#### The Monthly Departmental Financial Report

The City of South Bend has developed the attached Monthly Departmental Financial Report to provide current year financial information for each City fund, as well as individual departments within the General Fund, in a condensed format. Information is provided for revenue, expenditures, encumbrances, cash balances and staffing levels. Also included in this report are text boxes that allow departmental fiscal officers to provide an explanation of significant expenditure and staffing variances and spending on major capital projects. Departmental fiscal officers are asked to complete the monthly financial reports ("blue sheets") for their funds and General Fund departments no later than the 18<sup>th</sup> of the month following the reporting period. The staff of the Department of Administration & Finance then summarizes the data and publishes this consolidated report no later than 30 days after the end of the reporting period.

The Monthly Departmental Financial Report supplements—but does not replace—other financial reports that the City prepares such as the Monthly Financial Report, Controller's Cash Report, the Department of Local Government Finance's Annual Financial Report (AFR), or the Comprehensive Annual Financial Report (CAFR).

#### **Summary Trends & Observations**

As of May 31, 2016, total revenue for the year was \$84,824,673, 30% of estimated revenue. As of May 31, 2015 total revenue received was \$82,419,084 within the same funds. Property taxes are received in June and December each year and were budgeted at \$71,976,981 for 2016. Local income tax (LOIT, COIT and EDIT) receipts are budgeted to be \$25.8 million in 2016, to be received in monthly installments of \$2.15 million.

As of May 31, 2016, total expenditures were \$106,928,862 and outstanding encumbrances were \$50,654,935, a total of \$157,583,797 which represents 43% of the amended expenditure budget. Encumbrances are either holdovers from previous years or obligations for the remainder of the year. If encumbrances were excluded, expenditures were 29% of the amended expenditure budget at the end of the period. Total expenditures were \$113,368,621 as of May 31, 2015.

New for 2016, the 311 Call Center has now been placed in its own internal service fund, (Fund 279) and now appears as its own line item within the Internal Service sections of the summary reports.

In May the City received a one-time special distribution from the state for local option income tax (LOIT) totaling \$5.6 million dollars. The state stipulated that 75% was to be used for infrastructure improvements and 25% could be used for any governmental purpose. The state also instructed that cities set up Fund 257 – LOIT Special Distribution to account for the funds. The City has done so and Fund 257 was seeded with \$4,217,549 in May with the remainder deposited into the Rainy Day Fund. The expenditure budget for this fund will be set up within the next couple of months. The City has also decided to start accounting for other state-funded programs in this fund and so its revenue budget was increased by \$650,000 in anticipation of reimbursements from INDOT.

We hope that you find this Monthly Departmental Financial Report useful in better understanding the finances of the City of South Bend. If you have any questions regarding this report, please contact Cecil Eastman, Director of Financial Services Code Enforcement at 574-235-9317.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Transferred Chief Technology Officer to COIT for 2015 budget and added new HR Generalist position. Overall spending appears consistent with expectations. Full time excludes 4 IT/Innovation employees who are paid from COIT. Encumbrances relate to an outstanding contract for diversity consulting which will take place in 2016.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund includes the expenditures for 222 of the 260 budgeted Police officers and 46 full time civilian staff. Fund 249 contains the funding for 38 of the 260 Police officers that are funded by the LOIT. The 2016 Personnel Expenditures are less the prior year amount due to the the fact that there were ten payrolls paid through May 2016 compared to eleven through May 2015. This decrease was offset by increases in Police salaries and transfer of five officer's salaries from the LOIT to the General Fund. The decrease in Service expenditures in 2016 compared to 2015 is due to reduced legal expenditures and the timing of expenditures for ShotSpotter in 2016.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Prior to December 31, 2014, this fund captured the cost of 35 of the 38 civilians and equipment to maintain the 911 communication center. Effective January 1, 2015 the County PSAP has consolidated the 911 call centers and SBPD no longer maintains a call center. The 2015 Personnel costs are the 2014 salary costs for the Communications staff paid in 2015. There are no additional salaries to be paid. The Services budget is the annual amount that the County will charge SBPD as a participant in using the PSAP.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The South Bend Fire Department is budgeted to have 250 sworn firefighters and 7 civilian full time employees. 32 firefighters are paid directly through the Public Safety LOIT. 47 Sworn and 4 civilian employees' costs are allocated to Fund 288 EMS Operations. We hold a lengthy recruitment process every 2 years and hire individuals in groups of 6-10 as needed while that list is in effect. We also employ civilian administrative staff that handle payroll, purchasing and billing for our ambulance service.

