to 47%. June's payment amounted to 56% of the expected annual budget, meaning that we're likely to do better than budget on property tax receipts for this year. Local income tax (LOIT, COIT and EDIT) receipts are budgeted to be \$25.8 million in 2016, to be received in monthly installments of \$2.15 million.

As of September 30, 2016, total expenditures were \$208,159,697 and outstanding encumbrances were \$34,729,035, a total of \$242,888,732 which represents 65% of the amended expenditure budget. Encumbrances are either holdovers from previous years or obligations for the remainder of the year. If encumbrances were excluded, expenditures were 56% of the amended expenditure budget at the end of the period. Total expenditures, excluding encumbrances, were \$209,821,942 as of September 30, 2015.

New for 2016, the 311 Call Center has now been placed in its own internal service fund, (Fund 279) and now appears as its own line item within the Internal Service sections of the summary reports.

In May the City received a one-time special distribution from the state for local option income tax (LOIT) totaling \$5.6 million dollars. The state stipulated that 75% was to be used for infrastructure improvements and 25% could be used for any governmental purpose. The state also instructed that cities set up Fund 257 – LOIT Special Distribution to account for the funds. The City has done so and Fund 257 was seeded with \$4,217,549 in May. The expenditure budget for this fund was set in July.

We hope that you find this Monthly Departmental Financial Report useful in better understanding the finances of the City of South Bend. If you have any questions regarding this report, please contact John Murphy, City Controller (574) 235-7678, or Jennifer Hockenhull, Deputy City Controller (574) 235-9822.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund includes the expenditures for 222 of the 260 budgeted Police officers and 46 full time civilian staff. Fund 249 contains the funding for 38 of the 260 Police officers that are funded by the LOIT. The 2016 Personnel Expenditures are less the prior year amount due to the the fact that there were nineteen payrolls paid through September 2016 compared to twenty through September 2015. This decrease was offset by increases in Police salaries and transfer of five officer's salaries from the LOIT to the General Fund. The decrease in Service expenditures in 2016 compared to 2015 is due to reduced legal expenditures and the timing of expenditures for ShotSpotter in 2016.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The South Bend Fire Department is budgeted to have 244 sworn firefighters, 8 recruits and 7 civilian full time employees. 32 firefighters are paid directly through the Public Safety LOIT. 47 Sworn and 4 civilian employees' costs are allocated to Fund 288 EMS Operations. We hold a lengthy recruitment process every 2 years and hire individuals in groups of 6-10 as needed while that list is in effect. We also employ civilian administrative staff that handle payroll, purchasing and billing for our ambulance service.

Explain Significant Spending on Capital Projects Below:

The Fire Department uses EMS Operating Fund 288 to capture revenue gererated by ambulance calls. All capital projects relating to the Fire Department operations are run through Fund 287. For that reason, you will not see expenses related to purchasing fire apparatus, or capital improvements to buildings in the General Fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Fund 201 accounts for the annual operation of the Parks and Recreation Department. There are six divisions within the department: Administration, Maintenance, Golf, Recreation, Greenhouse, and Graffiti. In 2014 the Potawatomi Zoo began operation by the Potawatomi Zoological Society. Part time staffing is individuals, not FTEs. Property tax and other tax revenues are received in June and December of the year.

Explain Significant Spending on Capital Projects Below:

Because of decreasing property tax revenues, there is nominal capital budget in fund 201. A \$5.6 million bond has been approved and funding was received in the second quarter of 2015 and will largely be spent throughout 2016.

Staffing

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

We received a grant from the State for BEP for the Vacant & Abondoned Initiative \$1,600,000 of this grant remains. An additional \$2,000,000 state grant has been awarded for the ND Turbo Project. We must spend money and then seek reimbursement from the State. Reimbursement requests have been submitted---\$944K received in early August. The State review process is long and arduous and due to staff changs at the State level they are taking even longer.

