City Finance Director	<i>Rahman Johnson</i>
Performance Improvement Manager	<i>Penny Price</i>

**City of South Bend
Capital Asset Summary Report
November, 2014**

Purpose of Report

The purpose of the Capital Asset Summary Report is to summarize capital asset balances, additions, disposals and transfers during the year. The report summarizes information contained in the detailed capital asset records in Naviline that are maintained by the Department of Administration & Finance. The report will also be used in conjunction with the annual financial (CAFR) audit. The report will be prepared monthly and posted to the City's website in the section for financial reports.

Questions regarding the report can be directed to John Murphy, City Controller at 574-235-7678, Jen Hockenull, Deputy City Controller at 574-235-7575 or Cecil Eastman, Senior Budget Analyst at 574-235-7702.

Narrative & Comments

Although the dollar amounts are very small, there continue to be large quantities of assets that are being removed due to the change in capitalization thresholds that went into effect as of 1 January 2013. The City continues to clean the asset register by removing items that are fully depreciated and acquired at less than the new threshold level.

December Report is Preliminary

Please note that this report is prepared using unaudited year-end data as it exists as of the publication date, 2 Feb 2015. While the report does include depreciation expense for 2014, Construction in Progress (CIP) has not been finalized and is shown as of 31 Dec 2013.

Capital Asset Threshold Amounts

Vehicles, Machinery & Equipment - \$10,000
Buildings and Improvements - \$100,000
Land Improvements - \$100,000
Infrastructure - \$250,000

All Land, regardless of value, is capitalized