#### **Explain Significant Spending on Capital Projects Below:**

The Fire Department uses EMS Operating Fund 288 to capture revenue gererated by ambulance calls. All capital projects relating to the Fire Department operations are run through Fund 287. For that reason, you will not see expenses related to purchasing fire apparatus, or capital improvements to buildings in the General Fund.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This month, the City received a one-time special distribution in the amount of \$1, 405,580 per SEA 67. This refers to a county's trust account maintained under the former local income tax laws. Per the new section, the State Budget Agency will make a one-time special distribution to each county having a positive balance in the county's trust account as of December 31, 2014. No expenditures are budgeted in this fund. The establishment of a Rainy Day Fund is looked upon favorably by bond rating agencies and is one of the factors resulting in South Bend's good AA bond rating with Standard & Poor's.

#### Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Fund 201 accounts for the annual operation of the Parks and Recreation Department. There are six divisions within the department: Administration, Maintenance, Golf, Recreation, Greenhouse, and Graffiti. In 2014 the Potawatomi Zoo began operation by the Potawatomi Zoological Society. Part time staffing is individuals, not FTEs. Property tax and other tax revenues are received in June and December of the year.

#### **Explain Significant Spending on Capital Projects Below:**

Because of decreasing property tax revenues, there is nominal capital budget in fund 201. A \$5.6 million bond has been approved and funding was received in the second quarter of 2015 and will largely be spent throughout 2016.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

We received a grant from the State for BEP for the Vacant & Abondoned Initiative \$1,600,000 of this grant remains. An additional \$2,000,000 state grant has been awarded for the ND Turbo Project. We must spend money and then seek reimbursement from the State. Reimbursement requests have been submitted. The State review process is long and arduous. We have applied for \$800,000 in reimbursements from the state and are looking for receipt in June or July.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund covers multiple federal grants--Community Development Block Grant; Emergency Solutions Grant; Shelter Plus Care; Neighborhood Stabiliation Project, etc.. There will likely be little predictable trend in revenue and expenditure from year to year because not all grants are on-going and the timing of funding varies widely. We can only draw revenue in response to funds expended so revenues will come in as funds are spent. The federal government does not allow us to hold too much cash. Expenditures in 2016, as in previous years, will be made by outside not-for-profits for eligible activities such as: Homeownership Assistance; Housing Acquisition/Rehab/Resale; Owner-Occupied Housing Rehab; Spot Blight Clearance; Technical Assistance; Public Services; Public Facility Improvements; Emergency Shelter Operations; Rapid Re-housing; Shelter Plus Supportive Services; and New Housing Construction. All services must either assist low/moderate income households or eliminate slum & blight and/or other requirements specific to the particular grants. The not-for-profits can generally apply for funding for 2017 in the summer of 2016.

### Staffing

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund receives most of its revenue through the gas tax, budgeted at \$1.068 million for 2016. Other Income is reimbursement from the Indiana Department of Transportation (INDOT) as they pay the City back for their share of certain construction projects. An adjustment to the revenue budget will be made in April to cover the shortfall illustrated here. The fund is used predominantly for street capital projects but \$469,668 is used for material for street repairs and other maintenance items. The encumbrance for \$97K in Services is for traffic signal upgrades.

#### **Explain Significant Spending on Capital Projects Below:**

Projects in 2016 include the Safe Routes to School initiative for Coquillard and Harrison schools, Bendix Drive, and the Boland bicycle trail. The \$519K in encumbrance includes \$101K for Bendix Dr. (Lathrop to Toll Road), \$114K for the Boland Trail, \$161K for Safe Routes to School (Coquillard, Harrison, Perley and Lincoln schools) and \$143K for Olive St. at Sample design.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund was created in April, 2016 from instructions received by the State Board of Accounts (SBOA) to receive a one-time payment from the State for the purpose of infrastructure expenditures. Per the state statute, a minimum of 75% must be spent on infrastructure projects; the remainder may be spent as the City so chooses. A total of \$4,217,549, representing 75% of the total distribution, was deposited in May, comprised of \$4,160,901 distributed to the City and \$56,648 distributed to the Redevelopment Authority.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Charges for Service for HAZ-MAT responses. By ordinance the South Bend Fire Department charges businesses for Hazardous Materials Response. This typically happens once or twice a year. There are no employees associated with this fund, responses are made by firefighters of the South Bend Fire Department.