Staffing

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund covers multiple federal grants--Community Development Block Grant; Emergency Solutions Grant; Shelter Plus Care; Neighborhood Stabilization Project, etc. There will likely be little predictable trend in revenue and expenditure from year to year because not all grants are on-going and the timing of funding varies widely. We can only draw revenue in response to funds expended so revenues will come in as funds are spent. The federal government does not allow us to hold too much cash. Expenditures in 2016, as in previous years, will be made by outside not-for-profits for eligible activities such as: Homeownership Assistance; Housing Acquisition/Rehab/Resale; Owner-Occupied Housing Rehab; Spot Blight Clearance; Technical Assistance; Public Services; Public Facility Improvements; Emergency Shelter Operations; Rapid Re-housing; Shelter Plus Supportive Services; and New Housing Construction. All services must either assist low/moderate income households or eliminate slum & blight and/or other requirements specific to the particular grants. The not-for-profits can generally apply for funding for 2017 in the summer of 2016.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund receives most of its revenue through the gas tax, budgeted at \$1.068 million for 2016. Other Income is reimbursement from the Indiana Department of Transportation (INDOT) as they pay the City back for their share of certain construction projects. An adjustment to the revenue budget will be made in April to cover the shortfall illustrated here. The fund is used predominantly for street capital projects but \$469,668 is used for material for street repairs and other maintenance items.

Explain Significant Spending on Capital Projects Below:

Projects in 2016 include the Safe Routes to School initiative for Coquillard and Harrison schools, Bendix Drive, and the Boland bicycle trail. The \$336K in encumbrance includes \$56K for Bendix Dr. (Lathrop to Toll Road), \$67K for the Boland Trail, \$73K for Safe Routes to School (Coquillard, Harrison, Perley and Lincoln schools), \$62K for Olive St. at Sample design and construction.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund was created in April, 2016 from instructions received by the State Board of Accounts (SBOA) to receive a one-time payment from the State for the purpose of infrastructure expenditures. Per the state statute, a minimum of 75% must be spent on infrastructure projects; the remainder may be spent as the City so chooses. A total of \$4,217,549, representing 75% of the total distribution, was deposited in May, comprised of \$4,160,901 distributed to the City and \$56,648 distributed to the Redevelopment Authority.

Explain Significant Spending on Capital Projects Below:

The capital budget was established in July and is \$850,000 for 2016, comprised of 3 projects: 2 Safe Routes to School projects (LaSalle/Marquette and Monroe/Studebaker) and initial planning for the Ironwood/Corby/Rockne intersection. The \$550K encumbered is comprised of \$57K for Safe Routes - Monroe/Studebaker, \$78K for Safe Routes - Marquette/LaSalle, and \$415K for design work on the Ironwood/Corby/Rockne intersection.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Morris Performing Arts Center and Palais Royale Marketing Fund was established as a separate non-reverting fund to receive monies from solicitation of funds for commercial promotion sponsorships such as commercial ads on ticket envelopes and Morris Marquee sponsorships; and to accept donations to The Morris Performing Arts Center and Palais Royale. All sums so collected and deposited in this fund are to be used for the sole purpose of assisting with continued promotions of and within both the Morris Performing Arts Center and Palais Royale. The funds in this account at the end of the fiscal year shall not revert to the general fund.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Overall decrease in spending in 2016 over 2015 due to the end of the Vacant & Abandoned Housing Program in 2015. This decreased expenditures by approximately \$2.0 million. Also, 2015 includeded equipment expenses of approximately \$900,000 which is not required in the 2016 budget. Other income in 2016 includes \$238,172 in loan repayments from the UDAG Fund 410 for the 1st Source/Marriott loan based on BDC collections as well as charges to City departments for computer services. The curb and sidewalk program remains at the 2015 level of \$1,500,000.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is used to collect a separate property tax levy (distributions received in June and December) and is used to pay debt service on the former College Football Hall of Fame building (payments due in February and July). Because of the timing of revenue and expenditures this fund will typically have a negative cash balance until the property tax distributions are received. PILOT taxes paid by the utilities are received monthly in this fund. The Hall of Fame bond was refunded during 2011 resulting in lower debt service payments. The final payment is due February 1, 2018.

58

On 15 April 2015 the Mayor announced a possible sale of the Hall of Fame to a private company. If the sale proceeds as planned, this fund will receive \$240,000 per year for the next 5 years that will be used to offset debt service costs.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This is a nonreverting capital fund that accounts for revenues collected and expenses for specific purposes or locations. These locations are Potawatomi and Rum Village Picnic Areas, the East Race, Golf Courses, Forestry, Howard Park Ice Rink, and, until 2014, Potawatomi Zoo. The cash balance includes \$60,300 that is restricted to expenditures in Voorde Park.

Explain Significant Spending on Capital Projects Below:

This fund is for expending nonreverting revenue collected from the Zoo, golf courses, East Race Waterway, picnic sites and forestry revenue.