#### **Explain Significant Spending on Capital Projects Below:**

No major capital expenditures are planned through this fund. Major purchases are funded through the Fire Department and EMS Capital and the minimal fees collected in this fund are used to replace equipment and gear used in responses.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Overall decrease in spending in 2016 over 2015 due to the end of the Vacant & Abandoned Housing Program in 2015. This decreased expenditures by approximately \$2.0 million. Also, 2015 includeded equipment expenses of approximately \$900,000 which is not required in the 2016 budget. Other income in 2016 includes \$238,172 in loan repayments from the UDAG Fund 410 for the 1st Source/Marriott loan based on BDC collections as well as charges to City departments for computer services. The curb and sidewalk program remains at the 2015 level of \$1,500,000.

#### **Explain Significant Spending on Capital Projects Below:**

This year, \$39,000 has been budgeted for IT laserfische replacement. Other budgeted capital projects include facade grants of \$200,000, bus shelters of \$180,000, and the LWW Ambassador program for \$150,000. An encumbered amount of \$134,141 remaining was carried forward this year to pay Transpo for the City's portion of the new CNG fueling station.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund is used to collect a separate property tax levy (distributions received in June and December) and is used to pay debt service on the former College Football Hall of Fame building (payments due in February and July). Because of the timing of revenue and expenditures this fund will typically have a negative cash balance until the property tax distributions are received. PILOT taxes paid by the utilities are received monthly in this fund. The Hall of Fame bond was refunded during 2011 resulting in lower debt service payments. The final payment is due February 1, 2018.

On 15 April 2015 the Mayor announced a possible sale of the Hall of Fame to a private company. If the sale proceeds as planned, this fund will receive \$240,000 per year for the next 5 years that will be used to offset debt service costs.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Effective January 1, 2013, this fund no longer collects hotel/motel tax allocations from St. Joseph County for payment to the Hall of Fame. This fund is currently used for debt. PSDA tax revenue is generally received from the State on a monthly basis. PSDA tax is a special tax received from the State of Indiana based on the sales tax, income tax and local income taxes collected in the PSDA area (which includes Four Winds Field, Century Center, Morris Performing Arts Center and Studebaker National Museum). Four Winds Field generates the majority of PSDA revenue. The January debt service payment has been made for 2016. The final debt service payment on the 2010 Coveleski Stadium bonds (Four Winds Field) will be paid January 15, 2018.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This is a nonreverting capital fund that accounts for revenues collected and expenses for specific purposes or locations. These locations are Potawatomi and Rum Village Picnic Areas, the East Race, Golf Courses, Forestry, Howard Park Ice Rink, and, until 2014, Potawatomi Zoo. The cash balance includes \$60,300 that is restricted to expenditures in Voorde Park.

#### **Explain Significant Spending on Capital Projects Below:**

This fund is for expending nonreverting revenue collected from the Zoo, golf courses, East Race Waterway, picnic sites and forestry revenue.

This fund receives revenue from a property tax levy and distributions are received from St. Joseph County in June and December. Expenditures are for debt service payments on capital leases and the due dates vary per lease. The fund is used to finance police vehicles and related equipment. The fund also receives PILOT payments from the Water Works and Wastewater utilities on a monthly basis.

### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

Revenue in this fund includes \$150,000 in hotel/motel taxes and \$247,000 in cigarette taxes from other units of government. The hotel/motel tax distribution is usually received in July or August and the cigarette tax allocation is usually received in June and December. In 2015, this fund is used to pay 75% of the 2011 Century Center Refunding bonds as it was in 2014. Payments on the Century Center bond are due in February and July. Because of timing of revenue and expenditures, this fund will often have a negative cash balance during the year.

#### Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

Initial funding for the Major Moves fund in the amount of \$12,823,151 was received from the State of Indiana on September 15, 2006, derived from the State lease of the I-80 toll road to a private company. This fund has been used in the past to provide seed money for economic development projects at Douglas Road, Eddy Street Commons, and the Triangle Development near Notre Dame. The amounts advanced for these projects are being repaid by the respective tax increment financing (TIF) funds as per formal amortization schedules. In August the fund received the second of two semi-annual payments on these loans, totaling \$418,156 in principal and interest. Balances due as of Apr 30 are \$509,857 from Fund 435 (Douglas Rd.) and \$4,075,057 from Fund 436 (River East Residential). In 2016, the fund will expend up to \$750,000 on repairs for the City's parking garages. The amount will be repaid by the Parking Garage Fund (601) over the next few years. The same process will also take place in 2017.

#### **Explain Significant Spending on Capital Projects Below:**

The 2016 budget continues funding for the Smart Streets initiative and includes \$592K for Smart Streets, \$250K for the Boland Trail and \$80K for Bendix Drive (both projects moved from the LRSA Fund 251). The \$368K encumbered comprises \$200K for the downtown portion of the 2-way conversion of Main and Michigan/St. Joseph streets from Chippewa to LaSalle (the former IN-933), \$51K for the Marion St. roundabout, \$22K for the Bartlett St. roundabout, \$23K for the Western Ave. corridor sidewalks and striping, and \$24K for the Olive-Sample overpass. There remains a \$173K encumbrance for utility relocation for the US 31 construction on the south side of town; this encumbrance may be closed out soon. Due to an error recording a change order, this fund paid \$65K in error toward the 2-way conversion. This amount was recovered from the TIF Bond in May.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The Hall of Fame Capital fund covers maintenance and utilities expense on the building incurred by the City, including costs of the building after the Hall of Fame ceased operations in South Bend at the end of 2012. Deal struck to sell building in 2015---to close in early 2016. Our expenses should only be utilities until closing and a contingency for furnace units during first couple years under new ownership.

Under the terms of a lease of the former Hall of Fame to a private developer, money will be received into this fund beginning in 2016 through 2020. Any cash balance remaining in the fund will then revert to the General Fund (101) to cover a portion of a \$1.75 million inter-fund loan.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

This fund now comprises the Consolidated Building Department, Code Enforcement and Animal Control. Code and Animal Control are managed together but are run separately from the Building Department per Council's wishes. The \$2.6 million transfer is from the EDIT Fund to cover Code and Animal Control activities which, unlike the Consolidated Building Department, are not enterprises by nature.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This Enterprise Fund charges City residents a monthly fee to pick up and dispose of their trash at area landfills and recycling centers. The operations of Solid Waste are funded by these user fees. A non-budgeted rebate on CNG fuel was received in February, causing the large budget variance shown. Transfers out to Fund 611 are made to pay debt service obligations. Large encumbrances for landfill tipping fees make service expenses appear high.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The purpose of this fund is to disburse principal and interest payments on obligated debt to paying agent trustees. The source of monies for debt repayment are transfers from the water utility operating fund 620. Biannual installments are disbursed at the end of June and December. June's payment includes 50% of the annual interest and December's payment comprises the rest of the interest and all of the principal.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The purpose of this fund is to hold cash reserves to serve as fiscal protection against the risk of revenue shortfalls, emergencies and other economic risks that may impact the Water Utility's ability to meet financial commitments. Investment earning income is greater than anticipated. The Cash Balance of this fund is equivalent to two months' worth of the annual operating expenditures in Fund 620, excluding transfers. A Budget Transfer Form A is pending approval to adjust Transfers Revenue.

#### Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

The Sewer Insurance program is funded by a monthly charge on city residents' sewer bills. The city is responsible for the main sewer line; from the main line to the house is the homeowner's responsibility. This program helps residents who have an issue with their lateral that cannot be resolved by a simple clean-out by a plumber, i.e., collapsed line, complete root infiltration, etc. that requires excavation work. The program is set up so that the homeowner pays a maximum \$500.00 deductible toward the cost of the repair and the city pays the rest.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This enterprise fund utilizes monthly fees received from residents and businesses to properly treat, transport, and dispose of generated sewage. Large encumbrances for supplies and services contribute to the higher percentage of budget used. Debt service payments are made in accordance with City amortization schedules.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

SMG has assumed management of Century Center effective July 1, 2013. One of their contractual duties is to reduce the operating deficit in the fund. Covered by hotel/motel tax revenue which is received twice per year. The first installment was received in February 2015. Other income includes charges to large conferences for electric costs. Although charges for services are down, personnel expenditures are also down as they are controlling their costs. Also, charges for services will likely stay low as the Century Center is going to begin many energy savings construction projects which is putting many of their rooms out of inventory for months at a time. However, the energy savings and their efforts to become more "green" will likely help attract future business.

#### Staffing

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

SMG contributed a one time amount of \$575,000 to cover capital expenses in August 2013. The remainder of these funds have been appropriated for spending during 2015. \$25,000 was appropriated to help pay for the Wall of Fame in conjunction with the South Bend Alumni Association. \$50,000 was transferred out to the new fund 672 for bond payments on the Energy Savings Contract.