Staffing

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006, derived from the State lease of the I-80 toll road to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. In August the fund received the second of two semi-annual payments on these loans, totaling \$418,156 in principal and interest. Balances due as of Jun 30 are \$509,857 from Fund 435 (Douglas Rd.) and \$4,075,057 from Fund 436 (River East Residential). In 2016, the fund will expend up to \$750,000 on repairs for the City's parking garages. The amount will be repaid by the Parking Garage Fund (601) over the next few years. The same process will also take place in 2017.

Explain Significant Spending on Capital Projects Below:

The 2016 budget continues funding for the Smart Streets initiative and includes \$592K for Smart Streets, \$250K for the Boland Trail and \$80K for Bendix Drive (both projects moved from the LRSA Fund 251). The \$287K encumbered comprises \$68K for the downtown portion of the 2-way conversion of Main and Michigan/St. Joseph streets from Chippewa to LaSalle (the former IN-933), \$22K for the Bartlett St. roundabout, \$1K for the Olive-Sample overpass. There remains a \$173K encumbrance for utility relocation for the US 31 construction on the south side of town; this encumbrance may be closed out soon. Due to an error recording a change order, this fund paid \$65K in error toward the 2-way conversion. This amount was recovered from the TIF Bond in May.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Hall of Fame Capital fund covers maintenance and utilities expense on the building incurred by the City, including costs of the building after the Hall of Fame ceased operations in South Bend at the end of 2012. Deal struck to sell building in 2015---to close in 2016. Our expenses are utilities until August and a contingency for furnace units during first couple years under new ownership.

Under the terms of a lease of the former Hall of Fame to a private developer, money will be received into this fund beginning in 2016 through 2020. Any cash balance remaining in the fund will then revert to the General Fund (101) to cover a portion of a \$1.75 million inter-fund loan.

This enterprise fund utilizes monthly fees received from residents and businesses to properly treat, transport, and dispose of generated sewage. Large encumbrances for engineering work and other contracted services contribute to the high percentage of the services budget used year to date. Debt service payments are made in accordance with City amortization schedules.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

SMG contributed a one time amount of \$575,000 to cover capital expenses in August 2013. The remainder of these funds have been appropriated for spending during 2015. \$25,000 was appropriated to help pay for the Wall of Fame in conjunction with the South Bend Alumni Association. \$50,000 was transferred out to the new fund 672 for bond payments on the Energy Savings Contract.

Explain Significant Spending on Capital Projects Below:

A Qualified Energy Conservation Bond was taken out in May 2015. Approximately \$192,000 will be used as a down payment on the construction contract, thus reducing the amount necessary to be funded by bond issuance. The actual bond payments will be made with hotel/motel funds through a new fund, Century Center Energy Conservation Debt Service, that was seeded with a \$50,000 transfer from this fund in May.

The Central Services Division consist				ther city departme	ents, along with sev	eral local county	

The Central Services Division consists of six cost centers that provide a variety of services to other city departments, along with several local county state and federal agencies. In September we had 1,495 vehicle repairs. Average Fuel prices for Sept. is \$1.68 for Unleaded and \$1.76 for Diesel. Budgeted amount per gallon is \$3.20. The Radio Shop's project was the AVL installation of all new radios without loss of service to all departments. Equipment Services continues to purchase new vehicles with compressed natural gas or hybrids. September we will be inspecting all taxi cabs and renewing Business licenses and Taxi Driver Licenses for the City of South Bend.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This internal service fund handles operations relating to business insurance and claims--property, liability, workers compensation, etc.--and the operation of the Safety and Risk Department. Revenues for this fund come from other City funds who pay a share proportionate to their expected expense. Personnel expenditures are for 2 Safety and Risk personnel and an attorney who processes claims for the City. The City has budgeted \$1 million in 2016 for expected liability cliams, \$530,000 for excess coverage premiums for property insurance, and \$852,000 in expected workers compensation activities. Miscellaneous income is slightly over budget due to a higher than expected reimbursement from a worker's compensation claim. The revenue budget will be adjusted in March.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund handles expenses relating to insurance and claims relating to employees: medical, dental, life, flex spending, etc. For the last several years expenses have significantly exceeded revenues (charges to City Departments and employees) so our cash balance has been eroding. This is not sustainable in the long-term and we need to address this situation. For the 2015 Budget, we increased employer and employee contributions significantly, which has been helping, although we are falling short of our revenue targets. Fortunately, claims costs have been lower than expected. A new Employee Wellness Center was opened on January 18, 2016 which is set in place with the understanding that the City should see a drop in claims expenses over time.