#### **Explain Significant Spending on Capital Projects Below:**

A Qualified Energy Conservation Bond was taken out in May 2015. Approximately \$192,000 will be used as a down payment on the construction contract, thus reducing the amount necessary to be funded by bond issuance. The actual bond payments will be made with hotel/motel funds through a new fund, Century Center Energy Conservation Debt Service, that was seeded with a \$50,000 transfer from this fund in May.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The Central Services Division consists of six cost centers that provide a variety of services to other city departments, along with several local county, state and federal agencies. In May we had 1,395 vehicle repairs. Average Fuel prices for May is \$1.74 for Unleaded and \$1.64 for Diesel. Budgeted amount per gallon is \$3.20. The Radio Shop's project was the AVL installation of all new radios without loss of service to all departments. Equipment Services continues to purchase new vehicles with compressed natural gas or hybrids. We updated our fueling stations during the month of May.

Sustainability Office expended on recycling bins. Due to slow hiring of replacement FTE, a temporary employee is working 20hrs/week. Job should be filled by June.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

This internal service fund handles operations relating to business insurance and claims--property, liability, workers compensation, etc.--and the operation of the Safety and Risk Department. Revenues for this fund come from other City funds who pay a share proportionate to their expected expense. Personnel expenditures are for 2 Safety and Risk personnel and an attorney who processes claims for the City. The City has budgeted \$1 million in 2016 for expected liability cliams, \$530,000 for excess coverage premiums for property insurance, and \$852,000 in expected workers compensation activities.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund charges police officers for liability insurance and gasoline costs for take home police vehicles. The cash reserve in this fund has increased in recent years and is expected to increase during 2016. Claims have been minimal in this fund since it was created. This fund is classified as an Internal Service Fund for financial reporting. Revenue for 2016 is less than 2015 due to the timing of biweekly payroll. The revenue is the amount deducted from officer pay for the vehicle take home program.

**Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:** 

This internal service fund is new in 2016. Expenses in previous years were charged to the General Fund. The fund is used to track operational revenues and expenditures of the 311 Call Center. Revenues are charges for services to the City departments that are served by the Call Center. The Call Center is still growing, so revenues will increase as more departments are served. Expenditures are predominantly related to salaries and benefits for the Call Center employees.

**Explain Significant Spending on Capital Projects Below:** 

No capital spending planned for 2016.

#### Staffing

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund handles expenses relating to insurance and claims relating to employees: medical, dental, life, flex spending, etc. For the last several years expenses have significantly exceeded revenues (charges to City Departments and employees) so our cash balance has been eroding. This is not sustainable in the long-term and we need to address this situation. For the 2015 Budget, we increased employer and employee contributions significantly, which has been helping, although we are falling short of our revenue targets. Fortunately, claims costs have been lower than expected. A new Employee Wellness Center was opened on January 18, 2016 which is set in place with the understanding that the City should see a drop in claims expenses over time.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

This fund charges an allocation of 0.25% of payroll to most departments to cover the cost of unemployment claims paid. For the 2015 budget, all outplacement services will be paid through this account. These were paid through the General Fund in previous years, however, due to the nature of outplacement claims, the Unemployment Fund is a more appropriate place from which to pay the costs. The Unemployment Compensation Fund is classified as an Internal Service Fund for financial reporting. Claims continue to be lower than anticipated.

#### Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This fund is designated for expenses specifically for the City Cemetery. Revenues were originally derived from the sale of cemetery plots and burial expenses. There are few sites available for sale and most plots are occupied, resulting in little burial activity.

#### **Explain Significant Spending on Capital Projects Below:**

Spending this year will concentrate on repairing headstones and completing the GIS survey of the cemetery and its occupants.

#### **Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:**

The Douglas Road TIF was established to develop the road and area near Brown Mackie College near the South Bend-Mishawaka border. The fund borrowed money from the City of Mishawaka (\$1,086,550) and Major Moves Fund 412 (\$1,000,000) to finance initial construction. The fund uses TIF tax revenue to repay the loans. During February 2015 the amounts due Mishawaka were paid in full and the amount due to Major Moves was \$787,402. Payments will now be accelerated on the Major Moves loan in order to pay it off early as well.

Explain Significant Revenue, Expenditure and Staffing Changes/Variances Below:

This is a debt service fund which exists only to satisfy debt service reserve requirements of the outstanding bond. Only activity is interest income which is promptly transferred out to the corresponding TIF fund (in this case fund 324). Any variance in the trend of interest income will be due to changes in City prevailing interest rates City is able to secure.
